Introduction to the Request for Application

Use the General and Fiscal Guidelines with the Program Guidelines, the Standard Application System (SAS), and the instructions to each schedule in the SAS. For applicants selected for funding, all guidelines and instructions will be incorporated by reference into any Notice of Grant Award (NOGA) issued by the Texas Education Agency (TEA).

TEA may periodically issue written guidelines concerning the management of grants approved in this application or clarifying previously issued grant guidelines. Any guidance issued after the initial approval of the application is to be incorporated with these instructions. (See the Errata Notices section.)

Parts of the Request for Application

The request for application (RFA) consists of the following parts.

General and Fiscal Guidelines

The General and Fiscal Guidelines apply to all grants administered by TEA. This part of the RFA describes the application process and submission procedures and provides general directions regarding the process to be used for distribution and management of grant funds. Always refer to the Program Guidelines for detailed information about the specific grant program. The Program Guidelines will, as necessary, refer the applicant back to the General and Fiscal Guidelines for general information.

Program Guidelines

The Program Guidelines provide information about the specific program, including the purpose of the grant, eligibility criteria, program description, statutory and TEA program requirements, any specific application review criteria, and critical dates.

Program-specific information in the Program Guidelines supplements the more general and comprehensive grant-related information in the General and Fiscal Guidelines. Applicants are reminded to refer to the General and Fiscal Guidelines for guidance as they complete and prepare to submit their applications.

Standard Application System (SAS) and Instructions

The SAS contains the schedules that must be completed for the applicant to be eligible for grant funding. Included are schedules requiring input in response to the requirements defined for the program as well as budget schedules, hyperlinks to the provisions and assurances associated with the grant program, and hyperlinks to the instructions for each schedule.

Standard instructions may be accessed by selecting (clicking) each schedule title. These instructions contain general and comprehensive information necessary to complete the schedules. Additional detailed information is also provided, as applicable, that is specific to the particular grant program.
TEA does not have the resources to provide technical assistance to those who experience difficulty accessing and using these schedules. Currently, there is no electronic submission of this paper-based application. Any eligible entity submitting an application is responsible for ensuring that the printed schedules maintain TEA’s format.

**Provisions and Assurances**

All the legal provisions and assurances that apply to the grant program are posted on the Division of Grants Administration [Provisions and Assurances](#) page of the TEA website and linked in Schedule #2—Required Attachments and Provisions and Assurances, Part 2, for paper grants and on Schedule CS7000—Provision, Assurances, and Certifications for eGrants. By signing Schedule #1 or certifying the CS7000 and submitting the grant application, the grantee indicates that the authorized official (or designee) has read and agrees to comply with all the terms outlined on the applicable schedules.

The following sections describe the various provisions and assurances and how they apply to grant applicants.

**General Provisions and Assurances**

This set of provisions and assurances applies to all applicants for all grants that TEA administers. It includes a summary of the terms of the contract between TEA and the grantee and a list that includes but is not limited to the federal rules, laws, and regulations that apply to all state and federal programs.

**Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion—Lower Tier Covered Transactions**

This set of provisions and assurances applies to all applicants for federally funded programs.

Per Title 34, Code of Federal Regulations, 80.35, “Grantees and subgrantees must not make any award or permit any award (subgrant or contract) at any tier to any party which is debarred or suspended or is otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549, ‘Debarment and Suspension.’”

By signing Schedule #1 and submitting the application, the applicant certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

**Lobbying Certification**

This set of provisions and assurances applies to federal grants in excess of $100,000 or in which a subgrant/subcontract to another organization exceeds $100,000.

By signing Schedule #1, the applicant certifies that no federally appropriated funds have been used to lobby Congress in connection with the making of any federal grant, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal grant or cooperative agreement.
No Child Left Behind Act of 2001 Provisions and Assurances

This set of provisions and assurances applies to all applicants for federally funded grants funded under the Elementary and Secondary Education Act of 1965, as amended by P.L. 107-110, No Child Left Behind Act of 2001 (NCLB).

Program-Specific Provisions and Assurances

Particular attention should be paid to the requirements contained in the program-specific provisions and assurances. The signature of the authorized official indicates that the grantee has read and will comply with these requirements. Please review each of these assurances carefully as you will be required to implement them and document their implementation. These activities may be monitored or audited.

Terms of Contract

In addition to the terms specified in the provisions and assurances, the following also apply to all grantees.

Preparation and Submittal of Application

TEA will not be liable for any costs incurred in the preparation and submittal of the application.

The applicant shall furnish such additional information as TEA may reasonably require.

Scope of Work

The applicant agrees to complete the scope of work described in the approved application at the contracted funding amount.

Rejection and Negotiation

TEA reserves the right to reject any and all applications and to negotiate portions thereof.

For grant programs other than competitive grant programs, TEA will negotiate applications using a differentiated review process based on the fiscal risk status of the grantee. The risk status is determined by the agency’s annual federal fiscal risk assessment process.

Grantees deemed medium or low risk for the fiscal year in which the grant is released will receive a less intensive application review and negotiation process. This differentiated review process will allow NOGAs to be issued more quickly to medium- and low-risk grantees.

Selection of Applications

TEA reserves the right to select the applications containing the best offer considering the outcomes desired.

Awarding of Funds

Project funding is based on appropriation by the authorized governmental body and on general budget approval by the commissioner of education, the state legislature, or US Congress, as applicable. It should be clearly understood that the applicant will not necessarily receive the amount requested if a lesser amount is determined to be appropriate.
**Right to Reduce Funding**

TEA reserves the right to reduce funding if the initial funding projections are determined not to have been realistic based upon the number of actual applicants or other factors. Should additional funds become available for distribution, the commissioner of education or his or her designee will determine how these funds will be distributed.

**Commencement and Performance of Project Activities**

The grantee must commence and perform project activities according to established timelines. Failure to do so may result in reduction and reallocation of funds.

**Competitive Bid Process**

Applicants must comply with competitive bidding requirements outlined in the Texas Education Code, Section 44.031, and its implementing rules, where applicable.

**Right to Revoke**

The commissioner of education or his or her designee reserves the right to revoke a grant award for reasons including but not limited to the following:

- Noncompliance with application’s provisions and assurances
- Failure to implement the grant program or to use grant funds and any required cost share or matching funds in accordance with the RFA, program rules and guidelines, the authorizing program statute, or the application approved by TEA
- Lack of program success as evidenced by progress reports and program data
- Failure to provide program data to TEA or its subcontractors
- Failure to account for grant funds in accordance with standards for financial management, to retain proper documentation for grant expenditures, or to provide information to auditors and monitors
- Identification by TEA as a high-risk grantee during the grant period, in which case TEA reserves the right to begin procedures immediately to terminate the grant. The grantee will be reimbursed for allowable expenditures up through the date of notification of high-risk status.
- Failure to meet performance measures or standards as specified in the RFA
- Failure to provide accurate, timely, and complete information as required by TEA to evaluate the effectiveness of the grant program

For a state-funded grant, a decision by the commissioner of education to revoke the grant award is final and may not be appealed.

**Continuation Funding**

Project funding in subsequent project periods will be based on satisfactory progress on the first-period objectives and activities, general budget approval by the commissioner of education or his or her designee, and appropriations by the state legislature or the US Congress, if the grant is federally funded.
Review and Approval of Grant Products

If specified by TEA, the program design and all materials, program activities, and other products produced or adapted by the grantee must be reviewed and approved in draft form and in final form by TEA.

Sole Property of TEA

All materials, conceptions, and products created or conceived by the grantee, its employees, agents, consultants, or subcontractors arising out of this grant shall be the sole property of TEA. TEA, and/or the federal government for a federally funded project, shall hold the copyright and trademark to all materials, conceptions, and products created or conceived under this grant. The grantee shall so bind all concerned through written agreements with subcontractors and consultants.

Applicant Assistance

Applicants are responsible for periodically checking the TEA Grant Opportunities page for any postings of frequently asked questions (FAQs), additional/clarifying information, or errata notices that pertain to this application.

TEA assumes no responsibility and holds all applicants solely responsible for obtaining all information, errata notices, or changes to applications.

Navigating the TEA Grant Opportunities Page

All materials related to the RFA are published on the web via the TEA Grant Opportunities page. To navigate to the page and locate materials there, follow these steps:

1. On the TEA Home Page, hover over Finance & Grants on the top menu.
2. In the Grants category, select Applying for a Grant.
3. In the Paper Applications bullet item, select TEA Grant Opportunities.
4. From the Application Name drop-down list, select the application name.
   - The grant start and end dates are listed in the Funding Information section.
   - The RFA and associated materials, such as frequently asked questions (FAQ) or errata notices are posted in the Application and Support Information section.
   - Due dates for progress reports, expenditure reports, and the last amendment due date are listed in the Critical Events section.
   - The names, telephone numbers, and email addresses of TEA program and funding contacts are listed in the Contact Information section.

TEA Contacts

With questions about the content of the General and Fiscal Guidelines, email the Division of Grants Administration at grants@tea.texas.gov.
With questions about any program-specific information contained in the Program Guidelines, contact the TEA program manager listed in the Program Guidelines, Contact for Clarifying Information.

**Frequently Asked Questions**

For competitive grants, to assure that no prospective applicant obtains a competitive advantage because of acquisition of information unknown to other prospective applicants, any and all questions about the RFA must be submitted in writing to the TEA contact person listed in the Program Guidelines, Contact for Clarifying Information. The name of the RFA and the RFA number, located at the bottom of each page of the Program Guidelines, must be included in the written request for information.

Applicants must submit their written questions no later than 5:00 p.m. Central Time on the date specified in the Program Guidelines, Grant Timeline. The questions and their answers (in the form of FAQs) will be published on the TEA Grant Opportunities page on or before the date specified in the Program Guidelines, Grant Timeline. To provide all applicants with equal opportunity to review all FAQs prior to submitting the grant application, any questions received after that date will not be answered by TEA.

The FAQ document becomes incorporated into the RFA by reference.

**Applicants’ Conference**

Prospective applicants for competitive grants will be provided an opportunity to receive general and clarifying information from TEA about the scope of the RFA. The applicants’ conference will generally take the form of a webinar. The webinar will be the single opportunity, in a group setting, for applicants for competitive grants to ask questions of TEA personnel in order to clarify their understanding of the scope and nature of the work required for this application. The conference will be open to all potential applicants, and all questions will be asked and answered in the presence of all attending. Each person who attends will be required to register with his or her name and the name, address, and telephone number of the organization he or she represents.

Questions relevant to the RFA may be sent to the program manager listed in the Program Guidelines, Contact for Clarifying Information, no later than the deadline date listed in the Program Guidelines, Grant Timeline. These questions, along with other information, will be addressed in the presentation.

The system requirements for PC users are Windows 2000, XP Home, XP Pro, 2003 Server, or Vista. The requirements for Macintosh users are Mac OS X 10.4 (Tiger) or later. Questions related to webinar access should also be directed to the program manager listed in the Program Guidelines, Contact for Clarifying Information.

**Errata Notices**

If an error is found in the RFA, TEA will publish a correction through an errata notice. Errata notices are posted to the TEA Grant Opportunities page and also may be publicized through email bulletins. It is the applicant’s responsibility to periodically check the TEA Grant Opportunities page for any posting of errata notices.
Email Bulletins

The Division of Grants Administration publicizes a variety of grant-related information via email bulletins, including the following:

- RFA announcement letters
- Summaries of errata notices
- Grant deadlines
- Grant information

To subscribe to Division of Grants Administration bulletins, go to the TEA Updates page of the TEA website and submit your request to sign up. On the Quick Subscribe page, select the Grants Administration and Federal Program Compliance (GAFPC) topic from the Grants category.

Shared Services Arrangements

A shared services arrangement (SSA) is an agreement between two or more school districts, open-enrollment charter schools, and/or ESCs. The SSA provides services for all of the entities involved. Such entities may desire to enter into an SSA for the performance and administration of a program in order to maximize the use of funds and services to be provided. In every SSA, a fiscal agent is designated to be ultimately responsible for conducting administrative duties. An eligible entity, as defined in the Program Guidelines, Shared Services Arrangement, must serve as the fiscal agent for an SSA.

