Item 19:

Discussion of Proposed Changes to 19 TAC Chapter 230, Professional Educator Preparation and Certification

DISCUSSION

SUMMARY: This item provides the State Board for Educator Certification (SBEC) an opportunity to discuss possible changes to Chapter 230, Professional Educator Preparation and Certification. Chapter 230 provides information relating to general provisions; general certification requirements; assessment of educators; types and classes of certificates issued; educational aide certificates; permits; certificate issuance procedures; and Texas educator certificates based on certification and college credentials from other states or territories of the United States. The rules currently in effect in 19 TAC Chapter 230 are shown in Attachment II.

Texas Education Agency (TEA) staff have identified high-level issues by subchapter for discussion and plan to bring proposed rules to the Board in February 2016. TEA staff need immediate direction from the board in drafting rule language addressing the certification test retake limit included in House Bill (HB) 2205, 84th Texas Legislature, Regular Session, 2015. Per this legislation, effective September 1, 2015, individuals cannot retake an examination more than four times unless the board waives the limitation for good cause as prescribed by SBEC. Text of potential amendments to 19 TAC Chapter 230, Professional Educator Preparation and Certification, Subchapter C, Assessment of Educators, is included in Attachment II.

STATUTORY AUTHORITY: Statutory authority for 19 TAC Chapter 230 is the Texas Education Code (TEC), §§21.041(b)(1), (2), and (4), 21.044(a), 21.048, 21.050, and 22.082, for Subchapter A; the TEC, §§21.041(b)(2) and (4), 21.044(a), 21.048, 21.050, and 22.082, and Texas Occupations Code (TOC), §§55.004-55.007, for Subchapter B; the TEC, §21.031; the TEC, §21.048, as amended by HB 2205, 84th Legislative Regular Session, 2015; and the TOC, §54.003, for Subchapter C; the TEC, §§21.003(a), 21.031, 21.041(b)(1)-(5) and (9), 21.051, and 22.0831(c) and (f), for Subchapter D; the TEC, §21.041(a) and (b)(1)-(4), for Subchapter E; the TEC, §§21.031(a), 21.041(b)(1), (2), and (4), 21.044(a), 21.045, and 21.048 for Subchapter F; the TEC, §§21.031(a), 21.041(b)(1)-(5) and (9), (c), and (d), 21.048, 21.0485, 21.050, 21.054(a), 22.082, and 22.0831(f), and Texas Government Code, §2054.111 and §2054.252, and TOC, §53.105, for Subchapter G; and the TEC, §§21.040(6), 21.041(b)(4) and (5) and (c), 21.048, 21.050, and 21.052, and 21.054(a), for Subchapter H.

PREVIOUS BOARD ACTION: The SBEC proposed the review of 19 TAC Chapter 230 in October 2015.

BACKGROUND INFORMATION AND SIGNIFICANT ISSUES: The SBEC rules in 19 TAC Chapter 230 are organized as follows: Subchapter A, General Provisions; Subchapter B, General Certification Requirements; Subchapter C, Assessment of Educators; Subchapter D, Types and Classes of Certificates Issued; Subchapter E, Educational Aide Certificate; Subchapter F, Permits; Subchapter G, Certificate Issuance Procedures; and Subchapter H, Texas Educator Certificates Based on Certification and College Credentials from Other States or Territories of the United States. These subchapters provide for rules that establish guidelines...
and procedures for certification requirements and issuance, assessment of educators, fees, permits, educational aides, and credential reviews of educators certified in other states or territories of the United States.

Possible rule changes for 19 TAC Chapter 230 are summarized below by subchapter, but the summary is not intended to be an exhaustive list. Staff will use input from the current rule review, stakeholders, and SBEC to develop proposed rules for the February 2016 SBEC meeting.

Subchapter A. General Provisions

§230.1. Definitions.

