# How to Use the 2018 STAAR Test Administrator Manual—End-of-Course

---

The instructions in this manual explain the responsibilities of test administrators for the State of Texas Assessments of Academic Readiness (STAAR®) end-of-course (EOC) assessments. You must carefully read this manual prior to administering any state assessment. Test administration policies and procedures must be followed as written so that all testing conditions are uniform statewide.

Keep this manual throughout the 2018 academic year. See your campus coordinator for information on storing this manual between administrations.

## Test Administrator Manual Organization

The *2018 STAAR Test Administrator Manual—End-of-Course* includes both program information and test administration directions. Test administrators are required to have this manual with them during each test administration.

This manual contains the following:

- test administration calendar of events
- general information about STAAR
- STAAR Policies and Procedures
- accessibility features
- designated supports information
- test security and confidentiality requirements
- information about training, preparation, monitoring, and completing of test sessions
- test administration directions
- appendices addressing completing student identification information on the answer document, online tools, and test administrator and technology staff security oaths

This manual is designed to support test administrator activities. Features of the current design include the following:

- action-oriented checklists embedded in the text
- links to the variety of online resources in the NOTES column

## STAAR

TEA implemented STAAR in spring 2012 to fulfill requirements enacted by the Texas Legislature. STAAR helps to ensure that Texas students are competitive with other students both nationally and internationally. One important function of STAAR is to gauge how well schools and teachers are preparing their students academically. The test is specifically designed to measure individual student progress in relation to content that is directly tied to the TEKS. Every STAAR question is directly aligned to the TEKS currently in effect for the grade/subject or course being assessed.

- STAAR includes assessments at grades 3–8 of mathematics, reading, writing, science, and social studies.
- STAAR EOC assessments are available for Algebra I, Algebra II, English I, English II, English III, biology, and U.S. history.
- STAAR Spanish is available for students in grades 3–5 for whom an assessment in Spanish provides the most appropriate measure of academic progress. STAAR Spanish is available in each subject area assessed by the English version assessments, including all retest opportunities.

# STAAR Policies and Procedures

---

Administration times for STAAR English I, English II, and English III are limited to five hours. Administration times for all other assessments for STAAR are limited to four hours. Students must complete the test within the same school day. Campuses should use a clock or a timer to monitor test time. STAAR policies and procedures are described below.

## Start and Stop Times

Distribution of materials and the reading of the boldface, scripted test administrator “SAY” directions are not included in the time limit. The time period will start after the test administrator has read directions and tells students to begin working on their tests.

- Start time for the test session must be recorded on the seating chart.
- Students must record all responses before the end of the time period. They will not be given additional time to record their responses.
- Once the time period has ended, test administrators will instruct any students still testing to put their pencils down and close their test booklets or to end and submit their online tests.
- Stop time for the test session must be recorded on the seating chart.
- After students submit their tests online, or after their paper tests are collected, allow them to leave the area or provide them with an instructional activity (i.e., guided reading activity) while other students continue testing.

## Announcement of Time Left to Test

Communicate (orally or in writing) the amount of time left to test in one-hour intervals and, if desired, in shorter intervals during the last hour. Students who do not complete their tests within the time limit must submit what they have completed.

## Late-Arriving Students

Districts will need to determine if a late-arriving student will have time to test during that school day or if the student needs to test on another day within the testing week.

- Each student must be allowed the designated time available in which to take the test. Students who begin testing after others have started will have a later stop time.
- Late-arriving students must be kept aware of the time they have left to test.

## Breaks

Students are allowed to take breaks during the administration of STAAR assessments. Some breaks are included in the time limit; others require the test administrator to stop the testing time for the group or for an individual student. Breaks are classified in two ways:

- Breaks included in the time limit (not allowed to stop the time clock)
  - water breaks
  - bathroom breaks
  - snack breaks
  - short physical or mental breaks
- Breaks **NOT** included in the time limit (required to stop and restart the time clock)
  - lunch
  - emergency situations that significantly interrupt testing
  - consolidation and movement of students to another testing area
  - medical breaks

Test administrators should document stop and restart times when breaks are given.

## Lunch

Students may stop testing to take a supervised lunch.

- The testing time must be stopped for a lunch break and will restart when students resume taking the test.
- Stop and restart times must be recorded on the seating chart.
- Students must place their answer documents inside their test booklets so that all secure materials can be collected and placed in locked storage. If students are testing online, they must log out of the test.
- Students must be monitored by trained testing personnel and are not allowed to discuss any test content during lunch.

## Multiple Test Sessions

Campuses may offer multiple test sessions per day as long as the specified available time is maintained for each session. Sessions can start before the regularly scheduled school day or if started late in the day, may extend beyond the regularly scheduled school day.

## Extended Time Designated Supports

Extended time designated supports fall into two categories: extra time (same day) and extra day. Details about eligibility and decision-making procedures for these designated supports are on the Accommodation Resources webpage.

- Extra time (same day) is a locally approved designated support.
- Extra day is for eligible students who have a TEA-approved Accommodation Request Form. This designated support will be approved only in rare cases for students meeting specific eligibility criteria. Special procedures and guidelines for testing over multiple days will be provided with approved requests.

## Additional Student Data Collection

### New to Texas Information

Districts must identify all students who participate in STAAR in grades 3–8 and EOC assessments who are enrolled in Texas schools for the first time in the current school year.

For all administrations (paper and online), districts should mark the “NEW TO TEXAS” field for any student who transferred into a Texas school or district from out-of-state during the current school year.

### Hurricane Harvey Information

If PEIMS crisis code information for students affected by Hurricane Harvey or other hurricanes was NOT included in PEIMS before the data upload, district staff will need to complete the AGENCY USE field for these students. Completing the appropriate information in column C of the AGENCY USE field will help identify and track these students properly so any potential adjustments to accountability may be made. See your campus coordinator for more information.

### Former TAKS Examinees

District staff will need to complete the AGENCY USE field for former TAKS, TAAS, or TEAMS examinees. See your campus coordinator for more information.

Accessibility  
Features

# Accessibility Features

---

During state assessments for STAAR, STAAR Spanish, and TELPAS, certain accessibility features may be provided to students based on their needs. In general, these procedures and materials are available to any student who regularly benefits from the use of them during instruction. A student cannot be required to use them during testing and there is no need to document their use on the answer document or in the Texas Assessment Management System for online administrations. Coordinators are responsible for ensuring that test administrators understand the proper implementation of these procedures and use of these materials. In some cases, a student who uses them may need to complete the test in a separate setting to eliminate distractions to other students and to ensure the security and confidentiality of the test.

A list of the accessibility features is provided below.

- signing test administration directions for a student who is deaf or hard of hearing
- translating test administration directions into the native language of an English language learner
- allowing a student to use a bilingual dictionary (word-to-word translations; no definitions or examples) on mathematics, science, and social studies assessments
- allowing a student to read the test aloud to facilitate comprehension (includes use of PVC pipe or recording device)
- reading aloud or signing the expository or persuasive writing prompt to any student who requests this assistance
- providing reading assistance on the grade 3 mathematics test for any student:
  - The test administrator may read a word, phrase, or sentence in a test question or answer choice to any grade 3 student but only when asked to do so by the individual student.
  - If a student needs the entire test read aloud, the eligibility criteria for an oral administration must be met.
- making the following assistive tools available:
  - various types of scratch paper, dry erase boards, or any other medium that can be erased or destroyed
  - colored overlays and the color settings for online tests
  - blank place markers and the guideline tool for online tests
  - magnifying devices and the zoom feature for online tests
  - various types of highlighters, colored pencils, or any other tool that can be used to focus attention on text
  - amplification devices (e.g., speakers, frequency-modulated [FM] systems)
  - projection devices (e.g., closed-circuit televisions [CCTVs] or LCD projectors for online tests)

- giving permission for a student to use tools to minimize distractions or to help maintain focus (e.g., stress ball, noise-reducing headphones, or instrumental music [no lyrics] played through an individual student's headphones or ear buds)
- allowing individual and small-group administrations
- reminding students to stay on task
- photocopying or enlarging the following non-secure test materials:
  - test administration directions
  - blank answer documents
  - the state-supplied mathematics graph paper
  - the state-supplied reference materials for grade 8 mathematics and science, Algebra I, and Algebra II (Mathematics reference materials for grades 3–7 contain rulers and may **NOT** be photocopied because the rulers could be distorted. However, reference materials without rulers can be printed from the *Help* tab in the STAAR Assessment Management System.)

Accommodation  
Resources

# Information About Designated Supports

Designated supports are changes to assessment materials or procedures that are intended to allow all test takers to demonstrate their knowledge of the content being tested without the format of the assessment, the non-tested language, or the type of response needed to answer the questions being barriers. A complete list of allowable designated supports can be found on the Accommodation Resources webpage.

It is up to the campus testing coordinator to provide test administrators with information and training about the supports that a student is to receive on test day.

## Designated Supports

The following types of designated supports are available to students taking STAAR. Refer to the Accommodation Resources webpage for detailed information.

- Designated supports approved locally—The decision to provide this type of accommodation to a student is made by the appropriate team of people at the campus level (e.g., language proficiency assessment committee [LPAC]; admission, review, and dismissal [ARD] committee; ARD committee in conjunction with the LPAC; Section 504 placement committee; response to intervention [RTI] team; student assistance team) based on specific eligibility criteria. An Accommodation Request Form should NOT be submitted to TEA.
- Designated supports requiring TEA approval—For this type of accommodation, the appropriate team of people at the campus level (e.g., ARD committee, ARD committee in conjunction with the LPAC, Section 504 placement committee, RTI team, student assistance team) determines whether the student meets all of the specific eligibility criteria. If so, an Accommodation Request Form must be submitted to TEA for approval.

