

Organization Information

Organization Name:

Centric Learning, a world leading project-based education and tutoring company, has more than 12 years of experience and success with accelerating learning and closing the knowledge gap. We are an expert in competency-based assessments with over 11,000 cross-curricular projects aligned to TEKS. Our comprehensive and proven high impact tutoring methodology and dynamic technology platform engages students to excel. We partner with districts to integrate with our platform to provide a more personalized, flexible, and customizable learning environment where students can thrive. At Centric Learning, our research-based approach keeps students at the center of every decision we make.

Organization Description: As a Full Service Provider we supply:

- Targeted and documented growth measurements for schools and districts
- Students and tutors develop a success plan to measure growth
- Continuous formative assessments
- Trained and evaluated tutors
- Tutors focus on building successful student relationships and provide social and emotional support
- 1 to 1 or Small groups of 3-5 students 3x per week for 4-5 months with a consistent tutor.
- Our tutor sessions are grouped based on student learning needs and the sessions are structured by pedagogical research-based methods.

Tutor Types

Please list the types of tutors your organization has available (e.g., college students, retired teachers, etc.).

Centric Learning staffs highly-qualified teachers, para-professionals, retired teachers, and college students from a diverse background of age, gender, race, and education. Our tutors are evaluated, trained, and background checked.