Possible amendments may include:

- updating the definition of “classroom teacher” to change the time references from hours to minutes when explaining academic instructional setting;
- adding language clarifying that Reserve Officers’ Training Corps (ROTC) instructors serving on an emergency permit are not included in the definition of a classroom teacher; however, individuals who obtain the standard certificate for Junior Reserve Officer Training Corps (JROTC) would now be included in the classroom teacher definition;
- ensuring the “continuing professional education” definition is consistent with any references in 19 TAC Chapter 232, General Certification Provisions;
- ensuring that “field supervision” includes a reference to student teaching to be consistent with other rule references;
- updating the definition for “internship” to change the time references from hours to minutes;
- revising the definition for “mentor” for consistency with other rule references like 19 TAC Chapter 228;
- revising the current definition for “professional class” to remove the implication that other certifications are not also professional;
- considering the addition of “charter school” and “advanced credentials” to the list of definitions.

Subchapter B. General Certification Requirements

§230.11. General Requirements.

Possible amendments include adding “or territories of the United States” to the completion of an undergraduate or graduate degree reference and updating the list of English language proficiency examination(s) approved by the SBEC. Currently, the Test of English as a Foreign Language – Internet Based Test (TOEFL iBT) is the only assessment used.

Possible amendments include removing this section and proposing to transfer the text into the new 19 TAC Chapter 234, Military Service Members, Military Spouses, and Military Veterans. Flexibility will remain for crediting verified military service, training, or education towards certification requirements, excluding completion of required certification tests.
Subchapter C. Assessment of Educators

Attachment II of this agenda item presents possible “test retake limit” language from HB 2205. Staff will be seeking SBEC’s guidance on clearly prescribing what would constitute “good cause” for granting a waiver and establishing the policies and procedures to be followed for approval to test more than five times.

Subchapter D. Types and Classes of Certificates Issued

§230.31. Types of Certificates.

Possible amendments include adding text to clarify the term “provisional” does not indicate the presence of any deficiencies on the Texas lifetime classroom certificate just as the term “professional” does not indicate the state considered one category of certificates to be more professional in stature than another class. Staff will compare the reference “from Other States or Territories of the United States” with other rule text to ensure consistency in meaning.

§230.35. Development, Approval, Implementation, and Evaluation of Teacher Certification Standards.

A separate agenda item seeks board approval of a classroom teacher standards advisory committee. Based on the work of this committee, staff may recommend rule changes for this section once more information is gleaned from the standards advisory committee.

§230.37. Probationary Certificates.

Possible amendments include changes to better align requirements for obtaining a probationary certificate through an educator preparation program (EPP) with requirements for obtaining an emergency permit through an employing school district. Staff will continue to gather stakeholder feedback that will support the proposed rules presented to the board in February 2016. A careful review of credit hour requirements, testing requirements, teaching experience requirements, deficiency plans and options for probationary certificate renewals is warranted. The goal is to make guidelines for probationary certificates and permits as consistent as possible to avoid hardship on individuals, EPPs, and districts.

§230.39. Temporary Teacher Certificates.

Staff will likely recommend deleting this section since there are currently no districts actively participating in this program. Since the start of the program several years ago, the agency has issued a small number of temporary teacher certificates. Staff will fully vet the logistics of deleting this section from rule and ensure authority is in place to do so before proposing rules to eliminate this certificate.

§230.41. Visiting International Teacher Certificates.

Possible amendments include adding language to confirm individuals who were issued a visiting international teacher (VIT) certificate for three years are eligible for placement on a probationary certificate if they decide to pursue certification through an approved educator preparation program.
program or a one-year certificate if they meet requirements for an out-of-country credentials review through the agency.

**Subchapter E. Educational Aide Certificate**

Possible amendments include recommending changes to the educational aide certificate so that it is no longer treated the same as an educator certificate. Educational aide certificates already require a district recommendation for issuance, so the credential could be treated like a permit. One possible approach would be the educational aide certificate remaining valid for use by the educator as long as he or she remains employed with the district that originally made the recommendation for issuance. An educator transferring to another district to serve as an educational aide would be required to obtain a new certificate for work at the employing district. Staff would need to determine logistics for making this type of change to the educational aide certificate.