## Accommodations in Unexpected or Emergency Situations

Unexpected or emergency situations that necessitate the use of a designated support may occur just prior to or on the day of the state assessment. For example, a student may have a broken arm and need his or her responses transcribed onto the answer document. When considering how to meet a student's needs in an unexpected or emergency situation, encouraging student independence should be a priority.

If the student's needs can be met with an accessibility feature or locally determined designated support, it should be made available to the student during testing. There is no need to contact TEA. If, however, a student needs a designated support that requires the approval of TEA, contact the TEA Accommodations Task Force for permission and additional instructions. Once approval has been granted, follow the guidelines to administer the assessment with these designated supports. The Math Scribe, Extra Day, and Complex Transcribing guidelines can be found under the Related Resources section on the Accommodation Resources webpage.

In unexpected and emergency situations, there is no expectation that the student would have routinely received the accessibility feature or designated support during classroom instruction and testing. After testing, if the student used a designated support, the appropriate bubble should be marked on the student's answer document or in the STAAR Assessment Management System.

For additional questions about testing accommodations in unexpected or emergency situations, review the Accommodations in Unexpected or Emergency Situations document or contact a member of TEA's Accommodations Task Force at 512-463-9536.

Accommodation  
Resources

## Content and Language Supports

Students who are eligible for content and language supports will take STAAR online. Content and language supports are embedded into the online system and appear as pre-reads, pop-ups, or rollovers throughout STAAR selections, test questions, and answer choices. The pop-ups and rollovers contain text support such as definitions, simplified wording, bulleted lists, graphic organizers, etc. (See the Accommodations Resources webpage for content and language supports guidelines.)

In rare circumstances, a student may require a paper-based administration with embedded supports normally only available in online administrations. To request a paper version of STAAR with embedded supports, access the form on the District and Campus Coordinator Manual Resources webpage and submit to TEA.

Campus  
Coordinator

## Oral Administration

Oral administration is a designated support in which test questions and answer choices are read aloud or signed to a student who meets the eligibility criteria. For students taking STAAR online, oral administration is delivered using text-to-speech functionality. The eligibility criteria and details about oral administration are located in the Oral/Signed Administration policy found on the Accommodations Resources webpage.

## Considerations for Testing with Designated Supports

The use of designated supports may affect how students' test sessions are conducted (e.g., extra time, oral administration); therefore, the guidelines below must be followed.

- The test administrator must receive additional training when administering a test with designated supports. The test administrator will need to read the Special Instructions/Considerations section of the applicable accessibility policy and be trained on specific guidelines attached to an approved accommodation request.
- A test administrator must receive additional training if providing students with an oral administration. Refer to the Oral/Signed Administration Guidelines located on the Accommodation Resources webpage.
- The test administrator should ensure that students have available the designated supports they are eligible for (e.g., calculation aids, mathematics manipulatives).
- The test administrator should discuss the designated supports with the students in advance of the test session to explain what materials or types of assistance will be available to them during the assessment.

Please contact your campus coordinator if you have any questions about providing or implementing testing accommodations.

# Test Security and Confidentiality Requirements

All assessment instruments as defined under TEC §39.023, §39.0261, and §39.027 are considered secure, and the contents of these tests, including student information used or obtained in their administration, are confidential. As specified in the *Test Security Supplement* in 19 TAC Chapter 101, each person participating in the student assessment program is required to maintain and preserve the security and confidentiality of all test material and student data, and must also handle this information in strict accordance with the instructions contained in this manual and in the *Test Security Supplement*.

## Test Security

Test security involves accounting for all secure materials and confidential student information before, during, and after each test administration. Districts must ensure that the only individuals permitted to have access to these materials and information are district personnel who meet the requirements to participate in the Texas student assessment program, have been trained, and have signed the appropriate oath. Districts are required to implement the controls necessary to ensure the proper storage and accurate tracking of secure materials throughout each stage of all test administrations. Documents used to account for materials, such as the shipping notice that arrives with the shipments of materials from the contractor and the Materials Control Forms, should be completed accurately and carefully maintained in a location that would prevent them from being compromised. District coordinators must refer to the shipping notice provided by the vendor and complete the following steps to maintain proper inventory of testing materials:

- Upon receipt from the state's testing contractor, verify that all testing materials boxes have been accounted for and match the shipper's bill of lading and the district shipping notice contained in Box 1 (white box) of the shipment.
- Require campuses to immediately inventory all testing materials received and to notify the district coordinator of any shortages or discrepancies.
- Immediately notify the state's testing contractor of any discrepancies identified between the materials received and the district and campus shipping notices.
- Place test booklets and answer documents in secure, limited-access, locked storage when not in use.
- After the completion of a test administration, collect and destroy any scratch paper, graph paper, or reference materials that students wrote on, as well as any recordings.
- Require that all secure materials assigned to individual campuses have been accounted for and packaged in accordance with the procedures for returning materials, as detailed in the *District and Campus Coordinator Manual*.

- Maintain inventory and shipping records (e.g., bills of lading, pallet detail reports, district packing list, district and campus shipping notices, district-generated documents used to track the delivery of materials to and between campuses, Materials Control Forms) for five years in the event that a discrepancy arises or the receipt of the district's materials cannot be confirmed.

District coordinators are ultimately responsible for ensuring that all secure test materials have been accounted for prior to shipping the materials back to the testing contractor.

## Confidentiality Requirements

Maintaining the confidentiality of the Texas student assessment program involves protecting the contents of all secure test materials, including test booklets, online assessments and test tickets, and completed answer documents. This requires compliance with, but is not limited to, the guidelines listed below.

- All testing personnel who participate in statewide testing must undergo training and sign the appropriate security oath affirming that they understand their obligations concerning the security and confidentiality of the state assessments **before** handling secure test materials or administering assessments.
- Upon first accessing the secure online administrative features of the Assessment Management System, trained and qualified testing personnel who will be administering online assessments must read and accept a statement of confidentiality.
- All tests must be administered in strict accordance with the instructions contained in the test administration materials.
- No person may view, reveal, or discuss the contents of a test booklet or online assessment before, during, or after a test administration unless specifically authorized to do so by the procedures outlined in the test administration materials. If circumstances necessitate that a test booklet or online assessment be examined, permission **must** first be obtained from TEA.
- No person may duplicate, print, record, write notes about, or capture (electronically or by any other means) any portion of a secure assessment instrument (paper or online) without prior approval from TEA. Districts may not duplicate and retain student compositions.
- Only students may respond to test questions, perform calculations, and create rough drafts to written responses.
- Test administrators who have permission to view secure materials in order to provide an approved accommodation or as part of the program-specific test administration process must be reminded that they are viewing secure content and that responding to test questions, recording the information they see, scoring the test, or discussing the content of the test at any time is strictly prohibited. As a reminder of this obligation, these individuals are required to sign an additional section of the test administrator oath.

- No person may review or discuss student responses or solicit information from students about secure test content during or after a test administration unless specifically authorized to do so by the procedures outlined in the test administration materials.

For additional information, including steps districts can take to maintain test security and confidentiality, and for more detail about security requirements, refer to the *Test Security Supplement*.

## Penalties for Prohibited Conduct

In accordance with 19 TAC §101.3031(b)(2) and as described in the *Test Security Supplement*, any person who violates, assists in the violation of, or solicits another to violate or assist in the violation of test security or confidentiality, as well as any person who fails to report such a violation, is subject to the following penalties:

- placement of restrictions on the issuance, renewal, or holding of a Texas educator certificate, either indefinitely or for a set term
- issuance of an inscribed or non-inscribed reprimand
- suspension of a Texas educator certificate for a set term
- revocation or cancellation of a Texas educator certificate without opportunity for reapplication for a set term or permanently

Districts allowing certified or noncertified paraprofessionals (e.g., teacher aides) to access secure materials or to administer tests must identify a certified staff member who will be responsible for supervising these individuals. If a violation of test security or confidentiality occurs under these circumstances, the supervising certified professional is subject to the penalties above.

Release or disclosure of confidential test content is a class C misdemeanor and could result in criminal prosecution under TEC §39.0303, Section 552.352 of the Texas Government Code, and Section 37.10 of the Texas Penal Code. Further, 19 TAC §249.15 stipulates that the State Board for Educator Certification may take any of the above actions based on satisfactory evidence that an educator has failed to cooperate with TEA in an investigation.

In addition, any irregularities in test security or confidentiality may result in the invalidation of students' assessments.

## Measures Implemented by TEA to Ensure Test Security and Confidentiality

Maintaining the security and confidentiality of the Texas student assessment program is critical for ensuring valid test scores and providing standard and equal testing opportunities for all students. In accordance with TEC §39.0301, TEA has engaged in ongoing efforts to improve the security of the assessment program, including a comprehensive 14-point plan designed to assure parents, students, and the public that test results are meaningful and valid. More information about the recommendations for implementation of the 14-point Test Security Plan can be found on the Student Assessment Test Security webpage.

## Security Oaths and Confidentiality Statements

All district and campus personnel who participate in state-mandated testing or handle secure test materials must meet the eligibility requirements detailed in this manual: be employed by the district, be trained and sign a security oath, and if noncertified, must be supervised by certified personnel. Any person who has more than one testing role (for instance, a principal who also serves as campus coordinator) must receive appropriate training and sign a security oath for **each** role.

