A decision to revoke approval of the program by the commissioner of education is final and may not be appealed pursuant to TEC §29.087.

Reporting Requirements

Applicants shall provide information with the application regarding the past five years, if applicable (Appendix Three). Following approval of the application, the applicant shall be required to submit one progress report on forms to be provided by the TEA (see Data Collection Requirements below). This report shall require applicants to disclose to the TEA the overall progress of the program, the number of students enrolled in the program and the number of students performing satisfactorily on the high school equivalency examination, all disaggregated by ethnicity, age, gender, and socioeconomic status. For purposes of these reports, applicants will indicate socioeconomic status using the Public Education Information Management System (PEIMS) designations for economically disadvantaged students.

Data Collection Requirements

Each approved HSEP district and charter school must submit to the TEA the annual student enrollment/exit data concerning their students. This can be accomplished through the use of an electronic spreadsheet. HSEP program staff are required to submit an Authorization Help Desk ticket for each student to take the high school equivalency test(s):

- **Enrollment / Exit** data is collected on a spreadsheet provided by TEA.
- **Authorization** to test is a TEA Help Desk ticket to be completed before the student begins testing.

You can request the Enrollment spreadsheet by creating a Help Desk ticket.

The spreadsheet and Help Desk ticket are to be filled out by a school official, not by students.