All listed members of the SSA must positively certify their agreement to the listed requirements and conditions by signing Schedule #3—Certification of Shared Services. Each participant should carefully review the certification statement before signing. Only after all participants have approved the contents of the application can the fiscal agent perform a final certification and submission of the SSA grant application to TEA.

Excluded Entities

The following entities are excluded from providing services through an SSA:

- Colleges/universities
- Community-based organizations
- Councils of governments
- Other local governments, such as cities and counties

These other entities may contract with the SSA’s fiscal agent to provide services or enter into a collaborative partnership with the fiscal agent to conduct grant activities. Such contractors or partners will not be members of the SSA.
Fiscal Agent Responsibility

The designated fiscal agent of an SSA is the applicant that completes and submits a composite application with input from and on behalf of its members.

The fiscal agent is responsible for the following:

- Ensuring that funds are used in accordance with grant provisions
- Maintaining all SSA financial and personnel records required for TEA, in accordance with Financial Accounting and Reporting (FAR)

The fiscal agent may be responsible for financial consequences concerning the following:

- SSA instances of noncompliance
- Any SSA member unable to repay respective portion of misappropriated funds in question

Written SSA Agreement

When two or more school districts, open-enrollment charter schools, or ESCs enter into an SSA, a formal written agreement is required that defines the composite entity and describes the responsibilities of its fiscal agent and of each SSA member. At a minimum, this agreement contains the following information.

- Legal requirements:
  - Organization of the shared services arrangement
  - Ownership of assets
  - Policies and procedures addressing disposition of assets if the SSA is terminated by one or all members
  - Liabilities, including legal fees due to complaint, grievance, litigation, refund from onsite monitoring, audit, etc.
  - Basis for allocation of costs of the fiscal agent
  - Uncontrollable costs that impact the fiscal agent

- Responsibilities of the designated fiscal agent:
  - Services to be provided to SSA members
  - Employment of personnel
  - Budgeting and accounting
  - Reporting

- Responsibilities of each SSA member:
  - Employment of personnel
  - Budgeting and accounting
  - Reporting

The written agreement must be on file by the fiscal agent for audit and monitoring purposes.
eGrants Application Designation Form for Shared Services Arrangements

To facilitate the automation process, TEA has developed an “Applicant Designation and Certification” form for use with eGrants applications that permit an SSA. All applicants applying for a grant in eGrants that permits an SSA are required to complete the “Applicant Designation and Certification” form and submit it through eGrants before being allowed access to the automated application. On this form, you must indicate how you will apply for that grant: apply as an independent project, apply as the fiscal agent for a SSA (Consortium), apply as a member of an SSA, or not apply at all. A response to this form is required to set up your application in the eGrants system. The response eliminates the required signature of each member on the Shared Services Arrangement (Certification for Consortium Projects) schedule in the application and the need to complete a Notice of Intent to Apply. The response to this form is binding for the entire project period. You are advised to complete the process of obtaining local board approval, as appropriate, before submitting this form.

If your organization is a prospective applicant applying for a grant permitting an SSA, please submit the electronic Applicant Designation form by the date specified in the Program Guidelines, Grant Timeline.

Application Completion and Submission

This section describes the process of completing and submitting the application.

Coordination with the Business Office

To ensure compliance with required accounting procedures, all applicants are strongly encouraged to consult with their business office about assignment of budgeted items to the proper class/object codes before submitting the application. Advance coordination with the business office will expedite negotiation and processing of the application and may assist in avoiding audit exceptions for the grantee.

Supplement, Not Supplant

Unless otherwise specified in the Program Guidelines, Supplement, Not Supplant, funds for this program must be used to supplement (increase the level of services) and not supplant (replace) funds from federal, state, and local funds for similar activities. Any program activity required by state law, State Board of Education (SBOE) rules, or local board policy may not be paid for with these funds. State or local funds may not be decreased or diverted for other uses merely because of the availability of these funds. Grantees must maintain documentation that clearly demonstrates the supplementary nature of these funds.

Submitting an eGrants Application

This section describes the process of completing and submitting an application online in eGrants.
Applicants for an application available on the TEA web-based eGrants system must use eGrants to apply for the funds. Paper applications will not be accepted. You must provide the requested information complete and according to the instructions. For competitive grants, applicants will not be permitted to add further information past the due date for submission. Incomplete applications will not be considered for funding.

All applications must include any requested attachments, in addition to contact information, program forms, budget forms and provisions, assurances and certifications.

Grant Writer Designation Form (Competitive Campus/Site-Based Applications)

This form identifies users who will have access to view and complete grant applications on behalf of your organization. Because of the competition among campuses or sites for some grants, users must be designated access to a campus or site grant application by the superintendent or the organization’s authorized official. Only the superintendent or the organization’s authorized official may complete the Grant Writer Designation form. This form must designate up to three individuals who will be granted access to each campus or site grant application being submitted on behalf of the organization. The information submitted on this form is considered to be binding. Only the users identified on this form will have access to this grant application.

Submitting a Paper Application

This section describes the process of completing and submitting a paper application.

Completing the Competitive Application

All schedules must be complete and included in the application. Competitive applications will be disqualified if schedules are missing, blank, or missing required attachments. Also, no additions (including any required attachments) or replacements to the application will be accepted after the closing date for receiving the application. To be considered for funding, the required number of copies of the application must be received by 5:00 p.m. on the deadline date published in the Program Guidelines, Grant Timeline.

It is the applicant’s responsibility to ensure that all copies of the application are complete before submitting the application to TEA. All schedules must be included and completed, and all required attachments must be appended to the back of each copy of the application at the time it is submitted.

TEA staff cannot make photocopies to complete an application. TEA does not provide facilities, equipment, or supplies for applicants to use in completing an application.

Application Format

Each copy of the application should be clipped in the upper left corner. Do not staple or bind the application in a notebook or folder. Do not include a cover sheet, table of contents, or divider pages. Do not include unsolicited attachments. Applicants are responsible for ensuring that each copy of the application is complete and is in the proper order.

All narrative schedules must be completed in Arial with a font size no smaller than 10 points and must be on the schedules provided by TEA with no alterations. Any pages altered will be removed prior to scoring. Handwritten schedules will not be reviewed and will receive a score of zero. Any pages that exceed the specified page limitation for narrative schedules will be removed prior to review and scoring.
**Required Schedules**

For competitive applications, all required schedules are indicated in Schedule #1—General Information, Part 3, Schedules Required for New or Amended Application. All required schedules must be included to be eligible for review and scoring. Applications that are missing one or more required schedules will be disqualified.

**Blank Schedules**

Applications containing any required schedules that are completely blank will be disqualified.

**Incomplete Schedules**

During the competitive review process, blank fields on a program schedule may affect how the application is scored by reviewers, and each blank field on a program schedule will likely affect the application’s overall score. TEA staff, however, will no longer check each application for blank fields and will no longer deduct points for blank fields after the reviewers’ scores have been calculated. This change streamlines the competitive review process so that grant funds can be awarded more quickly.

**Requirements Common to Both Paper and eGrants**

**Applications**

The following sections describe requirements that apply to all TEA grant applications.

**Statutory Requirements**

All statutory requirements defined in an application must be addressed before it will be considered for funding.

For competitive grants, applications that do not address all of the statutory requirements for the grant program will not be eligible or considered for funding and are not eligible to be corrected or negotiated. Only applications that address all statutory requirements at the time of submittal are eligible to be negotiated and funded, regardless of their final score or ranking.

**TEA Program Requirements**

Applicants must address all TEA program requirements to be eligible for grant funding. If any TEA program requirements are not addressed, the application will need to be corrected during negotiations before TEA can award the grant to the applicant. Although the application may be eligible to be funded, sections of the application with missing TEA program requirements may receive a score of zero from reviewers.

**Fiscal-Related Documentation Required to Be on File**

Grant applications have been streamlined so that they only require information that is necessary to award the grant funds. Grantees should maintain all fiscal and programmatic documentation locally and must be able to provide the documentation to TEA upon request.

The following types of applicants are required to have the listed documentation on file with TEA.
Local Educational Agencies: ISDs, Open-Enrollment Charter Schools, and ESCs

Independent school districts (ISDs), open-enrollment charter schools, and regional education service centers (ESCs) must have on file with the TEA Division of Financial Compliance the annual financial report (audit report) for the immediate prior fiscal year and for all previous fiscal years. If the audit report for the immediate prior fiscal year is past due (i.e., delinquent) as of the deadline date for submitting applications in response to this RFA, the application (state or federal discretionary) may be disqualified and not be considered for funding. Any decision to disqualify an application for this reason is final and may not be appealed.

Other applicants are required to attach the audit report to the application. See the Required Fiscal-Related Attachments section for details.

Open-Enrollment Charter Schools

Open-enrollment charter schools operated by a nonprofit organization must have the proper proof of nonprofit status on file with the TEA Division of Charter School Administration.

Other nonprofit applicants are required to attach proof of their nonprofit status to the application. See the Required Fiscal-Related Documents section for details.

Required Fiscal-Related Attachments

The following sections list the fiscal-related documents that the different applicant types are required to submit with their grant application. For competitive applications, all required attachments must be attached to each copy of the application at the time the application is submitted for it to be eligible for funding. Applications that are missing any required attachments will not be eligible for review and scoring.

IMPORTANT NOTE: See the Audit Report Requirements section for details regarding the audit submission requirement as it applies to different applicant types.

Institutions of Higher Education

No fiscal-related attachments are required to be submitted with the grant application.

Nonprofit Organizations, Excluding ISDs and Open-Enrollment Charter Schools

See the Fiscal-Related Documentation Required to Be on File section for the requirement that applies to open-enrollment charter schools sponsored by a nonprofit organization.

All other nonprofit organizations must submit the following documents with the application:

- Proof of nonprofit status, including any of the following:
  - Copy of a letter from the Internal Revenue Service recognizing that contributions to the organization are tax deductible under Section 501(c)(3) of the Internal Revenue Code
  - Statement from a state taxing body or the state attorney general certifying that the organization is a nonprofit organization operating within the state and that no part of its net earnings may lawfully benefit any private shareholder or individual
  - Certified copy of the applicant’s certificate of incorporation or similar document if it clearly establishes the nonprofit status of the applicant
Any item described above if that item applies to a state or national parent organization, together with a statement by the parent organization that the applicant is a local nonprofit affiliate.

Any of the above documentation submitted must be in the name of the applicant to be eligible for consideration. A grant will not be awarded to a nonprofit organization that cannot demonstrate nonprofit status at the time of application submittal.

**For-Profit Entities**

No fiscal-related attachments are required to be submitted with the grant application.

**Governmental Entities**

No fiscal-related attachments are required to be submitted with the grant application.

**Required Program-Related Attachments**

In addition to any required fiscal-related attachments, TEA may require program-related documentation to be submitted with the application. For competitive applications, all required attachments must be attached to each required copy of the application for it to be eligible for funding. Applications that are missing any required attachments will not be eligible for review and scoring.

See the Program Guidelines, Required Program-Related Attachments, for a description of any program-related documentation required to be submitted with the application for the grant program.

**Submitting the Application**

The following sections describe the procedures related to proper submission of the application.

Applicants may request extensions to application deadlines for formula grants and noncompetitive discretionary grants, and the requests will be considered by TEA on a case-by-case basis. However, applicants may not request extensions, nor will they be granted, to competitive grant application deadlines.

**eGrants Applications**

The eGrants application must be certified and submitted by an individual who has been authorized by the applicant or grantee organization to enter the organization into a legally binding contractual agreement. The “Authorized Official” is the individual who will represent the applicant or grantee in the event any legal disputes arise. For school districts, this person is usually the superintendent. For education service centers (ESCs) and nonprofit organizations, this person is usually the executive director.

In establishing the time and date of receipt, the commissioner of education will rely solely on the date and time of the eGrants automated system. Competitive applications not submitted by 5:00 p.m. Central Time on the due date will not be accepted by TEA.

