**Texas Title I Priority Schools Grant** 

#### Schedule #4—Program Summary and Application Requirements

Part 1: Grant Program Information;

#### Summary of Program: Purpose and Goals

of TEA.

School Improvement Grants, authorized under section 1003(g) of Title I of the Elementary and Secondary Education Act of 1965 (Title I or ESEA) as amended by ARRA, are grants, through the Texas Education Agency, to local educational agencies (LEAs) for use in Title I schools identified for improvement, corrective action, or restructuring and other eligible campuses that demonstrate the greatest need for the funds and the strongest commitment to use the funds to provide adequate resources in order to raise substantially the achievement of their students so as to enable the schools to make adequate yearly progress and exit improvement status. Under the final requirements, as amended through the interim final requirements published in the Federal Register in January 2010 school improvement funds are to be focused on each State's "Tier I" and "Tier II" schools.

Tier I schools are a State's persistently lowest-achieving Title I schools in improvement, corrective action, or restructuring and certain Title I eligible elementary schools that are as low achieving as the State's other Tier I schools. Tier II schools are a State's persistently-lowest achieving secondary schools that are eligible for, but do not receive, Title I, Part A funds and certain additional Title I eligible secondary schools that are as low achieving as the State's other Tier II schools or that have had a graduation rate below 60 percent over a number of years. An LEA may also use school improvement funds in Title I schools in improvement, corrective action, or restructuring that are not identified as persistently lowest-achieving schools and certain additional Title I eligible schools ("Tier III schools").

In the Tier I and Tier II schools an LEA chooses to serve, the LEA must implement one of four school intervention models: turnaround model, restart model, school closure, or transformation model.

#### Allowable Activities

Tier I and Tier II Grantees

- Grantees must expend grant funds for the required activities delineated for the selected intervention model as defined in the final federal regulations.
- Grantees may expend grant funds for the permissible activities delineated for the selected intervention model as defined in the final federal regulations.
- Grantees may expend grant funds for other school improvement activities deemed needed to address identified needs not addressed by the intervention model selected.

#### Tier III Grantees

- Tier III grantees may select one of the four intervention models in the federal regulations or the state's Tier III Transformation Model.
- If selecting one of the four models in the federal regulations, grantees must expend grant funds for the required activities delineated for the selected intervention model as defined in the final federal regulations. Grantees may expend grant funds for the permissible activities delineated for the selected intervention model as defined in the final federal regulations.
- Grantees may expend grant funds for other school improvement activities deemed needed to address identified needs not addressed by the intervention model selected.

In addition, a Tier I, Tier III grantee campus that has implemented, in whole or in part, either the Turnaround, Restart, or Transformation models within the last two years may continue or complete the implementation of the intervention model with the TTIPS grant funds. For example, if a grantee campus has replaced its principal within the last two years, the LEA/campus will not be required to hire another new principal. An LEA/campus that receives TTIPS SIG funds in accordance with this flexibility must fully implement the selected model as required by the final federal requirements. In other words, if the school had been implementing the model only in part, it must use the funds it receives to expand its implementation so that it fully complies with the federal regulatory requirements.

The detailed required and permissible activities for each intervention model, as defined in the final federal regulations are listed on Schedule #4—Program Requirements and are incorporated by reference herein.

A variety of research-based strategies that are appropriate to the intended outcome of the TTIPS Transformational Model will be implemented at North Forest High School (NFHS). The school will adhere to a comprehensive systems approach to school improvement through the use of disaggregated data, researched instructional practices, instructional coaching, and continuous progress monitoring. The program design aligns with the RFA by including an inclusive continuum of curriculum and instruction, a standards-based process of professional development, and continuous monitoring of student results through multiple methods, including classroom action research. Prior to grant submission, to improve campus climate, the school's principal was replaced and teacher reassignments are in process. In addition, the school has been redesigned to provide a transitional learning community for 9th grade students. The 9th grade learning community will enable students to experience emotional, social, and academic support in a focused four year course of study that advances NFHS completion rates. There will be a school-wide focus on an integrated STEM project and accelerated math classes to ensure all students are proficient in preparation for the state assessment and meeting graduation requirements. Because literacy is key to student achievement and academic success in all subject areas, NFHS will incorporate instructional delivery models that focus on proficiency in listening, speaking, reading, and writing. Response to Intervention (RTI) approaches will be utilized with students who have difficulty learning even after receiving scientifically research-based instruction and Supplemental Educational Services (SES).

Through the implementation of standards-based professional development within a systems model of continuous support, collaboration, data collection, and standards-based, quality professional development will result in the improved student performance. Henceforth, all staff development at the school will comprise targeted training,

		,	e mg	

virtual learning opportunities, needs-driven workshops, and local university partnerships. Training sessions will include models of new instructional strategies, demonstrations in teachers' classrooms, coaching and other forms of follow-up so that strategies become routine in teachers' instructional repertoire. In addition, to promote the development of heightened instructional skills, training will be combined with professional study groups. The aforementioned diverse collaborative design will maximize educator capacity, thus impacting student achievement and overall school improvement.

Implementation of the Transformation Model will enable the school to bridge gaps and weaknesses in instructional delivery through teacher and school leader immersion in professional networks that encompass university scholars, mathematicians, and scientists. The transitional 9<sup>th</sup> grade learning community concept will prescriptively remediate and accelerate student learning so that drop-out and course credit deficiencies do not prevail. The fact that the district's one high school is in a heightened stage of school improvement is a prohibitive weakness to external collaboration beyond the walls of the NFHS. The incorporation of teacher technology tools will remedy isolated teacher learning opportunities and provide a pathway for accessing various means of professional learning that expand beyond the boundaries of the local education agency (LEA). Technology enhancements will provide for the individualization of teacher and administrator learning through the use of software, web-based programs, the Internet, and other distance learning processes. The incorporation of teacher technology tools will enable educators to follow their unique learning goals within the context of schoolwide staff development plans. Teachers may download and submit lesson plans, conduct research on a particular topic, or compare their students' work with that of students in other classes, schools or even other countries. Technology utilization will also make it possible for teachers to form virtual professional learning communities with educators in schools throughout Texas and around the world.

Texas Title I Priority Schools Grant
Schedule #4B—Program Description

Part 1: Comprehensive Needs Assessment Cont.

Section C: Process Responses are limited to the space provided, front side only, with a font size no smaller than 9 point (Arial or Verdana).

Describe, in detail, the process the LEA and campus followed/will follow to identify the needs of the campus.

The North Forest High School (NFHS) Campus Improvement Plan (CIP) serves as the compass for identifying the needs of the campus. Thus, the document was the primary resource for identifying NFHS targeted specific data-based needs. The specific process to be utilized by the district and campus included consultation with community stakeholders, school staff, central administrative staff, students, parents, and external experts. The following steps outline the process:

- 1) Determine the specific academic issues that caused the campus to not meet AYP.
- 2) Review policies and practices concerning the school's academic core subject area / sub-group inadequate performance.
- 3) Specify campus professional development needs and plans for delivery.
- 4) Establish specific measurable objectives for continuous progress.
- 5) Determine how the school provides meaningful parental (family) involvement opportunities.
- 6) Specify the responsibilities of the school and the technical assistance that the district and Region IV Educational Service Center (ESC) will provide.
- 7) Develop strategies to promote and improve parental involvement.
- 8) Evaluate extended learning activities before and after school, during the summer, and during times when school is not in session.

Though the CIP serves as a primary framework for analyzing problems and addressing instructional issues in achievement, test participation, and graduation, other data sources as noted in Schedule # 4B Section B were also considered.

#### Part 2: Project Management

Section A: LEA (District) Capacity Responses are limited to one page each, front side only, with a font size no smaller than 9 point (Arial or Verdana).

Capacity -- Describe the LEA's capacity to use grant funds to provide adequate resources and related services/support to the campus to implement, fully and effectively, the required activities of the school intervention model.

The district's five year Strategic Plan integrates transparency around expected district and campus goals. Thus, the Superintendent's Executive Cabinet is organized to provide immediate and high level support to the TTIPS school. In addition, the Deputy Superintendent and Executive Director of Federal & State Programs will further support the principal of the high school.

The district assures that it will use grant funds to provide adequate resources and related services and support to the campus to implement, fully and effectively, the required activities of the school intervention model by:

- 1) Using funds made available in a manner that meets all regular Title I, Part A program assurances.
- 2) Ensuring transparency reporting and accountability.
- 3) Following all regulations and reporting requirements that are specific to Title I, Part A, including the requirements for allowable costs in OMB Circular 87 and subject to the audit requirements in Circular A–133 as distributed by the United State's Department of Education.
- 4) Using federal grant funds to supplement existing state and local funds for program activities and not replace (supplant) state or local funds that they have appropriated or allocated for the same purpose. Potential supplanting will be an element of ongoing monitoring and audits.
- 5) Constructing and adhering to a proposed budget that indicates the amount of school improvement funds the district will expend each year in the high school.
- 6) Providing proposed funding amounts and a detailed budget narrative indicating how the district will allocate funds over a three-year period, with consistent activities and timelines.
- 7) Utilizing research-based and evaluation results to optimize use of grant funds in the three years to increase instructional time as well as collaboration time for teachers and principals to implement the transformation model. Instruction will be extended (before-school, after-school, summer) for North Forest High School.

Partnership/Involvement of Others - Describe how the LEA/campus consulted with relevant stakeholders (students, staff, parents, community) regarding this application and proposed implementation of a school intervention model.

Communication about the TTIPS grant and subsequent activities happened through a variety meetings held with both internal and external stakeholders. The district's Tier I school, North Forest High School, was informed of its identification as a TTIPS school and the grant requirements. The High School Transformation Leadership Team was an integral part of the process, as well as other building level staff. After careful consideration of each of the intervention models, and analyses of program and student level achievement data, and reports provided by district's High School Leadership Team, it was determined the most appropriate and/or potentially effective intervention model for North Forest High School was the Transformation Model.

The following meetings occurred as part of the consultation process:

- April 7, 2010 Meeting held with Superintendent, Deputy Superintendent, State and Federal Programs Ex. Director, NFHS Leadership Team to discuss the implications of the TTIPS grant.
- April 12, 2010 Overview of TTIPS with Superintendent's Executive Cabinet Members
- April 13, 2010 Community Meeting / shared TTIPS grant parameters
- April, 2010 School Improvement Feedback solicited from campus stakeholders byway of TAP & CIT
- April 19, 2010 Region IV Meeting held to train on specifics of TTIPS grant.
- May 3 27, 2010 Ongoing individual meetings with TTIPS grant committee participants

Section A: LEA (District) Capacity Responses are limited to one page each, front side only, with a font size no smaller than 9 point (Arial or Verdana).

Management of Grant Activities - Describe how the LEA and campus will modify its practices and/or policies, as necessary, to ensure its implementation of the intervention(s) fully and effectively.

The district and high school leadership team will modify practices and/or policies as necessary to ensure proper implementation of TTIPS Transformation Model interventions by creating differentiated frameworks for research based interventions that the district can support. The framework will remain a working document and the high school will be granted flexibility to propose other interventions as deemed necessary.

The district currently follows Title I guidelines in recruiting and retaining highly effective teachers and leaders. These processes will be reviewed to strengthen the ability to place the most highly qualified teachers in the Tier I high school. Actions the principal will take include documenting and analyzing instructional walkthrough data and student data to inform decision making.

In an effort to support the transformation model, the district will grant the high school gradual release of control. Tools will be developed to gather data on student achievement and timelines for progress monitoring. Multiple risk factors, such as drop out and completion rates, will be included in this data.

Section A: LEA (District) Capacity Responses are limited to one page each, front side only, with a font size no smaller than 9 point (Arial or Verdana).

Resource Management - Describe how the LEA/campus will align other resources (federal, state, local, and community) with the school improvement intervention.

The district will align federal, state, local, and community resources through policies and practices that engage both academics and organizational efficiency. Specifically, the district and campus will improve resource management by convening an expert panel to examine issues of funding equity and adequacy, and develop strategic plans to accurately estimate the cost of achieving educational goals. The expert panel will be comprised of Regional Service Center (ESC) personnel. The panel will develop a Resource Management Plan for the district to be implemented beginning Fall 2010.

The district's Resource Management Plan will support student performance and will increase efficiency in the utilization of federal, state, local, and community resources. Thus, standards will be developed to correlate school spending with performance, ultimately advancing school improvement interventions under the Transformational Model.

Section A: LEA (District) Capacity Responses are limited to one page each, front side only, with a font size no smaller than 9 point (Arial or Verdana).

External Providers -- Describe how the LEA will recruit, screen, and select external providers to ensure their quality.

Decisions pertaining to selection of external providers will be made based on relevant data as outlined by the Center on Innovation & Improvement <a href="www.centerii.org">www.centerii.org</a>. The resource cited was shared at the Texas Education Agency Overview Meeting. It is designed to aid the district in assembling necessary information and considering intervention models that have the greatest potential to improve outcomes for students attending a low achieving school. In addition the tool will help the district select the strongest partners and service providers.

Utilizing Center on Innovation & Improvement tools, the district-level transformation team will assist in recruiting and screening external provider priority areas as identified in by data and campus improvement plans. The district will confer with external partners as needed. The district support team will continuously monitor external support to ensure the quality of implementation impacts specific school improvement strategies. Partners will be selected based on alignment with evidence based practices, research, and national, state and local standards.

Texas Title I Priority Schools Grant Schedule #4B—Program Description

#### Part 3: Intervention Model

#### Section B: Model Selection Process - Describe in detail:

- 1. The process the LEA and campus followed/will follow to select a school intervention model that aligns to the identified needs of the campus.
- 2. The timeline delineating the steps the campus will take to implement the selected intervention.

