2016 Accountability

Accountability Development

5

- Accountability decisions begin with the recommendations of two committees:
 - Accountability Technical Advisory Committee (ATAC)
 - Accountability Policy Advisory Committee (APAC)
- ATAC met in late September and early December 2015.
- APAC met in late October 2015 and late January 2016.
- Recommendations were sent to the commissioner of education.
- Commissioner announced final decisions for 2016 accountability on February 12, 2016.
- The administrative rule adoption process will begin in spring 2016.

Rating Labels

6

- The state accountability system uses ratings that indicate acceptable and unacceptable performance.
- In 2016, two labels indicate acceptable performance:
 - *Met Standard*
 - *Met Alternative Standard* (assigned to charter districts and campuses that are evaluated under alternative education accountability [AEA] provisions)
- The label that indicates unacceptable performance is *Improvement Required*.

Note: These labels will also be assigned in the 2016–17 school year.

Assessments Evaluated

7

- **Increase in the student performance standards for STAAR grades 3–8 and end-of-course (EOC) general assessments**
 - By commissioner's rule, the scheduled increase in 2015–16 to the Phase-in 2 Level II passing standard has been replaced with a standard progression approach which will begin in 2015–16 and continue until 2021–22.
 - EOC retesters who are required to meet the phase-in I passing standard are counted as passers based on their performance relative to the phase-in I passing standard.

Assessments Evaluated

8

- **Inclusion of grades 3–8 mathematics STAAR assessments**
 - The 2016 accountability system will include the performance results for grades 3–8 mathematics in all indices, including progress measure results for grades 3–8 mathematics, where applicable.
 - The student performance standard for grades 3–8 mathematics will be the 2015–16 standard.

Assessments Evaluated

9

- **STAAR A results will be included in all indices**
- **STAAR Alternate 2 results will be included in Index 1, Index 2, and Index 3**

Graduation Plan

17

For 2016 accountability, two diploma plan rates will be calculated and the one that gives the district or campus the most points for the graduation plan component of Index 4 will be used.

Calculation that Excludes FHSP Students

$$(RHSP + DAP)$$

$$(MHSP + RHSP + DAP)$$

Texas Success Initiative

18

The results of the Texas Success Initiative (TSI) assessment will be included in the postsecondary component. Credit will be given for every student who

- meets the TSI requirement in reading on the TSI assessment, SAT, or ACT
and
- meets the TSI requirement in mathematics on the TSI assessment, SAT, or ACT.

Meeting the TSI requirement in writing on the TSI assessment or ACT will not be used for accountability in 2016 but will be reported on TAPR.

Postsecondary Component of Index 4

19

Met TSI criteria in both ELA/reading and mathematics
(TSI, SAT, or ACT)

Or

Completed and earned credit for at least two advanced/dual-credit
courses in the current or prior school year

Or

Were enrolled in a coherent sequence of CTE courses as part of a
four-year plan of study to take two or more CTE courses for three
or more credits

Annual Graduates

Distinction Designations

20

- Mathematics distinction designation includes grades 3–8 mathematics.
- STAAR A and STAAR Alternate 2 results are included in the STAAR indicators, where applicable.
- College-Ready Graduates indicator includes the TSI results in reading and mathematics.
- No changes in all other indicators evaluated for distinction designations.
- No changes in methodology for determining campus comparison groups.

Texas Commission on Next Generation Assessments and Accountability

House Bill 2804, 84th Texas Legislature (2015), established the Texas Commission on Next Generation Assessments and Accountability. The purpose of the commission is to develop and make recommendations for new systems of student assessment and public school accountability. The commission will submit a report to the governor and legislature that recommends statutory changes to improve the state's systems of student assessment and public school accountability by September 1, 2016.

