STATUTORY AUTHORITY: ASEP accreditation statuses for EPPs are authorized by Texas Education Code (TEC) §§21.045 and 21.0451.

EFFECTIVE DATE: June 12, 2015

BACKGROUND INFORMATION:

The SBEC is responsible for establishing standards to govern the continuing accountability of all EPPs that prepare individuals for certification. The 81th legislative session and the passage of Senate Bill 174, amended TEC §21.045 and enacted §21.0451.

To meet the statutory requirements, the SBEC adopted 19 TAC Chapter 229, which states that accreditation statuses of an EPP will be determined annually based on four performance standards. The pass rate performance standard of certification examinations of EPP candidates was the only standard that was used for the 2013-2014 academic year.

Accreditation statuses are based on the 80% pass rate performance standard for certification exams that are approved by an EPP and required for initial certification. For each academic year, pass rate is the percent of tests passed by candidates who have finished all educator preparation program requirements for coursework; training; and internship, clinical teaching, or practicum by the end of that academic year. The pass rate is based solely on the examinations required to obtain certification in the field(s) for which the candidate serves his or her internship, clinical teaching, or practicum. Examinations not required for certification in that field or fields, whether taken before or after admission to an educator preparation program, are not included. The rate reflects a candidate's success only on the last attempt made on the examination by the end of the academic year in which the candidate finishes the coursework; training; and internship, clinical teaching, or practicum program requirements, and does not reflect any attempts made after that year. Exams required for certification that are attempted before a candidate is enrolled in an EPP are not included in the determination of the pass rate.

An EPP is assigned the status of ***"Accredited"*** if the educator preparation program has met all the accountability performance standards. An EPP is assigned the status of ***"Accredited-Not Rated"*** upon initial approval to offer educator preparation and until the program can be assigned a status based on the performance standards. If an EPP has no finishers or no test scores, the program is also assigned ***"Accredited-Not Rated."***

An EPP is assigned the status of ***"Accredited-Warning"*** if (1) the program fails to meet the performance standards for the overall performance of its candidates on any one of the four performance indicators, (2) fails to meet the standards in any two gender or ethnicity demographic groups, or (3) fails to meet the standards for a gender or ethnicity demographic group for two consecutively measured years, regardless of whether the deficiency is in the same demographic group or standard.

An EPP is assigned the status of ***"Accredited-Probation"*** if (1) the program fails to meet the performance standards for the overall performance of its candidates on any one of the four performance indicators for two consecutively measured years, (2) fails to meet the standards in any three gender or ethnicity demographic groups, or (3) fails to meet the standards for a gender or

2013-2014 Accountability System for Educator Preparation Programs (ASEP) Accreditation Statuses

ethnicity demographic group for three consecutively measured years, regardless of whether the deficiency is in the same demographic group or standard.

If the overall performance of candidates of an EPP fails to meet the performance standard and the group contains twenty or fewer individuals, the failure to meet the performance standard will not be counted for purposes of accreditation status. If a two-year cumulated group contains less than twenty individuals, the failure to meet the performance standard will not be counted for purposes of accreditation status. The three-year cumulated group performance must be measured against the standards in that third year, regardless of how small the cumulated number of group members may be.

An EPP that fails to meet a required performance standard for the aggregated group or a group disaggregated by gender or ethnicity shall develop an action plan addressing the deficiencies and describing the steps the program will take to improve the performance of its candidates, especially regarding the performance standard that was not met. TEA staff may prescribe the information that must be included in the action plan. The action plan must be sent to TEA staff no later than 45 calendar days following notification to the EPP of the failure to meet a performance standard.

An EPP that failed to meet the 80% performance standard for all candidates admitted to an individual certification field during the 2013-2014 academic year will be provided a notice from TEA staff. The notice will identify the certification fields that did not meet the performance standard and the EPP will be encouraged, but not required, to develop an action plan for addressing the deficiencies. 19 TAC 229.5(c) provides that, notwithstanding the accreditation status of an EPP, the SBEC shall revoke the approval to offer a certification field that has failed to meet the performance standard for all candidates for three consecutive years.

