

April 25, 2019

TO THE SUPERINTENDENT ADDRESSED:

This correspondence is to notify you that you may now download the 2019 College, Career, and Military Readiness (CCMR) Preview Student Listing in Excel from the [TEA Login](#) (TEAL) Accountability application.

This preview listing contains 2019 CCMR data for 2017–18 annual graduates and 2017–18 non-graduating 12th graders that have been processed by Performance Reporting. The data for the remaining CCMR indicators are currently being processed and will be released for preview in late May. A final 2019 CCMR Student Listing will be released in mid-June.

The April 25 preview listing contains student-level data for the following CCMR indicators:

- Texas Success Initiative Assessment (TSIA)
- Special Education Graduate with Advanced Degree Plan
- College Prep Course Completion
- Dual Credit Completion (3 hours for ELA/reading or math or 9 hours in any subject)
- Associates Degree
- Military Enlistment
- IEP Completion with Workforce Readiness
- CTE Coherent Sequence Graduate with Industry-Based Certification Aligned Coursework
- Industry-Based Certifications

Please note that all students who meet the requirements for the CTE coursework aligned with industry-based certifications are indicated in this listing, regardless of whether they meet the criteria for other indicators. On the final listing, which is scheduled to be released in mid-June, students who meet the criteria for at least one other CCMR indicator will be removed from this column. Only those students who do not meet any other CCMR indicator will receive the 0.5 point credit.

Purpose

The purpose of this preview listing is to provide districts early access to CCMR data that is provided to the agency by outside testing entities, such as the College Board. Districts should review the student listing and compare TSIA data with local records. If discrepancies are identified, districts may notify the Performance Reporting Division using the instructions below.

Supported Web Browsers

The TEAL Accountability application is not fully compatible with Microsoft Internet Explorer. Please use [Mozilla Firefox](#), [Google Chrome](#) or [Apple Safari](#) web browsers to view and download content through TEAL Accountability.

District-Provided TSIA Data Submission Instructions

If a district has a CCMR-qualifying TSIA record for a 2017–18 annual graduate or 2017–18 non-graduating 12th grader that is not reflected in the preview listing, the district may notify Performance Reporting by using the following instructions. In order to be considered, the TSIA must have been administered by October 31, 2018, and have met the criterion score of 351 for reading and/or 350 for math. All submissions must be completed by 5:00 PM CDT on May 15, 2019.

- Complete the District Contact and Data Entry tabs of the 2019 District-Provided TSIA Data spreadsheet. The Instructions tab provides data entry parameters.
- Save copies of official TSIA results as PDFs. An example of an acceptable, official result from the College Board is provided in a link below.
- Submit the completed spreadsheet and all supporting documentation securely via Accellion. A link to Accellion registration and instructions is provided in the Instructions tab of the spreadsheet. **Spreadsheets will only be accepted via Accellion.**
- Only one spreadsheet should be submitted per district. All campuses and all students should be listed on the same Data Entry tab.
- All spreadsheets and supporting documentation must be received by 5:00 PM CDT on May 15, 2019. The agency will not prompt districts for missing data.
- This is not an opportunity to correct TSDS PEIMS data that were inaccurately reported by the district. A district that submits inaccurate data must follow the Texas Education Data Standards procedures and timelines for resubmitting data.

All 2019 District-Provided TSIA Data submissions will receive a delivery receipt. Additionally, Performance Reporting will notify districts of outcomes for each student after the TSIA data has been processed. Please note that the data processed during this time will only impact TSIA data as is used in accountability calculations and associated reporting. Updated data sets will not be provided to other TEA divisions or state agencies.

If you have questions, please contact the Performance Reporting Division at (512) 463-9704 or performance.reporting@tea.texas.gov.

Thank you.
