STATE OF TEXAS, et al.,	§

ORDER

On this day the Court considered the Defendants’ “Motion for Exemption of Non-Party School Districts from the Modified Order and Notice of Districts Subject to or Released from Desegregation Orders in Other Courts” (Doc. 802) and the Plaintiff United States’ Response to said Motion (Doc. 811). The Court hereby finds and orders as follows:

1. This suit was brought in 1970, complaining of racial segregation in nine Texas all-black public school districts and surrounding all-white school districts, as well as the role of TEA in supporting the segregation. The Court found, *inter alia*, that the state had facilitated the segregation by various means and entered a comprehensive order requiring TEA to oversee a wide range of activities in local school districts throughout the state, including, *inter alia*, inter-district transfers of students, changes in school district boundaries, school transportation, extra-curricular activities, faculty and staff, student assignment, curriculum and compensatory education. *United States. v. Texas*, 321 F. Supp. 1043 (E.D. Tex. 1970), modified and supplemented, 330 F.Supp. 235 (E.D. Tex. 1971).

2. The Fifth Circuit affirmed the remedial decree as modified, *United States v. Texas*, 447 F.2d 441 (5th Cir. 1971), and this Court further modified the remedial decree by order dated August 9, 1973. Collectively, the provisions of the extant remedial order have come to be known as the “Modified Order.”

3. In its most recent decision, *United States v. Texas*, 601 F.3d 354 (5th Cir. 2010), the Fifth Circuit provided further guidance regarding the applicable scope of the Modified Order. The Court identified three categories of Texas public schools districts that should not continue to be subject to the Modified Order: “local school districts declared unitary in federal cases; school districts currently under federal court desegregation orders or decrees or which are parties to pending federal court desegregation suits; and any other specific school district not a party to the case when the Modified Order was issued [if exemption from the Modified Order is requested], unless a plaintiff shows the district is not then unitary.” *Id.* at 374.

4. Defendants have moved this Court to declare that the Texas school districts listed in Appendix A to this Order have been released from, or are still subject to, desegregation orders by other federal courts and therefore are not subject to the Modified Order in this case. Defendants also have moved the Court to declare that all Texas public school districts that were not original parties to this suit or their legal successors, listed in Appendix B, are exempt from the requirements of the Modified Order and to relieve TEA from enforcing any requirements of the Modified Order as to these districts.

5. Plaintiff United States agrees that the Texas school districts listed in Appendix A to this Order have been released from, or are still subject to, desegregation orders by other federal courts and, pursuant to the Fifth Circuit’s mandate, are therefore not subject to the Modified Order in this case. Plaintiff United States does not object to Defendants’ request that the non-

party school districts listed in Appendix B be exempted from the prophylactic provisions created by the Modified Order.

6. The parties agree, and the Court specifically finds, that the exemption of a non-party school district from continuing coverage under the Modified Order is in compliance with the Fifth Circuit's remand instructions and is not a determination that the school district has achieved unitary status. The Court has made no such findings for any of the school districts listed in Appendix A and B.

7. The Court's decision in this matter is informed by the Fifth Circuit's March 22, 2010 ruling, premised largely on *Samnorwood Independent School District v. Texas Education Agency*, 533 F.3d 258, 269 (5th Cir. 2008). The Court found that "the prophylactic provisions created by the Modified Order to remedy the segregative conduct on the part of TEA and all-black schools districts in East Texas" should not be imposed on two panhandle school districts that had previously desegregated and never since been found to have acted with segregative intent. *Id.* at 269. The Court examined a trio of cases involving the Modified Order where it earlier "struck down the remedy because there had been no showing of a constitutional violation." *Id.* at 267.¹

8. The Fifth Circuit made clear that its opinion did "not give the [exempted] School Districts a license to discriminate. If evidence arises that [the districts were] acting with discriminatory intent . . . then they would be subject to suit and a remedy would then be in order to correct the constitutional violation." *Id.* at 269. This observation is consistent with the Court's 1971 ruling in connection with its modification of the original order, which stated that

¹ "The Modified Order was issued for the purpose of eliminating the diverse continued local practices and vestiges of *de jure* racially segregated public education. Since its issuance, nearly forty years have elapsed, and 'the racial composition of public schools in Texas has changed drastically.' See *United States v. Texas*, 457 F.3d 472, 475 (5th Cir. 2006). And while this court recognizes that some local vestiges of discrimination and segregation might still remain, it is clear that the Modified Order certainly has, at best, 'dwindling relevance.' *Id.*" 601 F.3d at 374.

“nothing herein shall be deemed to affect the jurisdiction of any other district court with respect to any presently pending or future school desegregation suits.” 601 F.3d at 374 (quoting *United States v. Texas*, 447 F.2d at 442). Consistent with this analysis, the United States retains the right to investigate and file a separate legal action, under appropriate circumstances, to challenge alleged unlawful conditions or activity in any of the exempted school districts.

Wherefore, it is ORDERED and DECREED that

The Texas school districts listed in Appendix A to this Order that have been released from, or are still subject to, desegregation orders by other federal courts are hereafter not subject to the Modified Order in this case.

All non-party Texas public school districts listed in Appendix B, districts that were not original parties to this suit or their legal successors, are hereafter exempt from the requirements of the Modified Order.

The Court has neither examined nor made any determination concerning the unitary status for any of the school districts listed in Appendix A and B.

Defendants are relieved from enforcing any requirements of the Modified Order as to the school districts listed in Appendix A and Appendix B. Nothing in this order enjoins defendants, in the context of this litigation, from otherwise enforcing applicable law as to the school districts listed in the Appendices.

It is SO ORDERED.

SIGNED this 27th day of September, 2010.

A handwritten signature in black ink, reading "Michael H. Schneider", is written over a horizontal line.
