ASE Engine Repair (A1)

INDUSTRY-BASED CERTIFICATION DESCRIPTION

The objective of the test is to identify and recognize those Automobile and Light Truck (up to Class 3) Technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair cars, SUVs, and light duty trucks.

The ASE Engine Repair (A1) certification exam assesses the knowledge and skills related to: general engine diagnosis; cylinder head and valve train diagnosis and repair; engine block diagnosis and repair; and fuel, electrical, ignition, and exhaust systems inspection and service.
