(1) Except as required for purposes of federal accountability as allowed by subsection (c) of this section, a Grade 3-8 student shall not be administered a grade-level assessment if the student:

(A) is enrolled in a course or subject intended for students above the student's enrolled grade level and will be administered a grade-level assessment instrument developed under the TEC, §39.023(a), that aligns with the curriculum for that course or subject within the same content area; or

(B) is enrolled in a course for high school credit in a subject intended for students above the student's enrolled grade level and will be administered an end-of-course assessment instrument developed under the TEC, §39.023(c), that aligns with the curriculum for that course or subject within the same content area.

(2) A student is only eligible to take an assessment instrument intended for use above the student's enrolled grade if the student is receiving instruction in the entire curriculum for that subject.

(3) As specified in the TEC, §28.0211(p), a Grade 5 or 8 student described by paragraph (1)(A) or (B) of this subsection may not be denied promotion on the basis of failure to perform satisfactorily on an assessment instrument above the student's grade level.

(b) As allowed by 34 Code of Federal Regulations, §200.6, the TEA shall administer alternative assessment instruments under the TEC, §39.023(b), that correspond to:

Division 2. Participation and Assessment Requirements for Graduation

§101.3021. Required Participation in Academic Content Area Assessments.

(a) Beginning with students first enrolled in Grade 9 in the 2011-2012 school year, a student enrolled in a course for which an end-of-course (EOC) assessment exists as required by the Texas Education Code (TEC), §39.023(c), shall take the appropriate assessment.

(b) A student is required to meet the EOC assessment graduation requirements of §101.3022 of this title (relating to Assessment Requirements for Graduation) to receive a Texas diploma if a student:

(1) is participating in a distance-learning or correspondence course as outlined in §74.23 of this title (relating to Correspondence Courses and Distance Learning) for which there is an EOC assessment as listed in the TEC, §39.023(c); or

(2) is participating in a dual-credit course as specified in §74.25 of this title (relating to High School Credit for College Courses) for which there is an EOC assessment as listed in the TEC, §39.023(c).

(c) An EOC assessment administered under the TEC, §39.023(c), cannot be used for purposes of credit by examination as specified in §74.24 of this title (relating to Credit by Examination).

(d) Beginning in the 2011-2012 school year, a student in Grade 8 or lower who takes a high school course for credit is required to take the applicable EOC assessment specified in the TEC, §39.023(c). The EOC assessment result shall be applied toward the student's assessment graduation requirements, as specified in §101.3022 of this title.

(e) If a student earned high school credit for a course for which there is an EOC assessment as listed in the TEC, §39.023(c), prior to enrollment in a Texas public school district and the credit has been accepted by a Texas public school district, or a student completed a course for Texas high school credit in a course for which there is an EOC assessment prior to the 2011-2012 spring administration, the student is not required to take the corresponding EOC assessment as listed in the TEC, §39.023(c).

(f) A student may retake an EOC assessment under the TEC, §39.023(c), only if the student previously failed the EOC assessment. A student is not required to retake a course in order to be administered a retest of an EOC assessment.

§101.3022. Assessment Requirements for Graduation.

(a) Beginning with students first enrolled in Grade 9 in the 2011-2012 school year, a student must meet satisfactory performance on each end-of-course (EOC) assessment listed in the Texas Education Code (TEC), §39.023(c), except in cases as provided by subsections (b), (e), and (f) of this section and §101.3021(e) of this title (relating to Required Participation in Academic Content Area Assessments), in order to be eligible to receive a Texas diploma. The standard in place when a student first takes an EOC assessment is the standard that will be maintained throughout the student's school career.

(b) A student who was administered separate reading and writing EOC assessments under the TEC, §39.023(c), for the English I or English II course has met that course's assessment graduation requirement if the student has met the following criteria:

(1) achieved satisfactory performance on either the reading or writing EOC assessment for that course;

(2) met at least the minimum score on the other EOC assessment for that course; and

(3) achieved an overall scale score of 3750 or greater when the scale scores for reading and writing are combined for that course.
(c) Exceptions to subsection (a) of this section related to English I shall apply to English language learners who meet the criteria specified in §101.1007 of this title (relating to Assessment Provisions for Graduation).

(d) If a student failed a course but achieved satisfactory performance on the applicable EOC assessment, that student is not required to retake the assessment if the student is required to retake the course.

