Disclaimer

• These slides have been prepared by the Student Assessment Division of the Texas Education Agency.

• If the slide is changed for local use, please remove the TEA footer at the bottom of the slide.

• This training in no way takes the place of reviewing required manuals and additional information on the TEA website.
Updates to STAAR Alternate 2 assessment for Spring 2016
State of Texas Assessments of Academic Readiness (STAAR®) Alternate 2 is:

- an assessment based on alternate academic standards designed for students with significant cognitive disabilities receiving special education services.

- a standardized paper-based assessment (redesigned based on state legislation) administered individually to each eligible student.

- an assessment with individual student responses transcribed into the online transcription form.
The admissions, review, and dismissal (ARD) committee determines whether a student with a significant cognitive disability is eligible to take STAAR Alternate 2.

The decision to administer the STAAR Alternate 2 is based on multiple sources of measurable, objective evidence.
The decision to administer the STAAR Alternate 2 is based on the student’s educational need.

It is not based solely on the student’s:

- disability category
- racial or economic background
- excessive or extended absences
- the amount of time or location of service delivery
Assessment Decisions:

- Participation Requirements for STAAR Alternate 2

Students, for whom the ARD committee determines eligible for STAAR Alternate, will take an alternate assessment in ALL enrolled courses/subjects for that school year.
Students who are medically fragile and cannot attend to or tolerate any academic interaction can qualify for a medical exception if the student is:

- in the final stages of a terminal or degenerative illness.
- receiving extensive short-term medical treatment due to a medical emergency or serious injury in an accident.
- unable to interact with peers or staff without risk of infection or contamination to him/herself or others.
- receiving non-academic homebound services due to medical issues and does not receive academic instruction.
No Authentic Academic Response (NAAR)

Students who are unable to respond authentically to any verbal, visual, or tactile stimuli during academic instruction due to level of cognition rather than a medical condition can qualify for a NAAR exception if the student:

- does not show any observable reaction to a specific stimuli.
- exhibits only startle responses.
- tracks or fixates on objects at random and not for a purpose.
- moves or responds only to internal stimuli.
- vocalizes intermittently regardless of changes in the environment around them.
- unable to receive any visual, auditory, or tactile information during the assessment.
Assessment Window and Tested Subjects

The STAAR Alternate 2 testing window is **April 4 – 22, 2016**. Districts may choose when to administer each subject and grade-level test within the window.

The test will be administered in the following grades and subjects:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Subjects Assessed</th>
</tr>
</thead>
<tbody>
<tr>
<td>Grade 3</td>
<td>mathematics and reading</td>
</tr>
<tr>
<td>Grade 4</td>
<td>mathematics, reading, and writing</td>
</tr>
<tr>
<td>Grade 5</td>
<td>mathematics, reading, and science</td>
</tr>
<tr>
<td>Grade 6</td>
<td>mathematics and reading</td>
</tr>
<tr>
<td>Grade 7</td>
<td>mathematics, reading, and writing</td>
</tr>
<tr>
<td>Grade 8</td>
<td>mathematics, reading, science, and social studies</td>
</tr>
<tr>
<td>end-of-course (EOC)</td>
<td>Algebra I, English I, English II, biology, and U.S. history</td>
</tr>
</tbody>
</table>
Enrollment Updates

• Students who are eligible for STAAR Alternate 2 and enroll in the district on April 5, 2016 or later may be exempted from testing.

• Districts will need to submit their own student data files. Pearson will not load previous year STAAR Alternate 2 students.

• The End-of-Course (EOC) Code field (CSV location AI) is mandatory for STAAR Alternate 2 grades 9–12.

*Test Administrators must receive training before previewing test materials.*
Test administrators are required to receive annual training in test security and general testing procedures, as well as procedures unique to specific tests. Test administrators must be trained prior to beginning preview activities.
STAAR Alternate 2 Campus Coordinator

Training by March 18

Test administrator responsibilities include:

- maintaining security of test materials until returned to the coordinator,
- preparing test materials for each administration,
- implementing the test administration processes and procedures stated in the manuals,
- monitoring and maintaining test security,
- reporting any suspected violation of test security to the campus coordinator,
- transcribing student responses into an online transcription form, and
- preparing test materials for return to the campus coordinator at the conclusion of test administrations.

