

Organization Information

Organization Name: The Village Education Solutions

The Village Education Solutions provides schools and districts serving K - 12 students with tutoring, STEM training and Instructional support that impacts and empowers communities across Texas. We provide highly customized professional development and instructional support to meet the unique, ever changing needs of the students and families in communities across the state.

Organization Description:

The Village Education Solutions makes intentional efforts to recruit culturally responsive tutoring staff that reflect the demographics of the students that they serve. We recruit current and retired teachers, paraprofessionals under direct supervision of a teacher, Texas certification candidates, college students, and Community Members with experience working with students for 1+ years.

Tutor Types

Please list the types of tutors your organization has available (e.g., college students, retired teachers, etc.).