**NOTE:** All personnel, including coordinators and test administrators, who have access to secure test materials or who administer or assist in the administration of state assessments must be trained and sign a security oath.

Security oaths are available in Appendix C of this manual. Additionally, all oaths are available for viewing or downloading from the Student Assessment Division website.

Testing personnel are required to sign security oath(s) only once for the 2018 calendar year. All oaths are valid for 2018 spring, summer, and fall testing, as well as any field testing and mandatory sampling conducted during this time period.

Test Security  
Supplement

## Testing Irregularities

Incidents resulting in a deviation from documented testing procedures are defined as testing irregularities. They are viewed by TEA as falling into one of two categories—serious or procedural.

### Serious Irregularities

Serious irregularities constitute severe violations of test security and/or confidentiality and can result in the individual(s) responsible being referred to the TEA Educator Standards and Certification Legal Division for consideration of disciplinary action (including suspension or termination of educator certification credentials). Examples of serious violations involve, but are not limited to, the following:

- directly OR indirectly assisting students with responses to test questions
- tampering with student responses
- viewing secure test content before, during, or after an administration unless specifically authorized by TEA or by the procedures outlined in the test administration manuals
- discussing or disclosing secure test content or student responses
- scoring student tests, either formally or informally
- duplicating, recording, or electronically capturing confidential test content unless specifically authorized by TEA or by the procedures outlined in the test administration manuals
- fraudulently exempting or preventing a student from participating in the administration of a required state assessment
- encouraging or assisting an individual to engage in the conduct described in the items listed above or in any other serious violation of security and confidentiality
- failing to report to an appropriate authority that an individual has engaged in conduct described in the items listed above or in any other serious violation of security and confidentiality

### Procedural Irregularities

Procedural irregularities are less severe, more common, and typically the result of minor deviations in testing procedures. Examples of procedural irregularities involve, but are not limited to, the following:

#### Eligibility Error

- Eligible students were not tested.
- Ineligible students were tested.

### Individualized Education Program (IEP) Implementation Issue

- A student receiving special education services was provided an unapproved or undocumented accommodation or was not provided a prescribed accommodation.

### Improper Accounting for Secure Materials

- Secure materials were not returned, checked in, and accounted for at the end of each testing day.
- A test administrator, campus coordinator, or district coordinator lost or misplaced completed answer document(s), test booklet(s), or other secure materials.

### Monitoring Error

- A test administrator did not verify that a student recorded his or her responses and accepted a blank answer document from the student.
- A test administrator left a room unattended when students or secure materials were present or when secure online tests were open and visible.
- Secure materials were left unattended, or secure online tests were left open and visible, during a lunch break, a short break taken in the testing room, or restroom breaks.
- Testing personnel did not monitor students during a break.
- A test administrator did not ensure that students worked independently during testing.
- Students were not prevented from using cell phones or any other electronic device to take pictures, share postings, or send messages.
- A student was allowed to remove secure materials from the testing area.

### Other Procedural Errors

- A test administrator failed to issue the correct materials (for example, No. 2 pencils, dictionaries, calculators), or students were provided nonallowable materials.
- Testing personnel who were not properly trained were allowed to administer tests or handle secure materials.
- A student was permitted to test beyond the allowed time limit or was not provided the full time allotment to complete a STAAR assessment.
- A test administrator failed to use the test administration materials or failed to read aloud the bolded, scripted test administration directions verbatim as outlined in the test administration materials.
- A student was provided an unallowable accommodation.

*Online Incident  
Report*

## Reporting of Testing Irregularities

The superintendent and campus principals in each school district, the chief administrative officer of each charter school, and any private school administering tests as allowed under TEC §39.033 must develop procedures to ensure the security and confidentiality of the tests specified in the TEC, Chapter 39, Subchapter B. These administrators must ensure that TEA is notified in writing of any conduct that potentially violates the security or confidential integrity of a test. Failure to cooperate with TEA in an investigation or to properly report that an individual has engaged in conduct that violates the security and/or confidentiality of a test is itself a violation and could result in disciplinary actions.

Despite how well prepared testing personnel may be, the possibility still exists that a mistake will be made. When an incident occurs, it is important to have procedures in place to help ensure that all the necessary information is gathered and evaluated so the district can make a clear determination about the occurrence. Each person participating in the Texas student assessment program is responsible for reporting any violation or suspected violation of test security or confidentiality. Campus staff should notify their campus or district coordinator if they witness an irregularity or suspect that one has occurred. Districts must ensure that all testing personnel are aware of their obligation to report testing irregularities and can easily access local reporting procedures.

## Investigating and Reporting Other Irregularities

Most of the irregularities district coordinators will address involve occurrences in which adult testing personnel bear responsibility for what happened. In some cases, however, students may be involved in incidents that constitute serious violations.

### Students Using Electronic Devices to Capture or Transmit Secure Test Content

It is a serious violation if a student photographs or duplicates secure test content or disseminates this information using an electronic device. TEA must be contacted immediately. A district may be asked to submit an Online Incident Report, and student test results may be invalidated.

## Student Cheating on State Assessments

Student cheating on state assessments requires action by the campus or the district coordinator. If the district determines that a student has been involved in cheating on a state assessment, the district is required to

- invalidate the student's test by marking the score code "O" for "Other" on the student answer document or in the online form for the corresponding test,
- submit a procedural Online Incident Report if the district determines that a testing irregularity (such as inadequate monitoring) contributed to the cheating,
- submit a serious Online Incident Report form if the district determines that testing personnel contributed to the cheating, and
- complete the Locally Determined Disciplinary Action (LDDA) form to report any disciplinary action taken against students who participated in the cheating incident.

Submission of a separate Online Incident Report form will be necessary only if the district determines that adult testing personnel contributed to, caused, or failed to detect the cheating due to inadequate monitoring. For more information, refer to the *Test Security Supplement*.

# Training

---

## ❑ Review the Manual

- Read this test administrator manual before the training session and, as requested by your campus coordinator, review additional resources found online.
- Bring this manual to the training session.

## ❑ Attend Training

- Test administrators are required to receive annual training in test security and general testing procedures, as well as procedures unique to specific types of tests and testing circumstances. Your campus coordinator will schedule and conduct your training session before testing begins and will aid you in becoming familiar with the Assessment Management System and the STAAR Online Testing Platform, if applicable. Topics may include the following:
  - test administrator roles and responsibilities
    - maintaining security of test materials until returned to the coordinator,
    - preparing and distributing test materials in the classroom for each administration,
    - implementing the test administration processes and procedures stated in the manuals,
    - monitoring and maintaining test security,
    - reporting any suspected violation of test security to the campus coordinator, and
    - preparing test materials for return to the campus coordinator at the conclusion of test administrations.
  - test security
  - scheduling test administrations
  - preparing for test administrations
  - testing with accessibility features
  - testing with designated supports
  - verifying precoded answer documents
  - ensuring distribution of appropriate answer documents or student test tickets
  - monitoring test administrations
  - conducting online test administrations
  - completing answer document fields
  - returning materials to the campus coordinator

Training Resources

## ☐ Review Resources for Online Testing

- Access and review the following training resources prior to all online test administrations:
  - The STAAR online testing tutorial familiarizes students with the general tools, as well as program specific designated supports and accessibility features that may appear in online tests.
  - In addition to the STAAR online testing tutorial, released tests are available for additional practice opportunities.

## ☐ Access the Assessment Management System, if Applicable

- It is not necessary to access the Assessment Management System to administer an online test.
- However, if your campus coordinator has assigned you to edit score code, demographic, or accommodation information in the Assessment Management System, you will receive a user ID, password, and additional training.

## ☐ Review and Sign the Test Administrator Security Oath

- Understand your obligations concerning test security and confidentiality.
- Initial and sign an oath following the general training on test security and test administration procedures and before handling secure test materials.
- Individuals who are authorized to conduct test administration procedures that involve viewing secure state assessments must receive additional training and confirm compliance with state confidentiality requirements by initialing and signing the statements provided on the oath.

Your campus coordinator is the contact person for all test-related matters on your campus. If at any time you have a question about test administration, ask your campus coordinator.

Oaths

## Prepare for Testing

### □ Review Testing Rosters to Ensure Students Are Appropriately Placed

- Because some assessments are administered in a window, districts must maintain a schedule specifying which assessments are being administered on which date.
- Students taking STAAR may be grouped across grades and subject areas or courses in some cases.
- Testing rooms in which students are given different assessments will be organized by your campus coordinator in a way that keeps students from being confused or disturbed by differences in directions read aloud or accommodations provided.
- A student who uses certain designated supports or accessibility features may need to complete the test in a separate setting to eliminate distractions to other students and to ensure the confidentiality of the test.

### □ Prepare for Testing with Designated Supports

All test administrators should review the essential documents for administering designated supports. In addition to those noted in the “Information About Designated Supports” section of this manual, refer to the following instructions available on the Accommodation Resources webpage.

- General Instructions for Administering Braille Versions of State Assessments document
- General Instructions for Administering Large-Print State Assessments document
- General Instructions for Administering State Assessments to Students Who are Deaf or Hard of Hearing document
- Oral/Signed Administration Guidelines

### □ Prepare for Online Testing

- Be prepared to aid your campus coordinator in preparing materials for testing if you are asked to do so.
- Ensure that students have reviewed the student tutorial for the online testing system.
- Campus coordinators, test administrators, or technology staff must generate and print student test tickets at least one day before the test administration.
  - Student test tickets contain the unique username, password, and Session ID needed to log in to take the test, and if applicable, information about embedded supports.
  - Student test tickets must be stored in a secure location prior to the test administration.
  - Information on printing student test tickets can be found in the *Assessment Management System User’s Guide*.