(e) Effective beginning with the 2014-2015 school year, a student who has taken, but failed to achieve the EOC assessment graduation requirements for no more than two courses may receive a Texas high school diploma if the student has qualified to graduate by means of an individual graduation committee (IGC) under the TEC, §28.0258.

(1) A student may not graduate under an IGC if the student did not take each EOC assessment required by this subchapter or an approved substitute assessment in Subchapter DD of this chapter for each course in which the student was enrolled in a Texas public school for which there is an EOC assessment. A school district or charter school shall determine whether the student took each required EOC assessment or an approved substitute assessment required by Subchapter DD of this chapter. For purposes of this section only, a student who does not make an attempt to take all required EOC assessments may not qualify to graduate by means of an IGC.

(2) A student who is an English language learner (ELL) and qualifies for the English I special provision in §101.1007 of this title may graduate without an IGC if the student achieves satisfactory performance on the remaining EOC assessments that the student is required to take.

(A) The qualifying ELL becomes eligible for IGC review by failing to achieve satisfactory performance on the English I EOC assessment and one other EOC assessment or by failing to achieve satisfactory performance on no more than two of the remaining EOC assessments if the student achieved satisfactory performance on the English I EOC assessment.

(B) If a qualifying ELL does graduate by means of an IGC, the student is required to complete IGC requirements for each course in which the student did not achieve satisfactory performance on the EOC assessment for that course.

(3) Notwithstanding any action taken by a student's IGC, a school district or charter school must provide a student an opportunity to retake an EOC assessment under the TEC, §39.023(c), if the student has not previously achieved satisfactory performance on an assessment for that course. A student is not required to retake a course in order to be administered a retest of an EOC assessment.

(4) This subsection only applies to a student classified by the school district or charter school as an 11th or 12th grade student in the 2014-2015, 2015-2016, or 2016-2017 school year.

(5) Provisions of this subsection expire September 1, 2017. A student may graduate by means of an IGC if the student has qualified for an IGC under the TEC, §28.0258, and that IGC convened prior to September 1, 2017.

(f) A student who is receiving special education services or has been dismissed from a special education program under the TEC, Chapter 29, Subchapter A, is subject to the provisions of this subsection.

(1) A student receiving special education services is not subject to the requirements in the TEC, §28.0258. As provided in §89.1070 of this title (relating to Graduation Requirements) and §101.3023 of this title (relating to Participation and Graduation Assessment Requirements for Students Receiving Special Education Services), a student's admission, review, and dismissal (ARD) committee determines whether a student is required to achieve satisfactory performance on an EOC assessment to graduate.

(2) A student dismissed from a special education program who achieved satisfactory performance on an alternate EOC assessment while enrolled in a special education program is not required to take and achieve satisfactory performance on the general EOC assessment to graduate. A student who took an EOC assessment while enrolled in a special education program is not required to retake and achieve satisfactory performance on the EOC assessment if the student's ARD committee...
determined that the student was not required to achieve satisfactory performance on the EOC assessment to graduate. A student dismissed from a special education program must achieve satisfactory performance on any remaining EOC assessments that the student is required to take. If the student fails to achieve satisfactory performance on no more than two of the remaining EOC assessments, the student is eligible for IGC review under the TEC, §28.0258, and is subject to the provisions of subsection (e) of this section.

A student's admission, review, and dismissal (ARD) committee shall determine if the student will be required to meet satisfactory performance on an assessment for purposes of graduation.

(b) Beginning with the 2011-2012 school year, all Grades 9-12 students with significant cognitive disabilities who are assessed with an alternate assessment as specified in the student's IEP will be assessed using alternate versions of end-of-course (EOC) assessments as listed in §101.3011(b)(2) of this title (relating to Implementation and Administration of Academic Content Area Assessment Instruments).

(c) For the 2011-2012 through 2013-2014 school years, a student who is receiving special education services under the TEC, Chapter 29, Subchapter A, and who is first enrolled in Grade 9 or below in the 2011-2012 school year shall be administered an alternative version of an EOC assessment instrument upon completion of the corresponding course as required by the student's IEP. Beginning with the 2014-2015 school year, a student who is receiving special education services under the TEC, Chapter 29, Subchapter A, whose IEP does not specify the administration of an alternate assessment and who is first enrolled in Grade 9 or below in the 2011-2012 school year shall be administered an EOC assessment instrument upon completion of the corresponding course as required by the student's IEP.

