

CTE Project Share Courses

Please see the TO THE ADMINISTRATOR ADDRESSED letter [Professional Development for CTE Courses for Mathematics or Science Credit](#) for an explanation of how to use these courses.

Please also review this information about "[highly qualified teacher](#)" requirements.

Click a title to link directly to the instructions for that course.

CTE 101	1
Science Safety for High School	2
Advanced Animal Science	2
Advanced Biotechnology	3
Advanced Plant and Soil Science	4
Engineering Design and Problem Solving	4
Engineering Mathematics	5
Food Science	6
Forensic Science	6
Mathematical Applications in Agriculture, Food and Natural Resources	7
Statistics and Risk Management	8

CTE 101

To find and enter the **CTE 101** course:

- 1) Go to Project Share course website: <http://www.epsilen.com/crs/12111851>
- 2) On the public home page pop-up, you will see the message, "This course is accessible by access code only," in the left menu. Click on the **Join This Course** link immediately below that message.
- 3) Enter your Project Share username and password in the Epsilen secure account login pop-up and click the **Login** button.
- 4) On the course registration page, enter **cte101** in the **access code** box at the bottom of the page, and then click **Continue**.
- 5) Once you have successfully entered the access code, **confirm the information related to your member profile**, and click the **Join** button. You will then be taken to the course home page.
- 6) Click on the **Lessons** tab in the left menu, select the first lesson, and begin taking the course.
- 7) If you have any questions about the course, click **Course Mail** in the left menu, then **Send a New Message**. Select **All Instructors** to receive your message.

CTE 101 is a **required** component of the training for teachers who are **not CTE certified** and who are assigned to teach any of these nine courses.

CTE 101 is an **optional** component of the training for **CTE certified teachers**. It may also serve as an introductory course for new CTE teachers and administrators and as a refresher for veteran CTE teachers.

Science Safety for High School

To find and enter the **Science Safety for High School (v.1.1)** course:

- 1) Go to the following website: <http://www.epsilon.com/crs/14285635>.
- 2) On the public home page pop-up, click on the **Join This Course** link immediately below that message.
- 3) Enter your Project Share username and password in the Epsilon secure account login pop-up and click the **Login** button.
- 4) If prompted, **confirm the information related to your member profile**, and click the **Join** button. You will then be taken to the course's home page.
- 5) Click on the **Lessons** tab in the left menu, select the first lesson, and begin taking the course.
- 6) If you have any questions about the course, click **Course Mail** in the left menu, then **Send a New Message**. Select **All Instructors** to receive your message.

Advanced Animal Science

To find and enter the **Advanced Animal Science** course:

- 1) Go to Project Share course website
TEA Advanced Animal Science: Part 1 <http://www.epsilon.com/crs/12153735>
TEA Advanced Animal Science: Part 2 <http://www.epsilon.com/crs/12153736>
TEA Advanced Animal Science: Part 3 <http://www.epsilon.com/crs/12153739>
TEA Advanced Animal Science: Part 4 <http://www.epsilon.com/crs/12153740>
TEA Advanced Animal Science: Part 5 <http://www.epsilon.com/crs/12153804>
TEA Advanced Animal Science: Part 6 <http://www.epsilon.com/crs/12153807>
- 2) On the public home page pop-up, you will see the message, "This course is accessible by access code only," in the left menu. Click on the **Join This Course** link immediately below that message.
- 3) Enter your Project Share username and password in the Epsilon secure account login pop-up and click the **Login** button.
- 4) On the course registration page, enter **adanimal** in the **access code** box at the bottom of the page, and then click **Continue**.

- 5) Once you have successfully entered the access code, **confirm the information related to your member profile**, and click the **Join** button. You will then be taken to the course home page.
- 6) Click on the **Lessons** tab in the left menu, select the first lesson, and begin taking the course.
- 7) If you have any questions about the course, click **Course Mail** in the left menu, then **Send a New Message**. Select **All Instructors** to receive your message.

Advanced Biotechnology

To find and enter the **Advanced Biotechnology** course:

- 1) Go to the Project Share course website
TEA Advanced Biotechnology: Part 1 <http://www.epsilen.com/crs/12156064>
TEA Advanced Biotechnology: Part 2 <http://www.epsilen.com/crs/12156068>
TEA Advanced Biotechnology: Part 3 <http://www.epsilen.com/crs/12156070>
TEA Advanced Biotechnology: Part 4 <http://www.epsilen.com/crs/12156072>
TEA Advanced Biotechnology: Part 5 <http://www.epsilen.com/crs/12156088>
TEA Advanced Biotechnology: Part 6 <http://www.epsilen.com/crs/12156090>
- 2) On the public home page pop-up, you will see the message, "This course is accessible by access code only," in the left menu. Click on the **Join This Course** link immediately below that message.
- 3) Enter your Project Share username and password in the Epsilen secure account login pop-up and click the **Login** button.
- 4) On the course registration page, enter **biotech** in the **access code** box at the bottom of the page, and then click **Continue**.
- 5) Once you have successfully entered the access code, **confirm the information related to your member profile**, and click the **Join** button. You will then be taken to the course home page.
- 6) Click on the **Lessons** tab in the left menu, select the first lesson, and begin taking the course.
- 7) If you have any questions about the course, click **Course Mail** in the left menu, then **Send a New Message**. Select **All Instructors** to receive your message.