**Subchapter F. Permits**

Possible amendments include changes to better align requirements for obtaining an emergency permit through an employing school district with requirements for obtaining a probationary certificate through an educator preparation program (EPP). Staff will continue to gather stakeholder feedback that will support the proposed rules presented to the board in February 2016. A careful review of credit hour requirements, testing requirements, teaching experience requirements, deficiency plans and options for permit renewals is warranted. The goal is to make guidelines for probationary certificates and permits as consistent as possible to avoid hardship on individuals, EPPs, and districts.

**Subchapter G. Certificate Issuance Procedures**

§230.93. Candidates of Approved Educator Preparation Programs.

Staff will review other EPP-related rules to ensure there are no conflicts with other references to program recommendations for certification.

§230.97. Effective Dates of Certificates and Permit Issuance.

Possible amendments include revising wording to more clearly indicate that a certificate is valid for the entire month in which it is issued. Employing school districts are often looking for a certificate start date to match the first day of the contract and educator preparation programs are usually looking for a certificate start date to match the first day of the assignment.

Staff will likely recommend deleting fee references for temporary teacher certificate and review of credentials requiring analysis and research of college or university transcript and degrees for issuance of a temporary certificate if determined we have statutory authority to do so.

§230.105. Issuance of Additional Certificates Based on Examination.

Staff have received some requests to require more than passing a test to add a new classroom area of certification to one’s teaching record. Some suggestions were to require a minor in the classroom area being added or require a certain amount of professional development in the
classroom teaching area. Staff have also received inquiries about adding Health Science and Trade and Industrial Education to the list of areas eligible for this certification route.

**Subchapter H. Texas Educator Certificates Based on Certification and College Credentials from Other States or Territories of the United States**

§230.113. Requirements for Texas Certificates Based on Certification from Other States or Territories of the United States.

Possible amendments to this section include minor grammatical corrections, but staff will also review current rules for the Texas credentialing process to ensure a balance of flexibility with realistic expectations for obtaining certification within a specified timeframe. Staff will improve language to further clarify the documents required for the review and clearly outline the credentials review process.

Staff will review this text and update as needed.

**ANTICIPATED REVISIONS TO RULES:** It is anticipated that staff will present proposed changes to 19 TAC Chapter 230 in February 2016. Staff will be conducting stakeholder meetings and seeking additional feedback prior to presenting proposed changes to the SBEC.

**FISCAL IMPACT:** An assessment of fiscal impact can be made after the SBEC gives guidance to staff.

**PUBLIC AND STUDENT BENEFIT:** The public and student benefit anticipated as a result of proposed revisions to 19 TAC Chapter 230 would be the continuation of requirements relating to certification requirements, fees, procedures, educational aides, and permits for professional educator preparation and certification.

**PROCEDURAL AND REPORTING IMPLICATIONS:** An assessment of procedural and reporting implications can be made after the SBEC gives guidance to staff.

**LOCALLY MAINTAINED PAPERWORK REQUIREMENTS:** An assessment of locally maintained paperwork requirements can be made after the SBEC gives guidance to staff.

**PUBLIC COMMENTS:** The public comment period on the current rule review for Chapter 230 began November 6, 2015, and ends December 7, 2015. The SBEC will take registered oral and written comments on this item at the February 12, 2016 meeting in accordance with the SBEC board operating policies and procedures. Staff will use input from the rule review and stakeholder input to propose rule changes for Chapter 230.

**ALTERNATIVES:** None.

**OTHER COMMENTS AND RELATED ISSUES:** None.

(a-2) For purposes of the limitation imposed by Subsection (a-1) on the number of administrations of an examination, a person who initially took an examination before September 1, 2015, may retake the examination up to four times after that date, regardless of the number of times that the person attempted to perform satisfactorily on the examination before that date. This subsection expires September 1, 2018.