## □ Prepare the Testing Environment

- No element of the testing room environment should hinder any student's performance.
- A "Testing—Do Not Disturb" sign should be posted outside the testing room.
- It is not necessary to conceal or remove instructional or reference materials in the testing area, the classrooms, or hallways. An instructional environment should be maintained during testing windows.

Examples of content specific materials:

- Math tables for addition, subtraction, multiplication, and division facts should be concealed or removed from the testing area during mathematics assessments.
- Graphics containing tested information such as moon phases, the water cycle, or human body systems should be concealed or removed during appropriate grade level science assessments.
- Historical timelines or lists of historical figures and their accomplishments should be concealed or removed during social studies assessments.
- Clocks (either analog or digital) in the testing room do not have to be covered or removed.
- All desks or computer workstations used for testing must be cleared of books and other materials not required for the test.
- To support test security for online administrations, test administrators should make a determined effort to prevent students from seeing one another's monitors.
- Ensure that there is one pair of headphones per student receiving text-to-speech when multiple students are tested in the same room.

## □ Ready Seating Charts for Each Test Session

- Seating charts must include the names of students testing, the location of each student while testing, and the names of all test administrators/monitors involved in the session.
- Additional seating charts must be completed if students are moved to another room during testing.
- Seating charts must include the start and stop times for each session, including stop and restart times for students who are permitted a break that stops the time clock.

Seating Charts

## □ Receive Test Materials from Campus Coordinator and Prepare for Distribution

Test administrators for paper administrations must ensure that the following required materials are available on the day of testing:

- two No. 2 pencils with erasers per student
- one test booklet per student
- one answer document per student
- one answer document for demonstration purposes
- additional answer documents to replace unusable ones
- one copy of the test booklet for the test administrator (if applicable)
- dictionaries (for English I, English II, and English III administrations only)
- one graphing calculator per student (for Algebra I and Algebra II administrations only)
- one calculator for every five students (for biology administrations only)

Districts also have the option of providing thesauruses for STAAR English I, English II, and English III administrations.

Test administrators for online administrations must ensure that the following required materials are available on the day of testing:

- testing group rosters
- student test tickets
- scratch paper and graph paper (if applicable)
- pencils or pens
- dictionaries (for English I, English II, and English III administrations only)
- one graphing calculator per student (for Algebra I and Algebra II administrations only)
- one calculator for every five students (for biology administrations only)
- headphones for students receiving text-to-speech when multiple students are being tested in the same room

Districts also have the option of providing thesauruses for STAAR English I, English II, and English III online administrations.

Test administrators must be thoroughly familiar with the dictionary policy that has been established for STAAR. Refer to the STAAR Dictionary Policy for more information.

Test administrators must be thoroughly familiar with the calculator policy that has been established for STAAR. Refer to the STAAR Calculator Policy for more information.

STAAR Dictionary  
Policy

STAAR Calculator  
Policy

Reference materials and graph paper for STAAR mathematics assessments are included in the test booklets. These materials are printed on perforated pages so that students can remove them and use them during the test administration. For students testing online, reference materials and graph paper are available in the assessment in the Online Testing Platform. Paper versions of these materials that are specifically appropriate for online test administrations may be downloaded and printed from the Texas Assessment Resources webpage.

## ☐ Inventory All Secure Materials Issued and Initial the Materials Control Form

Test booklets will be issued to test administrators and recorded on the Materials Control Form using the 10-digit security number printed on the back of each booklet. An example is shown below. Ignore the “S” before the number.

S123456789 1

- Test booklets will be checked out to test administrators each day. You will return all your assigned test materials to your campus coordinator after each test session.
- The Materials Control Form has columns labeled “Day 1” and “Day 2” to track test booklets because some booklets are used over multiple testing days.
- After you have verified that you have received the exact number of test booklets issued to you on the Materials Control Form, initial the “Out” box for the appropriate day. Your initials signify that you have received the test booklets assigned to you, as recorded on the Materials Control Form, and that you have signed your security oath.

# Monitor Paper and Online Administrations

---

**Test administrators are responsible for test security and confidentiality in the testing room. Testing personnel are required to report any suspected violations of test security and confidentiality to the campus or district coordinator. If a situation arises that you do not know how to resolve, contact your campus coordinator immediately.**

## □ Ensure Proper Testing Procedures

Test sessions must be conducted under the best possible conditions. Follow the procedures listed below to ensure the security and confidentiality of the STAAR assessment program and the uniform evaluation of all students throughout the state.

- Districts are required to have procedures in place to prevent the use of personal cell phones and electronic devices during test administrations. If TEA-allowed or -approved technology-based accommodations are used by a student during testing, TEA guidelines on the use of this technology must be followed in order to maintain the security and validity of the assessment. Although some technology may be useful during a daily academic setting, technology that has functionality that violates TEA guidelines cannot be used during a state assessment. These technology guidelines for state assessments can be found on the Accommodation Resources webpage.
- A trained test administrator must be present in each testing room at all times during testing. There must be at least one test administrator for every 30 students.
- Districts may establish starting times for testing.
- A student who arrives after testing has begun may be tested if sufficient time remains in the day to provide the student with the allowed time for testing.
- Test administrators must actively monitor the testing room while students are working.
- Test administrators should
  - confirm that students are working only on the subject-area assessment being administered that day,
  - verify that students have access only to allowable materials, and
  - ensure that students are marking their responses on the correct section of the answer document.

Accommodation  
Resources

Technology  
Guidelines

- Students are not allowed to return to a subject-area assessment attempted on a previous test day or to work on a subject-area assessment that has not yet been administered.
- Test administrators may not view or discuss individual test questions or responses unless specifically directed to do so by the test procedures.
- Students participating in paper administrations must mark their answers on an answer document within the allotted time with a No. 2 pencil. **Answers marked in a test booklet will not be scored.**
- Test administrators must regularly remind students participating in paper administrations to record their responses on their answer documents. Test administrators may say, **“Remember that you must record your responses on the answer document.”**
- Students will not be allowed to record their responses on their answer documents after the time limit has expired.
- Test administrators are not allowed to require students participating in paper administrations to mark their answers in the test booklet before transferring them to the answer document.
- Only students are allowed to erase their stray marks or darken answer-choice circles on their answer documents, and only during the scheduled test session. Test administrators may say, **“Be sure to erase any stray marks that you might have accidentally made on your answer document.”**
- Reinforcing, reviewing for, and/or distributing testing strategies during an assessment is strictly prohibited.
- Test administrators must alert students to the time remaining in the test session in one-hour intervals and, if desired, in shorter intervals during the last hour. Students who have not completed their tests within the allotted time limit must submit what they have completed.
- Students must remain seated during testing except when they are receiving or returning authorized testing materials.
- Students are not allowed to talk to one another while testing is in progress.
- Once a student has completed and turned in or submitted the test, allow the student to leave the area or provide the student with an instructional activity (i.e., guided reading activity) while other students continue testing.

## Breaks

- Test administrators may allow students to take brief breaks in the testing room during a test session. Refer to the “STAAR Policies and Procedures” section for more details.
  - Breaks are not mandatory.
  - During breaks, students must not discuss the content of the test. Test booklets must be closed with answer documents inside.

- Students in an online test administration should pause their tests for breaks. To pause the test, students click the **Pause** button. The test administrator should provide assistance for students who need help pausing their tests. To resume a test, students should be instructed to click **Resume** on the **Pause** screen.
  - If a test is paused for more than 30 minutes, the student will automatically be logged out. To resume testing, the student must log back in using the original student test ticket.
- Students in an online test administration should log out if they take a lunch break. To log out of the test, students click the **Logout** button.
- If a student leaves the testing room for an extended period of time and returns, the campus coordinator must decide whether confidentiality has been breached and if it is appropriate for the student to continue testing.

### Schoolwide Emergencies

In the event of a schoolwide emergency that causes a disruption in testing, ensuring the safety of students is top priority. Students should leave their tests where they are and follow the school's procedures. In the case of online administrations, testing staff should not instruct students to log out of their tests. Test administrators must closely monitor their testing groups to make sure that no one discusses the test. Once the emergency has been resolved, students should resume testing when instructed to do so.

### Unusable or Defective Test Materials

If a test booklet or answer document becomes unusable at any point during a test session, contact your campus coordinator for guidance.

### English I, English II, and English III Assessments

Ensure the procedures below are followed during the English I, English II, and English III assessments.

- The test administrator may read aloud or sign the expository or persuasive writing prompt to any student who requests this assistance.
- Reading or discussing student compositions is not allowed at any time.
- Reading selections may not be read aloud to a student.
- At no time before, during, or after the administration of the assessment are test administrators permitted to assist students with their written compositions.
- The test administrator must **NOT** do the following:
  - elaborate on the prompt
  - give students an opening and/or closing sentence
  - give students an outline for organizing their composition
  - give students ideas about how to develop their composition
  - translate the prompt into another language (except sign language)
  - read aloud the analytical selection or analytical writing prompt

## □ Start Online Test

- Immediately prior to testing, test administrators must provide each student his or her own student test ticket.
  - The student will launch the STAAR Online Testing Platform secure browser and log in using the username, password, and Session ID provided in the student test ticket.
  - The test administrators will guide students through beginning the test.