TEA accepts no responsibility for technical problems, delays, or insufficient capacity of technology that occurs at the applicant or originating organization. Applicants are strongly advised to submit
competitive applications well before the deadline time and date in an effort to reduce or eliminate technical barriers.

**Paper Applications**

**Number of Copies**

*To be eligible to be considered for funding,* the following number of copies of the application must be received by 5:00 p.m. on the deadline date listed in the Program Guidelines, Grant Timeline:

- Three copies for noncompetitive grants
- Four copies for competitive grants (unless specifically stated otherwise in the Program Guidelines, Number of Copies)

**Original Signature**

At least three copies of the application must have an original signature (blue ink preferred) of the person authorized to bind the applicant in a contract.

Applications submitted by ISDs must be signed by the superintendent of the ISD or a designee. Applications submitted by regional ESCs must be signed by the executive director or a designee. Applications submitted by open-enrollment charter schools must be signed by the chief operating officer of the school. Campuses and campus charter schools must apply through their ISD, and the application must be signed by the superintendent or a designee.

**Where to Submit the Application**

TEA will not accept applications by email. Applicants delivering a grant application in person should take their materials to the TEA visitors’ reception area on the second floor of the William B. Travis Building, 1701 North Congress (at 17th Street and North Congress, two blocks north of the Capitol), Austin, Texas, 78701.

For applicants shipping or mailing the application, the address is:

```
Document Control Center
Division of Grants Administration
Texas Education Agency
1701 N. Congress Avenue
Austin TX 78701-1494
```

**Competitive Application Due Date**

Applications will only be accepted and considered for funding if received by 5:00 p.m. Central Time on the deadline date listed in the Program Guidelines, Grant Timeline. TEA assumes no responsibility, due to any circumstances, for the receipt of an application after the deadline time and date listed in the Program Guidelines, Grant Timeline. TEA accepts no responsibility for delays caused by mail, shipping, or courier services. You are strongly advised to allow for and anticipate any such delays by sending your application as early as possible. Applications not received by the deadline time and date are ineligible for review and will be returned to the applicant.

TEA will neither accept nor consider for funding any late applications for competitive grants. Accepting one late application for any reason could invalidate the entire competition and require the publication of a new RFA and resubmittal of applications by all applicants on a new deadline.
date. Acceptance of late applications would create an undue burden for applicants who did meet the deadline and cause significant delays in the implementation of the grant program.

In establishing the time and date of receipt, the commissioner of education will rely solely on the time and date stamped on the application upon its receipt at TEA. The following are not acceptable proofs of receipt:

- US Postal Service postmark or round validation stamp
- Mail receipt with the date of mailing stamped by the US Postal Service
- Dated shipping label, invoice, or receipt from a commercial carrier such as UPS, Federal Express, Airborne Express, or Express Mail
- Any other documentation as proof of receipt of any application

Eligibility for Funding

To qualify for grant funding, the applicant must meet all eligibility criteria defined in the Program Guidelines, Eligible Applicants. The following requirements also apply.

Submitting the Annual Audit

The applicant must be in compliance with submitting the annual audit to TEA, as described in the Audit Report Requirements section.

High-Risk Identification

TEA reserves the right not to award a grant to a district or charter school that is identified by TEA as a high-risk grantee. Moreover, TEA reserves the right not to award a federal competitive grant (including a continuation grant that was originally competitive) to a grantee that is identified by TEA as high risk between the time the application is submitted to TEA and the time the application is approved and the NOGA is awarded.

Revoked or Closed Charters

An open-enrollment charter school shall become ineligible for grant funding (or, if a campus has applied for and received funding for this grant, will have its grant funding placed on hold) if the commissioner notifies the campus’s charter holder of his intent to (1) revoke or nonrenew such charter under TEC Chapter 12, or (2) close the campus under TEC Chapter 39, for any of the reasons set forth in either statutory provision. If the commissioner ultimately revokes or denies renewal of an open-enrollment charter of a charter holder or closes a campus that has been awarded funds under this grant program, grant funding shall be discontinued.

Fingerprinting Requirement

In 2007, the 80th Texas Legislature passed Senate Bill 9, which requires a variety of personnel having contact with students to be fingerprinted in order to make their criminal history records available to the State Board of Educator Certification (SBEC) and/or TEA, as appropriate. Senate
Bill 9 was codified in the Texas Education Code, Chapter 22, Subchapter C, Criminal History Records.

A grant agreement is a contract. In terms of its grantees, TEA is subject to the same fingerprinting requirements that apply to the contractors of an LEA or SSA. Therefore, also per TEC §22.0834, the fingerprinting requirement applies to any person offered employment by any entity that contracts with TEA or receives grant funds administered by TEA (i.e., a grantee or subgrantee).

As Applicable to Campus or LEA Employees

As described on the Fingerprinting for Texas Educators and School District Personnel page of the TEA website, the following personnel are required as a condition of employment to submit their fingerprints to either SBEC or TEA:

- Certified educators
- Substitute teachers
- Employees of an LEA or campus who hold a certification other than a teaching certificate
- Noncertified employees of an LEA or campus
- Employees of an SSA, if the employee’s duties are performed on school property or at another location where students are regularly present
- All the above-named employees of a campus or LEA should, before beginning employment, already be in compliance with the fingerprinting requirement, regardless of whether the campus or LEA is a recipient of grant funds administered by TEA.

As Applicable to LEA or SSA Contractors

In addition, per TEC §22.0834, any person who is offered employment by an entity that contracts with an LEA or SSA, or any subcontractor to that entity, is subject to the same fingerprinting requirement, as long as the person meets both the following conditions:

- The employee or applicant has or will have continuing duties related to the contracted services.
- The employee or applicant has, will have, or may potentially have direct contact with students on school property or at another location where students are regularly present.

LEAs and SSAs should refer to the Instructions for Contractors document, posted under the Information for School District Contractors link on the Fingerprinting for Texas Educators and School District Personnel page of the TEA website, for information on how to comply with the fingerprinting requirement for contractors meeting the above two conditions.

All the above-referenced contractors of an LEA or SSA should, before beginning employment, already be in compliance with the fingerprinting requirement, regardless of whether the LEA or SSA is a recipient of grant funds administered by TEA.
As Applicable to Institution of Higher Education, Nonprofit, and For-Profit Grantees

Employees of institutions of higher education (IHEs), nonprofit, or for-profit organizations receiving grant funds from TEA are subject to the fingerprinting requirement, as long as those employees meet the two conditions described above.

By signing or certifying the grant application, the grantee provides assurance to TEA that all its employees, subcontractors, and subgrantees comply with the fingerprinting requirement for every individual who has continuing duties under the subcontract or subgrant and/or who has, will have, or potentially may have direct contact with students on school property or at another location where students are regularly present.

The grantee is responsible for the following:

- Contacting the Department of Public Safety to set up a secure site account to monitor progress
- Collecting personal information for all applicable employees, subcontractors, or subgrantees
- Communicating instructions to those individuals on how fingerprints must be submitted, including information indicating that the individual is responsible for all associated fees
- Reviewing each individual's criminal history and ensuring that all employees of the subcontractor or subgrantee are eligible for employment under the grant
- Maintaining any applicable and necessary files related to criminal history background checks in case of audit
- Providing assurance to the campus administrator that all applicable grant and subcontract employees have met the fingerprinting requirement, that they are eligible to be on campus, and that criminal histories are available on request to the campus administrator

For instructions, grantees should refer to the Instructions for Contractors document, posted under the Information for School District Contractors link on the Fingerprinting for Texas Educators and School District Personnel page of the TEA website. The grantee should contact the applicable TEA program division with any questions regarding the fingerprinting requirement for its subgrantees.

The Fingerprinting Unit does not review the criminal history of these individuals or confirm their eligibility for employment under the grant.

Use of Funds

Funds expended through this grant program must be used for the purposes described in the following sections of the Program Guidelines:

- Purpose of Program
- Program Description
- Statutory Requirements
- TEA Program Requirements
Applicants may elect to use additional resources and other sources of financial support to help maximize the effectiveness of the program goals and objectives. So long as they do not violate the supplement, not supplant provision, applicants are strongly encouraged to coordinate their participation in federal, state, and local programs to eliminate duplication of resources.

**Obligation of Funds**

Program funds shall not be obligated for expenditure before the beginning date of the grant or after the ending date of the grant unless pre-award costs are expressly permitted for the individual grant program. Funds may be requested only for those items that are reasonable and necessary for accomplishing the objectives of the program as defined in this RFA and for implementing activities as described.

In some instances, goods or services delivered near the end of the grant period may be viewed by TEA as not necessary to accomplish the objectives of the current grant program, but TEA will evaluate such expenditures on a case-by-case basis. Please note that a TEA monitor or an auditor may disallow those expenditures if the grantee is unable to (1) document the need for the expenditures, (2) demonstrate that program beneficiaries receive benefit from the late expenditures, or (3) negate the appearance of “stockpiling” supplies or equipment.

An obligation occurs depending upon the expenditure, as described in the following table.

<table>
<thead>
<tr>
<th>If the Obligation Is For—</th>
<th>The Obligation Is Made—</th>
</tr>
</thead>
<tbody>
<tr>
<td>Acquisition of real or personal property</td>
<td>On the date the grantee makes a binding written commitment to acquire the property</td>
</tr>
<tr>
<td>Personal services by an employee of the grantee</td>
<td>When the services are performed</td>
</tr>
<tr>
<td>Personal services by a contractor who is not an employee of the grantee</td>
<td>On the date on which the grantee makes a binding written commitment to obtain services</td>
</tr>
<tr>
<td>Performance of work other than personal services</td>
<td>On the date on which the grantee makes a binding written commitment to obtain the work</td>
</tr>
<tr>
<td>Public utility services</td>
<td>When the grantee receives the services</td>
</tr>
<tr>
<td>Travel</td>
<td>When travel is taken</td>
</tr>
<tr>
<td>Rental of real or personal property</td>
<td>When the grantee uses the property</td>
</tr>
</tbody>
</table>

**Grant Period**

All encumbrances, expenditures, and obligations of funds for this program must occur on or after the effective date of the application (the date the application was received or the first day of the grant availability period, whichever is later) and within the grant beginning and ending dates listed on the NOGA. The terms encumbrance, accounts payable, and expenditure, as with all other project accounting terms, are used here as defined in the Financial Accountability System Resource Guide (FASRG).
Reasonable and Necessary

Pursuant to the Uniform Grants Management Standard (UGMS) adopted by the Governor’s Office, TEA applies the federal cost principles to both state and federal grants. Funds requested must be only for those items that are reasonable and necessary for accomplishing the objectives of the program and for implementing activities as described in the application. All costs must be budgeted in the approved application to be eligible to be charged to the grant.

TEA staff will determine, during grant negotiations, if costs budgeted in the application are reasonable and necessary for the grant program and size of the campus/LEA. Costs determined by TEA staff to be unallowable or not reasonable and necessary will be removed from the application during negotiations and may be reduced from the grant year budget, depending on the specific grant program. Requested funds may or may not be reallocated to other activities, depending on the specific grant program, after being determined unallowable or not reasonable and necessary by TEA staff.

Definition of Reasonable and Necessary

Costs that are reasonable are defined as those costs that are consistent with prudent business practice and comparable to current market value. Costs that are necessary are those costs that are essential to accomplish the objectives of the grant project. All items requested must be allowable expenditures under the authorizing program statutes, regulations, and rules.

In general, the budget schedules submitted by the applicant in the SAS must evidence the following:

- Project costs are reasonable in relation to expected outcomes:
  - The amount requested would realistically be expected to have an impact on the stated needs.
  - The expected outcomes are sufficient to justify the amounts requested.
- The program identifies and coordinates funding from several sources.
- All expenditures are pertinent to and appropriate for the objectives and activities stated.

Reasonable Costs

A cost can be considered reasonable if it meets the following standards:

- The cost is of a type generally recognized as ordinary and necessary for the operation of the organization or grant performance.
- Restrictions or requirements are imposed for generally accepted, sound business practices, arms-length bargaining, federal or state laws and regulations, and grant award terms and conditions.
- Individuals are acting with prudence in the circumstances of responsibility to the organization, its members, employees, clients, the public, and federal or state government.
- There are no significant deviations from established practices of the organization that may unjustifiably increase grant costs.

