2018–2019 Texas Migrant Interstate Program (TMIP)
Supplement to the Texas Student Assessment Program

The TMIP provides intra- and interstate organization to meet the educational needs of migrant children from Texas who are out-of-state during testing. To administer a State of Texas Assessments of Academic Readiness (STAAR®) grade 5, grade 8, or End-of-Course (EOC) test, use this supplement, the District and Campus Coordinator Resources, and the appropriate STAAR test administrator manual. To administer a STAAR with Embedded Supports English or Spanish test in the same grades, use the Coordinator Resources, the appropriate STAAR test administrator manual, and the STAAR Assessment Management System User's Guide.
This supplement assumes the test administrator is responsible for all testing activities and has reviewed all appropriate materials. If your test site has more than one person involved in an administration, call the TMIP at 800-292-7006.

Program Overview

STAAR — General and Accommodations Information

The TMIP program comprises STAAR and STAAR Spanish in grade 5 mathematics and reading, STAAR grade 8 mathematics and reading, and STAAR EOC Algebra I, English I, English II, Biology, and U.S. History. Students are required to take the STAAR EOC assessments for courses in which they are enrolled to fulfill the testing requirements for high school graduation. Students in grades 5 and 8 are required to pass reading and mathematics assessments to meet the promotion requirements for the Student Success Initiative (SSI).

STAAR Spanish is available for English learners (ELs) in grade 5 for whom an assessment in Spanish provides the most appropriate measure of academic progress.

Designated supports are changes to assessment materials or procedures intended to allow all test takers to demonstrate knowledge of the content being tested without the barriers of assessment formatting, non-tested language, or response type. The appropriate team of people at the campus level determine eligibility as indicated in each policy document.

STAAR with Embedded Supports English and Spanish is available online for students eligible for specific designated supports. Students requiring testing accommodations will have personal needs and preferences (PNPs) that activate appropriate designated supports in the online tests. Three types of embedded accommodations (text-to-speech, content and language supports, and spelling assistance) can be assigned on an individual student basis. Beginning in spring 2019, a basic calculator, refreshable braille, and American Sign Language signed videos will be added as available embedded supports. The online version of STAAR will also include enhanced accessibility features that are available to all students through the TMIP.

In rare circumstances and when technology access is precluded, a student may require a paper-based administration with embedded supports normally only available in online administrations. With special permission from TEA, students may participate in a paper-based assessment with embedded supports of STAAR for grades 5 and 8 mathematics and reading and STAAR EOC assessments. The form used to request a paper administration of STAAR with Embedded Supports can be found in the Special Administration of an Online Assessment section of the Coordinator Resources.

Information regarding allowable accommodations for STAAR can be found on the Accommodation Resources webpage and in the District and Campus Coordinator Resources. Call the TMIP if an examinee indicates he or she is eligible for accommodations, particularly for an oral administration of any test.
Test Administration Resources

To administer the STAAR grades 5 and 8 mathematics and reading assessments or the STAAR EOC assessments, refer to the:

- District and Campus Coordinator Resources
- appropriate STAAR Grades 3–5, Grades 6–8, or EOC test administrator manual

To administer the STAAR Spanish grade 5 mathematics and reading assessments, refer to the:

- Coordinator Resources

To administer a STAAR online assessment, refer to the:

- Coordinator Resources
- appropriate STAAR Grades 3–5, Grades 6–8, or EOC test administrator manual
- Assessment Management System User’s Guide (for students testing online)
- STAAR tutorials and practice test (for students testing online)
Test Security

Testing personnel must follow the test security and confidentiality requirements in the Security section of the Coordinator Resources.

All test administrators are required by law to be trained and to sign an Oath of Test Security and Confidentiality. Training materials and guidelines will be provided by TMIP. Oaths are located in the Security section of the Coordinator Resources.

Incidents resulting in a deviation from documented testing procedures are defined as testing irregularities. Each person participating in the testing program is responsible for contacting the TMIP immediately to report any violation or suspected violation of test security or confidentiality. The TMIP will inform TEA of all violations. To report violations in test security or confidentiality, contact the TMIP immediately at 800-292-7006.
STAAR Testing

Before STAAR Test Administration

Test sites for students participating in STAAR grades 5 and 8 mathematics and reading assessments, or STAAR EOC assessments must contact the TMIP in advance to ensure that testing materials are received in a timely fashion.

If testing students online, contact TMIP to ensure online testing infrastructure is in place and to register participating students. Test sites should use the Assessment Management System User’s Guide with the TMIP’s assistance to navigate the system. TMIP will confirm you have the necessary resources to administer an online test, register your students, and provide you with student login credentials.

Training and Materials

All test administrators and test materials handlers are required to be trained annually in test security and testing procedures and to sign an oath. This training will be arranged through the TMIP. The signed oath is available as a printable form from the Security section of the Coordinator Resources, and must be returned to the TMIP once testing has concluded.