Statutory Citations Relating to Proposed Amendments to 2013-2014 Accountability System for Educator Preparation Programs (ASEP) Accreditation Statuses

Texas Education Code, §21.045, Accountability System for Educator Preparation Programs:

- (a) The board shall propose rules establishing standards to govern the approval and continuing accountability of all educator preparation programs based on the following information that is disaggregated with respect to sex and ethnicity:
 - (1) results of the certification examinations prescribed under Section 21.048(a);
 - (2) performance based on the appraisal system for beginning teachers adopted by the board;
 - (3) achievement, including improvement in achievement, of students taught by beginning teachers for the first three years following certification, to the extent practicable; and
 - (4) compliance with board requirements regarding the frequency, duration, and quality of structural guidance and ongoing support provided by field supervisors to beginning teachers during their first year in the classroom.
- (b) Each educator preparation program shall submit data elements as required by the board for an annual performance report to ensure access and equity. At a minimum, the annual report must contain the performance data from Subsection (a), other than the data required for purposes of Subsection (a)(3), and the following information, disaggregated by sex and ethnicity:
 - (1) the number of candidates who apply;
 - (2) the number of candidates admitted;
 - (3) the number of candidates retained;
 - (4) the number of candidates completing the program;
 - (5) the number of candidates employed in the profession after completing the program;
 - (6) the number of candidates retained in the profession; and
 - (7) any other information required by federal law.
- (c) The board shall propose rules establishing performance standards for the Accountability System for Educator Preparation for accrediting educator preparation programs. At a minimum, performance standards must be based on Subsection (a). The board may propose rules establishing minimum standards for approval or renewal of approval of:
 - (1) educator preparation programs; or
 - (2) certification fields authorized to be offered by an educator preparation program.

2013-2014 Accountability System for Educator Preparation Programs (ASEP) Accreditation Statuses

Texas Education Code, §21.0451, Sanctions Under Accountability System for Educator Preparation Programs:

- (a) The board shall propose rules for the sanction of educator preparation programs that do not meet accountability standards and shall annually review the accreditation status of each educator preparation program. The rules:
 - (1) shall provide for the assignment of the following accreditation statuses:
 - (A) not rated;
 - (B) accredited;
 - (C) accredited-warned;
 - (D) accredited-probation; and
 - (E) not accredited-revoked;
 - (2) may provide for the agency to take any necessary action, including one or more of the following actions:
 - (A) requiring the program to obtain technical assistance approved by the agency or board;
 - (B) requiring the program to obtain professional services under contract with another person;
 - (C) appointing a monitor to participate in and report to the board on the activities of the program; and
 - (D) if a program has been rated as accredited-probation under the Accountability System for Educator Preparation for a period of at least one year, revoking the approval of the program and ordering the program to be closed, provided that the board or agency must provide the opportunity for a hearing before the effective date of the closure; and
 - (3) shall provide for the agency to revoke the approval of the program and order the program to be closed if the program has been rated as accredited-probation under the Accountability System for Educator Preparation for three consecutive years, provided that the board or agency must provide the opportunity for a hearing before the effective date of the closure.
- (b) Any action authorized or required to be taken against an educator preparation program under Subsection (a) may also be taken with regard to a particular field of certification authorized to be offered by an educator preparation program.
- (c) A permissive revocation under Subsection (a)(2) or required revocation under Subsection (a)(3) must be effective for a period of at least two years. After two years, the program may seek renewed approval to prepare educators for state certification.
- (d) The costs of technical assistance required under Subsection (a)(2)(A) or the costs associated with the appointment of a monitor under Subsection (a)(2)(C) shall be paid by the sponsor of the educator preparation program.