Allocable Costs

The following guidelines apply to allocable costs:
A cost is allocable to a particular grant in accordance with the relative benefits received if it is treated consistently with other costs incurred for the same purposes in like circumstances and if it meets the following:

- Is incurred specifically for the grant
- Benefits both the grant and other work and can be distributed in reasonable proportion to the benefits received
- Be distributed in reasonable proportion to the benefits received

Any cost allocable to a particular grant or other cost objective may not be shifted to other federal awards (or state awards, if state-funded) to overcome funding deficiencies or to avoid restrictions imposed by law or by the terms of the grant award.

**Allowable Costs**

Refer to the Program Guidelines, Allowable Activities and Use of Funds and Unallowable Activities and Use of Funds, for additional guidance pertaining to costs that are allowable and unallowable for the grant program.

To be allowable to be charged to a grant, costs must meet the following criteria:

- Be reasonable for the performance of the grant and be allocable under the applicable cost principles
- Conform to limitations or exclusions set forth in applicable cost principles or the grant agreement as to types or amount of costs
- Be consistent with policies and procedures that apply uniformly to federally or state-funded activities and activities funded from other sources
- Be accorded consistent treatment among all grant programs, regardless of funding source
- Be determined in accordance with generally accepted accounting principles (GAAP)
- Not be included as a cost or used to meet cost-sharing or matching requirements of any other federally or state-funded program in the current or a prior period
- Not be used for lease-purchases (i.e., debt service) if for discretionary grants

Refer to the instructions for the specific SAS schedules for additional guidance pertaining to allowable and unallowable costs. Also refer to the TEA Guidelines Related to Specific Costs, posted in the Allowable Cost Guidance section of the Division of Grant Management [Administering a Grant](#), for a summary of certain unallowable costs.

**Space Utilization Charges**

Space utilization recovery charges for any grantee must be at a rate no greater than 2% of the acquisition cost in accordance with the provisions in the applicable Office of Management and Budget (OMB) Circular. The charge must be prorated based on actual space utilized. For audit purposes, grantees must maintain sufficient documentation to support the charges incurred. Space utilization charges may not include charges for the use of hallways, restrooms, reception areas, or other common use areas.
Cost of Equipment Insurance

Equipment purchased with federal funds must be insured. The actual cost of insurance for equipment purchased with funds from this grant program may be charged as a direct cost to the grant so long as the insurance costs are not contained in any other comprehensive casualty insurance that may be held by the grantee.

Use and Disposition of Equipment Purchased with Grant Funds

Equipment purchased with state or federal grant funds must be used in the grant project for which it was acquired for as long as the equipment is needed, whether or not the grant continues to be funded by state or federal funds. Unless TEA indicates otherwise, once the equipment is no longer needed, its use may be transferred to support another state- or federally funded grant. In this situation, equipment purchased with federal funds must be used in another federally funded program, and equipment purchased with state funds must be used in another state-funded program. Use for the original grant should always take priority over other uses.

Only the grant funds used to purchase equipment may be used to pay for repairs to that equipment. If the equipment is no longer needed for the original grant, and its use has been transferred to another state or federal grant as appropriate, repairs may be purchased with funds from the second grant.

If equipment can no longer be used, it may be disposed of as follows:

- Items of equipment with a current per-unit fair market value of $5,000 or less may be retained, sold, or otherwise disposed of with no further obligation to TEA.
- After receiving written authorization from TEA, items of equipment with a current per-unit fair market value in excess of $5,000 may be retained or sold. The grant must be credited and a refund must be submitted to TEA for the fair market value of the equipment.

Reasons for removal may include that the equipment is no longer operable, was destroyed, was stolen, or is no longer needed.

Permission to remove equipment purchased with federal or state funds from a grantee’s inventory may be requested from TEA by emailing TEA’s chief grants administrator at grants@tea.texas.gov. TEA will provide an equipment disposition form to be submitted for approval by TEA’s chief grants administrator.

If the grantee purchases capital outlay (furniture or equipment) to accomplish the objectives of the grant project, the title will remain with the grantee organization throughout the grant period. TEA reserves the right to transfer capital outlay items during the grant period or as needed after the ending date of the grant from grantees that fail to comply with grant requirements. This provision applies to any furniture or equipment regardless of unit price and item classification in the grantee’s accounting records.

Technology Purchases

Applicants should be thoughtful and deliberate in the planning phase of the application process when budgeting grant funds to purchase technology equipment, in particular items such as tablet computers and laptops. Because different types of technology equipment are used in different ways, they offer different benefits to the intended beneficiaries of the grant. The grant application must specify what type of technology is planned to be purchased and must demonstrate how the planned purchase aligns with the purpose and goals of the grant.
After grant funds are awarded, they must be expended in accordance with the approved budget. For instance, if the grantee budgeted for laptops and decides that tablet computers would be a more cost-effective means of serving the same need, the grantee must submit an amendment to the application, which must be approved before tablet computers may be purchased using grant funds.

**Personal Use of Technology Items Purchased with Grant Funds**

Grantees are strongly encouraged to develop and approve a policy pertaining to the personal use of technology items purchased with grant funds. The policy should include the following elements:

- A statement detailing that software and/or applications that are solely for personal use should not be loaded/saved onto technology items purchased with grant funds
- Mechanisms/procedures for ensuring compliance with the policy
- Consequences for noncompliance with the policy

**Equipment Inventory for Technology Items That Do Not Meet the Capitalization Threshold**

While items such as tablet computers, netbooks, and laptops may not meet the capitalization level established by the grantee or the Texas Education Agency, TEA strongly recommends that these items be inventoried, tracked, and monitored as they are highly mobile and susceptible to pilfering.

**Desktop Computer**

A desktop computer is a computer that is not designed to be portable and that must be connected to an external power source (rather than running on an internal battery). Desktop computers may be designed so that the central processing unit, monitor, and keyboard are all separate components (as in a tower unit, often association with PCs) or in a unit that incorporates the monitor and processor (as with many Apple desktops, such as the iMac).

Because size and weight are not as important considerations in desktop computers as they are in laptops, desktops are often more powerful, with more installed memory and bigger monitors with higher resolution than what is found on a laptop.

**Laptop Computer**

A laptop computer is portable computer running a computer operating system and consisting of an integrated keyboard, trackpad (with the option of adding a mouse, either via wireless link or USB cable), and screen. The computer is operated via the keyboard, trackpad, and/or mouse, and the screen is for display only. Laptop computers do not incorporate touchscreen functionality.

A laptop computer is built using the same components found in a full-sized desktop computer, except that the components are smaller and sometimes less powerful to make the computer portable. As a result, laptops can run software designed to perform complex functions, something tablets in general are not yet able to do.

**Netbook**

Netbooks were developed as a smaller, lighter, less expensive alternative to laptop computers. Netbooks generally lack advanced functions, such as a CD-ROM or DVD drive, of full-featured laptop computers. Over the period of their development, netbooks began to incorporate more and
more features generally associated with laptop computers. The primary distinction, finally, came to be price, with netbooks being less expensive than laptops.

With the evolution of the tablet computer, and as smaller, lighter, less expensive laptops begin to be produced, the term “netbook” has ceased to be used to describe a category of technology items. Today, a grantee interested in what used to be called a netbook might choose either to purchase a full-featured tablet computer or one of the cheaper laptops.

**Smartphone**

A smartphone is a cellular telephone that incorporates the function of a mobile operating system (OS). A cellular telephone that does not incorporate the function of an OS is known as a feature phone. Feature phones are generally operated from the keypad, and functionality is limited to placing phone calls, sending text messages, and performance of basic computing functions such as calculator, alarm, or calendar.

A smartphone is generally operated via a touchscreen, and the OS permits a much wider range of computing functions, including full Internet connectivity. Smartphones are capable of running software applications (known as “apps”) developed specifically for use with the smartphone’s OS.

**Tablet Computer**

A tablet computer, or tablet, is a very light, relatively small, easily portable computer that consists of a touchscreen and, optionally, a keyboard that connects to the screen via a wireless link or a USB cable. The main differences between tablets and laptops are screen size (with tablets being smaller) and the tablet’s lack of an integrated keyboard. A secondary difference has to do with the functionality of the devices in terms of the software applications they are designed to run.

Although tablets are capable of running software applications, the applications tend to be limited in functionality (similar to the “apps” developed for smartphones). Most tablets run operating systems that were originally developed for smartphones, rather than operating systems designed for actual computers. Tablets are ideal for Internet browsing, email, creation and editing of digital photos and videos, E-book access, and very basic document creation and editing. They are designed with limited processing power and less memory than most laptops.

It should be noted that with every new generation, tablet computer functionality is increased, and the gap between the tablet and the laptop is closing quickly. At present, however, the tablet computer is not designed to run software applications with complex functionality.

**Resources**

Always consult the original applicable circular pertaining to cost principles for the full text. Applicable OMB cost principle circulares include the following, listed by type of entity:

<table>
<thead>
<tr>
<th>Type of Entity</th>

IHEs | OMB Circular A-21, Cost Principles for Educational Institutions

**Application Review and Selection for Competitive Funding**

This section describes the process for reviewing and scoring applications for selection for funding.

**Application Review**

Applications for competitive grants that are received by the established deadline date and time and that meet all requirements will be reviewed by a committee composed of educators, parents (when appropriate), members of the business and college or university community who represent broad and diverse backgrounds, and, as applicable, TEA staff. Review of applications will begin as soon as practical after they are received. The review committee will use the review criteria described in the Standard Review Criteria section.

Note that the scores an application receives during the review process are final and irrevocable. The applicant may not appeal to have an application reviewed or scored again.

**Review Process**

Applications for grants in which the maximum award available is less than $500,000 are reviewed and scored three times. All three scores are averaged.

Applications for grants in which the maximum award available is greater than $500,000 are reviewed and scored five times. The highest and lowest scores are set aside, and the remaining scores are averaged.

**Qualification for Priority Points**

For all grants, regardless of maximum award, applications that receive a certain percentage of points available through the standard or specific review criteria will have priority points added if earned and if available per the program guidelines.

**Reviewer Assurances: Conflict of Interest and Nondisclosure**

All grant reviewers are required to sign a legally binding form certifying that they have no basis for any conflict of interest in the grants they are assigned to review. In addition, reviewers agree not to
disclose the contents of any grant application they review to anyone but TEA’s competitive review team.

A reviewer who violates either of these assurances faces the following potential consequences:

- Nullification of the entire grant competition
- Disqualification of the reviewer’s organization from the specific grant competition
- Ineligibility of the reviewer’s organization to apply for any TEA grant competition for up to 12 months
- Naming of the reviewer’s organization in all official TEA announcements as the reason why a competition must be run again and why any grants awarded under the competition must be canceled/voided

**Oral Interviews**

The applicants receiving the most favorable ratings in the application review may be asked to send a representative to Austin, Texas, or conduct an electronic meeting or conference call, at a time and place to be arranged, for an oral presentation of the application. Applications may be rated again and re-ranked following the oral presentations.

**Final Recommendations**

Based on final scores, the outcome of oral interviews, and any additional considerations identified in the program guidelines, final recommendations are assembled and presented to the commissioner of education or his designee who will, as authorized by the State Board of Education, do one of the following:

- Approve the application in whole or in part
- Disapprove the application
- Defer action on the application for further review

TEA notifies each applicant in writing of the commissioner’s decision. For an application that is preliminarily selected for funding, notification to the applicant will include the contractual conditions that the applicant must accept in accordance with federal and/or state law. Agency staff will thoroughly review each application to confirm that it is in compliance with all applicable rules and regulations and that the identified program goals and activities meet the intent of the RFA. Once it is determined that the application is indeed eligible to be funded, agency staff may contact the designated program contact person to negotiate necessary fiscal and programmatic changes to the application. Agency staff will review the budget and activities to determine if the requested amounts are allowable, reasonable, and necessary to meet the intent of the RFA.

Only after the applicant has accepted these conditions and negotiated a fully approvable application will a NOGA be issued.