Advanced Plant and Soil Science

To find and enter the **Advanced Plant and Soil Science** course:

- 1) Go to Project Share course website
TEA Advanced Plant and Soil Science: Part 1 <http://www.epsilon.com/crs/12112590>
TEA Advanced Plant and Soil Science: Part 2 <http://www.epsilon.com/crs/12112597>
TEA Advanced Plant and Soil Science: Part 3 <http://www.epsilon.com/crs/12112610>
TEA Advanced Plant and Soil Science: Part 4 <http://www.epsilon.com/crs/12112626>
TEA Advanced Plant and Soil Science: Part 5 <http://www.epsilon.com/crs/12112629>
TEA Advanced Plant and Soil Science: Part 6 <http://www.epsilon.com/crs/12112639>
- 2) On the public home page pop-up, you will see the message, "This course is accessible by access code only," in the left menu. Click on the **Join This Course** link immediately below that message.
- 3) Enter your Project Share username and password in the Epsilon secure account login pop-up and click the **Login** button.
- 4) On the course registration page, enter **apss** in the **access code** box at the bottom of the page, and then click **Continue**.
- 5) Once you have successfully entered the access code, **confirm the information related to your member profile**, and click the **Join** button. You will then be taken to the course home page.
- 6) Click on the **Lessons** tab in the left menu, select the first lesson, and begin taking the course.
- 7) If you have any questions about the course, click **Course Mail** in the left menu, then **Send a New Message**. Select **All Instructors** to receive your message.

Engineering Design and Problem Solving

To find and enter the **Engineering Design and Problem Solving** course:

- 1) Go to Project Share course website
TEA Engineering Design and Problem Solving: Part 1
<http://www.epsilon.com/crs/12112695>
TEA Engineering Design and Problem Solving: Part 2
<http://www.epsilon.com/crs/12112696>
TEA Engineering Design and Problem Solving: Part 3
<http://www.epsilon.com/crs/12112697>
TEA Engineering Design and Problem Solving: Part 4
<http://www.epsilon.com/crs/12112698>
TEA Engineering Design and Problem Solving: Part 5
<http://www.epsilon.com/crs/12112699>
TEA Engineering Design and Problem Solving: Part 6
<http://www.epsilon.com/crs/12112700>

- 2) On the public home page pop-up, you will see the message, "This course is accessible by access code only," in the left menu. Click on the **Join This Course** link immediately below that message.
- 3) Enter your Project Share username and password in the Epsilon secure account login pop-up and click the Login button.
- 4) On the course registration page, enter **engdps** in the **access code** box at the bottom of the page, and then click **Continue**.
- 5) Once you have successfully entered the access code, **confirm the information related to your member profile**, and click the **Join** button. You will then be taken to the course home page.
- 6) Click on the **Lessons** tab in the left menu, select the first lesson, and begin taking the course.
- 7) If you have any questions about the course, click **Course Mail** in the left menu, then **Send a New Message**. Select **All Instructors** to receive your message.

Engineering Mathematics

To find and enter the **Engineering Mathematics** course:

- 1) Go to Project Share course website
TEA Engineering Mathematics: Part 1 <http://www.epsilon.com/crs/12112259>
TEA Engineering Mathematics: Part 2 <http://www.epsilon.com/crs/12112263>
TEA Engineering Mathematics: Part 3 <http://www.epsilon.com/crs/12112270>
TEA Engineering Mathematics: Part 4 <http://www.epsilon.com/crs/12112274>
TEA Engineering Mathematics: Part 5 <http://www.epsilon.com/crs/12112277>
TEA Engineering Mathematics: Part 6 <http://www.epsilon.com/crs/12112278>
- 2) On the public home page pop-up, you will see the message, "This course is accessible by access code only," in the left menu. Click on the **Join This Course** link immediately below that message.
- 3) Enter your Project Share username and password in the Epsilon Secure Account Login pop-up and click the **Login** button.
- 4) On the course registration page, enter **engmath** in the **access code** box at the bottom of the page, and then click **Continue**.
- 5) Once you have successfully entered the access code, **confirm the information related to your member profile**, and click the **Join** button. You will then be taken to the course home page.
- 6) Click on the **Lessons** tab in the left menu, select the first lesson, and begin taking the course.

- 7) If you have any questions about the course, click **Course Mail** in the left menu, then **Send a New Message**. Select **All Instructors** to receive your message.