Responses are limited to *five pages*, front side only, with a font size no smaller than 9 point (Arial or Verdana).

After careful consideration of the intervention models; review of district strategic and school improvement goals; analysis of program and student level achievement data and campus level needs assessment; NFISD stakeholders determined the most appropriate intervention model for North Forest High School is the Transformation Model.

The noted timeline outlines steps the campus will take to implement the Immediate Texas Transformation Project.

# Schedule #4C—Performance Assessment and Evaluation

Part 1: Component Description. By submitting this application, the applicant agrees to comply with any reporting and evaluation requirements that TEA may establish and to submit the reports in the format TEA requests. (Response limited to one page each, font size no smaller than 9 pt, Arial or Verdana)

Section A: Ongoing Monitoring/Continuous Improvement - Describe the LEA/campus' process for providing ongoing monitoring of grant activities to ensure continuous improvement

The District Shepherd and campus principal will utilize a variety of formative, interim and summative assessments as well as other indicators of progress when appropriate to monitor ongoing grant activities. Assessment data will be collected at the school and district level to monitor achievement, program and other indicators of progress that are determined to be part of campus accountability.

In addition, self-report measures will be used regularly by teachers and school leaders to assess the behavioral, cognitive, and affective aspects of transformation. Items relating to the cognitive aspects of engagement involve asking students to report factors such as attention versus distraction during class, the mental effort expended on tasks, and task persistence (e.g. reactions to perceived failures to comprehend the course material). Students will report on their response levels during class time (e.g., making verbal responses within group discussions, looking for distractions and engaging in non-academic social interaction) as an index of behavioral task engagement. Asking students to rate their interest in and emotional reactions to learning tasks such as choice of activities, the desire to know more about particular topics, and feelings of apprehension in the beginning new projects will assist teachers with developing lessons that ensure continuous improvement

(Response limited to one page each, font size no smaller than 9 pt, Arial or Verdana)

Section B: Formative Evaluation- Describe the LEA/campus' process for formative evaluation, including how the results of the evaluation will be used to improve the grant program

To promote and evaluate the implementation of staffing, curriculum, and professional development goals, formative evaluation rubrics that gauge the progress of the Transformation Model will be monitored by the School Shepherd, University Content and Programmatic Experts. Campus leaders will diagnosis school stakeholders' knowledge, experience, and attitudes through the use of an objective survey. North Forest High School's adaptive and cohesive adherence to transformational standards and expectations will be advanced through periodic joint review of campus goals and the examination of student achievement data. Continued work on standardizing a student learning protocol will also be used to help teachers examine the quality of their instruction and the classroom environment and make improvements to their practice.

Cultivating an awareness of progress by way of results will be achieved through ongoing large and small vertical and horizontal group exchange. However, this approach alone is not likely to lead to sustainable changes in teaching practices and campus culture. Therefore, extended summer institutes developed in collaboration with local universities with follow-up sessions throughout the school year will deepen educators' content knowledge increasing the likelihood of achieving the desired transformational effects that will improve the grant program.

Schedule #4C—Performance Assessment and Evaluation

Part 1: Component Description. By submitting this application, the applicant agrees to comply with any reporting and evaluation requirements that TEA may establish and to submit the reports in the format TEA requests. (Response limited to one page each, font size no smaller than 9 pt, Arial or Verdana)

Section C: Qualitative and Quantitative Data Collection Methods- Describe the LEA/campus' process for data collection methods to be implemented and 1) how the data will be disaggregated; 2) used to improve instruction; and 3) obtain continuous improvement results

Data collection will assist NFHS school leaders with developing a solid blueprint with measurable results for continuous improvement. Longitudinal measurement conducted consistently from year to year is necessary to properly measure progress, growth and change. Data collected will provide quantifiable evidence. With an effective data-driven decision making system the high school can more easily analyze student performance data by important student subgroups and address problems at the school and classroom level. Data will be disaggregated to determine student composition and extra allocated support and resources will be assigned equitably. Qualitative data obtained from surveys will guide the principal and District Shepherd in improving parent, student and staff satisfaction with the learning environment. Demographic data will be used to provide valuable information about meeting the learning needs of students now and in the future.

To improve instruction and obtain continuous improvement results, student performance reflected on formative and summative assessments will allow campus leaders and teachers to adopt a proactive approach to curriculum design and development. In addition, NFHS will improve teacher quality by employing data-driven decision making systems to highlight specific and targeted professional development needs of campus staff and make better staff development investments. An analysis of student achievement data will also help the school principal understand which instructional strategies create the best results and determine where additional training might be needed.

### Part 2: Process for Development of Performance Goals

Describe the process to be implemented to develop the campus' performance goals. Include the groups participating in the development of the goals.

Responses are limited to two pages, front side only, with a font size no smaller than 9 point (Arial or Verdana).

To develop the campus performance goals, the process implemented will include examining data to drill down to the root causes of problems. This will give greater insight into interventions allowing the school to continue to promote effective programs and to modify or discontinue programs that are not meeting campus performance goals.

The process to be implemented to develop specific campus performance goals creates an inclusive process to ascertain input from faculty, staff, parents, students and community leaders to improve performance. Campus goal development will:

- Provide opportunities for all students to meet the state performance standards.
- Be based on effective methods and use instructional strategies that are based on scientifically researchbased to strengthen the core academic program in the school.
- Increase the amount and quality of learning time (extended school year, before and after school programs, and summer programs)
- · Provide enriched and accelerated curriculum.
- Include strategies for meeting the needs of historically underserved populations.
- Address the needs of all children in the school, but particularly the needs of low-achieving children and those at risk of not meeting the state student academic achievement standards who are members of the target population of an the integration of vocational and technical education programs.
- Require instruction by Highly Qualified Teachers.
- Identify how the campus will attract and recruit Highly Qualified Teachers.

### Schedule #5—Program Budget Summary

Budget Request by Grant Year: Enter the amount of grant funds requested for each year of the three year grant period.

Year 1: SY 2010-2011 \$2,000,000

Year 2: SY 2011-2012 \$1,800,000 \*

Year 3: SY 2012-2013 \$1,226,547 \*

\* Any Budget Request entered for funds in Year 2 and/or Year 3 constitutes the LEA/campus requesting approval of the waiver for extending the period of availability of these grant funds, whether indicated on Schedule #4B—Program Description: Waiver Requests or not.

### Provide any necessary explanation or clarification of budgeted costs

The following budget is based on a total 3-year allocation of \$5,026,547. North Forest ISD plans to expend 40% of the total budget the first year, 35% the second year, and 25% the third and final year. Increasing instructional time, expanding professional development options and instructional resources will be the focus. Grant funds in the first year will increase teacher effectiveness, improve targeted professional development, create community-oriented high school and provide flexibility as well as collaboration time for teachers and principals to implement the transformation model.

Within the three year grant time span, the amount reserved allows supplemental core content area instructional material encumbrances of \$464,009 per year for approximately 1414 students enrolled in grades 9-12. North Forest High School (NFHS) is granted flexibility and discretion byway of the SDMC decision making process (Texas Education Code §39.051), to purchase instructional materials for students based on needs identified in the school's Comprehensive Needs Assessment. Hence, instructional materials specificity will vary as school, departmental, parental input is sought. The items listed reflect the scope of projected purchases:

- C-Scope Curriculum
- ETA Cuisenaire Supplemental Kits
- Plato Learning Solutions -Web-based Curriculum (Credit Recovery)
- WebCCat (Comprehensive Curriculum Benchmark Tool)
- Compass Learning Web-based Curriculum (Intervention)
- Renaissance Learning Products (Web-based Literacy Curriculum)
- eInstruction Student Response System
- Extended Day/Year Supplemental student consumable supplies
- Scholastic –Read 180
- Calculators
- Science Laboratory Instructional Tools

The district's internal controls will ensure all instructional materials acquisitions align to the intent of the TTIPS Transformation Model, including a school-wide focus on an integrated STEM project, supplementing an accelerated math curriculum, and Response to Intervention (RTI) approaches. As noted in the grant, should a NFHS instructional materials requisition encumbrance exceed \$25,000, board approval will be obtained. In addition, should a previously non-disclosed proposed initiative emerge byway of collaborative consultation, the grant will be appropriately amended prior to pursuit.

  - Project Administrator means the person representing Agency or Contractor, as indicated by the contract, for the purposes of administering the contract project;
  - Contract Project means the purpose intended to be achieved through the contract of which these Provisions and Assurances are a part;
  - Applicant means the same as Contractor;
  - SAS means the Standard Application System of which the application document is a part;
  - "Application" means the entire package submitted by the Applicant including the schedules contained in the application and so indicated on the General Information page of the application package;
  - Amendment means an application that is revised in budget categories and/or in program activities. It includes both the
    original application and any subsequent amendments; or extensions thereto;
  - Works means all tangible or intangible material, products, ideas, documents or works of authorship prepared or created by Contractor for or on behalf of TEA at any time after the beginning date of the Contract (Works includes but is not limited to computer software, data, information, images, illustrations, designs, graphics, drawings, educational materials, assessment forms, testing materials, logos, trademarks, patentable materials, etc.); and,
  - Intellectual Property Rights means the worldwide intangible legal rights or interests evidenced by or embodied in: (a) any idea, design, concept, method, process, technique, apparatus, invention, discovery, or improvement, including any patents, trade secrets, and know-how; (b) any work of authorship, including any copyrights, moral rights or neighboring rights; (c) any trademark, service mark, trade dress, trade name, or other indicia of source or origin; (d) domain name registrations; and (e) any other similar rights. The Intellectual Property Rights of a party include all worldwide intangible legal rights or interests that the party may have acquired by assignment or license with the right to grant sublicenses.
  - Grant means the same as Contract;
  - Grantee means the same as Contractor;
  - Grantor means the same as Agency; and
  - DCC means the Document Control Center of Agency.
- **B. Contingency:** This contract is executed by Agency subject to the availability of funds appropriated by legislative act for the purposes stated. All amendments and/or extensions or subsequent contracts entered into for the same or continued purposes are executed contingent upon the availability of appropriated funds. Notwithstanding any other provision in this contract or any other document, this contract is void upon appropriated funds becoming unavailable. In addition, this contract may be terminated by Agency at any time for any reason upon notice to Contractor. Expenditures and/or activities for which Contractor may claim reimbursement shall not be accrued or claimed subsequent to receipt of such notice from Agency. This contract may be extended or otherwise amended only by formal written amendment properly executed by both Agency and Contractor. No other agreement, written or oral, purporting to alter or amend this contract shall be valid.
- C. Contractor's Application: Furnished to Agency in response to a request for application, is incorporated in this contract by reference for all necessary purposes. It is specifically provided, however, that the provisions of this contract shall prevail in all cases of conflict arising from the terms of Contractor's application whether such application is a written part of this contract or is attached as a separate document.
- **D. Requirements, Terms, Conditions, and Assurances:** Which are stated in the Request for Application, in response to which Applicant is submitting this application, are incorporated herein by reference for all purposes although the current General Provisions shall prevail in the event of conflict. The instructions to the Standard Application System, as well as the General and Fiscal Guidelines and Program Guidelines, are incorporated herein by reference.

### **Texas Title I Priority Schools Grant**

- **E. Signature Authority; Final Expression; Superseding Document:** Applicant certifies that the person signing this application has been properly delegated this authority. The Contract represents the final and complete expression of the terms of agreement between the parties. The Contract supersedes any previous understandings or negotiations between the parties. Any representations, oral statements, promises or warranties that differ from the Contract shall have no force or effect. The Contract may be modified, amended or extended only by formal written amendment properly executed by both TEA and Contractor.
- **F. State of Texas Laws:** In the conduct of the contract project, Contractor shall be subject to Texas State Board of Education and Commissioner rules pertaining to this contract and the contract project and to the laws of the State of Texas governing this contract and the contract project. This contract constitutes the entire agreement between Agency and Contractor for the accomplishment of the contract project. This contract shall be interpreted according to the laws of the State of Texas except as may be otherwise provided for in this contract.
- **G. Monitoring**: Desk reviews or on-site monitoring reviews may be conducted by Agency to determine compliance with the approved application and the applicable statute(s), law(s), regulations, and guidelines.
- H. Sanctions for Failure to Perform or for Noncompliance: If Contractor, in Agency's sole determination, fails or refuses for any reason to comply with or perform any of its obligations under this contract, Agency may impose such sanctions as it may deem appropriate. This includes but is not limited to the withholding of payments to Contractor until Contractor complies; the cancellation, termination, or suspension of this contract in whole or in part; and the seeking of other remedies as may be provided by this contract or by law. Any cancellation, termination, or suspension of this contract, if imposed, shall become effective at the close of business on the day of Contractor's receipt of written notice thereof from Agency.
- I. Contract Cancellation, etc.: If this contract is canceled, terminated, or suspended by Agency prior to its expiration date, the reasonable monetary value of services properly performed by Contractor pursuant to this contract prior to such cancellation, termination or suspension shall be determined by Agency and paid to Contractor as soon as reasonably possible.

### J. Indemnification:

For local educational agencies (LEAs), regional education service centers (ESCs), and institutions of higher education (IHEs) and state agencies: Contractor, to the extent permitted by law, shall hold Agency harmless from and shall indemnify Agency against any and all claims, demands, and causes of action of whatever kind or nature asserted by any third party and occurring or in any way incident to, arising from, or in connection with, any acts of Contractor, its agents, employees, and subcontractors, done in the conduct of the contract project.