**Standard Review Criteria**

The following standard review criteria are used in scoring the application. Please note that more specific, detailed review criteria customized for the grant program may be used in combination with the standard criteria.
Each competitive application is reviewed to determine the capability of the applicant to implement its proposed program. In reviewing the information submitted and in recommending competitive applications for funding, the review committee and TEA staff consider the following criteria: Clearly Outstanding, Exceeds Expectations, Meets Standard, Needs Improvement, or Not Addressed. When rating each indicator, the review committee members select a criterion rating which has an appropriate point value assigned.

**Quality of the Program Plan**

For this indicator, 20 points are possible.

- The proposed program is appropriate to and will successfully address the needs of the target population or other identified needs. (8 points)
- The program activities relate directly to the program goals, local objectives, and strategies, as well as to the program description and project requirements. (4 points)
- The objectives, strategies, activities, and desired results of the program are clearly specified and are measurable. (4 points)
- The design of the proposed program reflects up-to-date knowledge from scientifically based research and effective practice. (4 points)

** Appropriateness of Budget**

For this indicator, 20 points are possible.

- The costs reflected in the budget appropriate for the results expected. (7 points)
- The budget, including personnel, materials, and other identified expenses, adequately supports the activities outlined in the grant proposal. (10 points)
- Expenditures and activities are supplemental to and do not supplant or duplicate services currently provided. (3 points)

**Need for the Proposed Program**

For this indicator, 20 points are possible.

- Details of the needs assessment methodology are provided, and the magnitude or severity of the problem to be addressed by the proposed program is significant. (10 points)
- As the result of a robust assessment effort, specific needs have been identified and strategies to address those needs have been described. (10 points)

**Quality of Management Plan**

For this indicator, 20 points are possible.

- Qualifications, experience, and certifications of program personnel and external consultants are of sufficient quality and depth to ensure successful implementation. (5 points)
- The management plan is designed to achieve the objectives of the proposed program on time and within budget, with appropriate timelines and milestones for accomplishing project tasks. (5 points)
- The procedures ensure feedback and continuous improvement in the operation of the proposed program through ongoing monitoring and adjustments as needed. (3 points)
The proposed program will be coordinated with similar or related efforts using existing resources and facilities and with other appropriate community, state, and federal resources to maximize the effectiveness of grant funds. (3 points)

The level of involvement and commitment to the program of all participants, including management, staff, collaborators and partners, is sufficient to ensure the successful implementation of the program goals, objectives, and activities. (4 points)

**Quality of Program Evaluation**

For this indicator, 10 points are possible.

- The methods of evaluation provide for examining the effectiveness of program strategies. (2 points)

- The methods of evaluation include the use of objective performance measures and indicators of program accomplishment that are clearly related to the intended results of the project and will produce quantitative and qualitative data to the extent possible. (3 points)

- The evaluation design includes processes for collecting data, including program-level data (such as program activities and the number of participants served) and student-level academic data (such as achievement results and attendance data). (3 points)

- The formative evaluation processes outlined in the application provide for the identification and correction of problems throughout the duration of the grant project. (2 points)

**Meeting Program Requirements**

For this indicator, 10 points are possible.

- Strategies and activities are of sufficient quality and scope to ensure equitable access and participation among all eligible program participants. (5 points)

- Strategies and activities are of sufficient quality and depth to ensure accomplishment of the goals and objectives of the program according to the relevant statute. (5 points)

**Additional Possible Points**

In addition, the review committee and TEA staff will consider the ability of the applicant to follow written directions, as follows:

- Application is organized and completed according to instructions. (5 points possible)

**Total Possible Points**

For each application, a total of 105 points is possible.

**Specific Review Criteria**

For some grants, the standard review criteria do not fully address all fundamental aspects of the program the applicant is expected to design and describe in the application. In those cases, additional specific review criteria may be defined so that in addition to the indicators addressed by the standard review criteria, those other fundamental aspects may also be evaluated, reviewed, and scored. Any specific review criteria defined for the grant program will be listed in the Program Guidelines, Specific Review Criteria, along with the point value that corresponds to each criterion.
Priorities for Funding

In some grant programs, points are available to applicants that meet certain priorities for funding defined in statute or by TEA. These points are beyond those available through either the standard or specific review criteria. In general, applicants must receive a certain percentage of points available through the standard and/or specific review criteria, before priority points will be awarded, to be eligible for funding. Any priorities for funding (priority points) defined for the program will be listed in the Program Guidelines, Priorities for Funding.

Selection for Funding

See the Eligibility for Funding section for information regarding requirements applicants must meet before becoming eligible to receive funds.

Applications for competitive grants are considered and selected on the basis of total points scored during review and, if applicable, as the result of any oral interviews, but awards are contingent upon availability of funds. In some cases, only applications that receive at least 70 percent or another minimum percentage of points established by TEA, whichever is greater, will be considered for funding. Grant awards are generally made starting with the highest-scoring application and continuing to the next highest-scoring application until funds are exhausted or until the applications with the minimum percentage score or higher are funded, whichever is the case.

It is important that a diverse group of students and districts be represented in the operation of grant programs. Therefore, after all applications have received a final score, some additional factors may be considered before grant recipients are selected. The order in which applications are ranked may be changed to fund projects that represent a greater diversity of students and districts. In general, projects are selected to establish programs that accomplish the following:

- Meet the intent and purposes of the authorizing statute
- Are cost-effective (i.e., the total grant amount divided by the total number of students served equals the cost per student)
- May be replicated in districts with similar demographics
- Are diverse with respect to size of districts (include districts with small, medium, and large enrollment)
- Are diverse with respect to geographic location in Texas (include different ESC regions or quadrants of the state)
- Demonstrate greatest need
- Meet any additional criteria identified in the Program Guidelines

To be considered for funding, applicants for competitive grants and continuation grants that have previously received discretionary grants from TEA must have a positive record in successfully managing programs. A positive record includes being in compliance with all requirements and conditions of those grants, including financial management requirements, and implementing the grant programs according to the timelines and descriptions proposed in the grant applications.

Notice of Grant Award

Upon successful completion of application negotiation with TEA staff, the grant application is eligible to be funded through the issuance of the NOGA. The NOGA will incorporate this RFA, the
instructions for each form, and the approved application as negotiated by TEA and will constitute the binding agreement between the parties.

To be eligible to receive an approved application, NOGA, and subsequent funding, applicants must not be on warrant hold by the Texas comptroller of public accounts, and must not owe TEA a refund for any discretionary grant.

**Amending the Application**

If selected for funding, grantees must submit any amendments to the approved application in accordance with the instructions for submitting amendments (see the SAS: Schedule #4—Request for Amendment and the associated instructions for paper grants or Schedule GS2300 for eGrants). Amendments may be submitted by any of the following means:

- By fax to (512) 463-9811 or (512) 463-7915
- By mail to the Document Control Center, Division of Grants Administration, Texas Education Agency, 1701 N. Congress Ave., Austin TX 78701-1494
- In person to the second-floor visitor reception desk at the William B. Travis Building in downtown Austin (1701 N. Congress Ave., Austin TX 78701-1494)

Grantees may not amend the grant application in a way that alters the basic program intent, goals, or objectives to the extent that the program would no longer be the program that received the application score and was subsequently recommended for funding.

Regardless of how a grantee distributes the funds among the class/object codes, the grantee is still responsible for carrying out the scope and objectives of the grant as described in the approved application.

TEA reserves the right to reject unnecessary amendments without reviewing and approving them.

**Amendment Justification**

Grantees are permitted to rebudget within the approved direct cost budget (as established on Schedule #6—Program Budget Summary for paper grants or the Schedule BS60XX—Program Budget Summary and Support for eGrants) to meet unanticipated requirements and to make certain changes to the approved budget without written amendment. However, some changes do require the prior written approval of TEA through an amendment.

Regardless of whether an amendment is required, grantees must comply with any requirements for maximum or minimum expenditures for certain categories or activities. For example, if the grant requires that no more than 25% of the funds may be used for a certain activity, such as planning, the grantee must comply with this 25% maximum requirement.

**Amendment Effective Date**

An amendment, after being approved by TEA, is considered effective on the date it was received by TEA in substantially approvable form. All amendments are subject to negotiation.

An amendment must be approved by TEA before any activities occur, such as purchase orders issued, funds encumbered or expended, goods received, or services rendered that are affected by the
amendment. If the grantee chooses to implement such changes prior to the amendment being approved by TEA, the grantee will be responsible for paying, from other fund sources, any costs not approved during negotiations.

Refer to the TEA Grant Opportunities page for the last day an amendment may be submitted for a particular grant.

**When to Amend the Application**

For guidance on when to amend the application, refer to “When to Amend the Application,” on the Amendment Submission Guidance section of the Division of Grants Administration Administering a Grant page.

**Amendment Deadline**

The Program Guidelines, Grant Timeline, lists the last day on which an amendment may be submitted.

Amendments that are submitted after the deadline or that request retroactive approval of expenditures will be accepted and considered by TEA on a case-by-case basis if the amendment is allowable by program statute or regulation and if TEA has not begun the next business process in the grant cycle. Submitting an Amendment Schedule #1 and 4 are required to be submitted with all amendment requests. Schedule #6 is required if any supporting budget schedules are being amended. Any other schedules affected by the amendment must be submitted, with any additions indicated with underlining and deletions indicated with strikethrough.

Amendments may be submitted either by mail or via fax, as described in Schedule #4—Request for Amendment for paper grants or Schedule GS2300 for eGrants. Do not submit the same amendment by both methods. Amendments submitted via email will not be accepted.

**Fund Management**

Grantees must maintain a proper general ledger that complies with GAAP and with federal financial management standards. Grantees must account for grant funds on a fund accounting basis (i.e., by grant funding source).

**Pre-Award Costs**

**Definition of Pre-Award Costs**

In some cases, when authorized by TEA, grantees may be permitted to make certain program-related expenditures before the grant beginning date (i.e., pre-award).

For instance, the beginning date of a program might be September 1. During the summer, however, a conference is being held that would be of substantial benefit to program participants. TEA authorizes pre-award costs for the grant to allow program participants to attend the conference. The grantee can request reimbursement for expenditures even though they were incurred before the grant beginning date.
Review the program guidelines for the grant to determine whether pre-award costs are permitted and to learn the period during which they are allowable.

**Requesting Pre-Award Costs**

In order for the grantee to be reimbursed for pre-award costs, pre-award costs must generally be requested in the originally approved grant application (including adding the request during negotiations of the original application). If an applicant did not request pre-award costs in the originally approved grant application, the applicant may subsequently request pre-award costs through an amendment if the grantee provides additional justification and documentation that explains why the request was not submitted in the original grant application.

IDEA-B High Cost and IDEA-B Discretionary Residential must follow the specific pre-award cost rules in the program guidelines for each application, respectively.

Pre-award costs are part of, and not in addition to, the total grant award.

**Budgeting Pre-Award Costs**

**eGrant Applications**

In eGrants applications, applicants must use the pre-award attachment to request pre-award costs. The pre-award attachment will be included in the document library for the grant and is also linked to the TEA Grant Opportunities page.

**Paper Applications**

In paper applications where pre-award costs are permitted, all the budget schedules (Schedules #6-11) include a Pre-Award column. In the supporting budget schedules (Schedules #7-11), budget all pre-award costs in the Pre-Award column. The total pre-award costs budgeted on each of the supporting budget schedules must match the pre-award amount entered on the corresponding line of Schedule #6—Program Budget Summary.

**Administrative Costs**

Administrative funds include both direct and indirect costs.

**Direct Administrative Costs**

Funds requested for administrative use must be requested in the application on the appropriate budget schedules.

Direct administrative costs may include those costs associated with the following:

- Accounting and other fiscal activities, including reporting expenditures to TEA
- Auditing
- Overall program administration
- Evaluating and reporting on the progress and results of the grant program
- Monitoring compliance with the program requirements
- Salaries and benefits for staff who supervise activities of program staff
Insurance that protects the grantee

Direct administrative costs included in an approved direct cost allocation plan

The authorizing statute or TEA may limit the amount of funds that may be budgeted to administer the program, including direct administrative costs and indirect costs, to no more than 5% (or another amount specified in statute) of the total grant awarded for any fiscal year. Refer to the Program Guidelines: Limitation of Administrative Funds, to determine if administrative costs are limited for this grant.

