How can I implement this on my campus?

**IDENTIFY**

Identify who will serve as your official non-profit representative (a non-profit can be a PTA, an ISD Foundation, a food bank, a church, etc).

**RECEIVE**

Food collected on campus may include unopened, uneaten surplus food, from breakfast, lunch, snack and dinner programs, as well as food drives.

**STORE**

Secure a specific location where the donated food will be stored on campus (all food safety standards apply).

**REDISTRIBUTE**

Determine the time and process of distribution for donated food on your campus.

**HELP FEED HUNGRY STUDENTS EVERY DAY**

Partner with your district's School Nutrition Program to determine what will work best on your campus.
