**Indicator**: The Performance-Based Monitoring Analysis System (PBMAS) reports performance and program effectiveness results on a variety of indicators. Detailed information on the indicators can be found in each year’s PBMAS Manual, available at http://www.tea.state.tx.us/pbm/PBMASManuals.aspx.

**2011 Standard or State Rate**: This is the established level of performance (standard) used to evaluate performance and program effectiveness or, if the indicator is a Report Only indicator, this is the average performance (state rate) of all regions in the state.

**2011 Region Rate**: This represents the performance of each region as a whole on a particular indicator (c/d=b).

**2011 Numerator**: The number of events observed in a particular indicator (e.g. the number of students passing a TAKS subject-area test).

**2011 Denominator**: This represents the total population evaluated in a particular indicator (e.g. the number of students taking the TAKS subject-area test).

**Performance Level**: The result that occurs when a standard is applied to a group’s performance on an indicator. PBMAS performance levels range from 0 (Met Standard) to 3.

**2009-2011 Change**: This represents the change in the regional rates from 2009 – 2011 (f-h = i).

**Example of special format; see footnote.**