**Indirect Costs**

Indirect costs are calculated and reimbursed based on actual expenditures when reported in the expenditure reporting system, regardless of the amount budgeted and approved in the grant application.

For guidance on indirect costs, refer to the Indirect Cost Handbook, posted in the Handbooks and Other Guidance section of the Division of Grants Administration [Administrating a Grant](#) page.

To calculate the maximum indirect costs that can be claimed for a grant, complete the Maximum Indirect Costs Worksheet, posted on the Division of Federal Fiscal Compliance and Reporting [Indirect Cost Rates](#) page.

**Financial Management Requirements**

Fiscal control and accounting procedures must permit the tracing of funds to a level of expenditure adequate to establish that funds have been used in accordance with the approved grant application. The applicant must maintain effective control over and accountability for all funds, property, and other assets.

Budgeted expenditures are shown by class/object code. ISDs, open-enrollment charter schools, and ESCs are required to maintain records on all expenditures by budget function, class/object code, and year of entitlement (appropriation), in accordance with the provisions of the Financial Accountability System Resource Guide (FASRG).

All nonprofit and for-profit applicants for federally funded grants must demonstrate the capability to comply with federal financial management and accounting standards.

TEA reserves the right to conduct a pre-award audit or post-award audit to determine if a grantee maintains a proper financial management system and to deny or terminate the award if it is determined that the grantee does not maintain a proper financial management system.

Failure to comply with federal financial management standards will result in audit exceptions and the disallowance of all expenditures paid from the grant.

**Financial Accounting System**

The applicant’s financial management system must meet federal financial management standards and must provide for accurate, current, and complete disclosure of the financial results of each grant project. The financial management system records must adequately identify the funding source and use of funds and must contain information pertaining to grant awards, authorizations, obligations, unobligated balances, assets, outlays (expenditures), income, and interest. Refer to the [Information for Organizations Selected for a Review](#) page of the TEA website for sample general...
ledgers that demonstrate accounting in accordance with the mandatory account code structure required in Financial Accounting and Reporting (FAR).

Pursuant to Education Department General Administrative Regulations (EDGAR) 34 CFR 80.20 and FASRG, TEA will verify whether grantees that are ISDs, charter schools, or ESCs use a software application capable of providing adequate financial accounting to administer TEA grant funds. Adequacy of grantees’ financial accounting-system software application is determined by whether the software application has the ability to do all of the following:

- Accommodate the minimum 15-digit account code mandated by the FASRG
- Generate information needed for Public Education Information Management System (PEIMS) reporting
- Ensure adequate accountability of state and federal funds

Failure of an ISD, charter school, or ESC to account for funds in accordance with FASRG will result in audit exceptions and the disallowance of all expenditures paid from the grant.

All other grantees must have a financial accounting system that meets the standards specified in this section, in accordance with 34 CFR 80.20 (or, for nonprofit grantees, 34 CFR 74.21).

**Written Agreements and Contracts**

You must maintain a contract administration system to ensure that contractors or consultants perform in accordance with the terms, conditions, and specifications of their contracts and written agreements.

The dates for services to be performed in contracts and other written agreements must be within the grant period. Multi-year contracts are not appropriate for discretionary grants. TEA is not liable for reimbursing grantees for a contract beyond the current grant period.

The contract administration system must be in compliance with requirements stated in Title 34 of the Code of Federal Regulations, Section 80.36, Procurement, including the following:

- Maintain a copy of the signed contract, agreement, or purchase order for services to be performed and the rationale or procedure for selecting a particular contractor.
- For contracts or agreements in excess of $10,000, describe conditions under which the contract may be terminated for cause or for convenience and include the basis for settlement.
- If the contract is to develop materials, concepts, or products, ensure that the agreement or contract contains provisions that protect and retain ownership of such materials, concepts, or products by TEA, the State of Texas, and the federal government as applicable (including copyright, patent, trademark).
- Maintain evidence that awards were made only to contractors or consultants possessing the ability to perform successfully under the terms and conditions of the proposed contract or procurement.
- Select consultants based on demonstrated competence, qualifications, experience, and reasonableness of costs. Consideration must be given to contractor integrity, compliance with public policy, past performance, and financial and technical resources.
- Contract only with persons not employed by your organization.
Do not participate in selection or award of a contract if a conflict of interest is involved.

Maintain records on services performed—date of service, purpose of service—ensuring that services are consistent and satisfactory as described in the signed contract or purchase order.

Make payment only after the service is performed and not before, according to state and federal law. Advance payment to contractors is prohibited.

NOTE: Specifying an individual vendor in a grant application does not meet the applicable requirements for sole-source providers. TEA’s approval of such grant applications does not constitute approval of a sole-source provider.

**Requesting Payment through the Expenditure Reporting (ER) System**

Grantees in good standing are required to use the expenditure reporting (ER) system to record expenditures and request payment. Grantees may generally enter cumulative expenditures into the ER system up to 30 days following the ending date of the grant.

**Accessing ER**

To access ER, all individuals reporting and certifying expenditures are required to have an individual TEASE username and password. For security purposes, the TEASE username and password are not to be shared with any other user. Each user will have a unique username and password. If you have not yet applied for a TEASE username and password, you can access the application form and instructions. The username and password will be emailed to you.

To access ER, go directly to the TEASE login page.

Enter your TEASE username and password and click the **Continue** button. Then click on **Expenditure Reporting** from the application list.

**Denial of Expenditure Reports**

When reporting expenditures by class/object code, TEA will automatically deny any expenditure report as follows:

- Where the grantee is claiming expenditures in a class/object code not budgeted in the approved application
- When the total amount exceeds the total amount of the grant

**Supporting Documentation**

TEA reserves the right to require supporting documentation (such as an accounting ledger) that lists the individual expenditures by object code, as well as invoices, receipts, travel vouchers, and other expenditure documents at any time during or after the grant period for as long as the records are retained according to requirements for record retention. The grantee will be required to reimburse any expenditures that are unsupported by appropriate documentation or found to be unallowable under the grant. Depending upon the severity of noncompliance with allowable cost principles, TEA may impose certain sanctions up to and including termination of the grant and refund of all unallowable costs.
Expenditure Reimbursement Requests Requiring Manual Approval

In order to comply with federal regulations (Office of Management and Budget [OMB] Circulars A-21, A-87, and A-122), the Texas Education Agency (TEA) monitors expenditure reimbursement requests through a manual review and approval process. If a reimbursement request requires manual approval, TEA staff contacts the grantee and asks for a simple narrative justification for the request. TEA will not ask for detailed supporting documentation unless the circumstances require it.

For more detailed information on the manual approval process, refer to “Expenditure Reimbursement Requests Requiring Manual Approval,” posted in the Expenditure Reporting Guidance section of the Division of Grants Administration Administering a Grant page.

Cash Management

Administrative requirements for grants stipulate that grantees must request cash (i.e., grant payments) as close as possible to the time of making disbursements. Pursuant to the requirements in 34 CFR 74.21 and .22 and 80.20 and .21, payment requests must be timed in accordance with the actual, immediate cash requirements of the grantee.

Grantees should not have more cash on hand than is necessary to meet three days’ cash needs. Therefore, grantees should request only that amount that will be paid out within three business days once the payment is received from TEA. Grantees may request payment only for obligations incurred during the grant period.

Payments through ER should be deposited into your depository bank by the state comptroller’s office within six to seven business days of the request (provided TEA receives any supporting documentation requested in a timely manner and there are no other complications with the automated system). Therefore, grantees must request cash no earlier than six working days before actual disbursement of funds.

Grantees must have written procedures and internal controls for cash management to ensure that only the actual amount of cash needed will be requested, and that the cash received will be paid out within three days of receiving it. Procedures should show that the grantee plans carefully for cash flows for grant projects and reviews cash requirements before each request for payment. Cash management procedures are monitored during monitoring visits and during the annual independent audit.

Grantees are not required to maintain separate bank accounts for federal grants. However, grantees must comply with the applicable standards for financial management in maintaining accounting records by fund source. (See the Financial Accounting System section.) Grantees receiving federal grant payments may be required to return interest earned to the appropriate federal agency, as described in the following sections.

Return of Interest Earned from Excess Cash on Hand

If a grantee draws excess cash and keeps cash on hand for more than three days, the grantee may be required to return to the federal government any interest earned on payments drawn down through ER.

The following federal statutory requirements apply, depending on the grantee’s entity type:
Nongovernmental entities such as IHEs and nonprofit organizations are subject to Title 34 of the Code of Federal Regulations Part 74 (34 CFR Part 74).

Governmental entities such as ISDs, ESCs, and open-enrollment charter schools are subject to 34 CFR Part 80.

**Return of Interest Earned from Payments to IHEs and Nonprofit Organizations**

In accordance with the requirements of 34 CFR 74.22(k), IHEs and nonprofit organizations must deposit grant payments into an interest-bearing account. For each grant award, the grantee may retain up to $250 annually in interest earned to pay the cost of maintaining the interest-bearing account.

Any funds that are not paid out within three business days of receipt of funds are considered an advance of funds (i.e., excess cash on hand) and must be returned to TEA immediately as a refund. Refunds that are a result of excess cash must be sent to the following address:

Texas Education Agency—MSC
P. O. Box 13717
Austin TX 78711-3717

Write the name of the grant program and the NOGA ID number on the refund check. The refund will be credited to the NOGA ID from which the excess funds were drawn down.

In addition, on at least an annual basis, any such advances of federal grant funds that earn an excess of $250 in interest annually per grant award must be returned to the US Department of Health and Human Services at the following address:

US Department of Health and Human Services
P.O. Box 6120
Suite 1133
Rockville MD 20852

The remittance should be accompanied by a letter stating that the remittance is for “interest earned on federal funds” and should include the grantee’s Data Universal Numbering System (DUNS) number and any other identifiable information specific to the award and the grantee, such as the Catalog of Federal Domestic Assistance (CFDA) number and the grantee organization name.

Please do not remit the interest earned to TEA. 34 CFR Part 74 specifically states that grantees covered by Part 74 must send the interest earned directly to the US Department of Health and Human Services.

**Exception to 34 CFR 74.22(k) Requirements**

For IHEs and nonprofit organizations, the requirements of 34 CFR 74.22(k) are waived if any of the following conditions applies:

- The grantee receives less than $120,000 in total federal awards per fiscal year.
- The best reasonably available interest-bearing account would not be expected to earn interest in excess of $250 per fiscal year on total federal cash balances.
- The average or minimum balance required by the depository bank is too high for the grantee to meet with expected federal and non-federal cash resources.
Return of Interest Earned from Payments to ISDs, Open-Enrollment Charter Schools, and Other Governmental Entities, Including Cities and Counties

Governmental entities such as ISDs, ESCs, open-enrollment charter schools, cities, and counties are encouraged to deposit grant payments into an interest-bearing account. In accordance with the requirements of 34 CFR 80.21(i), for each grant award, the grantee may retain up to $100 annually in interest earned to pay the cost of maintaining the interest-bearing account.

Any funds that are not paid out within three business days of receipt of funds are considered an advance of funds (i.e., excess cash on hand) and must be returned to TEA immediately as a refund. Refunds that are a result of excess cash must be sent to the following address:

Texas Education Agency—MSC
P. O. Box 13717
Austin TX 78711-3717

Write the name of the grant program and the NOGA ID number on the refund check. The refund will be credited to the NOGA ID from which the excess funds were drawn down.

In addition, excess cash on hand of federal grant funds that earns an excess of $100 in interest annually per grant award must be returned to the US Department of Education (USDE) promptly but at least quarterly. Do not remit the interest to TEA. 34 CFR Part 80 specifically states that grantees covered by Part 80 must send the interest directly to the US Department of Education.