Development Timeline for HB 2804 State Accountability System

Convene APAC and ATAC Members for A–F State Accountability Ratings

- ATAC – March 2016
- APAC – April 2016
- ATAC – Fall 2016 and beyond
- APAC – Fall 2016 and beyond

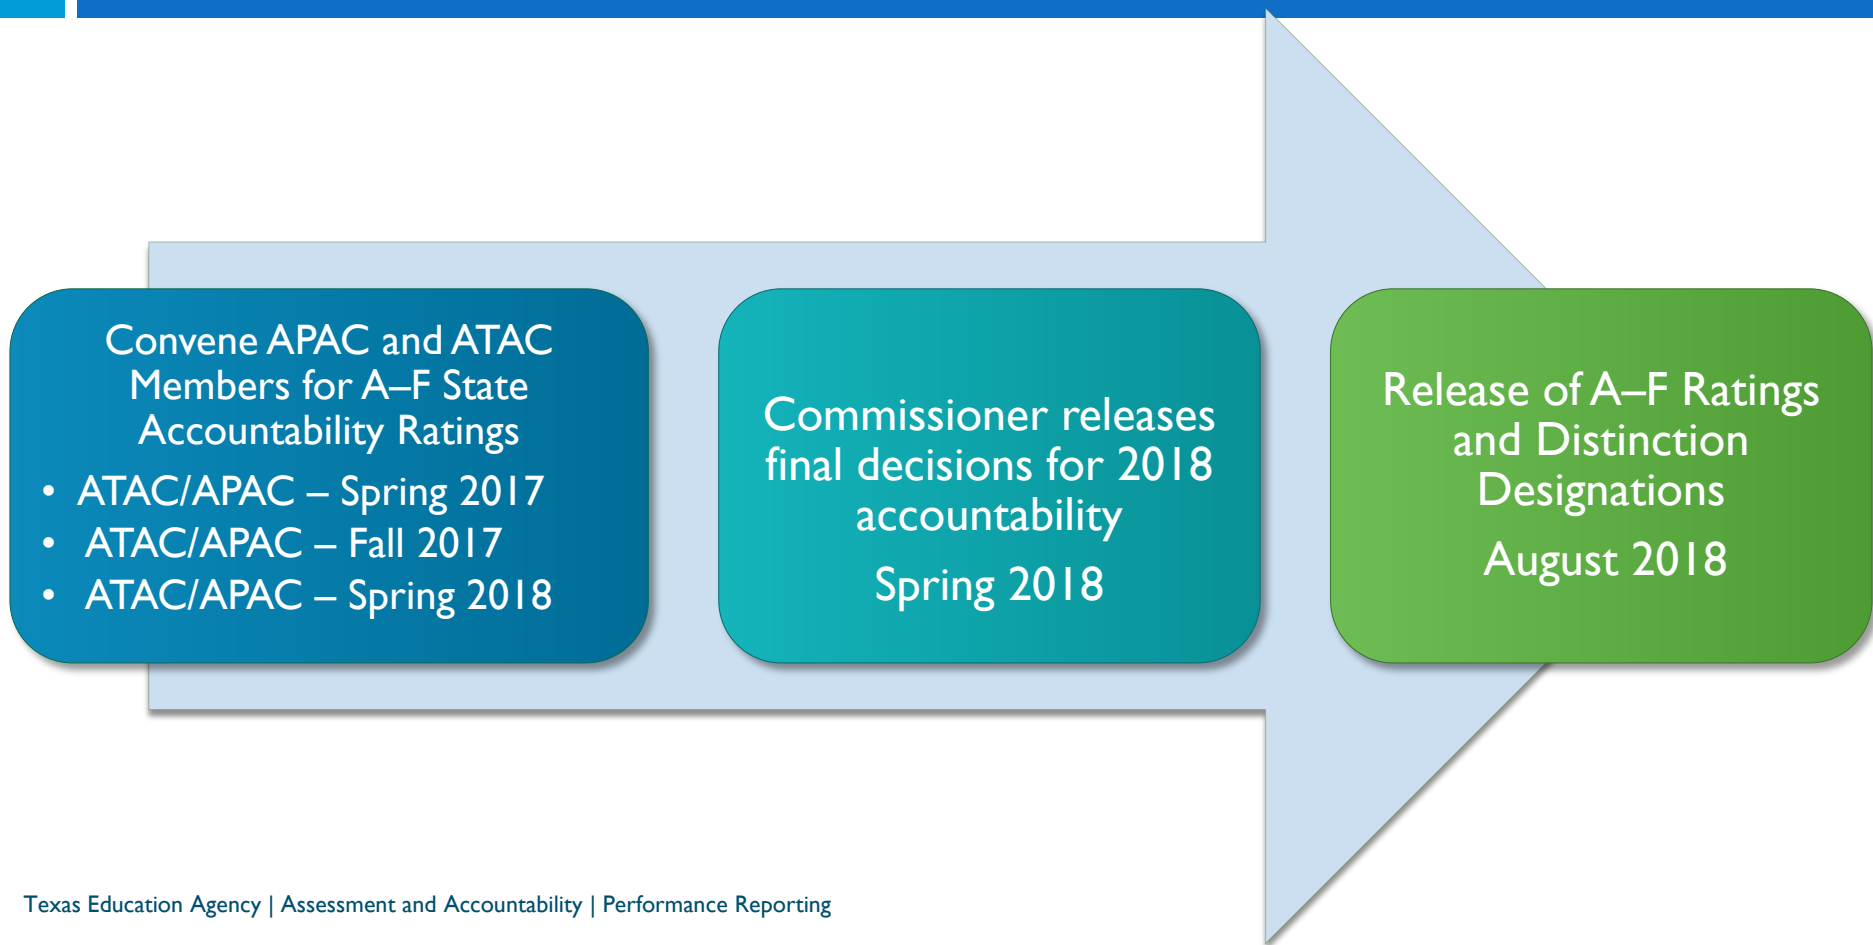

Commissioner adopts the set of indicators to measure and evaluate school districts and campuses

December 1, 2016

TEA releases report showing the rating that each district and campus would have received in 2015–16 if the A–F system had been in place