(a) Students who were first enrolled in Grade 9 prior to the 2011-2012 school year or enrolled in Grade 10 or above in the 2011-2012 school year must fulfill testing requirements for graduation with the assessments required by the Texas Education Code (TEC), §39.023(c), as that section existed before amendment by Senate Bill (SB) 1031, 80th Texas Legislature, 2007. For purposes of this section, coursework necessary to graduate means all the coursework required under the student's graduation plan.

(b) For a student who is receiving special education services under the TEC, Chapter 29, Subchapter A, who is enrolled above Grade 9 in the 2011-2012 school year and for whom an IEP specifies that the student shall take a modified version of an assessment, the modified assessments as required by the TEC, §39.023, as that section existed before amendment by SB 1031, 80th Texas Legislature, 2007, will continue to be the student's assessment requirement.

(c) With the exception of students who meet the criteria described in subsection (d) of this section, students who were enrolled as follows shall fulfill testing requirements for graduation with the assessments as
required by the TEC, §39.023(c), as that section existed before amendment by SB 1031, 80th Texas Legislature, 2007, with the applicable performance standards established by the commissioner of education and published on the Texas Education Agency (TEA) website:

(1) in Grade 9 or higher on January 1, 2001, regardless of when they are scheduled to graduate; or
(2) in Grade 8 or lower on January 1, 2001, if they were on an accelerated track and fulfilled all coursework necessary to graduate by September 1, 2004.

d) A student who entered Grade 11 in the 1989-1990 school year or an earlier school year shall fulfill testing requirements for graduation with assessments as required by the TEC, §39.023(c), as that section existed before amendment by SB 1031, 80th Texas Legislature, 2007, under an applicable performance standard established by the commissioner of education that corresponds to the performance standard in effect for the exit level Texas Educational Assessment of Minimum Skills (TEAMS) when the student was first eligible to take the exit level TEAMS. Performance standards that apply to TEAMS students will be published on the TEA website.

e) A student fulfilling testing requirements under subsection (c) of this section will be required to take only those sections of the exit level Texas Assessment of Knowledge and Skills (TAKS) that correspond to the subject areas formerly assessed by the exit level Texas Assessment of Academic Skills (TAAS) (reading, writing, and mathematics) for which the student has not yet met the passing standard.

(1) If a student has not yet met the passing standard on TAAS reading, the student will be administered only the reading multiple-choice items from the TAKS English language arts (ELA) test.

Division 3. Security of Assessments, Required Test Administration Procedures and Training Activities

(a) Purpose. To ensure that each assessment instrument is reliable and valid and meets applicable federal requirements for measurement of student progress, the commissioner of education shall establish test administration procedures and required training activities that support the standardization and security of the test administration process.

(b) Test administration procedures. These test administration procedures shall be delineated in the test administration materials provided to school districts and charter schools annually. Districts and charter schools must comply with all of the applicable requirements specified in the test administration materials. Test administration materials shall include, but are not limited to, the following:

(3) procedures for test administration;
(4) responsibilities of personnel involved in test administration; and
(5) procedures for materials control.

(c) Training activities. As part of the test administration procedures, the commissioner shall require training activities to ensure that testing personnel have the necessary skills and knowledge required to administer assessment instruments in a valid, standardized, and secure manner. The commissioner may require evidence of successful completion of training activities. Test coordinators and administrators must receive all applicable training as required in the test administration materials.

(d) Records retention. As part of test administration procedures, the commissioner shall require school districts and charter schools to maintain records related to the security of assessment instruments for a minimum of five years.

Figure: 19 TAC §101.3041(d)

(e) The Texas Education Agency shall post annually to its website a 100-point score conversion table after the STAAR® assessment spring administrations. The 100-point scale is defined using percentiles, which represent the percentage of students across the state that took the assessment and received a scale score less than the scale score of interest. The percentile is based on the performance of students who took the paper, online, Braille, and L versions of the assessment during the spring administration of any given year.

(1) The following formula is used to calculate the percentile \( p(S) \) for a scale score \( S \): \[ p(S) = \frac{x}{N} \times 100. \]

(2) In the formula in paragraph (1) of this subsection, \( N \) is the total number of students who took the tests, and \( x \) is the number of students with scale scores less than \( S \). If the calculated percentile is not a whole number, then it is rounded down to the closest whole number.
