

Human Immunodeficiency Virus (HIV) and Acquired Immune Deficiency Syndrome (AIDS)

Prevention Resources

In accordance with the Centers for Disease Control (CDC) Cooperative Agreement Award No. 5U87DP001214-05: Improving Health and Educational Outcomes of Young People grant, the Texas Education Agency (TEA) was required to host a Materials Review Panel to identify HIV/AIDS prevention resources. Below is a list of the resources that the panel recommended for instruction. Districts are responsible for any costs associated with purchasing these materials; however, the purchase of HIV/AIDS materials is not required.