For all other grantees, subgrantees, contractors, and subcontractors, including nonprofit organizations and forprofit businesses: Contractor shall hold Agency harmless from and shall indemnify Agency against any and all claims, demands, and causes of action of whatever kind or nature asserted by any third party and occurring or in any way incident to, arising from, or in connection with, any acts of Contractor, its agents, employees, and subcontractors, done in the conduct of the contract project.

K. Encumbrances/Obligations: All encumbrances/obligations shall occur on or between the beginning and ending dates of the contract. All goods must be received and all services rendered and subsequently liquidated (recorded as an expenditure or accounts payable) within the contract dates. In no manner shall encumbrances be considered or reflected as accounts payable or as expenditures, and an encumbrance cannot be considered expenditure or accounts payable until the goods have been received and the services have been rendered. Obligations that are liquidated and recognized as expenditures must meet the allowable cost principles in OMB Circular A-87, A-21, or A-122 (as applicable) and program rules, regulations, and guidelines contained elsewhere. This applies to all grant programs, including state and federal, discretionary and formula.

### **Texas Title I Priority Schools Grant**

- L. Financial Management and Accounting: Grantee assures it will maintain a financial management system that complies with federal standards established in 34 CFR 80.20 and 74.21 and that provides for accurate, current, and complete disclosure of the financial results of each grant project. The financial management system records will identify adequately the source and application of funds and will contain information pertaining to grant awards, authorizations, obligations, unobligated balances, assets, outlays (i.e., expenditures), income, and interest. Fiscal control and accounting procedures will permit the tracing of funds to a level of expenditure adequate to establish that funds have been used in accordance with the approved grant application. The applicant agrees to maintain effective control over and accountability for all funds, property, and other assets. Public school districts, open enrollment charter schools, and regional education service centers in Texas must comply with the accounting requirements in the Financial Accounting and Reporting (FAR) module of the Financial Accountability System Resource Guide, Texas Education Agency (34 CFR 74.21; 34 CFR 80.20; TEA Financial Accountability System Resource Guide).
- M. Expenditure Reports: Contractor shall submit expenditure reports in the time and manner requested by Agency as specified in the instructions to the Standard Application System (SAS) which are incorporated by reference. Unless otherwise specified, interim reports are due to TEA within 15 days after the end of each reporting period. Unless otherwise specified, the final expenditure report is due within 30 days after the ending date of the grant. Revised expenditure reports, where the grantee is claiming additional expenditures beyond that originally requested, must be submitted within 60 days after the ending date of the grant, or as specified in the applicable Program Guidelines.
- N. Refunds Due to TEA: If Agency determines that Agency is due a refund of money paid to Contractor pursuant to this contract, Contractor shall pay the money due to Agency within 30 days of Contractor's receipt of written notice that such money is due to Agency. If Contractor fails to make timely payment, Agency may obtain such money from Contractor by any means permitted by law, including but not limited to offset, counterclaim, cancellation, termination, suspension, total withholding, and/or disapproval of all or any subsequent applications for said funds.
- O. Records Retention: Contractor shall maintain its records and accounts in a manner which shall assure a full accounting for all funds received and expended by Contractor in connection with the contract project. These records and accounts shall be retained by Contractor and made available for programmatic or financial audit by Agency and by others authorized by law or regulation to make such an audit for a period of not less than five years from the date of completion of the contract project or the date of the receipt by Agency of Contractor's final claim for payment or final expenditure report in connection with this contract, whichever is later. If an audit has been announced, the records shall be retained until such audit has been completed.
  - Contractor understands that acceptance of funds under this contract acts as acceptance of the authority of the State Auditor's office, or any successor agency, to conduct an audit or investigation in connection with those funds. Contractor further agrees to cooperate fully with the State Auditor's Office or its successor in the conduct of the audit or investigation, including providing all records requested. Contractor will ensure that this clause concerning the authority to audit funds received indirectly by subcontractors through Contractor and the requirements to cooperate is included in any subcontract it awards.
- P. Time and Effort Recordkeeping: For those personnel whose salaries are prorated between or among different funding sources, time and effort records will be maintained by Applicant that will confirm the services provided within each funding source. Applicant must adjust payroll records and expenditures based on this documentation. This requirement applies to all projects, regardless of funding source, unless otherwise specified. For federally funded projects, time and effort records must be in accordance with the requirements in the applicable OMB cost principles.
- **Q. Forms, Assurances, and Reports:** Contractor shall timely make and file with the proper authorities all forms, assurances and reports required by federal laws and regulations. Agency shall be responsible for reporting to the proper authorities any failure by Contractor to comply with the foregoing laws and regulations coming to Agency's attention, and may deny payment or recover payments made by Agency to Contractor in the event of Contractor's failure so to comply.
- **R.** Intellectual Property Ownership: Contractor agrees that all Works are, upon creation, works made for hire and the sole property of TEA. If the Works are, under applicable law, not considered works made for hire, Contractor hereby assigns to TEA all worldwide ownership of all rights, including the Intellectual Property Rights, in the Works, without the necessity of any further consideration, and TEA can obtain and hold in its own name all such rights to the Works. Contractor agrees to maintain written agreements with all officers, directors, employees, agents, representatives and subcontractors engaged by Contractor for the Contract Project, granting Contractor rights sufficient to support the performance and grant of rights to TEA by Contractor. Copies of such agreements shall be provided to TEA promptly upon request.

### **Texas Title I Priority Schools Grant**

Contractor warrants that (i) it has the authority to grant the rights herein granted, (ii) it has not assigned or transferred any right, title, or interest to the Works or Intellectual Property Rights that would conflict with its obligations under the Contract, and Contractor will not enter into any such agreements, and (iii) the Works will be original and will not infringe any intellectual property rights of any other person or entity. These warranties will survive the termination of the Contract. If any preexisting rights are embodied in the Works, Contractor grants to TEA the irrevocable, perpetual, non-exclusive, worldwide, royalty-free right and license to (i) use, execute, reproduce, display, perform, distribute copies of, and prepare derivative works based upon such preexisting rights and any derivative works thereof and (ii) authorize others to do any or all of the foregoing. Contractor agrees to notify TEA on delivery of the Works if they include any such preexisting rights. On request, Contractor will provide TEA with documentation indicating a third party's written approval for Contractor to use any preexisting rights that may be embodied or reflected in the Works.

For School Districts and Nonprofit Organizations: The foregoing Intellectual Property Ownership provisions apply to any school districts, nonprofit organizations, and their employees, agents, representatives, consultants and subcontractors. If a school district or nonprofit organization or any of its subcontractor(s) wish to obtain a license agreement to use, advertise, offer for sale, sell, distribute, publicly display, publicly perform or reproduce the Works, or make derivative works from the Works, then express written permission must first be obtained from the TEA Copyright Office.

For Education Service Centers (ESCs): The foregoing Intellectual Property Ownership provisions apply to an Education Service Center (ESC) and its employees, agents, representatives, consultants, and subcontractors. If an ESC or any of its subcontractor(s) wish to obtain a license agreement to use, advertise, offer for sale, sell, distribute, publicly display, publicly perform or reproduce the Works, or make derivative works from the Works, then express written permission must first be obtained from the TEA Copyright Office.

For Colleges and Universities: The foregoing Intellectual Property Ownership provisions apply to any colleges and universities and their employees, agents, representatives, consultants, and subcontractors; provided, that for all Works and derivative works created or conceived by colleges or universities under the Contract, they are granted a non-exclusive, non-transferable, royalty-free license to use the Works for their own academic and educational purposes only. The license for academic and educational purposes specifically excludes advertising, offering for sale, selling, distributing, publicly displaying, publicly performing, or reproducing the Works, or making derivative works from the Works that are created or conceived under this Contract and colleges and universities and their employees, agents, representatives, consultants, and subcontractors are prohibited from engaging in these uses and activities with regard to the Works unless the prior express written permission of the TEA Copyright Office is obtained.

- S. Unfair Business Practices: Unfair Business Practices: By signing this Contract, Contractor, if other than a state agency, certifies that Contractor, within the preceding 12 months, has not been found guilty, in a judicial or state agency administrative proceeding, of unfair business practices. Contractor, if other than a state agency, also certifies that no officer of its company has, within the preceding 12 months, served as an officer in another company which has been found, in a judicial or state agency administrative proceeding, to be guilty of unfair business practices.
  - Contractor, whether a state agency or not a state agency, certifies that no funds provided under this Contract shall be used to purchase supplies, equipment, or services from any companies found to be guilty of unfair business practices within 12 months from the determination of guilt.
- **T. Subcontracting:** Contractor shall not assign or subcontract any of its rights or responsibilities under this contract, except as may be otherwise provided for in this application, without prior formal written amendment to this contract properly executed by both Agency and Contractor.
- **U. Use of Consultants:** Notwithstanding any other provision of this application, Applicant shall not use or pay any consultant in the conduct of this application if the services to be rendered by any such consultant can be provided by Applicant's employees.
- V. Capital Outlay: If Contractor purchases capital outlay (furniture and/or equipment) to accomplish the objective(s) of the project, title will remain with Contractor for the period of the contract. Agency reserves the right to transfer capital outlay items for contract noncompliance during the contract period or as needed after the ending date of the contract. This provision applies to any and all furniture and/or equipment regardless of unit price and how the item is classified in Contractor's accounting record.

### **Texas Title I Priority Schools Grant**

- W. Agency Property (terms): In the event of loss, damage or destruction of any property owned by or loaned by Agency while in the custody or control of Contractor, its employees, agents, consultants or subcontractors, Contractor shall indemnify Agency and pay to Agency the full value of or the full cost of repair or replacement of such property, whichever is the greater, within 30 days of Contractor's receipt of written notice of Agency's determination of the amount due. This applies whether the property is developed or purchased by Contractor pursuant to this contract or is provided by Agency to Contractor for use in the contract project. If Contractor fails to make timely payment, Agency may obtain such money from Contractor by any means permitted by law, including but not limited to offset or counterclaim against any money otherwise due to Contractor by Agency.
- X. Travel Costs: Amounts authorized for maximum recovery for travel and per diem costs against any state or federal funding source are restricted to those amounts which are approved in the State of Texas Appropriations Bill in effect for the particular funding period. Any amount over this limit must come from local funding sources. Applicant must recover funds at a lesser rate if local policy amounts are less than the maximum allowed by the state. Out-of-state travel may not exceed the federal government rate for the locale. Travel allowances are not allowable costs.
- Y. Funds for Religious Worship, Instruction: No funds will be used to pay for religious worship, instruction, or proselytization, or for any equipment or supplies for such, or for any construction, remodeling, repair, operation, or maintenance of any facility or part of a facility to be used for religious worship, instruction, or proselytization (34 CFR 76.532 and P. L. 107-110, section 9505).
- **Z. Disclosure of Gifts and Campaign Contributions:** The grantee shall file disclosures of gifts and campaign contributions as required by State Board of Education Operating Rule 4.3, which is incorporated as if set out in full. The grantee has a continuing obligation to make disclosures through the term of the contract. Failure to comply with State Board of Education Operating Rule 4.3 is grounds for canceling the grant.
- AA. Submission of Audit Reports to TEA: Grantees which are public school districts and open enrollment charter schools agree to submit the required annual audit report, including the reporting package required under OMB Circular A-133, if an audit is required to be conducted in accordance with OMB Circular A-133, to the TEA Division of School Financial Audits in the time and manner requested by the Agency.

Grantees which are **nonprofit organizations (other than charter schools) and universities/colleges** that expend \$500,000 or more total in federal awards in any fiscal year and are thus required to conduct a Single Audit or program-specific audit in accordance with the requirements in OMB Circular A-133, agree to submit a copy of such audit to TEA when the schedule of findings and questioned costs disclosed audit findings relating to any federal awards provided by TEA. A copy of such audit shall also be submitted to TEA if the summary schedule of prior audit findings reported the status of any audit findings relating to any federal awards provided by TEA.

A **nonprofit organization or university/college** grantee shall provide written notification to TEA that an audit was conducted in accordance with OMB Circular A-133 when the schedule of findings and questioned costs disclosed no audit findings related to any federal awards provided by TEA or when the summary schedule of prior audit findings did not report on the status of any prior audit findings related to any federal awards provided by TEA. Nonprofit organizations (other than charter schools) and universities/colleges shall submit the audit report to the TEA Division of Discretionary Grants. Audit reports must be submitted to TEA within 30 days of receipt of the report from the auditor. Failure to submit a copy of the audit to TEA could result in a reduction of funds paid to the grantee, a refund to TEA, termination of the grant, and/or ineligibility to receive additional grant awards from TEA.