(b) The board may not administer a written examination to determine the competence or level of performance of an educator who has a hearing impairment unless the examination has been field tested to determine its appropriateness, reliability, and validity as applied to, and minimum acceptable performance scores for, persons with hearing impairments.

(c) An educator who has a hearing impairment is exempt from taking a written examination for a period ending on the first anniversary of the date on which the board determines, on the basis of appropriate field tests, that the examination complies with the standards specified in Subsection (b). On application to the board, the board shall issue a temporary exemption certificate to a person entitled to an exemption under this subsection.

(c-1) The results of an examination administered under this section are confidential and are not subject to disclosure under Chapter 552, Government Code, unless:

[(1)] the disclosure is regarding notification to a parent of the assignment of an uncertified teacher to a classroom as required by Section 21.057;

[(2)] the educator has failed the examination more than five times.

(d) In this section:

(1) "Hearing impairment" means a hearing impairment so severe that the person cannot process linguistic information with or without amplification.

(2) perform satisfactorily on each examination prescribed under Section 21.048 for certification to teach students with visual impairments, after completing the course work or program described by Subdivision (1); and

(3) satisfy any other requirements prescribed by the board.

(b) Subsection (a) does not apply to eligibility for a certificate to teach students with visual impairments, including eligibility for renewal of that certificate, if the application for the initial certificate was submitted on or before September 1, 2011.

Texas Education Code, §21.050, Academic Degree Required for Teaching Certificate; Internship:

(a) A person who applies for a teaching certificate for which board rules require a bachelor's degree must possess a bachelor's degree received with an academic major or interdisciplinary academic major, including reading, other than education, that is related to the curriculum as prescribed under Subchapter A, Chapter 28.

(b) The board may not require more than 18 semester credit hours of education courses at the baccalaureate level for the granting of a teaching certificate. The board shall provide for a minimum number of semester credit hours of internship to be included in the hours needed for certification. The board may propose rules requiring additional credit hours for certification in bilingual education, English as a second language, early childhood education, or special education.

(c) A person who receives a bachelor's degree required for a teaching certificate on the basis of higher education coursework completed while receiving an exemption from tuition and fees under Section 54.363 may not be required to participate in any field experience or internship consisting of student teaching to receive a teaching certificate.

Texas Education Code, §21.051, Rules Regarding Field-Based Experience and Options for Field Experience and Internships:

(a) In this section, "teacher of record" means a person employed by a school district who teaches the majority of the instructional day in an academic instructional setting and is responsible for evaluating student achievement and assigning grades.

(b) Before a school district may employ a candidate for certification as a teacher of record, the candidate must complete at least 15 hours of field-based experience in which the candidate is actively engaged in instructional or educational activities under supervision at:

(1) a public school campus accredited or approved for the purpose by the agency; or
(2) a private school recognized or approved for the purpose by the agency.

(c) Subsection (b) applies only to an initial certification issued on or after September 1, 2012. Subsection (b) does not affect:

(2) the eligibility of a person who holds a certification issued before September 1, 2012, to obtain a subsequent renewal of the certification in accordance with board rule.

(d) Subsection (b) does not affect the period within which an individual must complete field-based experience hours as determined by board rule if the individual is not accepted into an educator preparation program before the deadline prescribed by board rule and is hired for a teaching assignment by a school district after the deadline prescribed by board rule.

(e) The board shall propose rules relating to the field-based experience required by Subsection (b). The commissioner by rule shall adopt procedures and standards for recognizing a private school under Subsection (b)(2).

(f) The board shall propose rules providing flexible options for persons for any field-based experience or internship required for certification.

(B) if the educator holds a certificate or other credential issued by another state or country, an examination similar to and at least as rigorous as that described by Paragraph (A) administered to the educator under the authority of that state.

(b) For purposes of Subsection (a)(2), a person is considered to hold a certificate or other credential if the credential is not valid solely because it has expired.

