Item 9:
Consider and Take Appropriate Action on Petition for Adoption of Rule Change Concerning 19 TAC Chapter 230, Professional Educator Preparation and Certification, Subchapter B, General Certification Requirements, §230.11, General Requirements

DISCUSSION AND ACTION

SUMMARY: This item provides the State Board for Educator Certification (SBEC) an opportunity to consider a petition for rulemaking on 19 TAC Chapter 230, Professional Educator Preparation and Certification, Subchapter B, General Certification Requirements, §230.11, General Requirements, filed pursuant to Texas Government Code, §2001.021. The petitioner requests an amendment to 19 TAC §230.11(b)(5)(C), General Requirements, to replace current language with "verification of satisfactory scores on Test of English as a Foreign Language (TOEFL) of 22-30 on speaking portion or overall TOEFL score of 83." The SBEC must either deny the petition or direct the Texas Education Agency (TEA) staff to initiate rulemaking proceedings.

EFFECTIVE DATE: None.

PREVIOUS BOARD ACTION: The SBEC approved a scaled score of 26 as the passing standard on the speaking portion of the TOEFL in May 2006. Section 230.11 was adopted effective August 12, 2012, and amended effective December 27, 2016.

BACKGROUND INFORMATION AND JUSTIFICATION: Under SBEC rule 19 TAC §230.11(b)(5), any applicant for a Texas educator certificate must "be able to communicate, listen, read, write, and comprehend the English language sufficiently to use it easily and readily in daily communication and teaching." For a candidate who earned his or her degree(s) outside of the United States at an institution of higher education where the primary language of instruction is not English, the candidate must achieve a satisfactory score on an English language proficiency examination approved by the SBEC to satisfy this requirement.

TEA staff received guidance from the SBEC on December 9, 2016, to begin work on gathering stakeholder feedback regarding English language proficiency requirements for certification candidates as currently specified in rule. Discussions included whether to set a minimum score for each section (i.e., Reading, Listening, Speaking, and Writing) of the examination or use a composite score for the examination, as well as whether to use alternate proficiency examinations.
A member of the public has submitted to the SBEC a petition, shown in Attachment III, requesting that the SBEC specify the TOEFL as the English language proficiency examination and set the minimum satisfactory score at 22 rather than the current score of 26 on the speaking portion of the TOEFL or require a minimum total score of 83 out of a maximum total score of 120. The petitioner states that the rule is unclear as to what score meets the "satisfactory" condition, that the proposed scores are comparable to the scores required by universities in Texas and approved by the Texas Higher Education Coordinating Board (THECB), that a Fair rating of 18-25 indicates a person can speak in English and be understood when conveying relevant information, and that an overall score of 83 out of 120 is 70%, which is a commonly accepted passing score.

In accordance with the Texas Government Code, §2001.021, the SBEC may deny the petition or direct the TEA staff to initiate rulemaking proceedings.

TEA staff recommends that the SBEC deny the petition for the following reasons:

1) The petitioner stated that the recommended scores are comparable to those approved by the THECB; however, the THECB does not approve TOEFL scores set by the universities.

2) The petitioner’s methodology, defining a percentage of a scaled score (i.e., 83 out of 120 = 69%) or setting a minimum score of 22 on the Speaking section, does not adhere to the guidelines of the American Psychological Association, the American Educational Research Association, or the National Council on Measurement in Education for setting passing standards and is not recommended by the testing vendor of the TOEFL. A structured, principled process, known as standard setting, is the best method used to determine the English proficiency level needed for an educator to use English easily and readily in daily communication and instruction and to determine passing standards on all Texas certification tests. Scores set arbitrarily or based on graduate admission requirements could be too high or too low and would not address the particular English needs of classroom instruction and learning. Setting a passing score requirement based solely on one petitioner's recommendation does not reflect industry best practices for establishing minimum requirements.

3) The SBEC has already directed TEA staff to gather stakeholder feedback and to make recommendations on this rule. The petitioner has been invited to participate as a stakeholder.

LOCALLY MAINTAINED PAPERWORK REQUIREMENTS: None.

PUBLIC COMMENTS: None.

OTHER COMMENTS AND RELATED ISSUES: Under SBEC rule 19 TAC §250.20, Petition for Adoption of Rules or Rule Changes, shown in Attachment I, the TEA must respond to a rule petition within 60 days even if it is not possible for the SBEC to act upon it within 60 days, as was the case with this petition. As a result, TEA staff notified the petitioner that the petition would be considered at the March 3, 2017 meeting.

ASSOCIATE COMMISSIONER'S RECOMMENDATION: I recommend that the State Board for Educator Certification:

Deny the petition concerning the English language proficiency requirement in 19 TAC Chapter 230, Professional Educator Preparation and Certification, Subchapter B, General Certification Requirements, §230.11, General Requirements, because the State Board for Educator Certification has given direction to staff to convene a stakeholder group to make recommendations to the SBEC on the English language proficiency requirements specified in rule.

Proposed rule text (indicate words to be added or deleted from the current text):

19 TAC Chapter 230, Subchapter B, §230.11 General Requirements (b)(5)(C)
Remove (C) verification of satisfactory scores on an English language proficiency examination(s) approved by the State Board for Educator Certification (SBEC)
Add (C) verification of satisfactory scores on Test of English as a Foreign Language (TOEFL) of 22-30 on speaking portion or overall TOEFL score of 83

Statutory authority for the proposed rule action: Title 19; Part 7; Chapter 250; Subchapter B; Rule 250.20

Why is this rule action necessary or desirable?

Present rule reads “satisfactory score on an English language proficiency examination(s) approved by SBEC”. This rule is unclear as to the what score meets the “satisfactory” condition. Adding proposed text would place in rule a score requirement which would give specific information for EPPs for purposes of evaluating candidates as well as making clear the requirement for purposes of audit by SBEC.

The proposed scores are comparable to the scores required by universities in Texas and approved by the Texas Higher Education coordinating Board.

The TOEFL analysis of strengths in speaking are rated Good, Fair, Limited, and Weak. A Fair rating (18-25) indicates that the person can speak in English and be understood when conveying relevant information. A Perfect overall score is 120 so a score of 83 overall is 70% which is a commonly accepted passing score.