## □ Monitor and Manage Online Test Sessions

- If students are not present for the online test session for which they were originally scheduled, they should be moved to a later test session in the testing window.
  - It is not necessary to print a new student test ticket.

Test administrators should remind students that they should not click the **Submit and End Test** button until they have finished the test. Once a test is submitted, it cannot be restarted by the test administrator.

## □ Answer Students' Questions

Test administrators may answer questions about test directions or procedures. Test administrators are never allowed to answer any questions related to the content of the test itself. If a student asks a question that you are not permitted to answer, you may respond, for example, “**I can’t answer that for you; just do the best you can.**” Unless specifically directed to do so by test administration procedures, test administrators and campus personnel are **NOT** allowed to do the following:

- translate test questions or passages, including the written composition prompt, into another language (except sign language)
- rephrase or add information to questions or the prompt
- view or discuss test questions with anyone before, during, or after testing
- score test questions or discuss with students how they performed

Basic  
Transcribing

## ❑ Collect Test Materials

Before a student leaves the room, the test administrator must scan the completed answer document to be sure the student has recorded answers as instructed. If the student has not done so and time remains in the time period, the test administrator must say, **“You have not recorded your responses on the answer document. Please go back and mark your answers on it now.”** The testing materials should then be returned so that the student may record his or her answers. Students will **NOT** be allowed to record answers on the answer document after the time period ends.

- Test administrators may not look at or comment on answers to individual test questions or point out individually skipped test questions.
- Test responses, which include the written compositions, multiple-choice questions, and griddable questions, cannot be scored unless they appear on an answer document. Transcription may be needed due to a damaged answer document or if the student is eligible for this designated support. If a transcription is required, contact your campus coordinator.
- Report any blank answer documents to your campus coordinator.

# Complete Paper Administration Process

After testing, complete the following tasks before you return your materials to the campus coordinator.

## □ Account for All Test Booklets and Answer Documents

- Make sure that the name of each student is written on his or her test booklet before you collect it.
- Verify that no students' answer documents have been left inside the test booklets.

## □ Ensure That Answer Document Fields Have Been Completed

- If directed by your campus coordinator, ensure that the TEST TAKEN INFO (if applicable), SCORE CODE, ACCOMM. (if applicable), and NEW TO TEXAS (if applicable) fields on the student's answer document have been completed using a No. 2 pencil.
- If PEIMS crisis code information for students affected by Hurricane Harvey or other hurricanes was NOT included in PEIMS before the data upload, district staff will need to complete the AGENCY USE field for these students. District staff will need to complete the AGENCY USE field for former TAKS, TAAS, or TEAMS examinees. See your campus coordinator for more information.

## □ Return Test Materials to the Campus Coordinator

- Immediately after each test session, the test administrator must return all test materials to the campus coordinator. As appropriate, test materials will be redistributed before the next test session.
- Test booklets and answer documents must be separated and counted. Return the following materials to your campus coordinator:
  - answer documents to be scanned
  - voided answer documents
  - unused answer documents
  - used and unused test booklets, including braille and large-print test booklets, and the specific braille instructions
  - typed or recorded materials and handwritten student responses on scratch paper
  - any reference materials or graph paper used during testing
  - all seating charts with start and stop times recorded

## NOTES

STAAR Materials  
Control Form

- Your campus coordinator will verify that you have returned all test booklets assigned to you, as recorded on the Materials Control Form, and will then initial the “In” box.

The *STAAR Test Administrator Manual—End-of-Course* should be retained throughout the academic year. Additional manuals will not be distributed with each administration. See your campus coordinator for information on storing the manual between administrations.

# Complete Online Administration Process

## □ Submit the Test

- Once a student has submitted a test, the student will no longer be active in the test session and cannot access the test with his or her student test ticket. The following steps submit the test and end the session for a student.
  1. On the Review/End page of the test, click **End Test**.
  2. Check the “**I understand I cannot return to the test**” box.
  3. Select the **Submit and End Test** button.
- The test will be submitted for scoring via the Assessment Management System as soon as the student clicks the **Submit and End Test** button. If a student clicked the **Submit and End Test** button accidentally, contact your campus coordinator.
- Students who cannot finish their tests due to illness or a testing irregularity should not click the **Submit and End Test** button. The student should log out of the test. The district must determine whether the student’s score code should be “Other” for an illness or testing irregularity or if the student’s responses should be submitted for scoring by leaving the score code set to the default “Score.”

## □ Mark Student Test Information in the Assessment Management System

If directed by your campus coordinator, and if applicable, use the Assessment Management System to assign score codes other than “S,” identify accommodation information, update demographic information, and mark the NEW TO TEXAS check box. Directions to mark score codes and accommodation information are described below. Your campus coordinator will provide you with directions to update the demographic information and mark the NEW TO TEXAS indicator.

If PEIMS crisis code information for students affected by Hurricane Harvey or other hurricanes was NOT included in PEIMS before the data upload, district staff will need to complete the AGENCY USE field for these students. District staff will need to complete the AGENCY USE field for former TAKS, TAAS, or TEAMS examinees.

### Score Codes

For students whose tests have not automatically been submitted through the Online Testing Platform, it may be necessary to assign score codes in the Assessment Management System.

- Use the following instructions to update Score Codes in the Student Profile.
  1. In the left navigation pane of the Assessment Management System, click **Students > View & Edit**.

*Assessment  
Management System  
User's Guide*

2. Select **Test Administration** and other student identifying information, then click **Search**.
3. Select the correct student from the search results by clicking on **Edit** (pencil icon).
4. Update the **Score Codes** as needed.

### Update Accommodations Information

Follow these steps to update the Accommodations in the Student Profile. Indicate that an accommodation was made available to a student, even if the student did not use the accommodation during testing.

1. In the left navigation pane of the Assessment Management System, click **Students > View & Edit**.
2. Select **Test Administration** and other student identifying information, then click **Search**.
3. Select the correct student from the search results by clicking on **Edit** (pencil icon).
4. Click the **Tests** tab.
5. Update the **Accommodation** codes for all tests listed under “Add Tests” as needed.
6. Click the **Update** button.

### ❑ Return All Student Test Tickets, Testing Group Rosters, and Test Administration Materials to the Campus Coordinator

- Collect all test tickets before students leave the testing room.
- For students who were absent from the test, store their unused test tickets in locked storage. Students can use these test tickets during makeup testing.
- Missing or damaged tickets can be accessed or reprinted in the Assessment Management System.
- Student test tickets and any reference materials, scratch paper, or graph paper used during testing must be returned to the campus coordinator after the test session.

The *STAAR Test Administrator Manual—End-of-Course* should be retained throughout the academic year. Additional manuals will not be distributed with each administration. See your campus coordinator for information on storing the manual between administrations.

# Guide to the Test Administration Directions

---

You **must** read this section before administering any state assessment.

This section contains the directions for administering the STAAR end-of-course assessments.

Two sizes of call-out boxes are used in the test administration directions. The narrow call-out boxes contain procedural instructions that test administrators need to know but that do not have to be read aloud to students. These instructions may refer to individual courses, multiple courses, or program-wide information.

Here is an example of what might be found in a narrow call-out box:

*Test administrators are not allowed to answer any questions related to the content of the test itself. If a student asks a question that you are not permitted to answer, you may say, for example, “I can’t answer that for you; just do the best you can.”*

The wide call-out boxes in the test administration directions contain course- or program-specific instructions that should be read aloud to students, if applicable. Directions for students taking specified administrations are presented in these kinds of call-out boxes (such as those instructing the proper use of reference materials).

The text at the beginning of the wide boxes indicates for which administrations the test administrator should read the directions. If the directions in these call-out boxes do not pertain to the test you are administering, do not read this material aloud to students.

Here is an example of what might be found in a wide call-out box:

***For Algebra I and Algebra II:***

**SAY** You may use a calculator on this test. You may also work problems in your test booklet.

Sections containing instructions for multiple courses also use brackets within the read-aloud text to indicate where you should verbally insert information. For example, in the sentence, “**Today you will be taking the State of Texas Assessments of Academic Readiness—STAAR [COURSE] test,**” you should verbally fill in the course as you are reading the material to students.

You must follow the directions presented in this section exactly as they are written.

There are two sets of paper administration directions in this section:

- STAAR English I, English II, and English III
- STAAR Algebra I, Algebra II, biology, and U.S. history

Before reading the paper administration directions aloud, distribute the following materials to your students if they do not already have them:

- two No. 2 pencils with erasers per student
- answer documents (Make sure that each student receives the document with his or her name on it.)
- dictionaries (for English I, English II, and English III administrations only)
- graphing calculators (for Algebra I and Algebra II administrations only)
- one calculator for every five students (for biology administrations only)

Districts also have the option of providing thesauruses for STAAR English I, English II, and English III administrations.

If any students do not have a precoded answer document, certain student identification information must be completed before the test session. You may be asked to hand-grid all or part of this information on blank answer documents for these students. Contact your campus coordinator for specific directions for hand-gridding answer documents. If students are to complete this information, read to them the instructions in Appendix A.

Students must use a No. 2 pencil to mark their answer documents. They may write in their test booklets or on the graph paper provided. Students may use scratch paper if needed. Refer to the Accessibility Features document for more information.

There is one set of online administration directions in this section. These directions should be used for all STAAR online administrations.