(c) The board may issue a temporary certificate under this section to an educator who holds a degree required by Subsection (a)(1) and a certificate or other credential required by Subsection (a)(2) but who has not satisfied the requirements prescribed by Subsection (a)(3). Subject to Subsection (d), the board may specify the term of a temporary certificate issued under this subsection.

(d) A temporary certificate issued under Subsection (c) to an educator employed by a school district that has constructed or expanded at least one instructional facility as a
result of increased student enrollment due to actions taken under the Defense Base Closure and Realignment Act of 1990 (10 U.S.C. Section 2687) may not expire before the first anniversary of the date on which the board completes the review of the educator's credentials and informs the educator of the examination or examinations under Section 21.048 on which the educator must perform successfully to receive a standard certificate.

(e) An educator who has submitted all documents required by the board for certification and who receives a certificate as provided by Subsection (a) must perform satisfactorily on the examination prescribed under Section 21.048 not later than the first anniversary of the date the board completes the review of the educator's credentials and informs the educator of the examination or examinations under Section 21.048 on which the educator must perform successfully to receive a standard certificate.

(f) The board shall post on the board's Internet website the procedures for obtaining a certificate under Subsection (a).

(g) The commissioner shall provide guidance to school districts that employ an educator certified as provided by Subsection (a) on procedures to classify the educator as a highly qualified teacher in a manner consistent with the No Child Left Behind Act of 2001 (20 U.S.C. Section 6301 et seq.).

(h) This subsection applies only to an applicant who holds a certificate or other credential issued by another state in mathematics, science, special education, or bilingual education, or another subject area that the commissioner determines has a shortage of teachers. In any state fiscal year, the board shall accept or reject, not later than the 14th day after the date the board receives the completed application, at least 90 percent of the applications the board receives for a certificate under this subsection, and shall accept or reject all completed applications the board receives under this subsection not later than the 30th day after the date the board receives the completed application. An applicant under this subsection must submit:

(1) a letter of good standing from the state in which the teacher is certified on a form determined by the board;

(2) information necessary to complete a national criminal history record information review; and

(3) an application fee as required by the board.

Texas Education Code, §21.054, Continuing Education (excerpt):

(a) The board shall propose rules establishing a process for identifying continuing education courses and programs that fulfill educators' continuing education requirements.

Texas Education Code, §22.0831, National Criminal History Record Information Review of Certified Educators (excerpts):

(c) The board shall review the national criminal history record information of a person who has not previously submitted fingerprints to the department or been subject to a national criminal history record information review.

(f) The board may propose rules to implement this section, including rules establishing:

1. deadlines for a person to submit fingerprints and photographs in compliance with this section; and

2. sanctions for a person's failure to comply with the requirements of this section, including suspension or revocation of a certificate or refusal to issue a certificate.

Texas Government Code, §2054.111, Use of State Electronic Internet Portal Project:

(a) In this section, "local government" and "project" have the meanings assigned by Section 2054.251.

(b) A state agency shall consider using the project for agency services provided on the Internet, including:

1. financial transactions;

2. applications for licenses, permits, registrations, and other related documents from the public;

3. electronic signatures; and

4. any other applications that require security.

(c) If a state agency chooses not to use the project under Subsection (b), the agency must provide documentation to the department that shows the services and security required by the agency. The department shall prescribe the documentation required.

(d) A state agency that uses the project shall comply with rules adopted by the department, including any rules regarding:

1. the appearance of the agency's Internet site and the ease with which the site can be used;

2. the use of the project seal; and

3. marketing efforts under Subsection (g).

(e) A state agency or local government that uses the project may charge a fee under Subchapter I if:

1. the fee is necessary to recover the actual costs directly and reasonably incurred by the agency or local government because of the project for:

   A. the use of electronic payment methods; or

   B. interfacing with other information technology systems;

2. the fee does not include an amount to recover state agency or local government employee costs;

3. the state agency or local government approves the amount of the fee using the state agency's or local government's standard approval process for fee increases;
(4) the chief financial officer for the state agency or local government certifies that the amount of the fee is necessary to recover the actual costs incurred because of the project; and

(5) the department approves the amount of the fee.

