Commissioner’s Final Decisions for 2018 Accountability

TETN VIDEOCONFERENCE #386|APRIL 5, 2018
Student Achievement Domain
# Student Achievement Domain

## Elementary/Middle Schools
- STAAR: **100%**

## High Schools, K–12, and Districts
- STAAR: **40%**
- College, Career, and Military Readiness (CCMR): **40%**
- Graduation Rate: **20%**
Student Achievement Domain

**STAAR**

- One point is given for each percentage of assessment results that are at or above the following*:
  - Approaches Grade Level or Above
  - Meets Grade Level or Above
  - Masters Grade Level

\[
\text{Percentage of Assessments at Approaches Grade Level or Above} + \\
\text{Percentage of Assessments at Meets Grade Level or Above} + \\
\text{Percentage of Assessments at Masters Grade Level} = \text{Three}
\]

*Substitute assessments are included at the Meets Grade Level standard.*
Student Achievement Domain

College Ready
- Meet criteria of 3 on AP or 4 on IB examinations
- Meet TSI criteria (SAT/ACT/TSIA/College Prep course) in reading and mathematics
- Complete a course for dual credit (9 hours or more in any subject or 3 hours or more in ELAR/mathematics)
- Earn an associate’s degree

Career Ready
- CTE coherent sequence coursework completion and credit aligned with approved industry-based certifications (one-half point credit)
- Earn industry-based certification
- Graduate with completed IEP and workforce readiness (graduation type code of 04, 05, 54, or 55)

Military Ready
Enlist in the United States Armed Forces
Student Achievement Domain

CCMR

- One point is given for each annual graduate who accomplishes any one of the CCMR indicators, except for CTE coherent sequence graduates.

- One-half point is given for each CTE coherent sequence graduate who completes coursework aligned to the approved list of industry-based certifications.*

<table>
<thead>
<tr>
<th>Number of Graduates Who Accomplish Any One of the CCMR Indicators</th>
<th>Number of 2017 Annual Graduates</th>
</tr>
</thead>
</table>

*This is for graduates who meet no other CCMR indicator.
CTE Coherent Sequence to Industry-Based Certifications Transition Plan

- For 2018 and 2019, CTE coherent sequence graduates who complete and receive credit for at least one course aligned with CTE industry-based certification earn one-half point.

- For 2020 and 2021, CTE coherent sequence graduates who complete and receive credit for a pathway of courses toward an industry-based certification earn one-half point.

- For 2022 and beyond, only graduates who earn an industry-based certification earn one point.
Graduation Rate

- High school graduation rates include the four-year, five-year, or six-year longitudinal graduation rate (with state exclusions) or annual dropout rate, if the graduation rate is not available.
School Progress Domain
School Progress Domain

Elementary, Middle, High Schools, K–12, and Districts

- The higher scaled score of Part A: Student Growth or Part B: Relative Performance is used to calculate the School Progress domain rating.
Part A: Student Growth

- School Progress, Part A: Student Growth includes all assessments with a STAAR progress measure*. Districts and campuses (including high schools) earn credit for results that maintain proficiency or meet growth expectations on STAAR.

*Substitute assessments are not included.
## School Progress Domain

### Part A: Student Growth

<table>
<thead>
<tr>

<td>0 points</td>
<td>1 point</td>
</tr>
</tbody>
</table>
Part B: Relative Performance

- School Progress, Part B: Relative Performance evaluates the achievement of all students relative to districts or campuses with similar socioeconomic statuses.
School Progress Domain

Part B: Relative Performance—Elementary Schools

- Student Achievement STAAR component results compared to elementary schools with similar percentages of economically disadvantaged students

Part B: Relative Performance—Middle Schools

- Student Achievement STAAR component results* compared to middle schools with similar percentages of economically disadvantaged students

*Substitute assessments are included at the Meets Grade Level standard.
School Progress Domain

Part B: Relative Performance—High Schools, K–12, and Districts with CCMR Component

- Student Achievement STAAR component* and CCMR component results averaged compared to districts or campuses with similar percentages of economically disadvantaged students

Part B: Relative Performance—High Schools, K–12, and Districts without CCMR Component

- Student Achievement STAAR component* results compared to districts or campuses with similar percentages of economically disadvantaged students

Part B: Relative Performance—AEA Districts and Campuses

- Alternative education accountability (AEA) districts and campuses are not evaluated on School Progress, Part B due to the small number of districts and campuses used for comparison.

*Substitute assessments are included at the Meets Grade Level standard.
Closing the Gaps Domain
Closing the Gaps Domain

Elementary/Middle Schools

- Academic Achievement 30%
- STAAR Growth Status 50%
- English Language Proficiency² 10%
- Student Achievement Domain Score: STAAR Component Only 10%

¹ These weights reflect a planned amendment to the ESSA state plan.

² Due to changes to the TELPAS, Texas will request a waiver from the U.S. Department of Education to waive the English Language Proficiency component for 2018 accountability. If granted, the English Language Proficiency component weight will be distributed proportionally.
## Closing the Gaps Domain

### High Schools, K–12, AEAs, and Districts

<td></td>
</tr>
</tbody>
</table>

¹ These weights reflect a planned amendment to the ESSA state plan.