**NOTE:** Test administration directions for online administrations have been written with the assumption that students have completed the available online tutorial prior to the test administration. This tutorial allows students to become familiar with the tools available in the STAAR Online Testing Platform. If a student needs assistance with the functionality of the online tools prior to or during the test, refer to Appendix B.

Resources

Before reading the online administration directions aloud, distribute the following materials to your students if they do not already have them:

- student test tickets
- scratch paper
- pencils or pens
- dictionaries (for English I, English II, and English III administrations only)
- graphing calculators (for Algebra I and Algebra II administrations only)
- one calculator for every five students (for biology administrations only)
- headphones for students receiving text-to-speech when multiple students are being tested in the same room

Districts also have the option of providing thesauruses for STAAR English I, English II, and English III online administrations.

Test administrators must be thoroughly familiar with the dictionary and calculator policies that have been established for STAAR.

## Designated Supports

You may have students in your testing area who are receiving designated supports. Supports may affect how students' test administrations are conducted (e.g., extra time). Your campus testing coordinator will provide you with specific instructions on the use of designated supports for students you are testing. If you have any questions about providing or implementing these supports, please contact your campus testing coordinator. You should talk to students who will be receiving designated supports **in advance** of testing to explain what materials or types of assistance will be available to them during the assessment.

## **Special Considerations for ELLs**

For all components of the STAAR program, test administrators are allowed to help ELLs understand the directions that are read aloud before the test begins (the "SAY" directions) as well as the directions that introduce particular test sections or item formats. The test administrator is permitted to paraphrase, translate, repeat, or read aloud these types of directions if the student requests assistance. The test administrator is not permitted to add directions that are substantively different (e.g., give pointers, mention test taking strategies, etc.).

In isolated situations, if completing an assessment is not in the best interest of a student (e.g., a newly arrived ELL who has extremely limited English language skills), the campus may make the determination to submit the test for scoring without requiring the student to complete the test. This decision should be documented and communicated to the student's parents after the test administration.

Accommodation  
Resources

## Oral Administration

Oral administration is an accommodation in which test questions and answer choices on certain tests may be read aloud, signed, or provided online through text-to-speech to eligible students. Test administrators responsible for reading aloud or signing test content should read the *Oral/Signed Administration Guidelines* document found on the Accommodations Resources webpage and sign the appropriate section of the test administrator oath.

Please contact your campus coordinator immediately if you are missing any needed materials or if you have any questions about providing or implementing testing accommodations.

# Paper Administration Directions for STAAR English I, English II, and English III

---

You must read the **Guide to the Test Administration Directions** on pages 42–45 of this manual before administering any state assessment.

For ELLs, test administrators are allowed to translate, simplify, or repeat oral instructions as long as the substance of the directions is not changed.

For students receiving designated supports, the test administrator is permitted to modify the directions when needed.

The following statement should be provided to students who are receiving an extended time or extra day accommodation. The test administrator should say, for example, **“You will have [until the end of the school day; two days] to complete this test...”**

The following statement is only for students who are receiving basic transcribing. The test administrator should say, for example, **“All of your answers and compositions must be recorded [per student’s method of response] before the end of the five-hour time period.”**

Students may work through the sections in any order that works best for them.

Read aloud **WORD FOR WORD** the material that is printed in **bold** type and preceded by the word **“SAY.”** You may repeat the directions as many times as needed. The material in *italics* is information meant for you and should not be read aloud to students.

**SAY** **Today you will be taking the State of Texas Assessments of Academic Readiness—STAAR [COURSE] test. It is important for you to do your best. I am going to give each of you a test booklet. When you get your test booklet, do not open it or write on it until I ask you to do so. Do not fill in any information on your answer document until I ask you to do so. If you have any questions while I am passing out the test booklets, please let me know. Keep your pencil on your desk until I tell you that you may use it.**

*Give a test booklet to each student. Answer any questions before continuing.*

*Students must write their first and last names on their test booklets and complete the TEST BOOKLET # field on their answer documents at this time. Directions for completing this information follow.*

**SAY Look at your answer document. Check that the name on your answer document is correct.**

**Look at your test booklet. Does everyone see “[COURSE]” on the front of your booklet?**

*Assist any students who do not have the correct answer document or test booklet.*

**SAY Print your first and last name in the space marked “STUDENT NAME” at the top of your test booklet.**

*When all students have finished, continue.*

**SAY On the back of each test booklet is a printed number. Each booklet has a different number. This number has ten digits. Ignore the “S” in front of the number. You need to look at only the ten digits of the number after the “S.”**

*Hold up one of your student's test booklets and point to the security number on the back.*

**SAY Now look at the top of your answer document. Does everyone see “[COURSE]” at the top-left side of your answer document?**

*Assist any students who do not have the correct answer document.*

**SAY Now find the words “TEST BOOKLET #” at the top of your answer document.**

*Point to the TEST BOOKLET # field on the answer document given to you for demonstration purposes. When students have located this section, continue.*

**SAY Copy all ten digits printed after the “S” from the back of your test booklet into the boxes beside the words “TEST BOOKLET #” on your answer document. Be sure to copy this number exactly as it appears. Do not copy the letter “S” in front of the number. If you have any questions, please raise your hand.**

*Continue to use your sample answer document to point out to students where to find specific items on their answer document. Monitor students closely while they copy the security number. When all students have finished, continue.*

**April and May Administrations Only:**

*The FORM # must be filled out either by the students before testing begins or by the test administrator when testing has been completed.*

*If you choose to have students fill in the FORM #, tell students, “**Look at the front of your test booklet at the bottom. Does everyone see the form number printed on the front of their test booklet?**” Use a student’s test booklet to show students where to find the form number.*

*Point to the FORM # on the answer document given to you for demonstration purposes. Tell students, “**Copy this number below the words ‘FORM #’ in the ‘TEST TAKEN INFO’ box on your answer document and fill in the correct circles below.**”*

*Monitor students closely while they copy the FORM #.*

**SAY** Now open your answer document to page 2. Look at the honor statement located at the top of the page. Please read and sign the honor statement.

*If a student asks if he or she must sign the honor statement, tell the student, “**That decision is up to you. Signing the honor statement is not required, but you are expected to follow the testing rules even if you do not sign it.**”*

*It is not the responsibility of the test administrator to check to see if students have signed the honor statement.*

*When students have had time to complete the honor statement, continue.*

**SAY** You may use a dictionary throughout this test.

*Continue to use your sample answer document to point out to students where to find specific items on their answer document.*

**SAY** You will mark your answers to the multiple-choice questions on page 2 of your answer document. Be sure to mark only one answer on your answer document for each question. Mark your answer very carefully and make your mark dark and neat. If you find that you want to change an answer, completely erase your first response. Then mark your new choice. Are there any questions about how to record your answers to the multiple-choice questions?

*Check that all students have found the correct place on their answer document. Answer all questions before continuing. When all students are ready, continue.*

**SAY** Now turn to the page in your test booklet titled “WRITTEN COMPOSITION.” Now look at page 3 of your answer document. This is where you will write your composition.

*The test administrator may read aloud or sign the expository or persuasive writing prompt to any student who requests this assistance. (Test administrators may **NOT** read the analytical selection or writing prompt on the English III test.) Using the student’s test booklet, the test administrator may read aloud or sign to an individual student any text (i.e., all text on the prompt page) related to the expository or persuasive prompt. It is allowable to read the entire prompt or any part of the prompt as many times as necessary. Test administrators must be aware that they are viewing secure test content and that responding to the expository or persuasive writing prompt or recording the information they see is strictly prohibited. The test administrator may not make suggestions to the student about how to respond. The test administrator cannot translate (except into sign language), change, add to, or explain the expository or persuasive writing prompt. For a student whose IEP/IAP documentation includes this assistance, the test administrator may read aloud or sign the writing prompts without the student requesting it.*

**SAY** The blank pages following the writing prompt page in your test booklet can be used for planning. The more planning you do, the clearer and more complete your composition is likely to be. For example, you may make notes to help you decide what to write. In addition, you may write an outline to help you arrange your ideas in an order that makes sense, or you may write a rough draft. But remember, you must write your composition on the correct lined page in your answer document. Are there any questions?

*Make sure students have found the correct pages in their test booklets. Answer all questions before continuing.*

**SAY** Your composition does not have to completely fill the lined page, but it must not be longer than the page. Do not write outside the box on the lined page. Twenty-six lines have been provided for you to write your composition. Do not add lines to your written composition page. You are not allowed to insert more lines than what has been provided for you in your answer document. Be sure to write neatly so that others can read your writing. You may either print or write in cursive, whichever is easier for you. Remember that you must write in English and you must use a No. 2 pencil. Are there any questions about how to record your answers?

*Answer all questions before continuing.*

*Check that all students have found the correct pages on their answer document.*

**SAY** You will take the [COURSE] assessment by yourself. You may work through the sections in any order that works best for you. You may use a dictionary throughout this test. Read each question carefully. Then fill in the correct answer on your answer document. While you are working on the test, I will be quietly moving around the room to make sure you are following the directions and working independently.

I cannot help you answer any test questions. I will be able to help you only with questions about the directions. Be sure to mark only one answer on your answer document for each question. You may not know the answers to all the questions. If you do not know the answer to a question, choose the answer you think might be correct. Remember that you may write in your test booklet if you would like to make notes.

You will have up to five hours to complete the test. During the test, you will be provided with reminders of the time left to test. All of your responses must be recorded on your answer document before the five-hour time period ends.