(f) A local government may not charge a fee under Subsection (e) that is otherwise prohibited under Section 195.006 or 195.007, Local Government Code.

(g) A state agency that uses the project shall assist the department with marketing efforts regarding the use of the project.

Texas Government Code, §2054.252, State Electronic Internet Portal Project:

(a) The department shall implement a state electronic Internet portal project that establishes a common electronic infrastructure through which state agencies and local governments, including licensing entities, may by any method:

(1) send and receive documents or required payments to and from:

(A) members of the public;

(B) persons who are regulated by the agencies or local governments; and

(C) the agencies and local governments;

(2) receive applications for original and renewal licenses and permits, including occupational licenses, complaints about occupational license holders, and other documents for filing from members of the public and persons who are regulated by a state agency or local government that, when secure access is necessary, can be electronically validated by the agency, local government, member of the public, or regulated person;

(3) send original and renewal occupational licenses to persons regulated by licensing entities;

(4) send profiles of occupational license holders to persons regulated by licensing entities and to the public;

(5) store information; and

(6) provide and receive any other service to and from the agencies and local governments or the public.

(b) The electronic infrastructure established by the department under Subsection (a) may include the Internet, intranets, extranets, and wide area networks.

(b-1) The department may include in the electronic infrastructure established under Subsection (a) a method by which a state agency or local government may track payments, including cash and credit card payments, received by the state agency or local government, whether or not the payments are made through the infrastructure.

(c) The department may implement this section in phases. Each state agency or local government that chooses to participate in the project and each licensing entity shall comply with the schedule established by the department.

(d) The department may contract with a private vendor to implement this section.

(e) The department shall charge fees to licensing entities as provided by this subchapter in amounts sufficient to cover the cost of implementing this section with respect to licensing
entities. The department shall charge a subscription fee to be paid by each licensing entity. The department may not charge the subscription fee until the service for which the fee is charged is available on the Internet. If the department determines that the transaction costs exceed the maximum increase in occupational license issuance or renewal fees allowed under Subsection (g), the department may also charge a reasonable convenience fee to be recovered from a license holder who uses the project for online issuance or renewal of a license.

(f) The department may exempt a licensing entity from subscription fees under Subsection (e) if the department determines that the licensing entity has established an Internet portal that is performing the functions described by Subsection (a).

(g) Each licensing entity shall increase the occupational license issuance or renewal fees imposed by the licensing entity by an amount sufficient to cover the cost of the subscription fee imposed on the licensing entity under Subsection (e) but not to exceed:

1. $5 for an annual occupational license;

Chapter 230. Professional Educator Preparation and Certification

Subchapter C. Assessment of Educators

(b) A candidate seeking certification as an educator must pass the examination(s) required by the Texas Education Code (TEC), §21.048, and the State Board for Educator Certification (SBEC) in §233.1(e) of this title (relating to General Authority) and may not retake an examination more than four times, unless:

(1) the SBEC waives the limitation for good cause as prescribed by the Board. Good cause is defined as a substantial change in the degree of the candidate’s learning by way of education, work, experience, and/or training that makes it probable the candidate will pass the examination for which the waiver has been submitted. The burden of proof shall be upon the candidate to demonstrate good cause.

NOTE: A candidate who has been or is currently enrolled in an EPP must provide a deficiency plan that has been approved by an EPP as part of the waiver request. If a candidate has not been associated with an EPP, the candidate must provide the deficiency plan.

(2) the candidate pays the prescribed fee in §230.101 of this title (related to Schedule of Fees for Certification Services);

NOTE: The fee for a review of credentials is currently $175. A fee for TEA staff to review a waiver request before it is submitted to the SBEC or if the SBEC delegates this authority to TEA staff would be based on the amount of time TEA staff anticipates it would take to process a waiver request. TEA staff will consult with other entities that have a similar waiver process for test limitations to provide a proposed initial fee.

