Item 14:

Consider and Take Appropriate Action on Request to Approve 2016-2017 Accountability System for Educator Preparation Programs (ASEP) Accreditation Statuses

DISCUSSION AND ACTION

SUMMARY: This item provides the State Board for Educator Certification (SBEC) the opportunity to approve the proposed 2016-2017 Accountability System for Educator Preparation Programs (ASEP) accreditation statuses for two educator preparation programs (EPPs). A status of Accredited-Probation is being recommended for TeacherBuilder.com and a status of Accredited-Warned is being recommended for Training via E-Learning: An Alternative Certification Hybrid (TEACH).

STATUTORY AUTHORITY: ASEP accreditation statuses and sanctions for EPPs are authorized by the Texas Education Code (TEC) §21.045 and §21.0451.

EFFECTIVE DATE: Upon Board approval.

BACKGROUND INFORMATION AND SIGNIFICANT ISSUES: The SBEC is responsible for establishing standards to govern the continuing accountability of all EPPs that prepare individuals for certification. Senate Bill 174, 81st Texas Legislature, Regular Session, 2009, amended the TEC, §21.045 and enacted the TEC, §21.0451. House Bill 2205, 84th Texas Legislature, Regular Session, 2015, amended the TEC, §21.045 and §21.0451. The TEC, §21.045 authorizes the SBEC to propose rules necessary to establish standards to govern the continuing accountability of all EPPs based on five performance indicators. The TEC, §21.0451 authorizes the SBEC to propose rules necessary for the sanction of EPPs that do not meet accountability standards or comply with state law or rules. The TEC, §21.0451 also authorizes the SBEC to annually review the accreditation status of each EPP.

To meet the statutory requirements, the SBEC adopted amendments to Chapter 229 of the Texas Administrative Code (TAC) that went into effect in April 2010, October 2014, March 2015, and December 2016.

Chapter 229 requires that accreditation statuses of an EPP will be determined annually based on performance indicators established in rule that include:

1. results of the certification examinations,
2. appraisals of first-year teachers by principals,
3. achievement of students taught by beginning teachers,
4. the frequency, duration, and quality of structural guidance and ongoing support provided by field supervisors to candidates completing student teaching, clinical teaching, or an internship, and
5. the results from a teacher satisfaction survey.

The results of certification examinations and the frequency and duration of field supervision for candidates completing an internship were the only indicators that were in effect for the 2016-2017 academic year accreditation statuses.

For the 2016-2017 academic year, the standard for the certification examinations indicator was based on 80% of the candidates passing certification exams that are approved by an EPP and required for initial certification. For each academic year, the pass rate is the percent of tests passed by candidates who have completed all EPP requirements by the end of that academic year. The pass rate is based solely on the examinations required to obtain certification in the field(s) for which the candidate serves his or her internship, clinical teaching, or practicum. Examinations not required for certification in that field or fields, whether taken before or after admission to an EPP, are not included. The rate reflects a candidate's success only on the last attempt made on the examination by the end of the academic year in which the candidate completes an EPP and does not reflect any attempts made after that year. Exams required for certification that are attempted before a candidate is enrolled in an EPP are not included in the determination of the pass rate.

For the 2016-2017 academic year, the standard for the field supervision indicator was for 95% of the candidates who completed an internship to receive at least three observations from their field supervisors that were at least 45 minutes in length each.

2016-2017 ASEP Accreditation Statuses:

- An EPP is assigned the status of **"Accredited"** if the EPP has met all the accountability performance standards.

- An EPP is assigned the status of **"Accredited-Not Rated"** upon initial approval to offer educator preparation and until the program can be assigned a status based on the performance standards. If an EPP has no completers, no test scores, or no interns, the program is also assigned **"Accredited-Not Rated."**

- An EPP is assigned the status of **"Accredited-Warned"** if the EPP (1) fails to meet a performance standard for the overall performance of its candidates on any one of the performance indicators, (2) fails to meet a standard in any two gender or ethnicity demographic groups, (3) fails to meet a standard for a gender or ethnicity demographic group for two consecutively measured years, regardless of whether the deficiency is in the same demographic group or standard, or (4) the SBEC determines that the EPP has violated SBEC rules and/or the TEC, Chapter 21.

- An EPP is assigned the status of **"Accredited-Probation"** if the EPP (1) fails to meet a performance standard for the overall performance of its candidates on any one of the performance indicators for two consecutively measured years, (2) fails to meet a standard in any three gender or ethnicity demographic groups in one year, (3) fails to meet a standard for a gender or ethnicity demographic group for three consecutively measured years,
regardless of whether the deficiency is in the same demographic group or standard, or (4) the SBEC determines that the EPP has violated SBEC rules and/or the TEC, Chapter 21.