For those administering paper tests, test booklets have been assigned to you using the unique ten-digit security number printed on each test booklet. The letter “S” before the number is used as a check digit only and should be ignored.

S123456789 1

Verify that you have received the number of test booklets required and that you have received those test booklets assigned to you by security number. You are responsible for these test booklets, as well as the answer documents given to you for your examinees’ use, until you return them to the testing contractor.

Keep secure test materials in locked storage when not in use.

You will receive answer documents with precoded student information in a separate shipment. Follow the instructions on the Verify precoded information page of the Coordinator Resources.
STAAR grade 8 mathematics and Algebra I assessments (both paper and online versions) require that each student has a graphing calculator. Students participating in the STAAR Biology assessment must have access to a four-function, scientific, or graphing calculator. There should be at least one calculator for every five students taking the Biology assessment (both paper and online versions). Dictionaries are required for students participating in the STAAR grades 5 and 8 reading tests, as well as STAAR English I and English II. TMIP will provide the test site with the necessary dictionaries and calculators as required.

Refer to the STAAR Calculator Policy and the STAAR Dictionary Policy, located in the Texas Assessment Program Highlights section of the Coordinator Resources, for more information.

**During STAAR Test Administration**

**Verify Examinee Identity**

Examinees must present picture identification on the day of the assessment before being allowed to test.

A driver’s license, Department of Public Safety (DPS) ID, school ID, or resident alien card may be used to verify examinee identity. Contact the TMIP at 800-292-7006 if none of these IDs is available to verify an examinee’s identity.

**Ensuring Proper STAAR Testing Procedures**

Administration times for STAAR English I and English II are limited to five hours. Administration times for all other assessments are limited to four hours. Test sessions must be conducted under the best possible conditions. By following the proper procedures, you ensure the security and confidentiality of the STAAR program and the uniform evaluation of all Texas-eligible examinees. For instructions on proper testing procedures, refer to the appropriate 2019 STAAR test administrator manual.

For additional questions or information, contact the TMIP at 800-292-7006.

**Administering Each STAAR Assessment**

The instructions for administering STAAR assessments can be found in the appropriate STAAR test administrator manuals. In addition, refer to the Assessment Management System User’s Guide for administration of online assessments.

Test administrators should maintain a roster and complete a seating chart that includes the date, time, test administrator name, and student name(s) for each test administration. Rosters and seating charts should be returned to the TMIP once testing is completed.

If you have any concerns during the administration of a test, contact the TMIP immediately for guidance.
After STAAR Test Administration

Completing Online Administration

If you have STAAR examinees testing online, notify the TMIP once testing is completed. Follow directions from the TMIP regarding destruction of any allowed supplemental aids or reference materials that students wrote on, scratch or graph paper, and student test tickets.

Completing Examinee Identification Information and Gridding STAAR Answer Documents for Paper Test Administrations

If you have STAAR examinees who are participating in a paper test administration and for whom no answer document has been prepared, follow the instructions in the appropriate STAAR test administrator manual to prepare an answer document.

Some information may already be precoded on an answer document or in the online system for students who are registered to participate in an assessment. Do not change this information. Ensure that the following information is provided on students’ answer documents or on the demographic page in the online system before submitting for scoring.

STUDENT-ID

The Student-ID is the examinee’s Public Education Information Management System (PEIMS) number. This will be a nine-digit number or a state-approved alternative ID number consisting of an “S” followed by eight digits. The TMIP will provide you with the correct ID number. All identification numbers must be gridded or verified by testing personnel only. It is especially important that the examinee identification number be accurate because it is used to access an individual’s permanent record. The Student-ID must be verified as accurate before the answer document is submitted for scoring.

For questions concerning identification numbers, contact the TMIP at 800-292-7006 or TEA at 512-463-9536.

DATE-OF-BIRTH

The “DATE-OF-BIRTH” field should be verified as accurate for each examinee. In the space labeled “MONTH,” fill in the circle next to the month in which the student was born. Record the day of birth and the last two digits of the year in which the student was born in the boxes labeled “DAY” and “YEAR.” If the birth date is before the tenth day of the month, add a zero in front of the date. Fill in the circles below the printed numbers.

LOCAL USE

This field should be left blank.

LOCAL-STUDENT-ID

This field should be left blank.
**MIGRANT USE ONLY**

The county-district-campus (CDC) number of each examinee’s district and campus should be recorded in the box labeled FOR MIGRANT USE ONLY on the answer document, following the example below.

