# How to Pack Materials for Return to District Coordinator

# **Return Scorable Materials to District Coordinator**

Scorable materials include completed, voided, and unused precoded answer documents.

NOTE: Unused blank answer documents are returned with the nonscorable materials.

You have been provided three different types of identification sheets for your scorable materials: the Class Identification (ID) Sheet, the Campus and Group ID Sheet, and the Voided Answer Document ID Sheet. All scorable materials must be returned beneath the appropriate ID sheets. Every answer document with any score code marked must be returned for scoring. All answer documents will be scored and results will be provided for every answer document submitted.

# Prepare Scorable Materials for Return

- Separate the scorable materials from your nonscorable materials. Keep STAAR materials separate from STAAR Alternate 2 and TELPAS materials.
- Each column on the Calendar of Events represents a separate test administration.
  Each test administration must be boxed separately, even in smaller districts.

# Separate and Pack Voided Scorable Materials

- Separate your voided scorable materials from those to be scored. (All voided materials should be marked "VOID" in large, bold letters across the front; any barcoded region of the document should be avoided during marking.)
- Unused precoded answer documents (student moved, tested in a different mode, etc.) should be voided and returned with the scorable materials.
- Ensure documents are all facing the same direction.
- Stack multi-page documents on top of single-page documents.
- Fill out one Voided Answer Document ID Sheet for voided STAAR answer documents, following the directions on the front of the sheet.
- Place a completed Voided Answer Document ID Sheet on the top of the stack of voided materials. Secure the stack(s) with a gummed paper band.
- If the stack is too large for a single band, you may break it down and use multiple bands. It is important that you mark each band appropriately with campus name and stack count—for instance, "1 of 2" and "2 of 2."

# NOTES

- If returning several stacks of voided materials, a completed Voided Answer Document ID sheet need only be on top of the first stack.
- Place your stack(s) of voided scorable materials at the bottom of your campus scorable materials.
- Use the same boxes in which your test materials arrived to pack test materials for return to your district coordinator.

#### **Voided Answer Documents**

- **2** Voided Answer Documents
- 3 Paper Band

#### Group Answer Documents and Prepare Class ID Sheets

- The Class ID Sheet is used to sort and count answer documents for reporting purposes. Reports for students within each grade are organized according to the campus official whose name is entered on the accompanying Class ID Sheet(s). You must use a Class ID Sheet to designate one or more "classes" (for reporting purposes) within each grade.
- Gather all STAAR answer documents from students in a particular grade.
- Determine how you want your test results for a particular grade to be organized. You may organize your sets by test administrator, campus principal, homeroom teacher, counselor, etc. Group the answer documents accordingly. Fill out the Class ID for each "class," following the instructions on the back of the sheets. Place the completed Class ID Sheet on top of the appropriate set of answer documents.
- The illustrations below show sets of grade 5 answer documents, organized by test administrator.

PACKING MATERIALS For district coordinator

All answer documents beneath a Class ID Sheet must have the same grade level or course name marked on the sheet.

The exact number of scorable answer documents submitted under a Class ID Sheet must match the number of answer documents beneath the Class ID Sheet

> **NOTE:** Score results may be delayed for answer documents returned without a Class ID Sheet.

#### Group Answer Documents and Prepare Campus and Group ID Sheets

 For STAAR and STAAR Spanish, assemble each "class" into a single stack by grade or course. (Using the preceding example, bring together all of your grade 5 answer documents.)

All answer documents in the group must match the grade level or course name as marked on the Campus and Group ID Sheet.

**2** The exact number of scorable answer documents submitted under a Campus and Group ID Sheet must be gridded correctly on that sheet. The number entered on the ID Sheet must match the total of the numbers on the ID Sheets for that group. For example, if you have three Class ID Sheets for your grade 5 group—one with 24 answer documents, one with 16, and one with 17—the number you will enter on the Campus and Group ID Sheet will be 57.

- Secure the stack (with a Campus and Group ID sheet on top) with a gummed paper band. You may tape the gummed paper band to ensure that it fits snugly around the stack.
- If the stack is too large for a single band, you may break it down and use multiple bands. It is important that you mark each band appropriately with campus name, subject, and stack count—for instance, "1 of 2" and "2 of 2." A completed Campus and Group ID sheet need only be on top of the first stack. Remember to mark each band with the campus name and grade level.