Test security:

- test security procedures and oaths
- STAAR Alternate 2 Materials Control Form
- response to testing irregularities
- consequences of cheating

Scheduling test administrations:

- testing window
- administering individual tests in more than one session
- setting up testing across grades and subjects

Preparing for test administrations:

- identifying eligible students
- receiving and storing test materials
- preparing for administrations in alternative education settings

Testing with accommodations:

- understanding allowable test administration procedures and materials
- understanding accommodation policies
- ensuring that testing personnel have a current list of each student’s testing accommodations
- reviewing secure materials during the preview period and preparing accommodations for eligible students
- collecting materials and preparing test accommodations
- preparing testing locations for students who need certain accommodations or allowable procedures
Group training must include only the non-secure front matter from the *STAAR Alternate 2 Test Administrator Manual* located on the TEA’s Coordinator Manual Resources webpage. The test instructions located in the back of each test administrator manual are considered secure and may be viewed only by the test administrator during the preview and testing windows.
Test Administrator Training Resources

• Campus coordinators will use the front matter of the STAAR Alternate 2 Test Administrator manual (Non-Secure Front Matter) manuals in training sessions.

Other Resources:
• UPDATED STAAR Alternate 2 Test Administration TETN
• District Campus Coordinator Manual 2016
• 2016 STAAR Alternate 2 Educator Guide
Test Administrator Qualifications

• The STAAR Alternate 2 test administrator:

• must have a high level of familiarity with the student so that testing accommodations can be prepared appropriately and the student’s typical response modes can be understood.

• must receive training as defined in campus test coordinator’s responsibilities on test security and general testing procedures before handling secure test materials.

• must initial and sign the test administrator oath.
Test Administrators

Test administrators may include:

- teachers (including those who hold teaching permits or probationary certificates)
- counselors
- librarians
- paraprofessionals (certified and noncertified)
- substitute teachers
- other professional educators (such as retired teachers)
- **related service staff** (currently employed by the district and routinely work with students in the classroom)
Paraprofessionals

Certified and noncertified paraprofessionals and related service staff may serve as test administrators or test administrator assistants if they:

• are currently employed by the district, and
• routinely work with students in the classroom.

*Paraprofessionals must be supervised by a certified professional on the same campus throughout the test administration, receive training, and sign the test administrator oath.
Test Administrator Assistants

Test administrator assistants can provide assistance including:

• preparing allowable accommodations as directed,
• manipulating materials during the testing session,
• translating or signing information for the student, and
• managing student behavior.
Test Administrator Responsibilities

All test administrators are required to receive annual training in test security, general testing procedures and the STAAR Alternate 2 Assessment Management System. Campus coordinators will schedule and conduct training sessions before testing. Topics will include the following:

- maintaining security of test materials while in their possession until returned to the coordinator,
- preparing test materials for each administration including accommodations,
- implementing the test administration processes and procedures stated in the manuals.
Test Administrator Responsibilities

reporting any suspected violation of test security to the campus coordinator,

• transcribing student responses into the online transcription form, and

• preparing test materials for return to the campus coordinator at the conclusion of test administrations.
Test Administration Process

- **Receive Test Materials**

  - STAAR Alternate 2 test administrators will be provided with the following materials:
  - Provides a guide to administering the test, as well as specific instructions for administering each question.
  - Contains the images and text for the questions and answer choices presented to the student.
  - A single sheet with answer bubbles **arranged in clusters of four items** for recording student responses for later input into the online transcription form. This required document must be returned to the campus coordinator.

STAAR Alternate 2 Test Administrator Manual—secure;

Student booklet—secure;

STAAR Alternate 2 Scoring Document—secure during and after use;
Preview Test Materials

Test administrators and test administrator assistants need to preview the STAAR Alternate 2 materials to become familiar with the test and to prepare any necessary accommodations.

Test administrators and test administrator assistants should use the preview period to:

• prepare accommodations up until the test administrator begins to administer the assessment according to the guidelines outlined in the “Accommodations” section of the manual.

• practice reading the script and following the “Presentation Instructions and “Scoring Instructions” for each item.
Preview Test Materials

**Revised** Security Procedures

- Test materials must be kept in locked, secure storage throughout the day when not in use.

- Test materials (including photocopied pages from the student booklet) must be returned to the campus coordinator at the end of each day.
Materials Control Form

- Test administrators must verify that they have received the exact number of secure test materials recorded as issued, and initial the “Out” box.

- The test administrators’ initials also signify that they have signed their security oaths.

- Retain completed STAAR Alternate 2 Materials Control Forms for your records.

Test administrators are responsible for student booklets and STAAR Alternate 2 test administrator manuals until they are returned to you. When the materials are returned, you must initial the “In” box. Your initials indicate that the test administrators have returned all secure test materials checked out to them as listed on the STAAR Alternate 2 Materials Control Form.
Plan and Prepare Accommodations

Reformatted allowable accommodations chart is in both The Educator Guide for STAAR Alternate 2 and the STAAR Alternate 2 Test Administrator Manual with the addition of “provide structured reminders”

The accommodations must:
• maintain the integrity of the assessment,
• avoid leading to or providing the student a direct answer,
• be used routinely in instruction,
• reflect the student’s learning styles, and
• allow a student to respond using a mode that is appropriate for the student.
Plan and Prepare Accommodations

• The test administrator must present the accommodations uniformly so that the correct answer is not emphasized over the other answer choices.

