Individualized Education Program (IEP) Model Form

This model individualized education program (IEP) form is posted by the Texas Education Agency (TEA) in compliance with Texas Education Code (TEC) §29.0051, which requires TEA to develop an optional model IEP form that includes only information found in the federal model IEP form (i.e., the list of essential components in 34 Code of Federal Regulations (CFR) §300.320) and in any state-imposed requirements relevant to an IEP that are not required under federal law.

Because the model IEP form cannot include any information not required by federal law or a state-imposed requirement, the form does not include some of the information typically found in IEP forms used across the state. For instance, the model IEP form does not include information documenting the admission, review, and dismissal (ARD) committee's consideration of the "special factors" in 34 CFR §300.324 when developing the IEP. School districts and charter schools, however, may use the model IEP form in part or in whole and may adapt its contents to forms and/or programs in use at the local level.

Sections "I" through "XVI" of the model IEP form contain the components that must be included in the IEPs of all students with disabilities. Sections "XVII" through "XXVI" address supplemental areas that are to be completed as applicable. A companion document to the model IEP form titled *Guidance for the Model Individualized Education Program (IEP) Form* will soon be available in the "Documents" section of the *The Legal Framework for the Child-Centered Special Education Process*, found at http://framework.esc18.net/display/Webforms/LandingPage.aspx.

While the use of the model IEP form provides a record of the program that the local educational agency must implement for an individual student, it does not necessarily document the processes that ARD committees must use to develop an IEP. Local educational agencies are required to maintain records to show compliance with federal program requirements under 34 CFR §76.731 of the Education Department General Administrative Regulations (EDGAR). Therefore, ARD committees must ensure that they document in sufficient detail their compliance with the requirements for developing, reviewing, and revising IEPs.

19 TAC §89.1055(e)

19 TAC §89.1055(e)(1)

Based on peer-reviewed research-based educational programming practices, to the extent practicable, the ARD committee determines whether the following strategies are needed.

The ARD committee has considered extended educational programming (e.g., extended day and/or extended school

| Daily Schedules Reflecting Minimal Unstructured Time 19 TAC §89.1055(e)(2) |
| The ARD committee has considered the use of daily schedules reflecting minimal unstructured time and active |
| engagement in learning activities (for example: lunch, snack, and recess periods that provide flexibility within |
| routines; adapt to individual needs skill levels; and assist with schedule changes, such as changes involving substitute |
| teachers and pep rallies) and determined that the student needs services as part of the IEP. |

| |
| In-Home and Community-Based Training 19 TAC §89.1055(e)(3) |
| The ARD committee has considered in-home and community-based training or viable alternatives that assist the |
| student with acquisition of social/behavioral skills (for example: strategies that facilitate maintenance and |
| generalization of such skills from home to school, school to home, home to community, and school to community) |

Positive Behavior Support Strategies

| The ARD committee has considered the suitable staff-to-student ratio appropriate to identified activities and as needed to achieve social/behavioral progress based on the student's developmental and learning level (acquisition, fluency, maintenance, generalization) that encourages work towards individual independence as determined by, for example: (A) adaptive behavior evaluation results; (B) behavioral accommodation needs across settings; and (C) transitions within the school day and determined that the student needs specified staff-to-student ratio as part of the IEP. Describe below: |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| |
| Communication Interventions 19 TAC §89.1055(e)(8) |
| The ARD committee has considered the use of communication interventions, including language forms and functions that enhance effective communication across settings (for example: augmentative, incidental, and naturalistic teaching) and determined that the student needs services as part of the IEP. Describe below: |
| |
| Social Skills Supports and Strategies 19 TAC §89.1055(e)(9) |
| The ARD committee has considered the use of social skills supports and strategies based on social skills assessment/curriculum and provided across settings (for example: trained peer facilitators (e.g., circle of friends), video modeling, social stories, and role playing) and determined that the student needs services as part of the IEP.
