(4) Collaboration: Students develop collaboration skills to participate productively in diverse interactions within a variety of digital and social environments using the four domains of language as appropriate. The student is expected to:

- [Streamline - this language may be inferred that all four domains need to be done at all times which may not be appropriate. Therefore we moved the language to the end of the KS statement noting “as appropriate.”]

**OR** -

(4) Collaboration: Students develop collaboration skills to participate productively in diverse interactions within a variety of digital and social environments using the domains of listening, speaking, reading, and writing as appropriate. The student is expected to:

Copied from Grade 1 and was from original 2.28A;changed "attentively" to actively which aligns with CCRS in upper grades. Grades K-5, and added to 6-8

(A) listen actively by facing speakers and ask questions to understand information;

[ER - "in teams" was too limiting and potentially seen as competitive] (B) work productively with others by following agreed-upon rules for discussion, including taking turns and speaking one at a time;

(C) share ideas by speaking audibly and clearly;

and

(D) understand his/her own responsibility in collaboration.

ER - Anderson suggested adding in interactive structure language]