- **BB. Federal Rules, Laws, and Regulations That Apply to all Federal Programs:** Contractor shall be subject to and shall abide by all federal laws, rules and regulations pertaining to the contract project, including but not limited to:
  - 1. **Americans With Disabilities Act**, P. L. 101-336, 42 U.S.C. sec. 12101, and the regulations effectuating its provisions contained in 28 CFR Parts 35 and 36, 29 CFR Part 1630, and 47 CFR Parts 0 and 64;
  - Title VI of the Civil Rights Act of 1964, as amended (prohibition of discrimination by race, color, or national origin), and the regulations effectuating its provisions contained in 34 CFR Part 100;
  - 3. **Title IX of the Education Amendments of 1972**, as amended (prohibition of sex discrimination in educational institutions) and the regulations effectuating its provisions contained in 34 CFR Part 106, if Contractor is an educational institution;
  - Section 504 of the Rehabilitation Act of 1973, as amended (nondiscrimination on the basis of handicapping condition), and the regulations effectuating its provisions contained in 34 CFR Part 104 and 105;

- 7. Section 509 of H.R. 5233 as incorporated by reference in P. L. 99-500 and P. L. 99-591 (prohibition against the use of federal grant funds to influence legislation pending before Congress);
- 8. **Pro-Children Act of 2001**, which states that no person shall permit smoking within any indoor facility owned or leased or contracted and utilized for the provision of routine or regular kindergarten, elementary, or secondary education or library services to children [P. L. 107-110, Section 4303(a)]. In addition, no person shall permit smoking within any indoor facility (or portion of such a facility) owned or leased or contracted and utilized for the provision of regular or routine health care or day care or early childhood development (Head Start) services [P. L. 107-110, Section 4303(b)(1)]. Any failure to comply with a prohibition in this Act shall be considered to be a violation of this Act and any person subject to such prohibition who commits such violation may be liable to the United States for a civil penalty, as determined by the Secretary of Education (P. - Availability of Information: Any application, evaluation, periodic program plan, or report relating to each program
  described in this application will be made readily available to parents and other members of the general public (20 USC
  1232(e)).
- 3. **Sharing of Information:** Contractor certifies that it has adopted effective procedures for acquiring and disseminating to teachers and administrators participating in each program described in this application significant information from educational research, demonstrations, and similar projects, and for adopting, where appropriate, promising educational practices developed through such projects (20 USC 1232(e)).
- 4. **Prohibition of Funds for Busing**: The applicant certifies that no federal funds (except for funds appropriated specifically for this purpose) will be used for the transportation of students or teachers (or for the purchase of equipment for such transportation) in order to overcome racial imbalance in any school or school system, or for the transportation of students or teachers (or for the purchase of equipment for such transportation) in order to carry out a plan of racial desegregation of any school or school system (20 USC 1228).
- 5. **Direct Financial Benefit**: Contractor certifies that funds expended under any federal program will not be used to acquire equipment (including computer software) in any instance in which such acquisition results in a direct financial benefit to any organization representing the interests of the purchasing entity or its employees or any affiliate of such an organization [20 USC 1232(b)(8)].
- **EE. Payment for Services:** Payment for service(s) described in this Contract is contingent upon satisfactory completion of the service(s). Satisfaction will be determined by TEA's Project Administrator, in his sole discretion but in accordance with reasonable standards and upon advice of his superiors in TEA, if necessary.
- **FF. Family Code Applicability**: By signing this Contract, Contractor, if other than a state agency, certifies that under Section 231.006, Family Code, that Contractor is not ineligible to receive payment under this Contract and acknowledges that this Contract may be terminated and payment may be withheld if this certification is inaccurate. TEA reserves the right to terminate this Contract if Contractor is found to be ineligible to receive payment. If Contractor is found to be ineligible to receive payment and the Contract is terminated, Contractor is liable to TEA for attorney's fees, the costs necessary to complete the Contract, including the cost of advertising and awarding a second contract, and any other damages or relief provided by law or equity.
- **GG. Interpretation**: In the case of conflicts arising in the interpretation of wording and/or meaning of various sections, parts, Appendices, General Provisions, Special Provisions, Exhibits, and Attachments or other documents, the TEA Contract and its General Provisions, Appendices and Special Provisions shall take precedence over all other documents which are a part of this contract.
- **HH. Registered Lobbyists**: No state or federal funds transferred to a contractor/grantee may be used to hire a registered lobbyist.
- II. Test Administration and Security: This contract is executed by Agency subject to assurance by Contractor that it has at all times been and shall remain in full compliance with Title 19, Texas Administrative Code Chapter 101, and all requirements and procedures for maintaining test security specified in any test administration materials in the possession or control of Contractor, or any school, campus, or program operated by Contractor. Notwithstanding any other provision in this contract or any other document, this contract is void upon notice by Agency, in its sole discretion, that Contractor or any school, campus, or program operated by Contractor has at any time committed a material violation of Title 19, Texas Administrative Code Chapter 101, or any requirement or procedure for maintaining test security specified in any test administration materials in the possession or control of Contractor, or any school, campus, or program operated by Contractor. Expenditures and/or activities for which Contractor may claim reimbursement shall not be accrued or claimed subsequent to receipt of such notice from Agency.
- **JJ. Social Security Numbers**: Social Security numbers will not be provided by TEA as a part of this agreement. TEA is not requiring or requesting school districts or other grantees to provide Social Security numbers as a part of this agreement.
- **KK. Student-identifying Information**: Contractor agrees that in executing tasks on behalf of TEA, Contractor will not use any student-identifying information in any way that violates the provisions of FERPA and will destroy or return all student-identifying information to TEA within thirty (30) days of project completion.

**Texas Title I Priority Schools Grant** 

**LL. High-Risk Status, Special Conditions, and Enforcement Actions:** Pursuant to the provisions in 34 CFR 80.12 and 74.14, a grantee may be identified by TEA as high-risk if the grantee has a history of unsatisfactory performance; is not financially stable; has a financial management system that does not meet federal financial management standards or the requirements in TEA's Financial Accounting and Reporting (FAR) module; has not conformed to terms and conditions of previous awards; or is otherwise not responsible. TEA may impose one or more special conditions or restrictions on a high-risk grantee, including payment on a reimbursement basis; withholding authority to proceed to the next phase until receipt of evidence of acceptable performance within a given funding period; requiring additional, more detailed financial reports; additional project monitoring; requiring the grantee to obtain technical or management assistance; establishing additional prior approvals; or other conditions that may be legally available. A grantee identified as high-risk will be notified in writing by TEA of the special conditions imposed and the process for removing the high-risk status and special conditions.

Pursuant to the provisions in 34 CFR 80.43 and 74.62, if a grantee materially fails to comply with any term of an award, whether stated in a federal statute or regulation, an assurance, in a grant application, or elsewhere, TEA may take one or more of the following enforcement actions as appropriate in the circumstances: temporarily withhold cash payments pending correction of the deficiency or more severe enforcement action; disallow all or part of the cost of an activity or action not in compliance; wholly or partly suspend or terminate the current award; withhold further awards for the program; or take other remedies that may be legally available. If an enforcement action is imposed, the grantee will be notified in writing by TEA of the actions imposed and the process for remedying the noncompliance or removing the enforcement actions.

TEA reserves the right to not award a discretionary grant to a high-risk grantee or to a grantee that is materially non-compliant with the terms and conditions of another award.

# **School Years 2010-2013**

101-909

County-District No.

# **Texas Title I Priority Schools Grant**

This certification is required by the Department of Education regulations implementing Executive Order 12549, Debarment and Suspension, 34 CFR Part 85, for all lower tier transactions meeting the threshold and tier requirements stated at Section 85.11.

#### Terms defined: As used in these Provisions and Assurances

- "Covered Transaction"— A transaction under Federal non-procurement programs, which can be either a primary covered transaction or a lower tier covered transaction.
- "Lower Tier Covered Transaction"— (1) Any transaction between a participant and a person other than a procurement contract for goods or services, regardless of type, under a primary covered transaction; (2) Any procurement contract for goods or services between a participant and a person, regardless of type, expected to equal or exceed the Federal procurement small purchase threshold of \$25,000; (3) Any procurement contract for goods or services between a participant and a person under a covered transaction, regardless of amount.
- "Participant" Any person who submits a proposal for, enters into, or reasonably may be expected to enter into a covered transaction, including an agent or representative of another participant.
- "Principal"— An officer, director, owner, partner, principal investigator, or other person within a participant with management or supervisory responsibilities related to a covered transaction; or a consultant or other person, whether or not employed by the participant or paid with Federal funds, who (1) is in a position to handle Federal funds; (2) is in a position to influence or control the use of those funds; or (3) occupies a technical or professional position capable of substantially influencing the development or outcome of an activity required to perform the covered transaction.
- "Excluded Parties List System (EPLS)"— The list maintained and disseminated by the General Services Administration (GSA) containing names and other information about persons who are ineligible.
- "Debarment"— Action taken by a debarring official (Federal agency) to exclude a person (recipient) from participating in covered transactions.
- "Suspension"— An action taken that immediately prohibits a person from participating in covered transactions for a temporary period, pending completion of an agency investigation and any judicial or administrative proceedings that may ensue.
- "Ineligible" generally refers to a person who is either excluded or disqualified.
- "Person"— Any individual, corporation, partnership, association, unit of government or legal entity, however organized, except: foreign governments or foreign governmental entities, public international organizations, foreign government owned (in whole or in part) or controlled entities, and entities consisting wholly or partially of foreign governments or foreign governmental entities.
- "Proposal"—A solicited or unsolicited bid, application, request, invitation to consider or similar communication by or on behalf of a person seeking to participate or to receive a benefit, directly or indirectly, in or under a covered transaction.
- "Voluntarily Excluded"—A status of nonparticipation or limited participation in covered transactions assumed by a person pursuant to the terms of a settlement.
- 1. By signing SAS Schedule #1 and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
- 2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
- 3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- 4. The terms "covered transaction", "debarred", "suspended", "ineligible", "lower tier covered transaction", "participant", "person", "primary covered transaction", "principal", "proposal", and "voluntarily excluded", as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
- 5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

- 6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled **Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion-Lower Tier Covered Transactions**, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- 7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may but is not required to, check the Non-procurement List.
- 8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- 9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

#### Certification

- (1) The prospective lower tier participant certifies, by signature on SAS Schedule #1 and by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
- (2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

SCHEDULE #6E		
NCLB ACT PROVISIONS & ASSURANCES		101-909
		County-District No.
	Texas Title I Priority Schools Grant	

The following special provisions apply to all programs funded under the Elementary and Secondary Education Act, as amended by P. L. 107-110, No Child Left Behind (NCLB) Act of 2001. By signing Schedule #1 of this SAS, the applicant is assuring it is in compliance with the following provisions:

- A. Each such program will be administered in accordance with all applicable statutes, regulations, program plans, and applications.
- **B.** The control of funds provided under each such program and title to property acquired with program funds will be in a public agency or in a nonprofit private agency, institution, organization, or Indian tribe, if the law authorizing the program provides for assistance to such entities.
- C. The public agency, nonprofit private agency, institution, or organization, or Indian tribe will administer such funds and property to the extent required by the authorizing statutes.
- D. The applicant will adopt and use proper methods of administering each such program, including the enforcement of any obligations imposed by law on agencies, institutions, organizations, and other recipients responsible for carrying out each program and the correction of deficiencies in program operations that are identified through audits, monitoring, or evaluation.
- E. The applicant will cooperate in carrying out any evaluation of each such program conducted by or for the Texas Education Agency, the Secretary of Education or other federal officials.
- F. The applicant will use such fiscal control and fund accounting procedures as will ensure proper disbursement of, and accounting for, federal funds paid to such applicant under each such program.
- **G.** The applicant will submit such reports to the Texas Education Agency (which shall make the reports available to the Governor) and the Secretary of Education, as the Texas Education Agency and the Secretary of Education may require to enable the Texas Education Agency and the Secretary of Education to perform their duties under each such program.
- H. The applicant will maintain such records, provide such information, and afford access to the records as the Agency (after consultation with the Governor) or the Secretary may find necessary to carry out the Agency's or the Secretary's duties.
- I. Before the application was submitted, the applicant afforded a reasonable opportunity for public comment on the application and has considered such comment.
- J. Gun-Free Schools Act: The local education agency assures that it is in compliance with Section 37.007(e) of the Texas Education Code, which requires expulsion of a student who brings to school or possesses at school a firearm as defined by 18 U.S.C. Section 2891 [pursuant to the requirements in P. L. 107-110, Section 4141(d)(1)]. In addition, the local educational agency certifies that it has a policy requiring referral to the criminal justice or juvenile delinquency system of any student who brings a firearm or weapon to school [P. L. 107-110, Section 4141(h)(1)].
- K. Student Records Transfer: The local educational agency shall ensure that a student's records and, if applicable, a student's individualized education program as defined in section 602(11) of the Individuals with Disabilities Education Act, are transferred to a charter school upon the transfer of the student to the charter school, and to another public school upon the transfer of the student from a charter school to another public school, in accordance with applicable state law (P. L. 107-110, section 5208).
- L. Consolidation of Administrative Funds: A local educational agency, with the approval of TEA, may consolidate and use for the administration of one or more programs under the No Child Left Behind Act not more than the percentage, established in each program, of the total available for the local educational agency under those programs. A local educational agency that consolidates administrative funds shall not use any other funds under the programs included in the consolidation for administration for that fiscal year. Consolidated administrative funds shall be used for the administration of the programs covered and may be used for coordination of these programs with other federal and non-federal programs and for dissemination of information regarding model programs and practices.
- M. Privacy of Assessment Results: Any results from an individual assessment referred to in the No Child Left Behind Act of a student that become part of the education records of the student shall have the protections provided in section 444 of the General Education Provisions Act [P. L. 107-110, section 9523 and the Family Educational Rights and Privacy Act (FERPA) of 1975, as amended].

