Development and implementation timelines are subject to Board and Legislative action. Projections more than two years out are especially tentative. This table will continue to be updated as certificates are established and new examinations are developed.

- Pedagogy and Professional Responsibilities Requirements:** Candidates receiving a first Texas certificate for a classroom teaching area must pass a Pedagogy and Professional Responsibilities examination in addition to the content test(s) required. Candidates adding a supplemental certificate to an existing certificate, certifying in additional areas by examination, or certifying in non-teaching areas like Principal or School Librarian do not need another PPR exam.
- Generalist Tests Update:** The generalist tests (111, 119, 120, 191, 192, 193) will end in August 2015. Unlike other tests, candidates will have until August 31, 2017 to finish certificate requirements and until October 30, 2017 to apply and recommend for certificate.
- Certificates Scheduled for Deletion:** Generally, if a certificate is scheduled for deletion, the examination will cease to be given at the end (August 31 or last administration) of an academic year, the deadline to complete requirements such as other testing, coursework, and internship/student teaching will be August 31 of the NEXT academic year, and the deadline to apply and be recommended will be 60 days later: October 30.
