ASE Brakes (A5)

INDUSTRY-BASED CERTIFICATION DESCRIPTION

The objective of the test is to identify and recognize those Automobile and Light Truck (up to Class 3) Technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair cars, SUVs, and light duty trucks.

The ASE Brakes (A5) certification exam assesses the knowledge and skills related to: hydraulic, power assist, and parking brake systems diagnosis, and repair; drum brake diagnosis and repair; disc brake diagnosis and repair; and electronic brake control systems: anti-lock brake system, traction control systems, and electronic stability control system diagnosis and repair.