Food Science

To find and enter the **Food Science** course:

- 1) Go to Project Share course website
TEA Food Science: Part 1 <http://www.epsilen.com/crs/12151410>
TEA Food Science: Part 2 <http://www.epsilen.com/crs/12151414>
TEA Food Science: Part 3 <http://www.epsilen.com/crs/12151416>
TEA Food Science: Part 4 <http://www.epsilen.com/crs/12151421>
TEA Food Science: Part 5 <http://www.epsilen.com/crs/12151424>
TEA Food Science: Part 6 <http://www.epsilen.com/crs/12151425>
- 2) On the public home page pop-up, you will see the message, "This course is accessible by access code only," in the left menu. Click on the **Join This Course** link immediately below that message.
- 3) Enter your Project Share username and password in the Epsilen secure account login pop-up and click the **Login** button.
- 4) On the course registration page, enter **foodsc** in the **access code** box at the bottom of the page, and then click **Continue**.
- 5) Once you have successfully entered the access code, **confirm the information related to your member profile**, and click the **Join** button. You will then be taken to the course home page.
- 6) Click on the **Lessons** tab in the left menu, select the first lesson, and begin taking the course.
- 7) If you have any questions about the course, click **Course Mail** in the left menu, then **Send a New Message**. Select **All Instructors** to receive your message.

Forensic Science

To find and enter the **Forensic Science** course:

- 1) Go to Project Share course website
Part 1: <http://www.epsilen.com/crs/14286071>
Part 2: <http://www.epsilen.com/crs/14286075>
Part 3: <http://www.epsilen.com/crs/14286077>
Part 4: <http://www.epsilen.com/crs/14286078>
Part 5: <http://www.epsilen.com/crs/14286079>
Part 6: <http://www.epsilen.com/crs/14286081>

- 2) On the public home page pop-up, you will see the message, “This course is accessible by access code only,” in the left menu. Click on the **Join This Course** link immediately below that message.
- 3) Enter your Project Share username and password in the Epsilon secure account login pop-up and click the **Login** button.
- 4) On the course registration page, enter **forsci** in the **access code** box at the bottom of the page, and then click **Continue**.
- 5) Once you have successfully entered the access code, **confirm the information related to your member profile**, and click the **Join** button. You will then be taken to the course home page.
- 6) Click on the **Lessons** tab in the left menu, select the first lesson, and begin taking the course.
- 7) If you have any questions about the course, click **Course Mail** in the left menu, then **Send a New Message**. Select **All Instructors** to receive your message.

Mathematical Applications in Agriculture, Food and Natural Resources

To find and enter the **Mathematical Applications in AFNR** course:

- 1) Go to Project Share course website
 TEA Mathematical Applications in Agricultural Food and Natural Resources:
 Part 1 <http://www.epsilen.com/crs/12159131>
 TEA Mathematical Applications in Agricultural Food and Natural Resources:
 Part 2 <http://www.epsilen.com/crs/12159340>
 TEA Mathematical Applications in Agricultural Food and Natural Resources:
 Part 3 <http://www.epsilen.com/crs/12159344>
 TEA Mathematical Applications in Agricultural Food and Natural Resources:
 Part 4 <http://www.epsilen.com/crs/12159365>
 TEA Mathematical Applications in Agricultural Food and Natural Resources:
 Part 5 <http://www.epsilen.com/crs/12159370>
 TEA Mathematical Applications in Agricultural Food and Natural Resources:
 Part 6 <http://www.epsilen.com/crs/12159371>
- 2) On the public home page pop-up, you will see the message, “This course is accessible by access code only” in the left menu. Click on the **Join This Course** link immediately below that message.
- 3) Enter your Project Share username and password in the Epsilon secure account login pop-up and click the **Login** button.
- 4) On the course registration page, enter **mafnr** in the **access code** box at the bottom of the page, and then click **Continue**.

- 5) Once you have successfully entered the access code, **confirm the information related to your member profile**, and click the **Join** button. You will then be taken to the course home page.
- 6) Click on the **Lessons** tab in the left menu, select the first lesson, and begin taking the course.
- 7) If you have any questions about the course, click **Course Mail** in the left menu, then **Send a New Message**. Select **All Instructors** to receive your message.

Statistics and Risk Management

To find and enter the **Statistics and Risk Management** course:

- 1) Go to Project Share course website
Statistics and Risk Management:
Part 1 <http://www.epsilen.com/crs/12160805>
Statistics and Risk Management:
Part 2 <http://www.epsilen.com/crs/12160814>
Statistics and Risk Management:
Part 3 <http://www.epsilen.com/crs/12160823>
Statistics and Risk Management:
Part 4 <http://www.epsilen.com/crs/12160826>
Statistics and Risk Management:
Part 5 <http://www.epsilen.com/crs/12160827>
Statistics and Risk Management:
Part 6 <http://www.epsilen.com/crs/12160845>
- 2) On the public home page pop-up, you will see the message, "This course is accessible by access code only" in the left menu. Click on the **Join This Course** link immediately below that message.
- 3) Enter your Project Share username and password in the Epsilen secure account login pop-up and click the **Login** button.
- 4) On the course registration page, enter **statrm** in the **access code** box at the bottom of the page, and then click **Continue**.
- 5) Once you have successfully entered the access code, **confirm the information related to your member profile**, and click the **Join** button. You will then be taken to the course home page.
- 6) Click on the **Lessons** tab in the left menu, select the first lesson, and begin taking the course.
- 7) If you have any questions about the course, click **Course Mail** in the left menu, then **Send a New Message**. Select **All Instructors** to receive your message.
