

Section 3 TREx Codes – Enumerated Values

Introduction

In Section 2, some data elements are defined as coded, which refers to enumerated values for data types within the schema. Enumeration data types allow TREx to specify the values that the attribute can take. This is similar to using a code table.

Data elements that are shown as coded are included in or defined as part of an XML Simple Type. To reuse common data elements (such as Address, City, StateProvince and PostalCode), simple types are grouped under a Complex Type. A data element is further defined by the related complex type within the schema.

Following is a legend for the information found in each code table is as follows.

Information	Description
Table ID	TREx unique Code Table ID number
Name	Common name of the coded data
XML Name	The XML name or tag as shown in the schema
Simple Type & Applicable Record	Simple Type association as shown in the schema and indication of data relationship to Student Record and/or AAR Transcript
Table ID	TREx unique table ID. If a related PEIMS Table exists, it is shown in parentheses.
Code	A string of characters that represent the translation
Translation	Meaning of the code values

0	Student does not participate in the bilingual education program
1	Participant in program or service.
2	Transitional bilingual/early exit - a bilingual program that serves students identified as students of limited English proficiency in both English and Spanish, or another language, and transfers students to English-only instruction. It provides instruction in literacy and academic content areas through the medium of the student's first language, along with instruction in English oral and academic language development. Non-academic subjects such as art, music, and physical education may also be taught in English. Exiting to an all English program of instruction will occur not earlier than the end of first grade, or if the student enrolls in school during or after first grade, the student will remain in the program for a minimum of two to five years before being eligible to exit the bilingual program. Students that have met exit criteria in accordance with TAC §89.1225 (h)(i)(k) may continue receiving services but the school district will not be allocated the bilingual allotment - TEC §42.153. Students who are proficient in English may also be served in this program only with appropriate parental permission, but are not eligible for Bilingual Program allotment.
3	Transitional bilingual/late exit: - a bilingual program that serves students identified as students of limited English proficiency in both English and Spanish, or another language, and transfers a student to English-only instruction; academic growth is accelerated through cognitively challenging academic work in the student's first language along with meaningful academic content taught through the student's second language, English. The goal is to promote high levels of academic achievement and full academic language proficiency in the student's first language and English. Students enrolled in the transitional bilingual/late exit program are eligible to exit the program not earlier than six or later than seven years after the students enroll in school. Students that have met exit criteria in accordance with TAC §89.1225 (h)(i)(k) may continue receiving services but the school district will not be allocated the bilingual allotment - TEC §42.153. Students who are proficient in English may also be served in this program only with appropriate parental permission, but are not eligible for Bilingual Program allotment.

4	Dual language immersion/two-way: - a biliteracy program that integrates students proficient in English and students identified as students of limited English proficiency in both English and Spanish, or another language, and transfers a student identified as a student of limited English proficiency to English-only instruction; instruction is provided to both native English speakers and native speakers of another language in an instructional setting where language learning is integrated with content instruction. Academic subjects are taught to all students through both English and the other language. Program exit will occur not earlier than six or later than seven years after the student enrolls in school; students that have met exit criteria in accordance with TAC §89.1225 (h)(i)(k) may continue receiving services but the school district will not be allocated the bilingual allotment - TEC §42.153
5	Dual language immersion/one-way: - a biliteracy program that serves only students identified as students of limited English proficiency in both English and Spanish, or another language, and transfers a student to English-only instruction in an instructional setting where language learning is integrated with content instruction. Academic subjects are taught to all students through both English and the other language. Program exit will occur not earlier than six or later than seven years after the student enrolls in school; students that have met exit criteria in accordance with TAC §89.1225 (h)(i)(k) may continue receiving services but the school district will not be allocated the bilingual allotment - TEC §42.153.