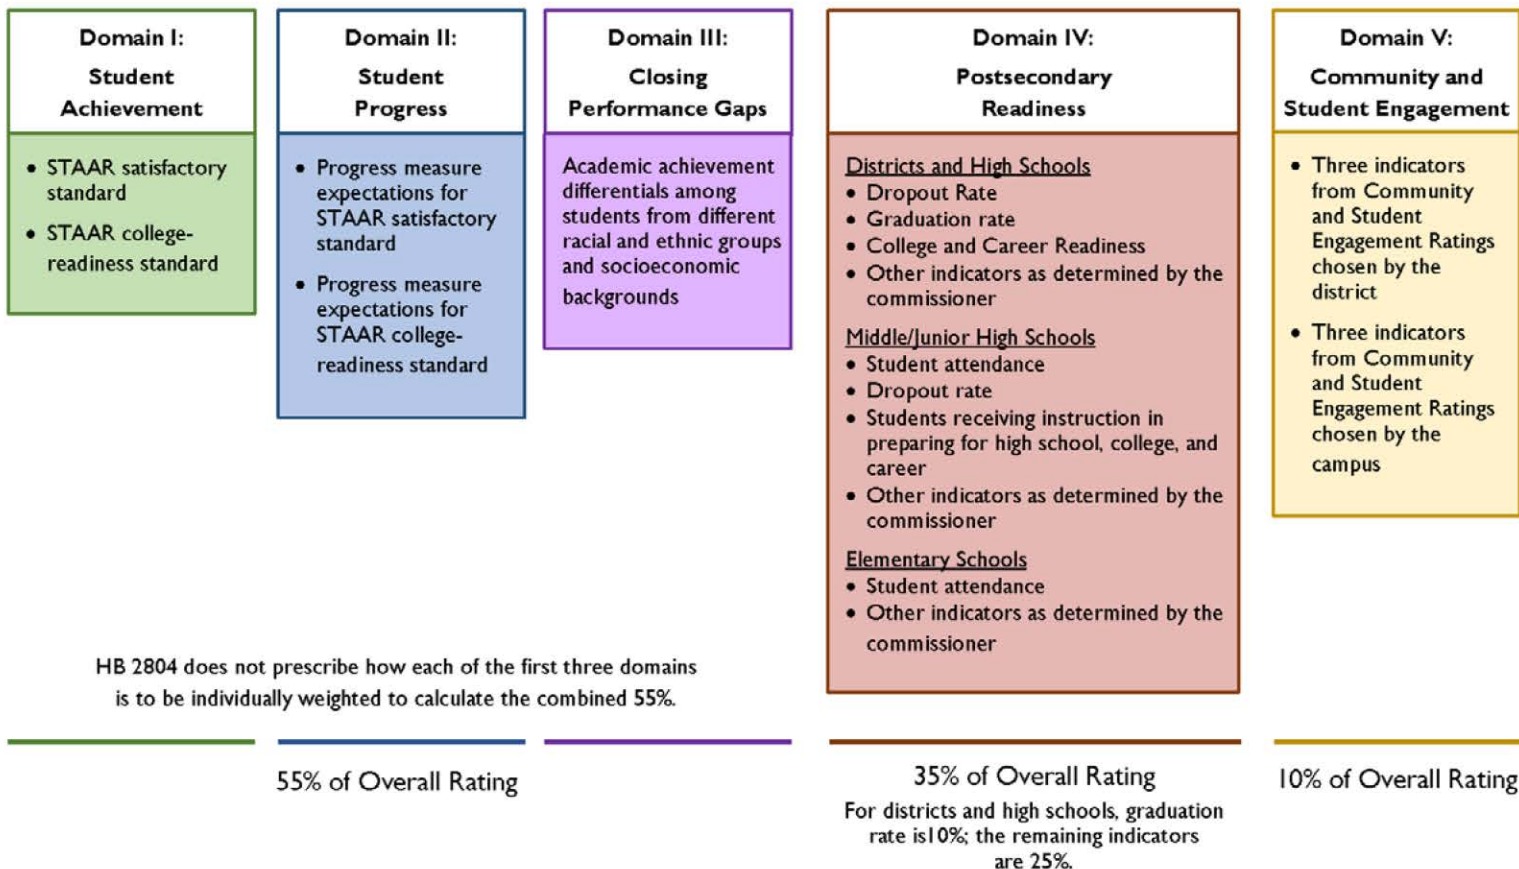

January 1, 2017

Development Timeline for HB 2804 State Accountability System

House Bill 2804, 84th Texas Legislature

Domains of Indicators

Districts and campuses are assigned a rating of A, B, C, D, or F for each of the first four domains. Districts and campuses self-assign a rating of A, B, C, D, or F for Domain V. Each district's and campus's overall rating is based on the weighted performance across all five domains.

Domain I: Student Achievement

30

STAAR

- Phase-in Level II—Percentage of students who met performance standard aggregated across grades levels by subject area
- College Readiness—Percentage of students who met college-readiness performance standard aggregated across grades levels by subject area
- STAAR Alternate 2—Percentage of students who met performance standard aggregated across grades levels by subject area

Domain II: Student Progress

31

STAAR

- Phase-in Level II—Percentage of students who met standard for annual improvement aggregated across grades levels by subject area
- College Readiness—Percentage of students who met standard for annual improvement aggregated across grades levels by subject area
- STAAR Alternate 2—Percentage of students who met standard for annual improvement aggregated across grades levels by subject area

Domain III: Closing Performance Gaps

32

- Academic achievement differentials among students from different racial and ethnic groups and socioeconomic backgrounds

