Suggested Training for Region, District, and Campus Professionals

- It is the intent of TEA’s Student Assessment Division that all resources created to clarify testing and accommodation policies be accessible to educators at the region, district, and campus levels, including classroom teachers.

- This is a comprehensive training but does not take the place of reading the associated documents.

- Relevant district and campus staff will need to read all of the policies and related resources once they are posted on TEA’s Student Assessment webpage. These documents contain all the details.

Critical Information about Accommodations for Students with Disabilities

- Educators should review this document on TEA’s Accommodations for Students with Disabilities webpage

  - Accommodations during state assessments
    - Not all accommodations suitable for instruction are allowed during the state assessments

  - The Accommodation Triangle
  - Planning for testing accommodations
Type 1 accommodations are approved locally based on specific eligibility criteria. The decision to provide these accommodations is made by the appropriate team of people at the campus level.

Type 2 accommodations require TEA approval to use during a state assessment. The appropriate team of people at the campus level determine whether the student meets all of the specific eligibility criteria and, if so, submits an Accommodation Request Form to TEA.
This section provides a general description of the accommodation.

This section lists the assessments the accommodation may be used on by eligible students.

This section lists the eligibility criteria that must be met in order for the student to use the accommodation on a state assessment.

This section describes who can make accommodation decisions for students, where to document these decisions, and what to record on the answer document.

This section describes the specific examples/types of the accommodation that may be used on the state assessment. Pay careful attention to this list because it is sometimes exhaustive.

This section outlines special instructions and considerations about the accommodation. Educators must be aware of this information when making decisions about using accommodations and when administering assessments with accommodations.
Type 1 Accommodations

- Individualized Structured Reminders
- Amplification Devices
- Projection Devices
- Manipulating Test Materials
- Oral/Signed Administration
- Spelling Assistance
- Mathematics Manipulatives

- Calculation Devices
- Basic Transcribing
- Supplemental Aids
- Extra Time (Same Day)
- Large Print
- Dictionary

Oral/Signed Administration

- STAAR Algebra II and English III were added.

- In the “Assessments” section, edits were made to clarify what could and could not be read aloud during an oral administration.

- All mention of STAAR A was removed except for a note explaining that an oral administration was not applicable to STAAR A. Oral administration eligibility for STAAR A should NOT be determined or documented.

- In the “Authority for Decision and Required Documentation” section, a minor edit was made to account for the fact that the OA bubble is not on a writing answer document. Eligibility for an oral administration may be determined for these assessments; however, if a student is eligible, this accommodation will not be recorded on the answer document.
Mathematics Manipulatives

- STAAR Algebra II was added.
- The format of the “Student Eligibility Criteria” was changed for clarification; however, the policy is the same as the previous year.
- In the “Examples/Types” section, the use of clocks was restricted to the following: “clock with or without numbers shown on clock face; the clock should NOT have gears” (meaning the clock should have independently moving hour and minute hands)
Calculation Devices

- STAAR Algebra II was added.

- Calculators used by eligible students as a testing accommodation must adhere to the guidelines set forth in the STAAR Calculator Policy.

- Please note that the STAAR Calculator Policy was revised and posted on TEA’s STAAR Mathematics Resources webpage. The guidelines set forth in this updated policy also apply to calculator use as an accommodation.
Supplemental Aids

- The format of the “Student Eligibility Criteria” was changed for clarification; however, the policy is the same as the previous year.

- The following change was made to the #2 example of allowable math charts: **Multiplication charts that are grade appropriate may be used.** The multiplication chart must be a grid used to find the product, not a list of multiplication facts. Indicating special numbers (e.g., highlighting or circling perfect squares within the body of the chart) is **NOT** allowed.

- Deleted from previous policy: Each axis may only be numbered 0 through 12.
The following change was made to the #3 example of allowable math charts: 

A number chart (e.g., 100 chart) may be used. Indicating special numbers (e.g., highlighting or circling prime numbers within the body of the chart) is NOT allowed.

Previous language restricted this type of supplemental aid to 100 charts.
Type 2 Accommodations

- Complex Transcribing
- Mathematics Scribe
- Photocopying Test Materials
- Extra Day
- Other

- **Step 1:** No need to contact TEA if a student’s needs can be met with allowable test administration procedures or materials.

- **Step 2:** No need to contact TEA if a student’s needs can be met with Type 1 accommodations.

- **Step 3:** Contact TEA if the student’s needs cannot be met with Step 1 or 2, and Type 2 accommodations are being considered.
Recording Accommodations on the Student’s Answer Document

- **District and Campus Coordinator Manual**
  - **GA** = general accommodation
  - **BR** = braille administration
  - **LP** = large print administration
  - **OA** = oral administration
  - **XD** = extra day

- Record the accommodation that is documented and made available to a student, even if the student did not use the accommodation during testing.