- N. School Prayer: The local educational agency certifies that it is in compliance with Section 25.901 of the Texas Education Code. In addition, as a condition of receiving funds under the No Child Left Behind Act, the local educational agency certifies that no policy of the local educational agency prevents, or otherwise denies participation in, constitutionally protected prayer in public elementary schools and secondary schools, as detailed in the guidance provided by the U. S. Secretary of Education pertaining to such. The state educational agency shall report to the Secretary of Education each year a list of those local educational agencies that have not filed this assurance or against which complaints have been made to the State educational agency that the local educational agencies are not in compliance with this requirement (P. L. 107-110, section 9524(b).
- O. Equal Access to Public Schools Facilities Boy Scouts of America Equal Access Act: No public elementary school, public secondary school or local educational agency that has a designated open forum or a limited public forum and that receives funds made available from the U. S. Department of Education shall deny equal access or a fair opportunity to meet, or to discriminate against, any group officially affiliated with the Boy Scouts of America, or any other youth group listed in Title 36 of the United States Code (as a patriotic society), that wishes to conduct a meeting within that designated open forum or limited public forum, including denying such access or opportunity or discriminating for reasons based on the membership or leadership criteria or oath of allegiance to God and country of the Boy Scouts of America or of the youth group listed in Title 36 of the United States Code (as a patriotic society). For the purposes of this section, an elementary school or secondary school has a limited public forum whenever the school involved grants an offering to, or opportunity for, one or more outside youth or community groups to meet on school premises or in school facilities before or after the hours during which attendance at the school is compulsory. Nothing in this section shall be construed to require any school, agency, or a school served by an agency to sponsor any group officially affiliated with the Boy Scouts of America, or any other youth group listed in Title 36 of the United States Code (as a patriotic society). Compliance with this provision will be enforced through rules and orders issued by the Office for Civil Rights. If the public school or agency does not comply with the rules or orders, no funds made available through the Department of Education shall be provided by a school that fails to comply with such rules or orders or to any agency or school served by an agency that fails to comply with such rules or orders (P. L. 107-110, section 9525).
- P. General Prohibitions: None of the funds authorized under the No Child Left Behind Act shall be used to develop or distribute materials, or operate programs or courses of instruction directed at youth, that are designed to promote or encourage sexual activity, whether homosexual or heterosexual; to distribute or to aid in the distribution by any organization of legally obscene materials to minors on school grounds; to provide sex education or HIV-prevention education in schools that instruction is age appropriate and includes the health benefits of abstinence; or to operate a program of contraceptive distribution in schools (P. L. 107-110, section 9526).
- Q. Armed Forces Recruiter Access to Students and Student Recruiting Information: In accordance with guidance issued by the U. S. Department of Education, each local educational agency receiving assistance under the No Child Left Behind Act shall provide, on a request made by military recruiters or an institution of higher education, access to secondary school students names, address, and telephone listings, upon prior written consent of a student or the parent of a student. A secondary school student or the parent of the student may request that the student's name, address, and telephone listing not be released without prior written parental consent, and the local educational or private nonprofit school shall notify parents of the option to make a request and shall comply with any request. Each local educational agency receiving assistance under the No Child Left Behind Act shall provide military recruiters the same access to secondary school students as is provided generally to post secondary educational institutions or to prospective employers of those students (P. L. 107-110, section 9528).
- R. Unsafe School Choice Option: The local educational agency certifies that it shall establish and implement a policy requiring that a student attending a persistently dangerous public elementary school or secondary school, as determined by the Texas Education Agency, or who becomes a victim of a violent criminal offense, while in or on the grounds of a public elementary or secondary school that the student attends, be allowed to attend a safe public elementary or secondary school within the local educational agency, including a public charter school (P. L. 107-110, section 9532).
- S. Civil Rights: Nothing in the No Child Left Behind Act shall be construed to permit discrimination on the basis of race, color, religion, sex (except as otherwise permitted under Title IX of the Education Amendments of 1972), national origin, or disability in any program funded under the No Child Left Behind Act (P. L. 107-110, section 9534).

- T. Student Privacy, Parental Access to Information, and Administration of Certain Physical Examinations to Minors: The local educational agency assures that it is in compliance with Chapter 26 of the Texas Education Code concerning parental rights and responsibilities. In addition, the local educational agency receiving funds under the No Child Left Behind Act certifies that it shall develop and adopt policies, in consultation with parents, regarding certain rights of a parent to access and inspect information; student privacy; the administration of physical examinations or screenings (except for examinations or screenings required by state law); and the collection, disclosure, or use of personal information collected from students for the purpose of marketing or selling that information. The local educational agency also assures that it is in compliance with the requirements for annually notifying parents of such policies and specific events (P. L. 107-110, Title X, Part F, section 1061).
- U. Assurances related to the education of homeless children and youths:
  - (1) The LEA assures that each child of a homeless individual and each homeless youth shall have equal access to the same free, appropriate public education, including a public preschool education, as provided to other children and youth.
  - (2) The LEA assures that homeless children and youth are afforded the same free, appropriate public education as provided to other children and youth.
  - (3) The LEA assures that it will review and undertake steps to revise any laws, regulations, practices, or policies that may act as a barrier to the enrollment, attendance, or success in school of homeless children and youth.
  - (4) The LEA assures that it will not separate students from the mainstream school environment on the basis of homelessness alone.
  - (5) The LEA assures that homeless children and youth have access to the education and other services that they need to in order to meet the same challenging State student academic achievement standards to which all students are held.
- V. **Definitions**: The following terms shall be defined as follows for programs authorized and carried out under the No Child Left Behind Act of 2001:
  - 1. **Charter School:** An open enrollment charter school receiving federal funds of any type must meet the federal definition of a charter school as provided in P. L. 107-110, Section 5210(1). The term "charter school" means a school that:
    - (A) is created by a developer as a public school, or is adapted by a developer from an existing public school, and is operated under public supervision and control;
    - (B) operates in pursuit of a specific set of educational objectives determined by the school's developer and agreed to by the authorized public chartering agency [i.e., the State Board of Education (SBOE)];
    - (C) provides a program of elementary or secondary education, or both;
    - (D) is nonsectarian in its programs, admissions policies, employment practices, and all other operations, and is not affiliated with a sectarian school or religious instruction;
    - (E) does not charge tuition;
    - (F) complies with the Age Discrimination Act of 1975, Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, section 504 of the Rehabilitation Act of 1973, and Part B of the Individuals with Disabilities Education Act:
    - (G) is a school to which parents choose to send their children, and that admits students on the basis of a lottery, if more students apply for admission than can be accommodated;
    - (H) **agrees to comply with the same Federal and State audit requirements** as do other elementary schools and secondary schools in the State, unless such requirements are specifically waived for the purpose of this program;
    - (I) meets all applicable Federal, State, and local health and safety requirements;
    - (J) operates in accordance with State law; and
    - (K) has a written performance contract with the authorized public chartering agency in the State (i.e., SBOE) that includes a description of how student performance will be measured pursuant to State assessments that are required of other schools and pursuant to any other assessments mutually agreeable to the SBOE.
  - 2. **Community-Based Organization**: A public or private nonprofit organization of demonstrated effectiveness that is representative of a community or significant segment of a community and that provides educational or related services to individuals in the community.
  - 3. **Core Academic Subjects**: English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, art, history, and geography.

- (A) when used with respect to any public elementary school or secondary school teacher teaching in a State, means that-
  - (i) the teacher has obtained full State certification as a teacher (including certification obtained through alternative routes to certification) or passed the State teacher licensing examination, and holds a license to teach in such State, except that when used with respect to any teacher teaching in a public charter school, the term means that the teacher meets the requirements set forth in the State's public charter school law; and
  - (ii) the teacher has not had certification or licensure requirements waived on an emergency, temporary, or provisional basis;
- (B) when used with respect to-
  - (i) an elementary school teacher who is new to the profession, means that the teacher-
    - (I) holds at least a bachelor's degree; and
    - (II) has demonstrated, by passing a rigorous State test, subject knowledge and teaching skills in reading, writing, mathematics, and other areas of the basic elementary school curriculum (which may consist of passing a State-required certification or licensing test or tests in reading, writing, mathematics, and other areas of the basic elementary school curriculum); or
  - (ii) a middle or secondary school teacher who is new to the profession, means that the teacher holds at least a bachelor's degree and has demonstrated a high level of competency in each of the academic subjects in which the teacher teaches by-
    - (I) passing a rigorous State academic subject test in each of the academic subjects in which the teacher teaches (which may consist of a passing level of performance on a State-required certification or licensing test or tests in each of the academic subjects in which the teacher teaches); or
    - (II) successful completion, in each of the academic subjects in which the teacher teaches, of an academic major, a graduate degree, coursework equivalent to an undergraduate academic major, or advanced certification or credentialing; and
- (C) when used with respect to an elementary, middle, or secondary school teacher who is not new to the profession, means that the teacher holds at least a bachelor's degree and—
  - (i) has met the applicable standard in clause (i) or (ii) of subparagraph (B), which includes an option for a test; or
  - (ii) demonstrates competence in all the academic subjects in which the teacher teaches based on a high objective uniform State standard of evaluation that—
    - is set by the State for both grade appropriate academic subject matter knowledge and teaching skills;
    - (II) is aligned with challenging State academic content and student academic achievement standards and developed in consultation with core content specialists, teachers, principals, and school administrators;
    - (III) provides objective, coherent information about the teacher's attainment of core content knowledge in the academic subjects in which a teacher teaches;
    - (IV) is applied uniformly to all teachers in the same academic subject and the same grade level throughout the State;
    - takes into consideration, but not be based primarily on, the time the teacher has been teaching in the academic subject;
    - (VI) is made available to the public upon request; and
    - (VII) may involve multiple, objective measures of teacher competency.
- 5. **Parental Involvement**: The participation of parents in regular, two-way and meaningful communication involving student academic learning and other school activities, including ensuring:
  - (A) that parents play an integral role in assisting their child's learning;
  - (B) that parents are encouraged to be actively involved in their child's education at school;
  - (C) that parents are full partners in their child's education and are included, as appropriate, in decision making and on advisory committees to assist in the education of their child: and
  - (D) the carrying out of other activities, such as those described in section 1118 of P. L. 107-110.

- (A) improve and increase teachers' knowledge of the academic subjects the teachers teach, and enable teachers to become highly qualified;
- (B) are an integral part of broad schoolwide and districtwide educational improvement plans;
- (C) give teachers, principals, and administrators the knowledge and skills to provide the students with the opportunity to meet challenging State academic content standards and student academic achievement standards;
- (D) improve classroom management skills;
- (E) are high quality, sustained, intensive, and classroom-focused in order to have a positive and lasting impact on classroom instruction and the teacher's performance in the classroom and are not one-day or short-term workshops or conferences:
- (F) support the recruiting, hiring, and training of highly qualified teachers, including teachers who became highly qualified through State and local alternative routes to certification;
- (G) advance teacher understanding of effective instructional strategies that are:
- (H) based on scientifically based research (except for programs under Title II, Part D, Enhancing Education Through Technology of this Act); and
- strategies for improving student academic achievement or substantially increasing the knowledge and teaching skills of teachers; and
- (J) are aligned with and directly related to State academic content standards, student academic achievement standards, and assessments and the curricula and programs tied to the standards;
- (K) are developed with extensive participation of teachers, principals, parents, and administrators of schools to be served under this Act;
- (L) are designed to give teachers of limited English proficient children, and other teachers and instructional staff, the knowledge and skills to provide instruction and appropriate language and academic support services to those children, including the appropriate use of curricula an assessments;
- (M) to the extent appropriate, provide training for teachers and principals in the use of technology so that technology and technology applications are effectively used in the classroom to improve teaching and learning in the curricula and core academic subjects in which the teachers teach:
- (N) as a whole, are regularly evaluated for their impact on increased teacher effectiveness and improved student academic achievement with the findings of the evaluations used to improve the quality of professional development;
- (O) provide instruction in methods of teaching children with special needs;
- (P) include instruction in the use of data and assessments to inform and instruct classroom practice;
- (Q) include instruction in ways that teachers, principals, pupil services personnel, and school administrators may work more effectively with parents; and
- (R) may include activities that:
  - (i) involve the forming of partnerships with institutions of higher education to establish school-based teacher training programs that provide prospective teachers and beginning teachers with an opportunity to work under the guidance of experienced teachers and college faculty;
  - (ii) create programs to enable paraprofessionals (assisting teachers employed by an LEA receiving assistance under Title I Part A) to obtain the education necessary for those paraprofessionals to become certified and licensed teachers; and
  - (iii) provide follow-up training to teachers who have participated in activities described previously in this definition that are designed to ensure that the knowledge and skills learned by the teachers are implemented in the classroom.

### 7. Scientifically Based Research:

- (A) means research that involves the application of rigorous, systematic, and objective procedures to obtain reliable and valid knowledge relevant to education activities and programs; and
- (B) includes research that:
  - (i) employs systematic, empirical methods that draw on observation or experiment;
  - (ii) involves rigorous data analyses that are adequate to test the stated hypotheses and justify the general conclusions drawn;
  - (iii) relies on measurements or observational methods that provide reliable and valid data across evaluators and observers, across multiple measurements and observations, and across studies by the same or different investigators;

- (iv) relies on measurements or observational methods that provide reliable and valid data across evaluators and observers, across multiple measurements and observations, and across studies by the same or different investigators;
- (v) is evaluated using experimental or quasi-experimental designs in which individuals, entities, programs, or activities are assigned to different conditions and with appropriate controls to evaluate the effects of the condition of interest, with a preference for random-assignment experiments, or other designs to the extent that those designs contain within-condition or across-condition controls;
- (vi) ensures that experimental studies are presented in sufficient detail and clarity to allow for replication or, at a minimum, offer the opportunity to build systematically on their findings; and
- (vii)has been accepted by a peer-reviewed journal or approved by a panel of independent experts through a comparably rigorous, objective, and scientific review.
- 8. Teacher Mentoring: Activities that-
  - (A) consist of structured guidance and regular and ongoing support for teachers, especially beginning teachers, that-
    - (i) are designed to help the teachers continue to improve their practice of teaching and to develop their instructional skills; and part of an ongoing developmental induction process that—
      - (I) involves the assistance of an exemplary teacher and other appropriate individuals from a school, local educational agency, or institution of higher education; and
      - (II) may include coaching, classroom observation, team teaching, and reduced teaching loads; and
      - (III) may include the establishment of a partnership by a local educational agency with an institution of higher education.
- 9. Technology: State-of-the-art technology products and services.
- W. **ESEA Performance Goals, Indicators, and Performance Reporting**: The LEA assures it has adopted the five performance goals and the related performance indicators established by the U. S. Department of Education and as submitted in the *Texas Consolidated State Application for Funds Under the No Child Left Behind Act*. The LEA also assures that it will develop and implement procedures for collecting data related to the performance indicators where such data is not already collected through the Academic Excellence Indicator System (AEIS) or PEIMS and that it will report such data to the Agency in the time and manner requested.
- X. Transfer of School Disciplinary Records: The LEA assures it has a procedure in place to transfer disciplinary records, with respect to a suspension or expulsion, to any private or public elementary school or secondary school for any student who is enrolled or seeks, intends, or is instructed to enroll, on a full- or part-time basis, in the school. This requirement shall not apply to any disciplinary records with respect to a suspension or expulsion that are transferred from a private, parochial or other nonpublic school, person, institution, or other entity, that provides education below the college level (P. L. 107-110, section 4155).