• Routinely used accommodations for positioning and behavioral supports can be provided for any student to ensure that the student can physically access the stimuli provided and maintain focus throughout the testing session.

• It is appropriate to add language that encourages the student to stay on task.

• It is not appropriate to add language about the content of the question.

Allowable Accommodations

- Color or highlight images or text
- Place color overlays on images or text
- Photocopy and cut out images or text
  - can be affixed to appropriate presentation media
  - answer choices must be placed in the same order as they appear in the test booklet
- Pair images or text with photographs, picture representations, or real objects of the same content
  - photographs, pictures, or real objects must be as close to the original as possible
- Attach textured materials to images or text
- Demonstrate concepts or relationships in images or text
- Raise or darken the outline in images or text
- Enlarge images or text
  - magnification devices, photocopying, or computer magnification programs can be used
- Add braille labels to images or provide text in braille
- Describe images for students with visual impairments
  - descriptions of images can only include details of what can be seen in the images without comments about the overall impression of the image
- Provide images or text on separate paper presented one at a time
  - images must be presented in the same order or configuration as they appear in the test booklet
- Cover or isolate images or text until addressed
- Use routine picture representations for key words in verbal directions to the student
  - only what is visually presented, stated in text, or supplied in the test administrator instructions can be provided
- Use calculator to arrive at response
- Reread sections of the text beyond what is included in test administrator instructions
- Provide structured reminders
  - personal timers, token systems, color-coded or handwritten reminders, or visual schedules
Administer the Assessment

The STAAR Alternate 2 Presentation Instructions are standardized and must be followed to ensure a valid assessment.

- Test items must be administered in the order they appear in the student booklet.

- The test administrator is given directions to present the item, specifically what to direct the student to, and what to communicate to the student.

- Students can be alerted back to the task or materials or be encouraged to stay focused at any time during testing.

- At no time may a student go back to previously answered items, including after an administration has been stopped and resumed for an emergency.

- Students can request to have information repeated.

TEA Spring 2016 STAAR ALT 2 Update
Administer the Assessment

Repeating Presentation Instructions

• Before the “find” statement is given
• The test administrator can repeat sections of the presentation instructions without a student request if the student is distracted during the presentation, up until the answer choices and the “find” statement are given.
• Passages can be reread as needed before the answer choices and the “find” statement are given.
Administer the Assessment

Repeating Presentation Instructions

• After the “find” statement is given

• Once the answer choices and “find” statement are given, the test administrator must wait at least 5 seconds for the student to respond.

• If no response is given, after a reasonable wait time, the answer choices and “find” statement can be repeated *once*.

• The order in which the bullets for the answer choices and “find” statement in the presentation instructions are communicated can be reversed from the order listed in the instructions.

• Once a student gives an answer, the test administrator must follow the scoring instructions to determine how to proceed.
Administer the Assessment

Assistive Technology

Assistive technology that is documented in the student’s IEP and is used routinely in instruction may be used to provide the student access to the assessment.

The use of technology should be used primarily for communicating an answer by the student or presenting answer choices by the test administrator.

Because the assessment is secure, the use of some devices is not allowable. Instances when a device or procedure would not be allowed include:

- tablets or computers with Internet access that cannot be turned off
- inputting answer choices into a device that has stored memory that cannot be erased
Administer the Assessment

Incomplete assessments

• Every attempt must be made to complete the assessment during the window.

• If the assessment cannot be completed within the window, enter the score for the portion of the testing the student was able to complete into the online transcription form.

• If a student cannot complete testing within the window due to his or her disability or other administration obstacles, contact TEA for guidance.
Transcribe Student Responses

• After student tickets have been printed, student responses can be entered into the on-line transcription form.

• Testing personnel will log into the online transcription form using the student’s authorization ticket and transcribe student responses.

• Scoring documents can be found in the back of STAAR Alt 2 Test Administrator Manuals or in the resources section at assessmentmanagementsystem.com under Support > Documentation
Return Test Materials to the Campus Coordinator

Return nonscorable materials:

- STAAR Alternate 2 Scoring Document
- test booklets grouped by grade for grades 3–8
- student test booklets grouped by course for EOC assessments
- secure Alternate 2 test administrator manuals
- photocopies of secure test materials, if used

Pack STAAR Alternate 2 materials either by campus or by district. If packing by campus, be sure that all the materials for a single campus are grouped together and packed in the box before adding materials from another campus. Do not mix STAAR Alternate 2 materials with STAAR or TELPAS materials in the same shipment.
Info for 2017 Administration of STAAR Alt 2

• NEW essence statements will be posted in Fall 2016

• Review and development of test construction for Spring 2017 has begun!

• Future TETNs will be posted on TETN schedule page