² Due to changes to the TELPAS, Texas will request a waiver from the U.S. Department of Education to waive the English Language Proficiency component for 2018 accountability. If granted, the English Language Proficiency component weight will be distributed proportionally.
Closing the Gaps Domain

Elementary, Middle, High Schools, K–12, and Districts

- Cumulative performance for each component is based on the total number of eligible student groups that meet minimum-size criteria.
- The district or campus must have ten reading and ten mathematics assessment results to be evaluated on the Closing the Gaps domain.
- To be included in the Closing the Gaps domain score, the Academic Achievement, STAAR Growth Status, and Student Achievement Domain Score: STAAR Component Only components must have a minimum of five eligible measures each to be evaluated (those that met minimum size). The remaining components only require one eligible measure to be evaluated.
- The maximum number of measures met for each component is totaled and then divided by the total count of eligible measures, resulting in an overall percentage for each of the three domain components.
- Percentages for each component are then weighted based on the district or campus type to calculate an overall domain score.
# Closing the Gaps Domain

## Example of Minimum Number of Eligible Measures: Academic Achievement

<table>

<td>100</td>
<td>10%</td>
<td>10</td>
</tr>
<tr>
<td>Student Achievement Domain Score: STAAR Component Only</td>
<td>60</td>
<td>10%</td>
<td>6</td>
</tr>
</tbody>
</table>

**Closing the Gaps Domain Score**: 78

*Due to changes to the TELPAS, Texas will request a waiver from the U.S. Department of Education to waive the English Language Proficiency component for 2018 accountability. If granted, the English Language Proficiency component weight will be distributed proportionally.
Closing the Gaps Domain

Student Groups

- All Students
- African American
- Hispanic
- White
- American Indian
- Asian
- Pacific Islander
- Two or More Races
- Economically Disadvantaged
- Current and Former Special Education
- Current and Monitored English Learners (through fourth year as allowed by ESSA)
- Continuously Enrolled/Non-Continuously Enrolled

Components

- Academic Achievement in Reading and Mathematics (At Meets Grade Level or Above Performance)
- Growth in Reading and Mathematics (Elementary and Middle Schools)
- 4-year Federal Graduation Rate (High Schools, K–12, and Districts)
- College, Career, and Military Readiness Performance (High Schools, K–12, and Districts)
- Student Achievement Domain Score (Elementary and Middle Schools)
- English Learner Language Proficiency Status (Will seek waiver for year one)
Closing the Gaps Domain

**Academic Achievement***
- STAAR performance (percentage at Meets Grade Level or Above)
- ELA/Reading
- Mathematics

**Targets**
- By student group and subject area
- No safe harbor

*Substitute assessments are included at the Meets Grade Level standard.*
Closing the Gaps Domain

Growth
  - Elementary and Middle Schools (School Progress Domain)
    - ELA/Reading
    - Mathematics

Graduation Rate
  - High Schools, K–12, Districts
    - 4-year Federal Graduation Rate (without exclusions)

Targets
  - By student group
  - For Growth, by subject area
  - No safe harbor
Closing the Gaps Domain

School Quality and Student Success

- High Schools, K–12, and Districts
  - College, Career, and Military Readiness*
- Elementary and Middle Schools
  - Student Achievement Domain Score: STAAR Only

Targets

- By student group
- No safe harbor

*Evaluates annual graduates plus students in grade 12 during school year 2016–17 as reported in TSDS PEIMS who did not graduate.
Participation Status

- 95 percent target
- Based on STAAR and TELPAS assessment results
- Current ELs only are included in EL participation rate.
- Substitute assessments are included as participants.
- No Authentic Academic Response (NAAR) designations are included.
- Medical exception designations are not included in the numerator or denominator.
- Should the participation status for the all students group or any student group fall below 95 percent, the denominator used for calculating the Closing the Gaps Academic Achievement component is adjusted to include the necessary number of assessments to meet the 95 percent threshold.
Adjusted Academic Achievement Performance Calculation Example

- The campus’s participation rate for ELA/reading is 93 percent.

\[
\frac{93 \text{ scored answered documents}}{100 \text{ scored, absent, or other answer documents}}
\]

- The performance denominator must be adjusted to include enough assessments to meet the 95 percent target.
Adjusted Academic Achievement Performance Calculation Example (cont’d.)

- Original ELA/Reading Academic Achievement Performance Calculation:

\[
\frac{53 \text{ assessments at Meets Grade Level or Above standard}}{93 \text{ scored assessments that meet accountability subset}} = 57\%
\]

- Adjusted ELA/Reading Academic Achievement Performance Calculation:

\[
\frac{53 \text{ assessments at Meets Grade Level or Above standard}}{95 \text{ assessments (93 scored Plus 2 absent/other)}} = 56\%
\]
Districts

- Scaled scores were created to align letter grades and scores used in the A–F academic accountability system to the common conception of letter grades.
Campuses

- Scaled scores were established by campus type.
- Scaled score methodology used in 2018 accountability was developed based on a normal distribution of 90 percent *Met Standard/Met Alternative Standard* and 10 percent *Improvement Required*. 
Weighting of Overall Rating

- **Step 1**: Determine the better outcome of the Student Achievement and the School Progress domain scaled scores.
- **Step 2**: Weight the better outcome of the Student Achievement or the School Progress domain scaled score at 70 percent.
- **Step 3**: Weight the Closing the Gaps domain scaled score at 30 percent.
- **Step 4**: Total the weighted outcome of the two scaled scores to calculate the overall score.
Districts

- **A, B, C, or D**: Assigned for overall performance and for performance in each domain to districts that meet the required performance target for the letter grade.

