

## Student Portal Generic Credentials for STAAR Grades 5 and 8

**Follow these steps to view the *Test Questions* screen in the secure Student Portal:**

1. Navigate to the secure Student Portal from the Texas Assessment website at <https://www.TexasAssessment.com> or <https://txparentportal.emetric.net/login>.
2. Select and enter a Unique Student Access Code and Date of Birth from the table below.
3. Click on the Reading or Mathematics link from the student's *Testing History* screen.
4. Click on the *Test Questions* tab from the student's *Test Results* screen.
5. View the test questions on the *Test Questions* screen.

Grade/Language/Subject	Unique Student Access Code	Date of Birth	PEIMS ID (if needed)
<b>Grade 5 – English</b> <i>Includes: Mathematics and Reading</i>	3V6FSQ	05/02/2007	990004186
<b>Grade 5 – Spanish</b> <i>Includes: Mathematics and Reading</i>	2ZV4JT	01/01/2001	998004811
<b>Grade 8 – English</b> <i>Includes: Mathematics and Reading</i>	2ZV39D	01/01/2001	990007101

### NOTES:

1. Historical data may be available when using one or more of the Unique Student Access codes in the table above.
2. Except for the Test Items and Rationales, the data shown is mock data and is not valid. It is only for illustration purposes.
3. Districts can access the the Teacher and Analytic Portals that contain actual data at the test level. These portals will be updated May 14 with data from the 2018 STAAR grades 5 and 8 administration.
