Cosmetology Esthetician Specialty License

INDUSTRY-BASED CERTIFICATION DESCRIPTION

The Texas esthetician examination measures the following competencies: licensing and regulation; infection control; skin care; facial treatments; hair removal; and facial makeup.

After completing and passing the written examination, candidates will be eligible to take the practical exam. The following sections make up the practical exam: pre-exam set up and disinfection, skin cleansing service, face and neck steaming service, face and neck massaging service, mask/pack moisturizing service, eyebrow arching services using both tweezers and mock cold wax, and the end of exam disinfection.
