	teacher should he/she be struggling in the teaching experience.

VII. In the space below, describe the measures that will be taken by the educator preparation program to ensure that the candidate's experience will be equivalent to that of a candidate in a Texas public/private school accredited by TEA.

VIII. In the space below, explain any other information that may be beneficial in considering this request.

Assurances

The EPP will check the U. S. Department of State Office of Overseas Schools website for the list of recognized or "assisted" schools. This placement is limited to those schools only.

The EPP will prepare candidates for the cultural and language differences between the United States and the destination country of placement prior to departure for the out-of-country placement.

The EPP must obtain a signed letter of agreement from the chief campus administrator of the out-of-country school where the candidate will be placed.

The EPP will ensure that the cooperating teacher/mentor will possess equivalent content and grade level certification as those being sought by the student/clinical teacher.

The EPP will ensure, as applicable, that the candidate will experience a student/clinical teaching experience of a minimum of 12 consecutive, full day, unpaid, weeks.

The EPP will ensure that the candidate is supervised by a field supervisor for the duration of the student/clinical teaching experience.

The EPP will submit by September 15th of each year an Out-of-Country Placement Evaluation Report to TEA.

(Must be submitted on School Letterhead)

Ms. Sandra Nix, Manager, Educator Preparation Division of Certification and Standards, Texas Education Agency 1701 N. Congress Avenue, Austin, TX 78701, USA Date

Dear Ms. Nix:	
I am committed to a product	ive relationship with the Texas educator preparation program
	to provide teaching experiences for a beginning teacher at this school. I
understand that these exper	iences must meet specific criteria as part of the required educator certification
process in Texas. On behalf	of my school, I agree to abide by the following requirements:

- 1. A minimum of 12 consecutive weeks, full day, unpaid field experiences for beginning teachers include observation of teaching by qualified teachers, interaction with school students (any age from early childhood-18), interaction with qualified teachers, and interaction with the faculty and staff of this school. Such activities may include tutoring of individual children, working with small groups of children, teaching short practice lessons to a whole group, learning from experienced teachers, and other professional activities.
- Teaching experiences for beginning teachers may include activities named above as well as
 acting as teacher for a classroom or group of students. The beginning teacher will plan and
 present instruction, plan and implement appropriate student assessments, maintain classroom
 discipline, maintain all necessary records, and maintain cordial relationships with other faculty,
 staff, students and parents.
- 3. Beginning teachers will be supervised by a field supervisor hired by the Texas educator preparation program. The field supervisor will conduct a minimum of three formal observations and evaluations of the beginning teacher on your campus. Each observation will last a minimum of 45 minutes in the classroom. The field supervisor will give a copy of each evaluation to the campus administrator. The field supervisor will have appropriate oral and written English skills to communicate with the beginning teacher.
- 4. The campus cooperating teacher/mentor will be a qualified teacher who is selected by the campus administrator. The cooperating teacher/mentor will guide, assist, and support the beginning teacher with planning, classroom management, instructional strategies, assessment, working with parents, obtaining materials, and school policies. The cooperating teacher/mentor will also observe the beginning teacher informally and offer coaching as needed. The cooperating teacher/mentor will report on the beginning teacher's professional progress to the field supervisor. The mentor will have appropriate oral and spoken English skills to communicate with the beginning teacher.
- 5. I will contact the Field Supervisor in case of emergency, conflict or concern about the beginning teacher. The field supervisor will contact the program and attempt to resolve any problems.

Sincerely,

Chief Campus Administrator (Headmaster, Principal, Dean, etc.)
