

Organization Information

Organization Name: Sylvan Learning Central Dallas

Sylvan Learning Central Dallas is a tutoring service organization that provides virtual and in person high impact tutoring for K-12 students. Services include high impact tutoring and support in Math and Reading. Additional services are listed on the Sylvan Learning Central Dallas website. Certified teachers use a 3:1 student to teacher ratio model to provide individualized high impact tutoring using instructional materials and resources aligned to the TEKS standards. Individual student performance is regularly monitored and tracked to ensure students make the necessary progress to meet achievement goals. Student progress is reported to LEAs regularly for review. All services are adapted according to individual LEA needs and interests.
