

Accountability System for Educator Preparation (ASEP) Indicator 2: Principal Appraisal of First-Year Teachers

STEPHEN F AUSTIN STATE UNIVERSITY

This report presents results from the principal survey of beginning teachers. In this survey, principals describe the preparation of new teachers in six categories of practices. Principals complete surveys for first-year teachers who graduated at any time during the 5 years prior to the reporting period and who taught in the Texas public school system for a minimum of 5 months during the reporting period. Teachers on both standard and probationary certificates are included.

Percentages note the percent of teachers prepared by an EPP who received an average score of Sufficiently Prepared or Well Prepared when all applicable questions were averaged, and within each of the six categories. The overall percentage serves as indicator 2 of the Accountability System for Educator Preparation (ASEP) Accountability Performance Indicators. The percentages within each category are Consumer Information, required by the Texas Education Code. Due to teachers having strengths in different areas and the way the overall indicator is computed, the percentages in the six categories cannot be expected to average to the overall proficiency standard. Science	2	Health/Physical Ed.	19	Technology/Applications/ Computer Science	
Social Studies	12	Professional		Bilingual/English as a Second Language	
Fine Arts	37	Other			

2016-17 Percentage of Teachers Rated Sufficiently or Well Prepared

STEPHEN F AUSTIN STATE UNIVERSITY (N=217)

Classroom Environment	EPP	State
To effectively implement discipline management procedures	80%	82%
To communicate clear expectations for achievement and behavior that promote and encourage self-discipline and self-directed learning	83%	84%
To provide support to achieve a positive, equitable, and engaging learning environment	87%	89%
To build and maintain positive rapport with students	89%	92%
To build and maintain positive rapport and two-way communication with students' families	89%	89%
Instruction	EPP	State
To implement varied instruction that integrates critical thinking, inquiry, and problem solving	86%	86%
To respond to the needs of students by being flexible in instructional approach and differentiating instruction	86%	86%
To use the results of formative assessment data to guide instruction	84%	86%
To engage and motivate students through learner-centered instruction	88%	87%
To integrate effective modeling, questioning, and self-reflection (self-assessment) strategies into instruction	85%	87%
To assume various roles in the instructional process (e.g. instructor, facilitator, audience)	88%	88%
To set clear learning goals and align instruction with standards-based content	87%	89%
To provide quality and timely feedback to students	88%	90%
Students with Disabilities	EPP	State
To differentiate instruction to meet the academic needs of students with disabilities	86%	84%
To differentiate instruction to meet the behavioral needs of students with disabilities	83%	82%
To provide appropriate ways for students with disabilities to demonstrate their learning	87%	87%
To understand and adhere to the federal and state laws that govern special education services	92%	91%
To make appropriate decisions (e.g., when and how to make accommodations and/or modifications to instruction, assessment, materials, delivery, and classroom procedures) to meet the learning needs of students who have an IEP	90%	88%
To develop and/or implement formal and informal assessment that track students' progress toward IEP goals and objectives	87%	86%
To collaborate with others, such as para-educators and other teachers, in meeting the academic, developmental, and behavioral needs of students with disabilities	92%	91%
English Language Learners	EPP	State
To provide appropriate ways for LEP-ELL students to demonstrate their learning	88%	88%
To understand and adhere to federal and state laws that govern education services for LEP-ELL students	91%	91%
To comply with district and campus policies and procedures regarding LEP-ELL students	92%	93%
To support LEP-ELL students in mastering the Texas Essential Knowledge and Skills (TEKS), including the English Language Proficiency Standards (ELPS)	90%	88%
To model and teach the forms and functions of academic English in content areas	88%	89%
Technology Integration	EPP	State
To use technology available on the campus to integrate curriculum TEKS and Technology Application TEKS to support student learning	96%	94%
To provide technology based classroom learning opportunities that allow students to interact with real-time and/or On line content	94%	92%
To teach students developmentally appropriate technology skills	94%	92%
To use technology to make learning more active and engaging for students	95%	92%
Using Technology with Data	EPP	State
To use available technology to collect, manage and analyze student data using software programs (such as Excel or an electronic gradebook)	93%	92%
To use available technology to collect, manage, and analyze data from multiple sources in order to interpret learning results for students	89%	90%
To use available technology to document student learning to determine when an intervention is necessary and appropriate	90%	89%
To use available technology to collect and manage formative assessment data to guide instruction	89%	90%

Percentage of First Year Teachers Appraised as Sufficiently or Well Prepared from 2015 – 2017
