District Leadership Team Job Description 2018-2019

Overview

Districts required to engage in interventions due to the identification of low performance in the state accountability system must develop a broad-based leadership team to conduct and monitor activities of the continuous improvement process. The district leadership team (DLT) should include representatives from campuses in improvement; also, consider selecting participants from among the following:

<table>
<thead>
<tr>
<th>All levels represented (elementary, middle, and/or high school)</th>
<th>Central office administrators</th>
<th>Bilingual education/English as a second language (BE/ESL), special education directors</th>
</tr>
</thead>
<tbody>
<tr>
<td>Campus administrators</td>
<td>Guidance counselors</td>
<td>Community stakeholders</td>
</tr>
<tr>
<td>Representatives of campuses within the feeder patterns</td>
<td>General education teachers</td>
<td>Teachers serving students in BE/ESL, special education</td>
</tr>
<tr>
<td>Parents of students impacted by indicator risks</td>
<td>Related service providers</td>
<td>Disciplinary alternative education program (DAEP) representatives, if applicable</td>
</tr>
<tr>
<td>Students representing the areas under review, if applicable</td>
<td>Curriculum specialists</td>
<td>Representatives of district at-risk alternative education program or campus</td>
</tr>
</tbody>
</table>

Consider other members as determined by data analysis

Expected Team Member Knowledge and Skills

- Possesses expert knowledge in his/her field.
- Works collaboratively with others within the context of group dynamics.
- Understands the state accountability system and the continuous improvement process.
- Problem solves, ascertains key variables needed for school turnaround and/or program effectiveness, and offers solutions.
- Possesses clear vision of the expectations created by the targeted improvement plan and his/her role in implementation.
- Builds peer support for the strategies and interventions in the targeted improvement plan.
- Analyzes data and makes recommendations based on that analysis.
- Maintains results-orientation. Promotes the achievement of goals in a spirit of collaboration.
- Possesses sense of urgency in the identification of problems and in the implementation of solutions.

Team Roles and Responsibilities

- Works collaboratively with the district coordinator of school improvement (DCSI) in the identification of problem statement(s) through data analysis and of root cause(s) through needs assessment, relating to the district’s performance on state accountability domains.
- Leads development and implementation of the targeted improvement plan based on identified problem statement(s) and root cause(s), in collaboration with the DCSI.
- Monitors student performance.
- Makes determinations about student interventions and support services.
- Acts as liaison to campuses, departments, teams, and organizations throughout the district.
- Monitors the implementation of the targeted improvement plan (including implementation of strategies at campus level, as appropriate) and progress towards goals, at least once a quarter. Provides feedback to the DCSI, as appropriate.
- Makes mid-course corrections to the targeted improvement plan, based upon monitoring and quarterly check-ins to improve implementation results.
- Collects data to assist in the monitoring and quarterly check-ins of the targeted improvement plan.
- Conveys accurate strategy and intervention information back to teams, departments, campuses, etc.
- Serves as a conduit to bring ideas and concerns from constituents back to the entire DLT.
- Ensures there is a system for communicating the strategies and interventions of the district targeted improvement plan to campuses.
- Ensures there is a system for providing campuses guidance and support in the implementation of appropriate strategies and interventions in the district targeted improvement plan.