- **F**: Assigned for overall performance and for performance in each domain to districts (including AEAs) that do not meet the required performance target to earn at least a *D*.

- **Not Rated**: Assigned to districts that—under certain, specific circumstances—do not receive a rating.
Campuses

- **Met Standard:** Assigned for overall performance and for performance in each domain to campuses that meet the required performance targets

- **Improvement Required:** Assigned for overall performance and for performance in each domain to campuses (including AEAs) that do not meet the required performance targets

- **Met Alternative Standard:** Assigned for overall performance and for performance in each domain to alternative education campuses evaluated under alternative education accountability (AEA) provisions that meet the required performance targets

- **Not Rated:** Assigned to campuses that—under certain, specific circumstances—do not receive a rating
The 2018 cut points for districts and campuses will reflect high expectations for student achievement, student growth, and reducing achievement gaps among students.

An effort is being made to establish A cut points equating high achievement and C cut points equating average achievement.

The rationale for these thresholds is consistent for the overall cut points and across each domain.

Exact cut points and look-up tables are expected to be released with the 2018 Accountability Manual.
Distinction Designation Updates
## Distinction Designation Updates

<table>
<thead>
<tr>
<th>Distinction Designation</th>
<th>Update(s)</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>All Subject Area Distinction Designations</strong></td>
<td>Advanced/Dual-Credit Course Completion Rate indicator evaluates grades 9–12</td>
</tr>
<tr>
<td><strong>Top 25 Percent: Student Progress</strong></td>
<td>Awarded if School Progress, Part A domain scaled score ranks in top 25 percent (Q1) of campuses in campus comparison group</td>
</tr>
<tr>
<td><strong>Top 25 Percent: Closing Performance Gaps</strong></td>
<td>Awarded if Closing the Gaps domain scaled score ranks in top 25 percent (Q1) of campuses in campus comparison group</td>
</tr>
<tr>
<td><strong>Postsecondary Readiness</strong></td>
<td>• Percentage of STAAR Results at Meets Grade Level Standard or Above (All Subjects) indicator replaces Index 4–Percentage at STAAR Meets Grade Level Standard</td>
</tr>
<tr>
<td></td>
<td>• College, Career, and Military Ready Graduates indicator added</td>
</tr>
<tr>
<td></td>
<td>• TSI Criteria Graduate indicator replaces College Ready Graduates indicator</td>
</tr>
<tr>
<td></td>
<td>• Percentage of Grade 3–8 Results at Meets Grade Level or Above in Both Reading and Mathematics indicator added</td>
</tr>
</tbody>
</table>
Comprehensive Support Identification

- The Closing the Gaps domain scaled score will be used to determine the comprehensive schools (lowest five percent).

- The agency will identify at least the lowest five percent scoring campuses that receive Title I, Part A funds for comprehensive support.

- Campuses that do not rank in the bottom five percent of the Closing the Gaps domain for two consecutive years and have increased a letter grade (for example, from F to D or from D to C) on the Closing the Gaps domain will be considered as having successfully exited comprehensive support status.
Comprehensive Support Identification (cont’d.)

- If a campus does not obtain a 67 percent four-year graduation rate for the All Students group, the campus will be automatically identified for comprehensive support and improvement.

- Any Title I campus identified for targeted support and improvement for three consecutive years will be identified for comprehensive support and improvement the following school year.

- TEA will annually identify campuses for comprehensive support and intervention beginning with the August 2018 accountability release, which is based on school year 2017–18 performance data.
Targeted Support and Improvement Identification (beginning with 2018–19 ratings)

- Student group achievement will be monitored annually through the Closing the Gaps domain.

- Any campus that has one or more achievement gap(s) between individual student groups and the interim goals will be identified for targeted support and improvement.

- TEA defines “consistently underperforming” as a school having one or more student groups that do not meet interim benchmark goals for three consecutive years.

- Campuses will be identified for the first time in August 2019 based on 2017, 2018, and 2019 data.
Additional Targeted Support and Improvement Identification

- Any campus that is not identified for comprehensive or targeted support will be identified for additional targeted support if an individual student group’s overall percentage, based on the weighting and methodology outlined in the Closing the Gaps domain, is at or below the percentage for comprehensive support campuses in that rating year.

- For example, if the scaled score for a campus to be identified for comprehensive support is 25, then any campus with a student group that has an overall percentage of 25 or less will be identified for additional targeted support.

- Identification will begin with the August 2018 school ratings and will occur on an annual basis.