You may check your answers after you have finished. Be sure to erase any stray marks that you might have accidentally made on your answer document. Stay in your seat and raise your hand when you have finished looking over your work. I will come to your desk to collect your answer document, test booklet, and other materials. Please sit quietly so that you do not disturb others who are still working. Do not talk to one another while others are still taking the test. Are there any questions?

*Answer all questions. When all students are ready, continue.*

**SAY** You are not allowed to discuss the test questions or answer choices with anyone during the test, during breaks, or after you have completed your test. Does anyone have any questions?

*Answer any questions before continuing.*

*Test administrators are not allowed to answer any questions related to the content of the test itself. If a student asks a question that you are not permitted to answer, you may say, for example, “I can’t answer that for you; just do the best you can.”*

**SAY** Read any directions that may be provided before you read the questions and mark your answers. Remember to mark your answers very carefully and make your marks dark and neat. If there are no more questions, now you may begin.

Unless students have an extended time accommodation, begin timing the five-hour time period now. Record the start time on your seating chart. Refer to the “STAAR Policies and Procedures” section of this manual for information on breaks and time-limit reminders. Remember to actively monitor during the test. If a student submits his or her test materials before the end of the five-hour time period, you must check that the student’s answers are marked on the answer document. If they are not, say to the student, **“You have not recorded your answers on the answer document. Please go back and mark your answers on it now.”** The test materials should then be returned so that the student may record his or her answers. You may look at answer documents only to see whether responses are recorded; you may not examine or comment on individual responses. Remember, students must record their answers on the answer document before the end of the five-hour time period. Students may not be allowed to record answers on the answer document after the five-hour time period ends. After a student has completed the test, collect the test materials. Allow the student to leave the area or provide the student with an instructional activity (i.e., guided reading activity) while other students continue testing.

After testing has been completed and you have collected each student’s answer document, **make sure that the student has recorded his or her responses on the answer document.** Report any blank answer documents to your campus coordinator.

Any scratch paper or other materials must be collected and returned to the campus coordinator.

Record the stop time for the test session on the seating chart.

Follow directions from your campus coordinator, and refer to the “Complete Paper Administration Process” section in this manual.

Return your test materials to the campus coordinator after the test session is over. Test booklets and answer documents must be separated and counted before they are returned to ensure that all materials are accounted for. The campus coordinator will verify that you have returned all test booklets assigned to you, as recorded on the Materials Control Form, and will initial the “In” box for the appropriate day.

At no time should you erase stray marks or darken answer-choice circles on students’ answer documents.

**UNAUTHORIZED VIEWING, DISCUSSION, DUPLICATION, OR SCORING OF SECURE TEST MATERIALS IS NOT PERMITTED AT ANY TIME.**

# Paper Administration Directions for STAAR Algebra I, Algebra II, Biology, and U.S. History

*Monitor students closely while they copy the FORM #.*

**SAY** Now turn your answer document over. Look at the honor statement located at the top of the page. Please read and sign the honor statement.

*If a student asks if he or she must sign the honor statement, tell the student, “**That decision is up to you. Signing the honor statement is not required, but you are expected to follow the testing rules even if you do not sign it.**”*

*It is not the responsibility of the test administrator to check to see if students have signed the honor statement.*

*When students have had time to complete the honor statement, continue.*

*Continue to use your sample answer document to point out to students where to find specific items on their answer document.*

**For STAAR Algebra I and Algebra II:**

**SAY** You may use a graphing calculator on this test. You may also work problems in your test booklet.

**For STAAR Biology:**

**SAY** You may use a calculator on this test. You may also work problems in your test booklet.

**SAY** Now look at your answer document. To answer a multiple-choice question, fill in the circle on your answer document. Mark only one circle for each multiple-choice question. Mark your answers very carefully and make your marks dark and neat. If you find that you want to change an answer, completely erase your first choice. Then fill in the circle for your new choice.

*Check that all students have found the correct page on their answer document. Answer all questions. When all students are ready, continue.*

# Online Administration Directions for STAAR

---

You must read the **Guide to the Test Administration Directions** on pages 42–45 of this manual before administering any state assessment.

**NOTE:** Test administration directions for online administrations have been written with the assumption that students have completed the available online tutorial prior to the test administration. This tutorial allows students to become familiar with the tools available in the STAAR Online Testing Platform. If a student needs assistance with the functionality of the online tools prior to or during the test, refer to Appendix B.

For ELLs, test administrators are allowed to translate, simplify, or repeat oral instructions as long as the substance of the directions is not changed.

For students receiving designated supports, the test administrator is permitted to modify the directions when needed to make sure the student is aware of the accommodations available to him or her.

The following statement should be provided to students who are receiving an extended time or extra day accommodation. The test administrator should say, for example, **“You will have [until the end of the school day; two days] to complete this test...”**

The following statement is only for students who are receiving basic transcribing. The test administrator should say, for example, **“All of your answers and your composition must be recorded [per student’s method of response] before the end of the five-hour time period.”**

For students receiving text-to-speech, the test administrator is allowed to remind students that a “DO NOT READ” icon next to selections or test questions will indicate that all text on the page cannot be read aloud to the student. This includes text in pop-ups and rollovers, if applicable.

For students receiving text-to-speech and content and language supports, the text within these supports will be read aloud.

If a student arrives in your testing room and you do not have a student test ticket for that student, immediately contact the campus testing coordinator.

Read aloud **WORD FOR WORD** the material printed in **bold** type and preceded by the word “**SAY:**” You may repeat the directions as many times as needed. The material in *italics* is information meant for you and should not be read aloud to students. You may paraphrase, translate, shorten, or repeat the directions as needed to best communicate with the students in your test session. You must **NOT**, however, change the substance of the information given in the directions.

**SAY Today you will take the State of Texas Assessments of Academic Readiness—STAAR [COURSE] test. You will take this test on the computer. It is important that you do your best on this test.**

**Now we will log in to the test. I will read the instructions, and you follow along on the computer. If you have any questions, let me know, and I will help you. You will use the information on your student test ticket to log in to the test.**

*Answer any questions before continuing. Distribute test tickets to students.*

**SAY Does everyone have a student test ticket? If not, please let me know.**

*Make sure each student has a student test ticket. When students are ready, continue.*

**SAY Please make sure that your name and birth date are correct on the test ticket. Also make sure that STAAR [COURSE] is at the top of your ticket. If any of this information is wrong or missing, please let me know.**

*Make sure each student’s test ticket is correct. A test ticket will designate whether a student is eligible to use text-to-speech, content and language supports, and/or the spelling assistance tool when testing. Check to ensure that students eligible to use these supports have the information noted on their test tickets. If the information on a student’s test ticket is incorrect, contact your campus testing coordinator after all other students have started testing.*

**SAY Now open the STAAR Online Testing Program. It may take some time for the test to open on your computer. Let me know if you need help.**

*Assist any student having difficulty.*

**SAY When the program opens, click on the *Summative Assessment* button.**

*Assist any student having difficulty.*

**SAY Look at your student test ticket and find your username. Type the username into the Username field exactly as it is written on your student test ticket.**

*Assist students as needed.*

**SAY** Look at your student test ticket and find your password. Type the password into the Password field exactly as it is written on the student test ticket.

*Assist students as needed.*

**SAY** Look at your student test ticket and find the Session ID. Type the Session ID in the Session ID field exactly as it is written on your student test ticket. Now click the **Login** button.

*Check to see if everyone has successfully logged in to the test.*

**For students receiving text-to-speech:**

**SAY** You should see a screen that asks you to check your Speak tool to make sure that the sound on your computer is working. Put on your headphones and check that the sound is working. You may also change how fast the words are read aloud now, if needed. Then take off your headphones. If you do not hear anything or need help, let me know.

*If a student's volume is not working, troubleshoot basic steps such as ensuring that the headphones are fully plugged in, mute is not inadvertently selected, and the volume setting is turned up. If the student is still experiencing issues, contact your campus testing coordinator.*

**SAY** Look at your screen. Let me know if you do not see the words **STAAR [COURSE]**.

*Make sure that all students are on the correct screen. If incorrect information appears on the screen, have the student log out of the test by clicking on the Logout button at the top of the screen. After you have completed reading these instructions and the other students have started testing, contact the campus testing coordinator.*

**SAY** Now find your name at the top of the screen. Let me know if you do not see your name.

*Help any students having difficulty finding their name. If incorrect information appears on the screen, have the student log out of the test by clicking on the Logout button in the top-right corner of the screen. After you have completed reading these instructions and the other students have started testing, contact the campus testing coordinator.*

**SAY** Click the *Next* button. You will see an honor statement on this page. Please read the honor statement and click “I agree.”

*If a student asks if he or she must select the “I agree” box on the honor statement, tell the student “That decision is up to you. Selecting 'I agree' on the honor statement is not required, but you are expected to follow the testing rules even if you do not select it.”*

*It is not the responsibility of the test administrator to check to see if the students have selected “I agree” on the honor statement.*

*When students have had time to complete the honor statement, continue.*

**SAY** Click the *Next* button. You will see some test directions. You will read this information, and the information on the next screens as well. Continue reading until you see a large STOP sign. Do not click the *Next* button until you are told to do so.

***For students using text-to-speech:***

**You may put on your headphones and click the *Speak* button, if needed. When you see the STOP sign, take off your headphones.**

*Allow students time to read through the instructions. Confirm that all students are on the STOP sign screen and then continue.*

**SAY** You will take the STAAR [COURSE] test by yourself. I cannot help you answer any test questions. If you do not know the answer to a question, choose the answer you think might be correct.