(3) the candidate has not applied for a waiver for at least one year since the anniversary of the last waiver sought;

NOTE: Texas attorney candidates must wait two years before applying for a waiver after the last waiver sought.

(4) the candidate is otherwise eligible to take the examination; and

NOTE: For a candidate who has been or is currently enrolled in an EPP, the EPP must support that request for a waiver. For a Charter, PACT, Certification by Exam, Out-of-state, and Out-of-Country candidate, a candidate must meet the specific eligibility requirements for the examination route.

(5) the candidate shall complete or have completed such additional review courses or additional study as the Board may require.

NOTE: If the SBEC or TEA staff determines that additional coursework or training should be required, the deficiency plan could be modified and the candidate would have to complete the modified deficiency plan before being allowed to attempt the examination.

(6) Candidates shall apply for the waiver in writing on forms designated by the Board. The Board may delegate waiver approval to the Texas Education Agency. Any waivers brought before the Board shall be heard in open meetings, and the candidate is not required to attend the meeting to have the request considered; however, the candidate must acknowledge that the contents of the request and past examination performance and scores will be discussed during the deliberations on the request.

NOTE: Timelines for submitting waiver requests prior to SBEC meetings should be developed. The SBEC operating procedures may need to be amended to address waivers that may be brought before the SBEC.

Subchapter C. Assessment of Educators

(a) An individual seeking admission to an approved educator preparation program (EPP) for initial certification must be assessed for basic skills in reading, written communication, and mathematics, unless the individual holds a bachelor's degree or higher from an accredited institution of higher education.

(b) A request for such an exemption shall include:

(1) a report by a licensed audiologist documenting that the candidate has a hearing impairment so severe that the person cannot process written linguistic information. The report may not be dated more than one year from the date of the request for the exemption and should address the relationship between the candidate's age at the onset or diagnosis of hearing loss and the candidate's ability to process written linguistic information; and

(2) a recommendation for exemption and certification of the candidate by an approved Texas educator preparation program (EPP). The recommendation shall be based on the EPP's determination of the candidate's qualification for the exemption and competency in each certification class and content field in which certification is sought. The EPP shall make and document its determination of content field competency, as follows:

(A) by reviewing and approving transcripts from an accredited institution of higher education that demonstrate that the candidate has completed 24 semester credit hours in the content field, including 12 semester credit hours of upper division coursework, and documenting that the coursework is aligned to the Texas educator content field standards;

An educator who has been granted such an exemption may not subsequently take any other such certification examination without submitting a new audiologist's report that addresses the prior audiologist's report and documents that the educator is now able to process written linguistic information.

(d) This section does not affect the procedures for one-year certificates, extensions, and permits based on out-of-state credentials pursuant to §230.113 of this title (relating to Requirements for Texas Certificates Based on Certification from Other States or Territories of the United States), but, to be issued a standard certificate, a person must either satisfy the applicable examination requirements or be recommended for certification by an EPP.

(e) As with other EPP completion and admission documentation under §228.40 of this title (relating to Assessment and Evaluation of Candidates for Certification and Program Improvement), all documentation required under this section shall be retained by an EPP for five years and is subject to audit by Texas Education Agency staff.

However, a teacher's refusal to consent shall not impair a school district's right to implement a necessary reduction in force or other personnel actions in accordance with local school district policy.

(d) An emergency permit is authorized for the school district for a specific assignment and is not the property of the individual for whom the emergency permit was activated.

(e) If an emergency permit authorized by the SBEC is not used, the school district shall notify the Texas Education Agency (TEA) staff by email.

(f) An emergency permit may be authorized on a hardship basis for an individual who does not meet all emergency permit requirements as listed in §§230.75, 230.77, and 230.81 of this title (relating to General Eligibility Requirements for Emergency Permits, Specific Requirements for Initial Emergency Permits, and Renewal Requirements and Procedures) only if approval has been granted and email notification received from the TEA staff.