Remittances should be mailed to the USDE at the following address:

US Department of Education
P.O. Box 979053
St. Louis MO 63197-9000

The remittance should be accompanied by a letter stating that the remittance is for “interest earned on federal funds” and should include the DUNS number and any other identifiable information specific to the award and the grantee, such as the CFDA number and the grantee organization name.

Noncompliance with Cash Management Requirements

Pursuant to the provisions of 34 CFR 74.62 and 80.43, grantees that fail to comply with cash management requirements, including the repayment of interest earned, may be subject to the following special conditions or enforcement actions:

- Identification as a high-risk grantee, pursuant to the provisions of 34 CFR 80.12 and 74.14, which may involve the imposition of special conditions and being placed on reimbursement basis only (grantee would not be able to draw down its own funds in the ER system without first submitting supporting documentation for expenditures)
- Temporarily withholding cash payments pending correction of the deficiency
- Disallowing all or part of a cost not in compliance
- Suspension or termination of the award
- Withholding further awards for future grants from TEA
- Debarment or suspension from receiving any future federal funds from any entity
- Other remedies that may be legally available
**Cost Share/Match Requirement**

Refer to the Program Guidelines, Cost Share or Matching Requirement, to see whether this grant program requires either a cost share or a match.

In general, cost share/matching funds may be derived from three sources: cash contributions, grantee in-kind contributions, and third-party (i.e., other than the grantee) in-kind contributions. Unless otherwise stated, federal funds may not be used to meet a cost-share/matching requirement; only local or state funding sources may be used.

For costs to be eligible to meet cost-share/matching requirements, the costs must first be allowable under the grant. Therefore, costs for items such as gifts, noneducational field trips, food, and construction are not eligible to be paid from cost share/matching funds.

Applicants must indicate cost share/matching amounts in the appropriate columns in the application. Applicants are not required to list cost share/matching amounts in the same class/object codes in which grant funds are budgeted. Applicants may distribute cost share/matching amounts among any of the class/object codes, so long as the costs are eligible to be paid from cost-share/matching funds and so long as the total cost share/matching amount is equal to or greater than the cost share/matching amount required by TEA (or the authorizing statute, whichever is the case).

Grantees are required to maintain the same auditable records for all expenditures relating to cost share/matching funds as for the regular grant funds. These records must be maintained by the business office in the same manner and for the same time period as the regular grant funds. TEA will be required to reduce the total amount of grant funds paid to the grantee if the cost share/matching funds are not provided in the required amount. Depending on the timeline that this determination is made, the grantee could be required to submit a refund to TEA.

**Requirements for Applicable Federal Programs**

These requirements apply to federally funded grant programs. If listed in the Program Guidelines, Program Elements, these requirements apply to the grant program.

**Equitable Access and Participation**

Provisions for equitable access and participation apply to all federally funded grants administered by the US Department of Education. As such, Schedule #18—Equitable Access and Participation for paper grants or Schedule PS3400—Equitable Access and Participation for eGrants is a required schedule in the application for any federally funded grant. The application will not be eligible to be considered for funding in the absence of this schedule.

In accordance with the General Education Provisions Act (GEPA), Section 427, applicants must develop and describe the procedures they will use to ensure equitable access to and equitable participation in the grant program. The barriers to such participation should be identified for all participants and potential participants during the needs assessment phase of the program planning and development.
All applicants must address the special needs of students, teachers, and other program beneficiaries to overcome barriers to equitable participation, including those based on gender, race, color, national origin, disability, and age.

**Private Nonprofit School Participation**

If the authorizing statute requires, the following private nonprofit school participation requirement shall apply to the federally funded grant program. Before completing and submitting the application, the applicant must contact the private nonprofit schools located within its boundaries, notifying them of the opportunity to participate in the program. Schedule #19—Private Nonprofit School Participation for paper grants or Schedule PS3500—Private Nonprofit School Participation for eGrants must be completed and submitted with the application.

Generally, in accordance with the specific program statute, private nonprofit schools must be consulted in the planning and development of the project. Both children and teachers from private nonprofit schools must be assured equitable participation in all services, materials, equipment, and teacher training.

**Private Nonprofit School Initial Contact**

Each year, in a manner that is “timely and meaningful” (generally, as described in NCLB, Title IX, Part E, Section 9503 [a] [4]), the applicant must contact the private nonprofit school officials located within its boundaries to determine if they wish their teachers or students to receive services. Only secular, neutral, and nonideological services, materials, and equipment may be provided to participants. Such participation usually includes training opportunities for teachers of private nonprofit school children but not for the hiring of any substitute teacher used in the classroom while the private school teacher attends the training. In all cases, the applicant makes the final decision with respect to the services to be provided to private school participants.

*Before completing and submitting this application*, the applicant must contact officials of private nonprofit schools located within its boundaries to ascertain if these officials would like teachers or children enrolled in their schools to participate in the purposes and benefits of this grant program. This initial contact may be carried out through a variety of communication forms, including documented phone calls, letters (preferably certified), fax, email, or meetings with the school officials.

**Private Nonprofit School Consultation**

If private nonprofit school officials want their teachers or children to participate, the applicant must involve these officials during all phases of the development, design, and implementation of the program through ongoing communication between appropriate parties.

The applicant must consult with private nonprofit school officials before making any decision that affects the opportunities of their teachers or students to participate in the program, and this consultation shall continue throughout the implementation and assessment of the grant project. The applicant must give private nonprofit school officials a genuine opportunity to express their views regarding each issue. In general, these discussions are subject to the following requirements:

- How the teachers’ or children’s needs will be identified
- What services will be offered
- How, where, and by whom the services will be provided
How the services will be academically assessed, and how the results of that assessment will be used to improve those services

What size and scope of the equitable services are to be provided to the eligible private nonprofit school children, and what proportion of funds is to be allocated for such services

How and when the applicant will make decisions about the delivery of services to such children, including a thorough consideration of the views of the private nonprofit school officials on the provision of services through a contract with potential third-party providers

How, if the applicant disagrees with the views of the private nonprofit school officials on the provision of services through a contract, the applicant will provide in writing to these officials an analysis of the reasons why the organization has chosen not to use a contractor

**Equitable Services**

Many program statute require equitable services to be provided to participating private nonprofit schools. When this is applicable, the services that a grantee provides to private nonprofit school participants must be equitable in comparison to the services and benefits provided to public school participants. Services are equitable if the grantee does the following:

- Addresses and assesses the needs and progress of private school participants on a comparable basis to public school participants
- Determines the number of participants to be served in an equitable manner
- Meets the equal expenditure requirements
- Provides private school participants with an opportunity to participate that
  - Is equitable in relation to the opportunity and benefits provided to public school participants
  - Provides them with reasonable promise of meeting challenging academic standards called for by the state’s student performance standards and of private school teachers assisting their students in meeting high standards

**Equal Expenditures/Fair Share**

If expenditures for educational services and other benefits for private nonprofit school students, teachers, and other educational personnel are required by the authorizing statute, then the expenditures must be equal to those used for public school participants, taking into account the number and educational needs of the students to be served. Grantees should use the following method to calculate the fair share that should be expended upon private nonprofit schools. Grantees are responsible for maintaining documentation of the fair share calculations at the local level for monitoring and audit purposes. To calculate the equal expenditures/fair share:

1. Count the number of *public* school students (or teachers) *participating* in the federal program.
2. Count the number of *private* nonprofit school students (or teachers) *eligible* to receive benefits in the program.
3. Add them together to get total number of students (or teachers).
4. Divide the total dollar amount available by the total number of students (or teachers) to get a per student (or per teacher) amount (a reasonable amount may be set aside for administering the private nonprofit school program prior to doing this).
5. Multiply the per student (or per teacher) amount by the number of eligible private nonprofit school students (or teachers) to determine the private nonprofit school’s fair share.

For example:

1. The number of participating public school students = 1000
2. The number of eligible private school students = 25
3. Total number of students = 1025 students
4. The total dollar amount available = $100,000
5. $100,000 ÷ 1025 = $97.56 per student
6. $97.56 (per student amount) × 25 (number of eligible private school students) = $2,439
7. The private nonprofit school’s fair share is $2,439.

Maintenance of Effort

If the authorizing statute requires, a maintenance of effort (MOE) requirement shall apply to the federally funded grant program.

In order for TEA to determine if the grantee is maintaining the appropriate fiscal effort, it verifies each LEA’s MOE using PEIMS data available and notifies the grantee if fiscal effort has not been maintained.

Refer to the following pages of the TEA website for links to additional information and guidance regarding the MOE requirement for the NCLB and IDEA-B grant programs:

- IDEA Fiscal Compliance
- NCLB Fiscal Compliance

Reporting

By submitting the application, the applicant agrees to comply with any reporting requirements established by TEA and to submit the reports in the format requested by TEA.

Required Programmatic Reports

This section describes the required programmatic reports.

Activity, Progress, and Evaluation Reports

The applicant agrees to submit all required written activity/progress reports during the project in the format specified by TEA. Each activity/progress report is generally due to TEA within 15 days after the close of the reporting period. TEA uses these reports to determine if modifications or adjustments to the program are indicated. Refer to the Program Guidelines, Grant Timeline, for due dates of program progress reports.
Final Evaluation Report

The applicant must provide a final evaluation report in the format requested by TEA within 30 days of the end of the project. The grantee is not in compliance with grant conditions and requirements until this report is received by TEA in approvable form. Final payment may be withheld pending receipt of the report in approvable form. Failure to meet the reporting deadline may also affect the grantee’s eligibility to receive future grants, including continuation grants, from TEA.

It is critical that the grantee submit the evaluation report on time. A late evaluation report could cause the grantee not to receive final payment.

Limits on Contracted Evaluators

When a grantee chooses, or is required under a grant, to hire a contracted evaluator, TEA believes that the evaluator must have the capability to remain independent and objective in carrying out the evaluation. “Independent and objective” implies that there is no influence or control, real or perceived, exerted on the evaluator by any person who is involved in the provision of program services. Therefore, the only way in which a contracted evaluator can be truly independent and objective is not to be involved in any manner with the provision of program services or activities. Otherwise, the evaluator is, at least in part, evaluating its own services.

In addition, TEA is aware that some grant writers develop and design the grant program, write the entire grant application, and then wish to evaluate the grant program. TEA also believes that this scenario poses a conflict of interest for the evaluator, in that the evaluator is evaluating the grant program that he or she designed, developed, and wrote. Again, it is not possible for the evaluator to function independently and objectively if the evaluator performed in this capacity. It is certainly acceptable for the grant writer to receive some information from a potential evaluator to include in the evaluation section of the grant application with regard to an appropriate evaluation plan or design, but communication between the grant writer and evaluator should be limited to that specific topic.

Applicants should make every effort to ensure that contracted evaluators be independent and objective.

Expenditure Reporting

See the Requesting Payment through the Expenditure Reporting (ER) System section for more information on using ER for expenditure reporting.

Grantees in good standing may report expenditures at any time to receive payment, as long as the request for cash does not exceed three days’ cash needs pursuant to cash-management requirements. (See the Cash Management section.) Grantees are strongly encouraged to request payment for legitimate expenditures regularly to indicate to TEA that funds are being spent and that activities are being carried out according to the established timelines, provided such payments conform to the rules pertaining to cash management.

The applicant agrees to report expenditures by class/object code in ER when it requests each payment. Final payment is contingent upon receipt of the final expenditure report in ER and all required programmatic reports or documents. TEA reserves the right to withhold a portion of the final payment until the required reports are received in approvable form.
Interim Expenditure Reports

As good grant management practice, semi-annual and other interim expenditure reports should be filed in ER within 15 days of the end of each reporting period as specified in the program guidelines. Grantees are encouraged to adhere to expenditure report due dates to ensure funds are being spent in a timely manner to benefit the program’s intended beneficiaries according to the established timelines in the grant. TEA does not require interim expenditure reports on any certain schedule.

When reporting interim expenditures, grantees shall not request more than 90% of the total grant award. Once grantees file their final expenditure report, they may request up to 100% of the award amount.

