To The Administrator Addressed:

Subject: Correction - Funding for Supplemental Prekindergarten Services

The Texas Education Agency has processed payments for supplemental prekindergarten services based on an allotment of \$147 per 2012-2013 pre-kindergarten student in average daily attendance. The spreadsheet at the following link provides the amount of the allotments for the 2013-2014 school year: [PreK Supplemental Funding](#).

School districts must use fund code 199 and charter schools must use fund code 420 when recording these revenues. Please report supplemental prekindergarten expenditures as either object code 5826, 5827, or 5828. These object codes are locally defined for reporting revenues from other state programs, and once they are reported to us, PEIMS converts them to object code 5829. See the '[To the Administrator Addressed](#)' letter dated July 25, 2013 from State Funding for additional information about this supplemental rider funding.

Please contact State Funding at 512-463-9238 or sfinance@tea.state.tx.us for questions related to the funding amounts. Please contact Financial Accountability Division at (512) 463-9238 or financialaccountability@tea.state.tx.us for questions about how to code supplemental funding amounts.

Sincerely,

A handwritten signature in black ink that reads "Amanda Brownson".
