

Timeline for FitnessGram® Implementation at Campus Level

August-September	Promote all students in FitnessGram® software
August-September	<ul style="list-style-type: none">- Review testing protocols and training manual- Sign up for School Health & Safety Listserv (if not already signed up) to receive important information throughout the year regarding FitnessGram®- Request TEASE access (if not done already)
September-December	Upgrade your FitnessGram® software (when available) or purchase new software if necessary
September	Begin working on YouTube FitnessGram® videos
September	Establish testing protocols for campus/district that includes when testing will take place, who will assist, etc. – Helpful to have testing complete and data entered prior to Spring Break to alleviate stress involved in testing during the TAKS testing, end-of school activities, field trips, etc.
September-March	Attend TEA’s TETNs relating to FitnessGram®
September-February	Promote FitnessGram® to faculty, students and parents (positive promotion to ensure students, parents, and faculty understand the purpose and importance of the assessment)
September-May	Test all 3rd-12th grade students and enter data into FitnessGram® software (The sooner testing is complete, the less congestion year-end will be)
September-May	Send FitnessGram® student reports home to parents/guardians
November-December	Submit YouTube FitnessGram® videos to TEA Submit FitnessGram® success stories to TEA
March-May	Upload your FitnessGram® Data to TEA
May-June	Run appropriate reports for district/campus level data – report this data to campus and district level administrators, school board members, SHACs and parent meetings