# Texas Title I Priority Schools Grant

## **Federal Statutory Requirements**

- The LEA must demonstrate that the LEA has analyzed the needs of each school and selected an intervention for each school.
- 2) The LEA must demonstrate that it has the capacity to use these grant funds to provide adequate resources and related support to each Tier campus identified in the LEA's application in order to implement, fully and effectively, the required activities of the school intervention model it has selected.
- 3) If the LEA is not applying to serve each Tier I school (through a separate application for each campus), the LEA must explain why it lacks capacity to serve each Tier I school.
- 4) The LEA must describe actions it has taken, or will take, to design and implement interventions consistent with the final federal requirements, including the services the campus will receive or the activities the campus will implement.
- 5) The LEA must describe actions it has taken, or will take, to recruit, screen, and select external providers, if applicable, to ensure their quality.
- 6) The LEA must describe actions it has taken, or will take, to align other resources with the interventions.
- 7) The LEA must describe actions it has taken, or will take, to modify its practices or policies, if necessary, to enable its schools to implement the interventions fully and effectively.
- 8) The LEA must describe actions it has taken, or will take, to sustain the reforms after the funding period ends.
- 9) The LEA must include a timeline delineating the steps it will take to implement the selected intervention in each campus.
- 10) The LEA must describe the annual goals for student achievement on the State's assessments in both reading/language arts and mathematics that it has established in order to monitor its Tier I and Tier II schools that receive school improvement funds.
- 11) As appropriate, the LEA must consult with relevant stakeholders regarding the LEA's application and implementation of school improvement models on its campus.
- 12) Applicant provides assurance that financial assistance provided under the grant program will supplement, and not supplant, the amount of state and local funds allocated to the campus.
- 13) Applicant provides assurance that it will use its School Improvement Grant to implement fully and effectively an intervention in each Tier I and Tier II school that the LEA commits to serve consistent with the final federal requirements.
- Applicant provides assurance that it will establish annual goals for student achievement on the State's assessments in both reading/language arts and mathematics and measure progress on the leading indicators in section III of the final federal requirements in order to monitor each Tier I and Tier II school that it serves with school improvement funds, and establish goals (approved by the TEA) to hold accountable its Tier III schools that receive grant funds.
- 15) Applicant provides assurance that it will, if it implements a restart model in a Tier I or Tier II school, include in its contract or agreement terms and provisions to hold the charter operator, charter management organization (CMO), or education management organization (EMO) accountable for complying with the final federal requirements.
- 16) Applicant provides assurance that it will report to the TEA the school-level data required under section III of the final federal requirements.
- 17) If the LEA/campus selects to implement the <u>turnaround model</u>, the campus **must** implement the following federal requirements.
  - a. Replace the principal and grant the principal sufficient operational flexibility (including in staffing, calendars/time, and budgeting) to implement fully a comprehensive approach in order to substantially improve student achievement outcomes and increase high school graduation rates;
  - b. Using locally adopted competencies to measure the effectiveness of staff who can work within the turnaround environment to meet the needs of students;
    - 1. Screen all existing staff and rehire no more than 50 percent; and
    - 2. Select new staff.
  - Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in the turnaround school;
  - d. Provide staff ongoing, high-quality, job-embedded professional development that is aligned with the school's comprehensive instructional program and designed with school staff to ensure that they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies;
  - e. Adopt a new governance structure, which may include, but is not limited to, requiring the school to report to a

new "turnaround office" in the LEA or SEA, hire a "turnaround leader" who reports directly to the Superintendent or Chief Academic Officer, or enter into a multi-year contract with the LEA or SEA to obtain added flexibility in exchange for greater accountability;

- f. Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards;
- g. Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students;
- Establish schedules and implement strategies that provide increased learning time (as defined in this notice); and
   Provide appropriate social-emotional and community-oriented services and supports for students.
- 18) If the LEA/campus selects to implement the <u>turnaround model</u>, the campus **may** implement the following federal requirements.
  - 1. Any of the required and permissible activities under the transformation model; or
  - 2. A new school model (e.g., themed, dual language academy).
- 19) If the LEA/campus selects to implement the school <u>closure model</u>, the campus <u>must</u> implement the following requirement.
  - a. Enroll the students who attended that school in other schools in the LEA that are higher achieving within reasonable proximity to the closed school and may include, but are not limited to, charter schools or new schools for which achievement data are not yet available.
  - A grant for school closure is a one-year grant without the possibility of continued funding.
- 20) If the LEA/campus selects to implement the <u>restart model</u>, the campus **must** implement the following federal requirements.
  - a. Convert or close and reopen the school under a charter school operator, a charter management organization (CMO), or an education management organization (EMO) that has been selected through a rigorous review process. A CMO is a non-profit organization that operates or manages charter schools by centralizing or sharing certain functions and resources among schools. An EMO is a for-profit or non-profit organization that provides "whole-school operation" services to an LEA.
  - b. Enroll, within the grades it serves, any former student who wishes to attend the school.
- 21) If the LEA/campus selects to implement the <u>transformation model</u>, the campus **must** implement the following federal requirements.
  - 1. Develop and increase teacher and school leader effectiveness.
    - (A) Replace the principal who led the school prior to commencement of the transformation model;
    - (B) Use rigorous, transparent, and equitable evaluation systems for teachers and principals that--
      - (1) Take into account data on student growth as a significant factor as well as other factors such as multiple observation-based assessments of performance and ongoing collections of professional practice reflective of student achievement and increased high school graduation rates; and
      - (2) Are designed and developed with teacher and principal involvement;
    - (C) Identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so;
    - (D) Provide staff ongoing, high-quality, job-embedded professional development (e.g., regarding subject-specific pedagogy, instruction that reflects a deeper understanding of the community served by the school, or differentiated instruction) that is aligned with the school's comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies; and
    - (E) Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in a transformation school.
  - 2. Comprehensive instructional reform strategies.
    - (A) Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards; and
    - (B) Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of

individual students.

- 3. Increasing learning time and creating community-oriented schools.
  - (A) Establish schedules and strategies that provide increased learning time; and
  - (B) Provide ongoing mechanisms for family and community engagement.
- 4. Providing operational flexibility and sustained support.
  - (A) Give the school sufficient operational flexibility (such as staffing, calendars/time, and budgeting) to implement fully a comprehensive approach to substantially improve student achievement outcomes and increase high school graduation rates; and
  - (B) Ensure that the school receives ongoing, intensive technical assistance and related support from the LEA, the SEA, or a designated external lead partner organization (such as a school turnaround organization or an EMO).
- 22) An LEA may also implement other strategies to develop teachers' and school leaders' effectiveness, such as-
  - (A) Provide additional compensation to attract and retain staff with the skills necessary to meet the needs of the students in a transformation school;
  - (B) Institute a system for measuring changes in instructional practices resulting from professional development; or
  - (C) Ensure that the school is not required to accept a teacher without the mutual consent of the teacher and principal, regardless of the teacher's seniority.
- 23) An LEA may also implement comprehensive instructional reform strategies, such as-
  - (A) Conduct periodic reviews to ensure that the curriculum is being implemented with fidelity, is having the intended impact on student achievement, and is modified if ineffective;
  - (B) Implement a schoolwide "response-to-intervention" model;
  - (C) Provide additional supports and professional development to teachers and principals in order to implement effective strategies to support students with disabilities in the least restrictive environment and to ensure that limited English proficient students acquire language skills to master academic content;
  - (D) Use and integrate technology-based supports and interventions as part of the instructional program; and
  - (E) In secondary schools--
    - (1) Increase rigor by offering opportunities for students to enroll in advanced coursework (such as Advanced Placement; International Baccalaureate; or science, technology, engineering, and mathematics courses, especially those that incorporate rigorous and relevant project-, inquiry-, or design-based contextual learning opportunities), earlycollege high schools, dual enrollment programs, or thematic learning academies that prepare students for college and careers, including by providing appropriate supports designed to ensure that low-achieving students can take advantage of these programs and coursework;
    - (2) Improve student transition from middle to high school through summer transition programs or freshman academies;
    - (3) Increase graduation rates through, for example, credit-recovery programs, reengagement strategies, smaller learning communities, competency-based instruction and performance-based assessments, and acceleration of basic reading and mathematics skills; or
    - (4) Establish early-warning systems to identify students who may be at risk of failing to achieve to high standards or graduate.
- 24) An LEA **may** also implement other strategies that extend learning time and create community-oriented schools, such as--

- (A) Partner with parents and parent organizations, faith- and community-based organizations, health clinics, other State or local agencies, and others to create safe school environments that meet students' social, emotional, and health needs;
- (B) Extend or restructure the school day so as to add time for such strategies as advisory periods that build relationships between students, faculty, and other school staff;
- (C) Implement approaches to improve school climate and discipline, such as implementing a system of positive behavioral supports or taking steps to eliminate bullying and student harassment; or
- (D) Expand the school program to offer full-day kindergarten or pre-kindergarten.
- 25) The LEA may also implement other strategies for providing operational flexibility and intensive support, such as-
  - (A) Allow the school to be run under a new governance arrangement, such as a turnaround division within the LEA or SEA; or
  - (B) Implement a per-pupil school-based budget formula that is weighted based on student needs.

#### **Statutory Program Assurances**

- 1) Applicant provides assurance that financial assistance provided under the grant program will supplement, and not supplant, the amount of state and local funds allocated to the campus.
- 2) Applicant provides assurance that it will use its School Improvement Grant to implement fully and effectively an intervention in each Tier I and Tier II school that the LEA commits to serve consistent with the final federal requirements.
- 3) Applicant provides assurance that it will establish annual goals for student achievement on the State's assessments in both reading/language arts and mathematics and measure progress on the leading indicators in section III of the final federal requirements in order to monitor each Tier I and Tier II school that it serves with school improvement funds, and establish goals (approved by the TEA) to hold accountable its Tier III schools that receive school improvement funds.
- 4) Applicant provides assurance that it will, if it implements a restart model in a Tier I or Tier II school, include in its contract or agreement terms and provisions to hold the charter operator, charter management organization, or education management organization accountable for complying with the final federal requirements.
- 5) Applicant provides assurance that it will report to the TEA the school-level data required under section III of the final federal requirements.
- 6) Applicant provides assurance that it will participate in any evaluation of the grant conducted by the U.S. Department of Education, including its contractors, or the Texas Education Agency, including its contractors.

#### **TEA Program Assurances**

- Before full implementation funds are made available, the grantee must demonstrate that all early implementation activities have been completed. Successful completion of the early implementation will be measured in the <a href="Quarterly Implementation Reports">Quarterly Implementation Reports</a>, the <a href="Model Selection and Description Report">Model Selection and Description Report</a>, and through participation in TEA technical assistance. Copies of the above named reports can be found on the TTIPS website at the following link: <a href="http://www.tea.state.tx.us/index4.aspx?id=7354&menu\_id=798">http://www.tea.state.tx.us/index4.aspx?id=7354&menu\_id=798</a>
  - a. The Model Selection and Description Report must be submitted to TEA no later than <u>February 1, 2011</u>. This report may be submitted at any time prior to the deadline. Grantees must demonstrate successful completion of the following activities:
    - i. Comprehensive Needs Assessment process.
    - ii. Establish the grant budget by the required categories.
    - iii. Identification and Selection of the intervention model.
    - iv. Development of activities to implement selected intervention model.
    - v. Development of Timeline of Grant Activities.
- 2) The applicant provides assurance that the LEA will designate an individual or office with primary responsibilities for supporting the LEA/campus' school improvement efforts. This individual/office will have primary responsibility and authority for ensuring the effective implementation of the grant option approved by TEA; serve as the district liaison to TEA and those providing technical assistance and/or contracted service to the LEA/campus as part of the approved grant.
- 3) The applicant provides assurance that a team from the grantee LEA/campus will attend and participate in grant orientation meetings, technical assistance meetings, other periodic meetings of grantees, the Texas School Improvement Conference, and sharing of best practices.