- An EPP is assigned the status of “Not Accredited-Revoked” if the EPP is assigned the status of “Accredited-Probation” for three consecutively measured years. An EPP may be assigned the status of “Not Accredited-Revoked” if the EPP has been on “Accredited-Probation” status for one year, and the SBEC determines that revoking the EPP’s approval is reasonably necessary to achieve the purposes of the TEC, §21.045 and §21.0451. There are no programs being recommended for the status of “Not Accredited-Revoked” for the 2016-2017 academic year.

Under the rules that were in effect during the first half of the 2016-2017 academic year, if the overall performance of candidates of an EPP fails to meet the performance standard and the group contains twenty or fewer individuals, the failure to meet the performance standard will not be counted for purposes of accreditation status. If a two-year cumulated group contains less than twenty individuals, the failure to meet the performance standard will not be counted for purposes of accreditation status. The three-year cumulated group performance must be measured against the standards in that third year, regardless of how small the cumulated number of group members may be.

An EPP that fails to meet a required performance standard for the aggregated group or a group disaggregated by gender or ethnicity is required to develop an action plan addressing the deficiencies and describing the steps the program will take to improve the performance of its candidates, especially regarding the performance standard that was not met. TEA staff may specify the information that must be included in the action plan. The action plan must be sent to TEA staff no later than 45 calendar days following notification to the EPP of the failure to meet a performance standard.

An EPP that fails to meet the 80% performance standard for all candidates admitted to an individual certification field during the 2016-2017 academic year is provided a notice from TEA staff. The notice identifies the certification field(s) that did not meet the performance standard, and the EPP is encouraged to develop an action plan for addressing the deficiencies.

**RECOMMENDED ASEP STATUS:** Pursuant to 19 TAC §229.6, TEA staff provided notice to TeacherBuilder.com and Training via E-Learning: An Alternative Certification Hybrid of proposed recommendations for lowered accreditation status prior to making final recommendations to the Board. These programs were informed of their right to an informal review of the proposed recommendations pursuant to 19 TAC §229.6 and/or §229.7.

On June 15, 2018, TeacherBuilder.com requested an informal review. The official notice of TEA’s proposed recommendation sent to the program on June 1, 2018, the informal review request the program submitted on June 15, 2018, and TEA’s response to the informal review and final recommendation sent to the program on July 13, 2018, are included under separate cover. Based on the informal review request, TEA staff is not changing the recommendation to assign TeacherBuilder.com an ASEP status of “Accredited-Probation” for the 2016-2017 academic year.

Training via E-Learning: An Alternative Certification Hybrid did not request an informal review; however, TEA staff had two face-to-face meetings (June 27 and 29) with the program’s director to help provide further clarification and guidance to the program’s deficiencies.
Attachment II includes a summary of the proposed recommendations for accreditation statuses, action plans, and notices of certification field performance for TeacherBuilder.com and Training via E-Learning: An Alternative Certification Hybrid.

TEA staff has also included updates on four programs that are Accredited but must implement action plans as required in §229.4 due to their performance. No action is necessary on the part of SBEC of these required action plans and the programs have been notified.

Attachment III includes a summary for TeacherBuilder.com and Training via E-Learning: An Alternative Certification Hybrid that TEA staff is proposing recommendations for accreditation statuses of “Accredited-Warned” or “Accredited-Probation” and any other related SBEC actions.

PUBLIC AND STUDENT BENEFIT: The public and student benefit anticipated as a result of the proposed accountability statuses will be to ensure qualified educator preparation programs and educators in Texas.

ASSOCIATE COMMISSIONER’S RECOMMENDATION: I recommend that the State Board for Educator Certification:

Approve the 2016-2017 Accountability System for Educator Preparation Programs accreditation statuses and related sanctions as presented.

7. As a condition of continuing program approval, TeacherBuilder.com is prohibited from the admission of candidates into certification fields for which TeacherBuilder.com does not have a TEA-approved curriculum matrix. TeacherBuilder.com is required to grant TEA staff access to the TeacherBuilder.com online curriculum. Certification fields must have a TEA-approved curriculum matrix by December 1, 2018. 19 TAC §229.6(b).