Final Expenditure Report

Grantees reporting by class/object code in ER will enter the total of the final cumulative expenditures in ER, even if that total expended amount is less than 100% of the grant award. However, only 90% of final expenditures will be paid to the grantee pending verification that TEA has received the final program evaluation report, if applicable. Upon TEA’s receipt of the final program evaluation report in approvable form, ER will automatically generate the final 10% payment to the grantee.

The final expenditure report must be filed in ER within 30 days after the ending date of the grant. (See the Program Guidelines, Grant Timeline.) The total project cumulative costs of the grant, as provided on the final expenditure report, should equal and in no case may exceed the total cumulative expenditures by class/object code recorded in the financial accounting records of the grantee organization.

If cost share or matching is required in accordance with the Program Guidelines, the grantee must report the total cost share or match expended on the final expenditure report. The grantee is reimbursed only for that portion or percentage of grant funds that meets cost share or match requirements.

Failure to meet reporting deadlines may result in loss of funds and could cause the grantee to be identified as “high risk.” If a grantee fails to comply with the requirement to submit a final expenditure report within 30 days after the ending date of the grant, the last interim expenditure report filed will be the basis of the final expenditure report. (See the Request to Extend Reporting Deadline section.) In the event that no interim or final expenditure reports have been submitted, TEA staff will enter the final expenditures as $0 total cumulative expenditures to allow for the grant closeout process. Depending on the specific grant, the grantee may or may not be able to access the funds as carryover.

Revised Final Expenditure Report

Grantees may, if timelines allow, have access to ER to record additional expenditures and request payment for 60 days following the ending date of the grant if such total cumulative expenditures need to be revised.

If the grantee discovers expenditures that are greater than the amount initially reported, it must file a revised final expenditure report in order to claim those expenditures. The revised report must be filed in ER within 60 days of the ending date of the grant. Revised final expenditure reports received after that date will not be approved, processed, or paid by TEA except as allowed by an approved request to extend the reporting deadline. (See the Request to Extend Reporting Deadline section.)
In the event that the ER system is closed, contact the Cash Management/Fund Control Unit in the Division of Grants Administration at (512) 463-8525 for further instructions.

If the grantee discovers expenditures that are less than the amount initially reported, it must submit a revised final expenditure report in ER immediately. Refunds must then be submitted to TEA within 30 days, as described in the following section.

**Refund to TEA**

If the final expenditure report indicates that a refund is due to TEA, within 30 days of notification that a refund is due, the grantee must submit a refund check to the following address:

Texas Education Agency—MSC  
P.O. Box 13717  
Austin TX 78711-3717

Write the name of the grant program and the NOGA ID number on the refund check and note the reason for the refund (e.g., due to an internal audit or an annual audit).

**Request to Extend Reporting Deadline**

An LEA that misses the deadline for a final or revised final expenditure report has 30 days to request an extension of the deadline. If there is no opportunity for a revised final expenditure report, the LEA has 10 days after the final expenditure reporting deadline to submit the request. All requests for extensions to expenditure reporting deadlines must be submitted using the Request to Extend Expenditure Reporting Deadline form. The form is posted on the Request to Extend Expenditure Reporting Deadline page of the TEA website.

Grantees are reminded that meeting required deadlines is a responsibility of all grantees. Regardless of this procedure, failure to meet expenditure reporting deadlines may result in loss of funds and could cause the grantee to be identified as “high-risk.”

Requests for expenditure deadline extensions are not granted automatically. TEA staff will evaluate each request on a case-by-case basis, with the decision to extend a deadline remaining completely within TEA’s discretion. Requests are considered by weighing a number of factors related to the request itself, the individual grant program, and the time at which the request is submitted. TEA reserves the right to review all supporting documentation, such as the general ledger, in determining whether a request will be granted.

TEA will notify the LEA of the approval or denial of the request. As a corrective action, any LEA whose request for an expenditure reporting deadline extension is granted is advised that in the future, it must comply with expenditure reporting deadline requirements.

If TEA extends the ending date of the grant period after the start of the grant, there may be no opportunity for requesting to extend the expenditure reporting deadline.
Submission of Audit Reports for Federal Discretionary Grants

The following requirements apply only to recipients of federal discretionary and federal discretionary continuation grants from TEA. A continuation grant is a grant that is awarded in any subsequent year following the initial grant award.

**OMB Circular A-133 Single Audits**

Recipients of federal discretionary continuation grants from TEA that are ISDs, ESCs, and open-enrollment charter schools submit the required annual audit report to the TEA Division of Financial Compliance in the time and manner requested by TEA. Such audit report shall include the reporting package required under OMB Circular A-133 if an audit is required in accordance with OMB Circular A-133. Audit findings for federal programs will be forwarded to the appropriate TEA division for follow up.

Recipients of federal discretionary continuation grants from TEA that are nonprofit organizations (other than charter schools) and universities or colleges and that expend $500,000 or more total in federal awards in any fiscal year are required to conduct a Single Audit or program-specific audit in accordance with the requirements in OMB Circular A-133 (under the Single Audit Act). Grantees must report audit findings as follows to TEA's DCC, by fax to (512) 463-9811 or (512) 463-7915 or by mail to Document Control Center, Division of Grants Administration, Texas Education Agency, 1701 N. Congress Ave., Austin TX 78701-1494:

- **With findings:** If the schedule of findings and questioned costs discloses audit findings relating to any federal awards provided by TEA, the grantee must submit a copy of such audit to TEA’s DCC.
- **Status of prior-year findings:** If the summary schedule of prior audit findings reports the status of any audit findings relating to any federal awards provided by TEA, a copy of such audit shall also be submitted to TEA’s DCC.
- **No audit findings:** If the schedule of findings and questioned costs discloses no audit findings related to any federal awards provided by TEA, or the summary schedule of prior audit findings does not report on the status of any prior audit findings related to any federal awards provided by TEA, written notification (via letter) shall be provided to TEA’s DCC that an audit was conducted in accordance with OMB Circular A-133 and there were no findings related to any federal awards provided by TEA.

Nonprofit organizations (other than charter schools) and universities/colleges that receive federal discretionary continuation grants from TEA shall submit the Single Audit report (or letter, if no audit findings) to TEA’s DCC. Audit reports must be submitted to TEA within 30 days of receipt of the report from the auditor or 9 months after the end of the fiscal year, whichever comes first. Failure to submit a copy of the audit (or letter, as appropriate) to TEA could result in a reduction of funds paid to the grantee, a refund to TEA, termination of the grant, and/or ineligibility to receive additional grant awards from TEA.
Annual Audits (Where an A-133 Audit Is Not Required)

All grantee organizations other than ISDs, ESCs, and-open-enrollment charter schools that were not required to have a Single Audit conducted under the Single Audit Act (OMB Circular A-133) must submit a copy of the complete annual audit/financial report to TEA’s DCC within 30 days of the receipt of the report from the auditor.

TEA will assess the information contained in the annual report to determine the impact on the affected federal program and reserves the right to deny continuation funding or to impose specific requirements based on such determination.

High-Risk Status, Special Conditions, and Enforcement Actions

Notice of Agency Policy

TEA conducts federal fiscal grant subrecipient monitoring and compliance reviews, and implements related enforcement actions, in accordance with its established policies and procedures. These policies and procedures incorporate best practices and standards that may be similar to common auditing standards, but the agency does not apply a specific set of external standards, such as the US Government Accountability Office’s Generally Accepted Government Auditing Standards (Yellow Book), nor is it required to do so.

Special Conditions

Pursuant to the provisions in the Code of Federal Regulations (34 CFR 80.12), a grantee may be identified by TEA as high-risk if the grantee has a history of unsatisfactory performance; is not financially stable; has a financial management system that does not meet federal financial management standards or the requirements in TEA’s Financial Accounting and Reporting (FAR) module; has not conformed to terms and conditions of previous awards; or is otherwise not responsible. TEA may impose one or more special conditions or restrictions on a high-risk grantee, including the following:

- Payment on a reimbursement basis
- Withholding of authority to proceed to the next phase until receipt of evidence of acceptable performance within a given funding period
- Requirement for additional, more detailed financial reports
- Additional project monitoring
- Requirement that the grantee obtain technical or management assistance
- Establishment of additional prior approvals
- Other conditions that may be legally available
A grantee identified as high-risk will be notified in writing by TEA of the special conditions imposed and the process for removing the high-risk status and special conditions.

Pursuant to the provisions in 34 CFR 80.43, if a grantee materially fails to comply with any term of an award, whether stated in a federal statute or regulation, an assurance, in a grant application, or elsewhere, TEA may take one or more of the following enforcement actions as appropriate in the circumstances:

- Temporarily withhold cash payments pending correction of the deficiency or more severe enforcement action
- Disallow all or part of the cost of an activity or action not in compliance
- Wholly or partly suspend or terminate the current award
- Withhold further awards for the program
- Take other remedies that may be legally available

If an enforcement action is imposed, TEA will notify the grantee in writing of the actions imposed and the process for remedying the noncompliance or removing the enforcement actions.

TEA reserves the right not to award a discretionary grant to a high-risk grantee or to a grantee that is materially noncompliant with the terms and conditions of another award. If a grantee is identified as high risk by TEA during the grant period, TEA reserves the right to begin procedures immediately to terminate the grant. The grantee will be reimbursed for allowable expenditures up through the date of notification of high-risk status.

Title 34 of the Code of Federal Regulations (34 CFR 80.43(b) and 74.62(b) provide the Texas Education Agency (TEA) with statutory authority for its procedure for hearing appeals related to enforcement actions. 34 CFR 76.401 provides TEA with statutory authority for its procedure for hearing appeals related to the disapproval of an application for grant funding.

The procedure for the hearing of appeals arising under federal law and regulations is codified in Texas Administrative Code (TAC), Title 19, Part II, Subchapter CC, §157.1083.

**TEA Actions That Result in Applicant’s Opportunity for Hearing**

Per TAC §157.1082, applicants have the opportunity for a hearing when TEA disapproves or withholds grant funds, such as any of the following:

- IDEA LEA MOE
- NCLB LEA MOE
- Title I comparability
- A-133 (independent audits) questioned costs
- TEA audit or monitoring review resulting in questioned costs
- Any other enforcement actions where TEA reduces grantee allocation amounts or requires refunds due to compliance or eligibility requirements
- Disapproval of an application, as applicable (per 34 CFR 76.401)
Applicant’s Opportunity for a Hearing

Per 34 CFR 76.401(c)(1) and (2) and TAC §157.1081, TEA must offer an opportunity for a hearing if the applicant alleges that TEA took either of the following actions in violation of state or federal statute or regulation:

- Disapproval of or failure to approve the application or project in whole or in part
- Failure to provide funds in amounts in accordance with the requirements of statutes and regulations

The applicant must meet the following requirements and TEA must adhere to the following process, as defined in TAC §157.1083.

Applicant Requirements

According to the procedures in TAC §157.1083, the hearing must be requested within thirty (30) calendar days of the date of the enforcement letter and must be requested in accordance with the procedures specified in TAC §157.1083.

In the request for hearing, the organization shall specify:

1. The action or proposed action that is the subject of the requested hearing;
2. The statutory or regulatory authority identifying and supporting a finding that a violation occurred by TEA in enforcing the decision; and
3. Specific facts supporting a finding that the action taken by TEA is in error.

The request for hearing shall be mailed by certified mail, return receipt requested; transmitted by facsimile at (512) 475-3662; or hand delivered to:

Director of Hearings
Texas Education Agency
1701 N. Congress Ave., Suite 2-150
Austin TX 78701-1494

The request for hearing shall be deemed filed at the time it is actually received by the Director of Hearings or the designated docket clerk in the TEA Division of Hearings.

The opportunity to request a hearing will be void 31 calendar days after the date of the enforcement letter.

TEA Process

- The hearing shall be held on the record and within 30 days after the request for hearing is received.
- At reasonable times and places, TEA shall make pertinent TEA records available.
- No later than 10 days after the hearing, TEA shall issue a written ruling that includes findings of fact and reasons.
- TEA shall be ordered to rescind the action if it is determined to be contrary to governing state or federal statutes or regulations.
Opportunity for Appeal

Per TAC §157.1083, the applicant may appeal to the US Department of Education if TEA is ordered to rescind its action and fails to do so.