Domain IV: Postsecondary Readiness

33

Districts and High Schools

- Dropout Rate
- Graduation rate
- Percentage of students who do at least one of the following:
 - Complete requirements for FHSP distinguished level of achievement
 - Complete the requirements for an endorsement
 - Complete a coherent sequence of CTE courses
 - Satisfy the TSI benchmark
 - Earn at least 12 hours of postsecondary credit
 - Complete an AP course
 - Enlist in the armed forces
 - Earn an industry certification
- Any additional indicators of student achievement not related to performance on standardized assessment, as determined by the commissioner

Domain IV: Postsecondary Readiness

34

Middle/Junior High Schools

- Student Attendance
- Dropout Rate
- Percentage of 7th and 8th grade students who receive instruction in preparing for high school, college, and career
- Any additional indicators of student achievement not related to performance on standardized assessment, as determined by the commissioner

Domain IV: Postsecondary Readiness

35

Elementary Schools

- Student Attendance
- Any additional indicators of student achievement not related to performance on standardized assessment, as determined by the commissioner

Domain V: Community and Student Engagement

36

Three indicators from the following list, as chosen by each district and campus:

- fine arts
- wellness and physical education
- community and parental involvement
- the 21st Century Workforce Development program
- the second language acquisition program
- the digital learning environment
- dropout prevention strategies
- educational programs for gifted and talented students

Domain IV Indicators That Will Require New Data Collections

37

Districts and High Schools

- Students who:
 - Enlist in the armed forces
 - Earn an industry certification

Middle/Junior High Schools

- Percentage of 7th and 8th grade students who receive instruction in preparing for high school, college, and career
- Any additional indicators of student achievement not related to performance on standardized assessment, as determined by the commissioner

Elementary Schools

- Any additional indicators of student achievement not related to performance on standardized assessment, as determined by the commissioner

Domain IV Indicators That Will Require New Data Collections

38

Middle School Instruction for High School, College, and Career

- House Bill 18 (84th Texas Legislature, 2015) requires districts to provide instruction to students in grade seven or eight in preparing for high school, college, and a career.
- The instruction must include information regarding the following:
 - Creation of a high school personal graduation plan
 - Distinguished level of achievement
 - Each endorsement
 - College readiness standards
 - Potential career choices and the education needed to enter those careers

Domain IV Indicators That Will Require New Data Collections

39

Middle School Instruction for High School, College, and Career

- A school district is permitted to provide the required instruction as part of an existing course, provide the instruction as part of an existing CTE course designated by the SBOE as appropriate for that purpose, or establish a new elective course through which to provide the instruction.
- Beginning with the 2015–16 school year, each school district must ensure that each student receives the instruction at least once in grade seven or eight.

Domain V Indicators That Will Require New Data Collections

40

Districts and Campuses

Before the beginning of each school year, each district and campus are required to

- select and report to the agency three programs or categories;
- submit to the agency the criteria that will be used to evaluate performance and assign a performance rating of A, B, C, D, or F; and
- make the information described above available on the school's Internet website.

Domain V Indicators That Will Require New Data Collections

41

Districts and Campuses

- Based on the locally-determined criteria, each district shall assign the district and each campus shall assign the campus a performance rating of A, B, C, D, or F, for both overall performance and for each program or category evaluated.
- On or before the date determined by the commissioner by rule, each school district and campus shall report each performance rating to the agency.
- TEA will publish upcoming reporting requirements with an early notice in the 2016–2017 Texas Student Data System Texas Education Data Standards.

What do we know now that can help us plan for the A–F system?

42

- Performance at the STAAR final level II standard in absolute terms and relative to schools with comparable student demographics.
- Performance on the STAAR and ELL progress measures in absolute terms and relative to schools with comparable student demographics.
- Performance on academic achievement and postsecondary distinction designation indicators, including student attendance rates, relative to schools with comparable student demographics.