***For English I, English II, and English III:***

**SAY** You may use a dictionary throughout this test. In this test, you will respond to a writing prompt.

*For students using text-to-speech, the Speak button will read aloud the prompt.*

*The test administrator may read aloud or sign the expository or persuasive writing prompt to any student who needs this assistance, even if they are not eligible for the text-to-speech function. (Test administrators may NOT read the analytical selection or writing prompt on the English III test.) Looking over the student's shoulder, the test administrator may read aloud or sign to an individual student any text (i.e., all text on the prompt screen) related to the expository or persuasive prompt. It is allowable to read the entire prompt or any part of the prompt as many times as necessary. Test administrators must be aware that they are viewing secure test content and that responding to the expository or persuasive writing prompt or recording the information they see is strictly prohibited. The test administrator may not make suggestions to the student about how to respond. The test administrator cannot translate (except into sign language), change, add to, or explain the expository or persuasive writing prompt. For a student whose IEP/IAP documentation includes this assistance, the test administrator may read aloud or sign the writing prompts without the student requesting it.*

**SAY** Your composition does not have to completely fill the typing box, but it may not be more than 1750 characters.

**You may use scratch paper to “think out” and plan your composition before you type your response in the box on the screen. In addition, you may write an outline to help you arrange your ideas in an order that makes sense or you may write a rough draft. Remember that the more planning you do, the clearer and more complete your composition is likely to be. When you are ready, you must type your composition in the typing box on the screen. Your composition does not have to completely fill the typing box, but it may not be more than 1750 characters. All of the writing tools will be available to use for the composition. Are there any questions?**

***For students eligible for content and language supports, say:***

**SAY** A writing checklist will also be available at the top of the screen to use if you need it while you write your composition.

***For students eligible for spelling assistance, say:***

**SAY** You will have Spelling assistance available for your composition. In the response box a red underline will appear below any words that are misspelled. Click the underlined word to see suggested replacements.

*Answer any questions and then continue.*

***For Algebra I and Algebra II:***

**SAY** You may use a graphing calculator on this test. You may also use the reference materials, graph paper, and scratch paper when you are taking this test.

***For Biology:***

**SAY** You may use a calculator on this test. You may also use scratch paper.

***For students eligible for content and language supports, say:***

**SAY** A Punnett square will also be available at the top of the screen to use if you need it while you are working in this test.

***For U.S. History:***

**SAY** You may use scratch paper on this test.

***For students receiving content and language supports for any subject:***

**SAY** You may see different icons in test questions that tell you there are extra accommodations you may use. You may see some dots under words or small, dark circles to the right of the question or answer choices. Click these dots or circles to see words or pictures that may help you.

*Remind students eligible for text-to-speech that they can use the Speak tool to listen to text in pop-ups and rollovers read aloud. The test administrator may need to indicate for students where to find the Help tool that will show how to use the pop-ups and rollovers throughout the test.*

*Answer any questions and then continue.*

*Test administrators are not allowed to answer any questions related to the content of the test itself. If a student asks a question that you are not permitted to answer, you may respond, for example, “**I can’t answer that for you; just do the best you can.**”*

**SAY** When you have come to the end of the test, the *Review/End* screen will show whether you have answered all of the questions. You may click on the *Return to Test* button, or click on a test question number to check over your work and make any changes to your answers. To end the test and submit your answers for final scoring, click the *End Test* button at the bottom of the *Review/End* screen. Next, select “I understand I cannot return to the test.” Then click the *Submit and End Test* button. If you need help, let me know and I will help you. Are there any questions?

*Answer any questions before continuing.*

**SAY** You will have up to [four/five] hours to complete the test. During the test, I will let you know how much time you have left. All of your answers must be entered before the [four/five] hour time period ends.

**While you are working on the test, I will be quietly moving around the room to make sure you are following the directions and working independently. If you need help using any of the online tools, let me know.**

**When you have completed your test, stay in your seat and let me know. I will come to help you close the test and collect any paper you wrote on during the test. Do not talk to anyone while others are still taking the test.**

**You may not talk about the test questions or answer choices with anyone during the test, during breaks, or after you have completed your test. Does anyone have any questions?**

*Answer any questions before continuing.*

**SAY** **If there are no more questions, you may click the Next button to begin the test.**

*Any students using text-to-speech may be told to put on their headphones. Unless students have an extended time accommodation, begin timing the four- or five-hour time period now. Record the start time on your seating chart. Refer to the “STAAR Policies and Procedures” section of this manual for information on breaks and time limits. For lunch breaks, tell students to log out of the tests. For all other breaks, tell students to pause the tests.*

*Remember to actively monitor during the test. At any point during the test administration, the test administrator may assist students if they have trouble navigating through the assessment or need reminders of how to use the tools and accommodations. Refer to Appendix B for more information.*

*As students complete the test, collect student test tickets and any scratch paper, graph paper, or reference materials and return them to the campus coordinator. Allow the student to leave the area or provide the student with an instructional activity (i.e., guided reading activity) while other students continue testing.*

*Record the stop time for the test session on the seating chart.*

**UNAUTHORIZED VIEWING, DISCUSSION, DUPLICATION, OR SCORING OF SECURE TEST MATERIALS IS NOT PERMITTED AT ANY TIME.**

Completing Student Identification  
Information

# Completing Student Identification Information

---

If you have students in your testing group for whom no answer document has been prepared, students should grid the student identification information on a blank answer document before testing begins, following the directions below. If all your students have a precoded answer document, proceed to the test administration directions.

Read aloud the material that is printed in **bold** type and preceded by the word “**SAY**.” The material in *italics* is information meant for you and should not be read aloud to students.

**SAY** Today you will be taking the State of Texas Assessments of Academic Readiness—STAAR [COURSE] assessment. Before you take the test, you are going to fill out the front of the answer document that you will use. It is important that you pay attention and follow directions. Use only a No. 2 pencil to mark your answer document. If you do not have a No. 2 pencil, please raise your hand.

*Give two pencils to each student who needs them.*

**SAY** Now look at the top of your answer document. Does everyone see “[COURSE]” at the top-left side of your answer document?

*Assist any students who do not have the correct answer document.*

**SAY** Find the words “LAST-NAME” at the top of your answer document. Print your last name in the row of boxes in this section, starting with the first box on the left. Print only one letter in a box. If there are not enough boxes for all the letters in your last name, print as many letters of your last name as you can. If you have any questions, please raise your hand.

*Check that students are printing their last names in the appropriate section, one letter to a box. When all students are ready, continue.*

**SAY** Find the section labeled “FIRST-NAME.” Print your first name in the row of boxes in this section. Print only one letter in a box. If there are not enough boxes for all the letters in your first name, print as many letters as you can. When you are finished, find the column labeled “MI” to the right of the section where you printed your first name. In this box, print the first letter of your middle name. If you do not have a middle name, do not print anything in this box.

*Check that students are printing their first names and middle initials in the appropriate section, one letter to a box. When all students are ready, continue.*

**SAY** Below the boxes where you printed your name are columns of circles with letters in them. In the first column find the circle with the first letter of your last name. Fill in that circle. Make sure that the mark you make is dark and neat. Be sure to fill in the circle completely. If you make a mistake, completely erase the mark you made and fill in the correct circle. Now do the same thing for the rest of the letters in your last name. If there are not enough boxes for all the letters in your last name, print as many letters as you can.

*Check to see that students are gridding the letters correctly. If a student is having difficulty, it may be necessary to help him or her fill in the first few columns. Every attempt should be made to keep students from feeling frustrated by the task and to ensure that the information is accurate. When all students are ready, continue.*

*The answer documents do not have a place to grid hyphens or apostrophes. If a student's name has a hyphen or apostrophe, the student should fill in the empty circle in that position.*

**SAY** Some of you may not have used all the boxes to print your last name. Directly under each of these boxes is a circle without a letter in it. For each empty box following your last name, fill in the empty circle below it.

*When all students are ready, continue.*

**SAY** Now fill in the circles for your first name and middle initial the same way you did for your last name. If you do not have a middle initial, fill in the empty circle in the “MI” column.

*Monitor students as they grid their first names and middle initials. When all students are ready, continue.*

**SAY** At the bottom of your answer document, print the name of our school district in the space under the words “DISTRICT-NAME.” I will print the name of our school district on the board for you.

*Print your school district's name on the board. Check that students are printing this information in the appropriate space on their answer documents. When all students are ready, continue.*

**SAY** Now print the name of our campus in the space under the words “CAMPUS-NAME.” I will print the name of our campus on the board for you.

*Print your campus name on the board. Check that students are printing this information in the appropriate space on their answer documents. When all students are ready, continue.*

**SAY** Now find the section marked “SEX CODE.” If you are a male, fill in the circle next to the “M.” If you are a female, fill in the circle next to the “F.”

*When all students are ready, continue.*

**SAY** Find the section labeled “ENROLLED GRADE.” Fill in the circle that corresponds to the grade in which you are enrolled. Does anyone have any questions?

*When all students are ready, continue.*

**SAY** Now find the section labeled “DATE-OF-BIRTH.” In the space labeled “MONTH,” fill in the circle next to the month in which you were born. Print the day of your birth and the last two digits of the year in which you were born in the boxes labeled “DAY” and “YEAR.” If you were born before the tenth day of the month, you will need to put a zero in front of the day of your birth. Now fill in the circles below the numbers you have printed. If you have any questions, please raise your hand. When you finish, put your pencil down.

*Monitor students to ensure that they are filling in this information correctly. Then refer to the test administration directions, which begin on page 42.*
