- If a check mark appears in the Material Change column, it means counts increased or decreased by at least 10% from one month to another. In the User Comments, provide a brief explanation for why each material change occurred (ex. Increased enrollment, added campuses, etc.).
- You will submit the data to your superintendent (by clicking “Submit to Superintendent” button) and your superintendent will submit to the TEA.
- **NOTE:** To begin entering Alternative BMC data for 2016–2017 SCE funding, switch to 2015–2016 in the top-right corner and re-enter contact information. You can then access the “Submit Alternative Basic Monthly Claims” page. You can submit data to your superintendent once September 2016 counts are entered.
