Data Sources to be used in the 2017–2018 Individuals with Disabilities Act, Part B (IDEA-B LEA) Maintenance of Effort (MOE) Compliance Review calculation:

In the IDEA-B LEA MOE calculation, TEA uses certified Texas Student Data System (TSDS) financial data as indicated below. For LEAs that are members of Shared Services Arrangements (SSAs), the total expenditure amount also includes the expenditures paid on your LEA’s behalf by the SSA fiscal agent (noted below in the second bullet under “TSDS Mid Year Collection reports of expenditures”).

To monitor compliance, your LEA may want to complete the IDEA-B LEA MOE Calculation Tool (found on the IDEA-B LEA MOE webpage), using the data sources below. Remember that for the 2017–2018 compliance review, previous-year comparison data is obtained from page 2 of your 2016–2017 final IDEA-B LEA MOE Compliance Review report.

Ensure that all the following reports are used to complete your IDEA-B LEA MOE Calculation tool for data related to 2017–2018:

Special Education Child Counts:

- PDM1-121-003 – TSDS PEIMS Special Education Students by Grade and Instructional Setting and Funding Type; LEA-level Data; Campuses: All; 2017–2018 Fall Collection, Accepted Submission (use the Total number indicated on the IDEA-B line (not the Grade Total line)

TSDS Mid Year Collection reports of expenditures:

- PDM2-101-002 – TSDS PEIMS Actual Compliance Report; LEA-level Data/Unallocated Funds Only; Campuses: All; 2018–2019 Mid Year Collection, Fiscal Year 2018 (for the 2017–2018 school year) – PICS 23 and 33
- SSAs also report: PDM2-100-015 – TSDS PEIMS Actual SSA Financial Summary by Fund & SSA Type; LEA-level data (expenditures paid on behalf of the LEA reported by the fiscal agent via the 033 record, Fund Code 437, Type 11)

SHARS Reimbursement Report Survey data:

- 2017–2018 SHARS Reimbursement Survey data submitted to TEA in the fall of 2018

Summary of Finance (SOF) Reports:

- 2017–2018 LEA’s Summary of Finance (SOF) data reported in the LPE column of the first “Near Final” report – lines 30, 39, 40

For future-year IDEA-B LEA MOE calculations, you will just adjust for the applicable years, and always make sure you are using these correct TSDS, SHARS, and SOF data sources.