- 4) For LEAs selecting the TEA Designed Model, the applicant must participate in and make use of technical assistance and coaching support provided by TEA, SIRC, and/or its subcontractors.
- 5) The applicant will establish or provide evidence of a system of formative assessment aligned to the Texas Essential Knowledge and Skills which provides robust, targeted data to evaluate the effectiveness of the LEA's curriculum and its alignment with instruction occurring on the campus; assesses progress on student groups' academic achievement at the campus level; and guide instructional decisions by teachers for individual students.
- 6) The applicant will participate in a formative assessment of the LEA's capacity and commitment to carry out the grant intervention models.
- 7) The applicant will provide access for onsite visits to the LEA and campus by TEA, SIRC and its contractors.
- 8) The applicant, if selecting the Restart Model, agrees to contract only with CMO or EMO providers on the State's approved list of CMO and EMO providers.
- 9) The applicant, if selecting the Turnaround Model or Transformation Model (Tiers I and Tiers II only) agrees to the participation of the campus principal or principal candidates in a formative assessment of their turnaround leadership capacity.
- 10) If the LEA/Tier III campus selects to implement the **transformation model**, the campus assures that it will it implement the following federal requirements.
  - 1. Develop and increase teacher and school leader effectiveness.
    - A. Evaluate the effectiveness of the current principal and use the results of the evaluation to determine whether the principal should be replaced, be retained on the campus, or be provided leadership coaching or training.
    - B.Identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so;
    - C.Provide staff ongoing, high-quality, job-embedded professional development (e.g., regarding subject-specific pedagogy, instruction that reflects a deeper understanding of the community served by the school, or differentiated instruction) that is aligned with the school's comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies; and
    - D.Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in a transformation school based on rigorous, transparent, and equitable evaluation systems for teachers and principals:
      - 1. Takes into account data on student growth as a a factor as well as other factors such as multiple observation-based assessments of student performance and ongoing collections of professional practice reflective of student achievement and increased high school graduation rates; and
      - 2. Are designed and developed and with teacher and principal involvement

County-District No.

### **Texas Title I Priority Schools Grant**

By submitting the application for American Recovery and Reinvestment Act (ARRA) funds (P.L. 111-5), the applicant agrees to comply with the following provisions and assurances for all programs authorized in Division A of the ARRA, Title I School Improvement Grant (SIG). The applicant understands that failure to comply with one or more of these provisions and assurances may result in the Texas Education Agency (TEA) taking one or more enforcement actions authorized in Title 34 of the Code of Federal Regulations (CFR) §§ 74.62 and 80.43.

In addition to the standard terms of award, all funding provided under the Recovery Act will be subject to the provisions, assurances and conditions for American Recovery and Reinvestment Act of 2009 (ARRA or Recovery Act).

#### Terms defined:

RECIPIENT – The term "recipient" means a State and includes the Texas Education Agency (TEA). It also includes any entity that applies for and receives a grant directly from the federal government.

RECOVERY FUNDS —The term "recovery funds" means any funds that are made available from appropriations made under the Recovery Act.

RECOVERY ACT - the American Recovery and Reinvestment Act (ARRA) of 2009 (P.L. 111-5)

STIMULUS FUNDS – The term "stimulus funds" means any funds that are made available from appropriations under the Recovery Act; the term may be used interchangeably with "recovery funds."

GRANTEE - the subrecipient of TEA and applicant of funds.

- **A. One-Time Funding**: Unless otherwise specified, ARRA funding is considered one-time funding that is expected to be temporary. Grantees should expend funds in ways that do not result in unsustainable continuing commitments after the funding expires. Grantees must move rapidly, while using prudent grant management practices, to develop plans for using funds, consistent with the ARRA's reporting and accountability requirements, and promptly begin spending funds to help drive the nation's economic recovery. All ARRA funds must be separately accounted for and tracked in their obligation, expenditure, and reporting.
- **B. Period of Availability and Encumbrances/Obligations**: Unless otherwise specified in the Notice of Grant Award (NOGA), all funds are effective from the beginning date specified on the Notice of Grant Award (NOGA) through June 30, 2013. Carryover of funds will not be available beyond that date. Unobligated/unexpended funds will be returned to the Department of Treasury. The paragraph in the General Provisions pertaining to Encumbrances and Obligations applies as follows:

All encumbrances shall occur on or between the beginning and ending dates of the contract. All goods must be received and services rendered and subsequently liquidated (recorded as an expenditure or accounts payable) within the contract dates. In no manner shall encumbrances be considered or reflected as accounts payable or as expenditures. Obligations that are liquidated and recognized as expenditures must meet the allowable cost principles in OMB Circular A-87, A-21, or A-122 (as applicable) and program rules, regulations, and guidelines contained elsewhere. When an obligation is made is defined in 34 CFR 76.707.

- C. Compliance with Other Provisions and Assurances: All provisions and assurances stated in the General Provisions, Certification Regarding Debarment and Suspension, Lobbying Certification and Disclosure of Lobbying, No Child Left Behind Act (NCLB) Special Provisions and Assurances, and all other program-specific provisions and assurances apply unless they conflict or are superseded by the following terms and conditions implementing the American Recovery and Reinvestment Act of 2009 (ARRA) requirements below. This includes compliance with Title VI of the Civil Rights Act of 1964; Section 504 of the Rehabilitation Act of 1973; Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975; and all other nondiscrimination provisions. It also includes Title VII of the Civil Rights Act of 1964 (prohibiting race, color, national origin, religion, and sex discrimination in employment; the Americans with Disabilities Act (prohibiting disability discrimination in employment and in services provided by entities receiving federal funds); as well as any other applicable civil rights laws. By submitting this application, the applicant agrees to comply with all such provisions and assurances.
- **D. Compliance with Other Program Statutes:** The applicant agrees to comply with the authorizing program statutes, regulations, non-regulatory guidelines, and other guidance in the implementation of the programs receiving funding under ARRA. This includes compliance with comparability; supplement, not supplant; maintenance of effort (MOE); equitable participation for private nonprofit school students and teachers; and all other program-specific provisions and requirements. All such are hereby incorporated by reference.
- **E. DUNS Number:** All entities receiving any federal funds, including ARRA funds, are required to have a DUNS (Dunn & Bradstreet) number. The DUNS number serves as the grantee organization's unique identifier for reporting federal funds received and expended. TEA must use this same DUNS number to report grant awards and expenditures for subrecipients under ARRA to the website specifically provided for in ARRA <a href="http://www.FederalReporting.gov/">http://www.FederalReporting.gov/</a>. The assignment of a DUNS number is a condition of award of ARRA funds and must be validated by TEA prior to issuing a NOGA for ARRA funds. (Section 1512[c][4] of ARRA and the federal Office of Management and Budget (OMB) to comply with the Federal Funding Accountability and Transparency Act [FFATA], P.L. 109-282. OMB adopted the DUNS number as the "unique identifier" required for reporting under FFATA).
- **F. Central Contractor Registration (CCR):** All grantees receiving ARRA funds, as well as any other federal funds, are required to register and maintain current registration with the Central Contractor Registration (CCR) database at <a href="http://www.ccr.gov">http://www.ccr.gov</a>. Registration in CCR is a condition of award of ARRA funds and must be validated by TEA prior to issuing a NOGA for ARRA funds.
- **G. ARRA Reporting Requirements:** The federal Office of Management and Budget (OMB) has issued guidance related to reporting the use of ARRA funds to the various websites. The definition of terms and data elements, as well as any specific instructions for reporting, including required formats, are provided in separate guidance issued by the TEA.

The Texas Education Agency as a direct recipient of funds is required to report certain information at certain intervals throughout the grant period as required in Section 1512 of ARRA. In order to meet the reporting requirements, grantees will be required to provide certain information to TEA. By submitting this application, the grantee agrees to provide information in the form, time, and manner requested so that TEA can meet its reporting requirements and deadlines.

1. **Separate Tracking and Monitoring of ARRA Funds**: ARRA funds must be separately tracked and monitored independently of any non-Recovery Act funding. Grantees must submit certain information to TEA in order for TEA to comply with quarterly reporting requirements established in Section 1512 of the Recovery Act. Recovery Act-related reporting requirements are incorporated as a special condition of this award.

- 3. Quarterly Reporting for ARRA: Not later than 10 calendar days after the end of each calendar quarter, TEA and any other direct recipient of ARRA funds must report to the U.S. Department of Education with regard to recovery funds received in accordance with number 4 below (Section 1512[c]). (A "direct recipient" is a state agency or any entity that applies for and receives funds directly from a federal government agency.) TEA must obtain certain information from grantees in order to comply with this reporting requirement. By submitting this application, the grantee agrees to submit information to TEA in the time, form, and manner requested.
- 4. **Data Elements for Quarterly Reporting for ARRA**: In accordance with Section 1512(c) of ARRA and the <u>Federal Funding Accountability and Transparency Act of 2006 (Public Law 109-282)</u>, TEA is required to provide quarterly reports to the U.S. Department of Education or through a central government-wide portal (<a href="http://www.FederalReporting.gov">http://www.FederalReporting.gov</a>). The information adopted by OMB contains the following data elements: submitting this application, the grantee agrees to submit the information to TEA in the time, form, and manner requested. The information may change pending final adoption by OMB.

## For each grant that equals or exceeds \$25,000 in total grant award amount:

- a. The grantee organization's DUNS number (TEA will need to collect this information from grantees)
- b. The grant award number (i.e., NOGA ID number) assigned by TEA (TEA will have this information on file)
- c. The legal name of the grantee organization (as registered in the Central Contractor Registration (CCR), if registered) (TEA will have this information on file provided it is the same legal name on file with TEA)
- d. The physical location (street address) (as listed in the CCR, if registered) (TEA will have this information on file provided it is the same street address on file with TEA)
- e. The (federal) Congressional district number
- f. The grantee organization type (i.e., independent school district, nonprofit organization, etc) (TEA will have this information on file)
- g. The total amount of the grant award (TEA will have this information on file)
- h. The total amount paid to the grantee as of date of report (TEA will have this information on file)
- i. The physical location (street address) of the primary place of performance of the grant (TEA will have this information on file provided it is the same address on file with TEA.)
- j. An evaluation (i.e., status report) of the completion status of the project or activity (for example, Not Started; Less than 50% Completed; Completed 50% or More; Fully Completed) (It is not clear at this time whether this information will need to be collected from the grantees. TEA will notify the grantee in the event status information needs to be collected.)
- k. An estimate of the number of jobs created and the number of jobs retained by the project or activity and a brief description of the types of those jobs (i.e., job titles) (TEA will need to collect this information from grantees.)
- 1. The names and total compensation of the five most highly compensated officers of the grantee organization if the organization in its preceding year received 80% or more of its annual gross revenues in Federal awards and \$25,000,000 or more in annual gross revenues from Federal awards and the public does not have access to information about the compensation of senior executives. (It is not known at this time whether this data element will be required once the data elements are finalized by OMB. If it is required in the final data elements, TEA will need to collect this information from the grantees.)

For grants that equal less than \$25,000 in total grant award amount or for grantees that in the previous tax year had gross income under \$300,000, amounts will be reported in the aggregate according to the following:

- a. The total number of grants awarded less than \$25,000 (TEA will have this information file)
- b. The total award (aggregate) amount for all grants less than \$25,000 (TEA will have this information on file)
- c. The total (aggregate) amount paid to grantees for all grants less than \$25,000 as of date of report (TEA will have this information on file)

5. **Posting the Information on Public Website**: Not later than 30 days after the end of each calendar quarter, each federal agency, including the U.S. Department of Education, shall make the information in those reports publicly available by posting the information on the designated public website (Section 1512[d]). Grantees will not be required to post information on the public website unless they apply for and receive other ARRA grants directly from a federal government agency.

Once OMB adopts the final data reporting elements and TEA receives specific instructions for reporting, TEA will provide subsequent guidance to grantees related to required reporting information.

- H. Electronic Drawdown of ARRA Funds from TEA and Use of FAR Fund Codes: Recipients will draw down ARRA funds on an award-specific basis. Pooling of ARRA award funds with other funds for drawdown or other purposes is not permitted. Recipients must account for each ARRA award separately by referencing the assigned FAR (Financial Accounting and Resource) fund code for each award.
- **I. Availability of Records:** The applicant agrees to make all financial and programmatic records available in detail for inspection by TEA auditors, local independent auditors, and the offices described below.
- 1. **Examination of Records:** The Comptroller General of the United States and any of its employees, contractors, agents, representatives, or designees, may examine any records related to obligations and use by any state or local government of funds made available under ARRA. (Section 901[b]).
- 2. Access of Government Accountability Office (GAO): Each contract and each subcontract awarded using funds made available under ARRA shall provide that the Comptroller General of the United States and his representatives are authorized to examine any records of the contractor or any of its subcontractors, or any State or local agency administering such contract, that directly pertain to, and involve transactions relating to, the contract or subcontract and to interview any officer or employee of the contractor or any of its subcontractors, or of any State or local government agency administering the contract, regarding such transactions (Section 902).
- 3. Reviews by Inspector General: The inspector general of the U.S. Department of Education shall review, as appropriate, any concerns raised by the public about specific investments using funds made available in this Act. Any findings of such reviews shall be relayed immediately to the Secretary of Education. In addition, the findings of such reviews, along with any audits conducted by any inspector general of ARRA funds, shall be posted on the inspector general's website and linked to the recovery.gov website, except that portions of reports may be redacted to the extent the portions would disclose information that is protected from public disclosure under sections 552 and 552a of Title 5, United States Code (Section 1514).
- 4. Access of Offices of Inspector General to Certain Records and Employees: With respect to each contract or grant awarded using ARRA funds, any representative of an Inspector General of the U.S. Department of Education or other appropriate federal agency is authorized to examine any records of the contractor or grantee, any of its subcontractors or subgrantees, or any State or local agency administering such contract, that pertain to, and involve transactions relating to, the contract, subcontract, grant, or subgrant, and to interview any officer or employee of the contractor, grantee, subgrantee, or agency regarding such transactions (Section 1515).
- 5. **Recovery Accountability and Transparency Board:** Section 1521 of the ARRA establishes the Recovery Accountability and Transparency Board to coordinate and conduct oversight of ARRA funds to prevent fraud, waste, and abuse. The Board shall submit "flash reports" on potential management and funding problems that require immediate attention; quarterly reports; and annual reports to the President and Congress, including the Committees on Appropriations of the Senate and House of Representatives, summarizing the findings on the use of ARRA funds. The Board may conduct its own independent audits and reviews of ARRA funds. All reports shall be made publicly available on the <a href="www.recovery.gov">www.recovery.gov</a> website established by the Board. See paragraphs J and K below with regard to reports of suspected fraud or abuse (Sections 1523 and 1524).

