

TReX Enhancement Release v 3.6.1 Changes and New Features

TEA plans to release version 3.6.1 of TReX, on Sunday, October 24th. This version is a maintenance release that supports new reporting requirements as well as providing enhancements requested from the user community.

PLEASE NOTE: TReX version 3.6.1 is backwardly compatible with v 3.6. Any XML file that can be uploaded today will still upload correctly under the new release.

	TReX v 3.6 Enhancements	Requires Schema 1.4	Update Extract Program	Update SIS
1	Two new reports have been created containing Records Request Outstanding more than 10 business days (14 days total). A Campus level report will be emailed to the Campus TReX Registrar and Principal. A similar District level report will be emailed to the District TReX Coordinator and Superintendent.	No	No	No
2	School Districts who do not rank their High School graduates can code a zero (0) in the Class Rank data element. When a non-ranked student's transcript is sent to a College or University it will now include a notation indicating the District did not rank this student. This change is to clarify for the receiving College/University that the ranking was purposely not provided.	No	No	No
3	The custom date reporting feature now allows a user to enter a report date range up to one year. This is to allow for Year to Date report requests or Reports for the current school year.	No	No	No
4	The TReX Application Home page now contains the TReX Help Desk phone number and email address, as well as the link to the TReX Website which contains User Documentation, Training Materials, Video Tutorials.	No	No	No
