Residential Facility Monitoring Informal Work Group
Region XIII Education Service Center
5701 Springdale Road
Austin, Texas 78723
April 29-30, 2015

Agenda

Purpose
• Review information related to the RF monitoring system
• Ensure that the agency meets its ongoing obligation to have a monitoring system that addresses the unique circumstances of students with disabilities residing in residential facilities
• Advise the agency on revisions for improvements to the RF monitoring system

Results
• Participants will gain an understanding of the purpose, history and litigation of the RF monitoring system.
• Participants will provide recommendations on revisions to the RF monitoring system.