8. TeacherBuilder.com is required to participate in a discretionary continuing approval review by TEA staff when curriculum matrices are approved by TEA staff and recommended by the appointed monitor no later than December 1, 2018. At the time of the review, TeacherBuilder.com is required to show compliance with all SBEC rules as a condition of continuing program approval. TeacherBuilder.com is required to pay the applicable fee for the review. 19 TAC §228.10(b) and §229.9(3).

9. Upon a successful discretionary continuing approval review visit report, TeacherBuilder.com may request the SBEC to lift the conditions of continuing approval and re-evaluate its accreditation rating. 19 TAC §229.6(b).
Data:

1. Failure to provide curriculum that relies on scientifically based research to ensure teacher effectiveness and aligns to the Texas Essential Knowledge and Skills. 19 TAC §228.30(b).
2. Failure to provide coursework and training that is sustained, rigorous, interactive, student-focused, and performance-based. 19 TAC §228.30(b).
3. Failure to provide structured assessments of candidates’ progress throughout the educator preparation program to ensure that candidates for educator certification are prepared to receive a standard certificate. 19 TAC §228.40(a).
4. Failure to submit accurate internship observation data by September 15 following the end of the academic year. 19 TAC §229.3(e).

Table Note: The number of internships is not shown if N ≤ 10

Explanation of Observation Data: The 2017 Female, Male, White, and Hispanic demographic groups had more than 20 students and the percentage of internships that included at least three observations that lasted for at least 45 minutes for each group was less than the 95% standard set by the SBEC.

Small Group Exception Rule Applied: None.

Status Rules Applied:

229.4(e)(1)(B). An EPP shall be assigned an Accredited-Probation status if the EPP fails to meet the standards in any three gender or ethnicity demographic groups on any performance indicator in any one year.

229.5(b)(3). If an EPP has been assigned Accredited-Warning or Accredited-Probation status, or if the SBEC determines that additional action is a necessary condition for the continuing approval of an EPP to recommend candidates for educator certification, the SBEC may take any one or more of the following actions, which shall be reviewed by the SBEC at least annually: appoint a monitor to participate in the activities of the EPP and report the activities to the TEA or SBEC.
Sanction Rules Applied:

229.5(b)(3). If an EPP has been assigned Accredited-Warning or Accredited-Probation status, or if the SBEC determines that additional action is a necessary condition for the continuing approval of an EPP to recommend candidates for educator certification, the SBEC appoint a monitor to participate in the activities of the EPP and report the activities to the Texas Education Agency or SBEC.

229.6(b). After a continuing approval review or a complaint investigation, if the TEA staff finds that an EPP has failed to comply with SBEC rules, the TEA staff may issue a proposed recommendation for SBEC action relating to the EPP's approval to recommend candidates for educator certification. The proposed recommendation for SBEC action may include, but is not limited to, public reprimand, revocation of program approval, or the imposition of conditions upon continuing program approval.
Educator Preparation Program (EPP):  Training via E-Learning: An Alternative Certification Hybrid (TEACH)

Current Status: Accredited

Proposed Status: Accredited-Warned (Year One)

Proposed Sanction: Require TEACH to develop and implement an action plan that addresses the deficiencies identified by TEA staff in submitting required data elements. The action plan must describe the steps the program will take to improve the submission of data. The program must send the action plan to TEA staff for review no later than 45 calendar days following notification to the program of SBEC approval of this action. TEA staff may prescribe the information that must be included in the action plan. The program must provide TEA staff with action plan updates at least every 60 days from the date the action plan is reviewed by TEA staff.

Data:

1. Failure to submit accurate and timely data elements as required by the SBEC for an annual performance report. TEC §21.045(b).
2. Failure to submit accurate annual performance report, grade point average, and candidate status data by September 15 following the end of the academic year. 19 TAC §229.3(e).
3. Failure to provide accurate and timely annual performance report, grade point average, and candidate status data. Figure 19 TAC §229.3(f)(1).

Status Rule Applied: 229.4(d)(2). An EPP may be assigned Accredited- Warned status if the SBEC determines that the EPP has violated SBEC rules and/or TEC, Chapter 21.

Small Group Exception Rule Applied: Not applicable

Sanction Rule Applied: 229.4(h). An EPP that fails to meet a required performance standard shall develop an action plan addressing the deficiencies and describing the steps the program will take to improve the performance of its candidates, especially regarding the performance standard that was not met. TEA staff may prescribe the information that must be included in the action plan. The action plan must be sent to TEA staff no later than 45 calendar days following notification to the EPP of the failure to meet a performance standard.

Explanation: TEACH has been in non-compliance of the SBEC data reporting rules over the past three years. The quality of data reporting by TEACH has been progressively worse each year.
