

## Division of Grants Administration Request to Extend Expenditure Reporting Deadline

The "request to extend expenditure reporting deadline" process is the only means by which a missed deadline for a final or revised final expenditure report may be addressed. Requests are considered by weighing a number of factors related to the request itself, the individual grant program, and the time at which the request is submitted. Depending on those factors, the request may or may not be approved. Requests are evaluated on a case-by-case basis, and the decision to approve a request to extend an expenditure reporting deadline remains entirely within TEA's discretion.

**Requests will not be considered that are submitted more than 30 days after the final expenditure report/revised final expenditure report deadline or, for grants with no opportunity for a revised final expenditure report, more than 10 days after the deadline for the final expenditure report.** See the [TEA Grant Opportunities](#) page for a complete list of all expenditure reporting deadlines for the grant.