- Recovery Independent Advisory Panel: Section 1541 of the ARRA establishes the Recovery Independent Advisory
  Panel to make recommendations to the Recovery Accountability and Transparency Board on action the Board could
  take to prevent fraud, waste, and abuse relating to ARRA funds.
- **J. Disclosure of Fraud or Misconduct:** Each grantee awarded funds made available under the ARRA shall promptly refer to the USDE Office of Inspector General any credible evidence that a principal, employee, agent, contractor, subrecipient, subcontractor, or other person has submitted a false claim under the False Claims Act or has committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving those funds.
- **K. Protection for Whistleblowers**: Section 1553 of the ARRA provides protection for State and local government and contractor whistleblowers. Any employee of any employer receiving ARRA funds may not be discharged, demoted, or otherwise discriminated against as a reprisal for disclosing, including a disclosure made in the ordinary course of an employee's duties, to the Recovery Accountability and Transparency Board, an inspector general, the U. S. Comptroller General, a member of Congress, a State or federal regulatory or law enforcement agency, a person with supervisory authority over the employee (or such other person working for the employer who has the authority to investigate, discover, or terminate misconduct), a court or grand jury, the head of a federal agency, or their representatives, information that the employee reasonably believes is evidence of (1) gross mismanagement of an agency contract or grant relating to ARRA funds; (2) a gross waste of ARRA funds; (3) a substantial and specific danger to public health or safety related to the implementation or use of ARRA funds; (4) an abuse of authority related to the implementation or use of ARRA funds; or (5) a violation of law, rule, or regulation related to an agency contract (including the competition for or negotiation of a contract), or grant, awarded or issued relating to ARRA funds. A person who believes that he or she has been subjected to a reprisal may submit a complaint regarding the reprisal to the inspector general for the appropriate federal agency (in most cases, the U.S. Department of Education).
- **L. Use of Funds:** The grantee agrees to comply with the applicable federal cost principles in the obligation and expenditure of ARRA funds as identified in the General Provisions and Assurances as well as other limitations or restrictions and expenditures identified therein. The grantee also agrees to the following:
- Consolidation of ARRA Administrative Funds: Due to the significant reporting requirements under ARRA, it is
  not known at this time whether grantees may consolidate ARRA administrative funds with other NCLB
  consolidated administrative funds. TEA will issue further guidance with regard to this provision once guidance is
  provided by the U.S. Department of Education. If ARRA funds are permitted to be consolidated with other NCLB
  consolidated administrative funds, grantees must still be able to report the types and number of jobs that were
  created or saved with ARRA funds.
- 2. **Combining ARRA funds on a Schoolwide Program.** ARRA funds are permitted to be used on a Title I Part A schoolwide Campus/Program, funds may be combined with other funding sources, but grantees still must be able to identify precisely the items of obligation and expenditure for ARRA reporting. You must also be able to report the types and number of jobs that were created or saved with ARRA funds.
- 3. Special Contracting Provisions: To the maximum extent possible, contracts funded under the ARRA shall be awarded as fixed-price contracts through the use of competitive procedures. A summary of any new contract awarded with ARRA funds that is not fixed-price and not awarded using competitive procedures shall be posted in a special section of the <a href="https://www.recovery.gov">www.recovery.gov</a> website established by the Recovery Accountability and Transparency Board (Section 1554).

- 5. **Use of Funds for Construction Prohibited:** Unless specifically authorized in the applicable program statute, regulations, guidelines, Request for Application (RFA), TEA Standard Application System (SAS), the approved grant application, or other written authorization, none of the ARRA additional formula funds shall be used for construction, remodeling, or renovation.
- 6. **Buy American Use of American Iron, Steel, and Manufactured Goods:** If construction is allowed and approved pursuant to the previous paragraph pertaining to "Use of Funds for Construction Prohibited", none of the funds may be used for the construction, alteration, maintenance, or repair of a public building or public work unless all of the iron, steel, and manufactured goods used in the project are produced in the United States unless waived by the Secretary of Education (Section 1605).
- 7. Wage Rate Requirements for Contracted Laborers and Mechanics Compliance with the Davis-Bacon Act: Subject to further clarification issued by the Office of Management and Budget, and notwithstanding any other provision of law and in a manner consistent with other provisions of ARRA, all laborers and mechanics employed by contractors and subcontractors on projects funded directly by or assisted in whole or in part by and through the Federal Government pursuant to this award shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor in accordance with subchapter IV of chapter 31 of title 40, United States Code. With respect to the labor standards specified in this section, the Secretary of Labor shall have the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (64 Stat. 1267; 5 U.S.C. App.) and section 3145 of title 40, United States Code (Section 1606).
- M. Compliance with OMB Circular A-133 Audits and Schedule of Expenditures of Federal Awards: Grantees agree to separately identify the expenditures for each grant award funded under ARRA as required by Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations" and to comply with all other provisions of the Single Audit Act and OMB Circular A-133.

# Part 3: Intervention Description - TRANSFORMATION MODEL

Describe how the LEA/campus has/will address each of the following requirements of the model.

- I. Develop and increase teacher and school leader effectiveness.
  - A. Replace the principal who led the school prior to commencement of the transformation model; or list when in the past two years the principal was replaced and describe the intervention in which the principal was replaced.

Prior to grant submission, the school's principal was replaced. The qualifications of the person selected to be the principal of North Forest High School (NFHS) included a proven secondary success record and leadership skills necessary to promote improvements in instructional processes and practices at North Forest High School.

- The puncipal was replaced July 1, 2010 ass. 12/1/10
- B. Use rigorous, transparent, and equitable evaluation systems for teachers and principals that-
  - i. Take into account data on student growth (as defined below) as a significant factor as well as other factors such as multiple observation-based assessments of performance and ongoing collections of professional practice reflective of student achievement and increased high school graduations rates; and
  - ii. Are designed and developed with teacher and principal involvement;

The evaluation system utilized is designed to collect classroom performance data and other sources for examination, including grades from students' formative tests, projects, class work, homework, attendance records and cumulative files. In addition to self-report measures, to further validate student achievement and increased graduation rates, in conjunction with teachers and principal, customized assessment rubrics will be developed that comprise classroom level data sources that evaluate the effectiveness of professional practices.

C. Identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so;

NFHS will implement a Performance Awards Plan is to provide incentives to stakeholders for quality instruction that produces increased student achievement based on measurable annual learning gains on the state's Texas Assessment of Knowledge and Skills (TAKS) and federal NCLB Adequate Yearly Progress (AYP) measures.

D. Provide staff ongoing, high-quality, job-embedded professional development (e.g., regarding subject-specific pedagogy, instruction that reflects a deeper understanding of the community served by the school, or differentiated instruction) that is aligned with the school's comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies; and

NFHS will implement standards-based professional development structures and processes that provide support and job embedded professional development for skilled and underperforming teachers. NFHS will comprise targeted training, virtual learning opportunities, needs-driven workshops, and local university partnerships. Training sessions will include models of new instructional strategies, demonstrations in teachers' classrooms, coaching and other forms of follow-up so that strategies become routine in teachers' instructional repertoire. In addition, to promote the development of heightened instructional skills, training will be combined with professional study groups. The diverse collaborative design will maximize educator capacity, thus impacting student achievement and overall school improvement.

	*1500		• • <b>\</b>	

E. Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in a transformation school.

NFHS's Teachers' Professional Growth System will focus on a compensation structure that is aligned to teacher leadership responsibilities. It will provide recognition and career planning opportunities for exemplary teachers to retain direct responsibility for students while accepting additional responsibilities as leaders, coaches, and facilitators of school improvement. Some teachers will receive salary supplements that acknowledge an increased level of leadership and responsibilities within the school. Other teachers will be able to implement programs and projects that will increase student learning.

# II. Comprehensive instructional reform strategies.

A. Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards; and

The use of data is central to how NFHS will evaluate practices and monitor students' academic progress. Frameworks for using student achievement data to support instructional decision making resulted in the high school redesigned that now provides a transitional learning community for 9th grade students.

B. Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students.

Strategies used to promote the continuous use of student data to inform differentiated instruction include, but are not limited to, how to adapt lessons or assignments in response to students' needs, alter classroom goals or objectives, or modify student-grouping arrangements. NFHS will also continue to implement and monitor 90 day plans. Data collected will be utilized to continuously guide the reform, and the entire learning community will remain involved in collaborative shared decision making.

### III. Increase learning time and create community-oriented schools.

A. Establish schedules and strategies that provide increased learning time (as defined below);

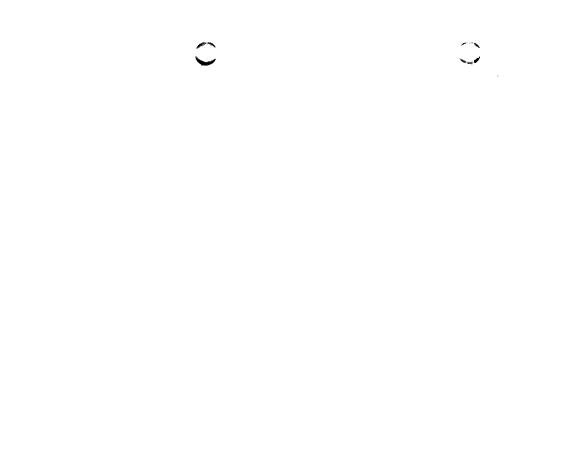

Increased learning time means using a longer school day, week, or year schedule to significantly increase the total number of school hours to include additional time for (a) instruction in core academic subjects including English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography; (b) instruction in other subjects and enrichment activities that contribute to a wellrounded education, including, for example, physical education, service learning, and experiential and work-based learning opportunities that are provided by partnering, as appropriate, with other organizations; and (c) teachers to collaborate, plan, and engage in professional development within and across grades and subjects. Research supports the effectiveness of well-designed programs that expand learning time by a minimum of 300 hours per school year. (See Frazier, Julie A.; Morrison, Frederick J. "The Influence of Extended-year Schooling on Growth of Achievement and Perceived Competence in Early Elementary School." Child Development. Vol. 69 (2), April 1998, pp.495-497 and research done by Mass2020.) Extending learning into before- and after-school hours can be difficult to implement effectively, but is permissible under this definition with encouragement to closely integrate and coordinate academic work between in school and out of school. (See James-Burdumy, Susanne; Dynarski, Mark; Deke, John. "When Elementary Schools Stay Open Late: Results from The National Evaluation of the 21st Century Community Learning Centers Program." Educational Evaluation and Policy Analysis, Vol. 29 (4), December 2007, Document No. PP07-121.) http://www.mathematica-

mpr.com/publications/redirect PubsDB.asp?strSite=http://epa.saqepub.com/cqi/content/abstract/29/4/296

Improvement of school climate and culture at NFHS will entail adopting student programs aimed at those students who are identified as struggling or on track for non-completion. By pairing these students with mentors, the school will send out a message that everyone is important. Also, the school will make a stand against violence by initiating a campaign which gives students the opportunity to unite in efforts to improve their school. By holding regular meetings centered on student improvements, staff will be able to compare notes on what is working when it comes to troubled students and where improvement is needed.

addressed on Schoolage 4B-Part #3 Section D-CSF 4-A P3 40

5

B. Provide ongoing mechanisms for family and community engagement.

NFHS will exclude family involnement barriers and implementing mechanisms that include recognizing that all parents want their children to do well in school; linking family and community engagement efforts to student learning; develop the capacity of school staff to work with families; and embracing a philosophy of authentic partnership. Specifically, monthly parent advisory meetings, newsletters, and NFHS Campus Activity Calandars will be utilized.

### IV. Provide operational flexibility and sustained support.

A. Give the school sufficient operational flexibility (such as staffing, calendars/time, and budgeting) to implement fully a comprehensive approach to substantially improve student achievement outcomes and increase high school graduation rates;

The LEA sets high standards for student achievement by effectively implementing the District Improvement Planning (DIP) process and holds NFHS accountable for meeting those standards by granting the high school flexibility through the Campus Improvement Planning (CIP) process to make organizational and instructional changes that best serve the students. (i.e., Scheduling, Professional Development Choices, Staffing Selections, etc.) In consultation with central administration, beyond the current extended day, and extended year summer programs, the high school leadership team will have discretion to recommend extended learning models necessary to ensure proper implementation of TTIPS Transformation Model interventions.

B. Ensure that the school receives ongoing, intensive technical assistance and related support from the LEA, the SEA, or a designated external lead partner organization (such as a school turnaround organization or an EMO).

External support will work with NFHS to ensure implementation of reform efforts. Technical assistance will remain constant to ensure alignment of reform efforts to Transformational Model priorities.

The LEA/campus may also Implement other strategies within the four components. Describe any other strategies to be Implemented. Enter "N/A" if a particular optional strategy is not to be implemented.

- I. Develop and increase teacher and school leader effectiveness.
  - A. Provide additional compensation to attract and retain staff with the skills necessary to meet the needs of the students in a transformation school

School-based decision-making will allow the principal to adjust teacher salaries to the individual needs of their schools and to market realities in their communities by providing additional incentives to attract and retain staff with skills necessary to meet the needs of the students (e.g., bonus to a cohort of high-performing teachers placed in a low-achieving school.).

B. Institute a system for measuring changes in instructional practices resulting from professional development;