**Example**

<table>
<thead>
<tr>
<th>999001</th>
<th>EXAMPLE ISD</th>
</tr>
</thead>
<tbody>
<tr>
<td>001</td>
<td>EXAMPLE H S (09-12)</td>
</tr>
<tr>
<td>* 002</td>
<td>EXAMPLE H S (09-12)</td>
</tr>
<tr>
<td>003</td>
<td>EXAMPLE H S (09-12)</td>
</tr>
<tr>
<td>004</td>
<td>EXAMPLE H S (09-12)</td>
</tr>
<tr>
<td>005</td>
<td>EXAMPLE H S (09-10)</td>
</tr>
<tr>
<td>006</td>
<td>ADULT ED (09-12)</td>
</tr>
<tr>
<td>007</td>
<td>ALTERNATIVE CENTE (01-12)</td>
</tr>
<tr>
<td>008</td>
<td>EXAMPLE (EE-12)</td>
</tr>
<tr>
<td>009</td>
<td>EXAMPLE CO JUVENI (05-12)</td>
</tr>
</tbody>
</table>

* The last three digits indicate the Texas high school campus the examinee regularly attends and plans to graduate from.

The CDC number is extremely important for the examinee. This number determines where test results are sent and can affect the examinee’s graduation status. Call the TMIP or TEA for help in determining how to code the CDC number or any other part of the answer document.

**DISTRICT-NAME**

Below DISTRICT-NAME, print the name of the Texas district where the examinee is enrolled.

**CAMPUS-NAME**

Below CAMPUS-NAME, print the name of the Texas school in which the examinee is enrolled. If you are unable to determine the campus name, print the name of the city in Texas where the examinee went to school and call the TMIP. This information is critical in processing the examinee’s test.

**Gridding Score Codes, Test Taken Information, and Accommodations**

For in-depth information about gridding score codes and test taken information for each grade and subject of each administration, contact the TMIP. Information is also available in the Gridding information section of the Coordinator Resources.
Packing STAAR Scorable Materials for Return

Immediately after testing, test sites are responsible for returning secure STAAR test materials to the TMIP. Scorable test materials must be organized using the identification sheets as instructed below and as directed by the TMIP and returned in the shipping box(es) provided.

- **Complete a STAAR Campus and Group Identification Sheet (pink) with the following information:**
  - CAMPUS NAME: Print the name of your test site.
  - DISTRICT NAME: Print the city, state, and ZIP code where your test site is located.
  - COUNTY-DISTRICT NUMBER: Print and grid 777-777 (this is different than on the student answer document).
  - CAMPUS NUMBER: Print and grid 777 (this is different than on the student answer document).
  - NUMBER OF ANSWER DOCUMENTS SUBMITTED: Print and grid the number of scorable answer documents to be processed. (Do not include voided answer documents in this count.)
  - AGENCY USE: Print and grid the ZIP code of your test site (same as in “DISTRICT NAME” above).
  - STAAR ENGLISH and STAAR SPANISH: Mark one only for the grade of scorable documents submitted.
  - STAAR END-OF-COURSE: Mark the circle for the subject or course of scorable documents submitted.

- **Complete a STAAR Class Identification Sheet (orange) with the following information:**
  - CAMPUS AND DISTRICT NAMES
  - CAMPUS NAME: Print the name of your test site.
  - DISTRICT NAME: Print the city, state, and ZIP code where your test site is located.
  - GROUP (mark one only): Mark the circle for the grade and subject or course of the scorable documents submitted.
  - NAME: Print and grid TMIP, City, and State.
  - NUMBER OF ANSWER DOCUMENTS SUBMITTED UNDER THIS IDENTIFICATION SHEET: Print and grid the number of answer documents to be processed. (Do not include voided answer documents in this count.)

- **If necessary, complete a STAAR Voided Answer Document Identification Sheet (red).**
  Additionally, call the TMIP at 800-292-7006 if you need to void an answer document.

- **Paper-band and box your materials in the following order, top to bottom:**
  - TMIP Test Site Roster
  - STAAR Campus and Group Identification Sheet (pink)
  - STAAR Class Identification Sheet (orange)
  - STAAR answer documents to be processed
  - STAAR Voided Answer Document Identification Sheet (red)
  - Voided STAAR answer documents (if any)
  - All other materials
As test sites prepare secure test materials for return to the TMIP, they must verify that coordinators have

- provided an accurate inventory of the materials submitted;
- submitted all secure test booklets and answer documents; and
- assembled and packaged materials correctly for return to the TMIP.

**Returning STAAR Test Materials to TMIP**

All STAAR test materials should be returned in the shipping box(es) provided to:

**Texas Migrant Interstate Program**
208 South Cesar Chavez
Alamo, TX 78516

Student rosters, seating charts, and Oaths of Test Security and Confidentiality are also to be mailed back to the TMIP in the postage paid envelope that was provided by the TMIP. Copies of these documents must also be faxed to the TMIP at 956-702-6058, or emailed to tmip@sbcglobal.net. If you received calculators or dictionaries, those will also need to be shipped back to the TMIP. The testing site may keep copies of the oaths, seating charts, and shipping records.

For material return shipments to the TMIP, test site coordinators will return scorable materials in the white boxes pre-labeled with the test administration.
