Part 2: List of Required Fiscal-Related Attachments and Assurances		
For competitive applications, the application will not be reviewed and scored if any of the required attachments do not accompany the application when it is submitted. Applicants will not be permitted to submit required attachments, or any revisions to those required attachments, after the closing date of the grant. Attach all required attachments to the back of the application as an appendix.		
1 <input type="checkbox"/>	Proof of Nonprofit Status	
	Required for all open-enrollment charter schools sponsored by a nonprofit organization: Check box to indicate that proof of nonprofit status is attached. (See Part 1: General and Fiscal Guidelines and Part 3: Schedule Instructions for acceptable proof.)	
2 <input checked="" type="checkbox"/>	Assurance of Financial Stability	
	Required for all independent school districts, open-enrollment charter schools, and education service centers: Check box to indicate assurance that audit requirements have been met. All public school districts, open-enrollment charter schools, and education service centers must be in compliance with submitting the required annual audit for the immediate prior fiscal year to TEA in the time and manner requested by TEA, and the audit must be determined by the TEA Division of Financial Audits to be in compliance with the applicable audit standards. TEA reserves the right to ensure that all applicants are deemed by TEA to be financially stable at the initial time of preliminary selection for funding to receive a grant award. The TEA Division of Financial Audits will determine financial stability based on the required annual audit for the immediate prior fiscal year.	
3 <input checked="" type="checkbox"/>	Assurance of Submittal of Reviewer Information Form	
	Required for all applicants: Check box to indicate assurance that reviewer information form will be submitted. All applicants are required to complete the Reviewer Information Form and to submit it online by Thursday, May 6, 2010 . (See Part 2: Program Guidelines, "Reviewer Information Form," for instructions on how to access and submit the form.)

Texas Title I Priority Schools Grant		
Schedule #4—Program Summary and Application Requirements		
Part 1: Grant Program Information;		
Summary of Program: Purpose and Goals		
<p>School Improvement Grants, authorized under section 1003(g) of Title I of the Elementary and Secondary Education Act of 1965 (Title I or ESEA) as amended by ARRA, are grants, through the Texas Education Agency, to local educational agencies (LEAs) for use in Title I schools identified for improvement, corrective action, or restructuring and other eligible campuses that demonstrate the greatest need for the funds and the strongest commitment to use the funds to provide adequate resources in order to raise substantially the achievement of their students so as to enable the schools to make adequate yearly progress and exit improvement status. Under the final requirements, as amended through the interim final requirements published in the Federal Register in January 2010 school improvement funds are to be focused on each State's "Tier I" and "Tier II" schools.</p> <p>Tier I schools are a State's persistently lowest-achieving Title I schools in improvement, corrective action, or restructuring and certain Title I eligible elementary schools that are as low achieving as the State's other Tier I schools. Tier II schools are a State's persistently-lowest achieving secondary schools that are eligible for, but do not receive, Title I, Part A funds and certain additional Title I eligible secondary schools that are as low achieving as the State's other Tier II schools or that have had a graduation rate below 60 percent over a number of years. An LEA may also use school improvement funds in Title I schools in improvement, corrective action, or restructuring that are not identified as persistently lowest-achieving schools and certain additional Title I eligible schools ("Tier III schools").</p> <p>In the Tier I and Tier II schools an LEA chooses to serve, the LEA must implement one of four school intervention models: turnaround model, restart model, school closure, or transformation model.</p>		
Allowable Activities		
<p>Tier I and Tier II Grantees</p> <ul style="list-style-type: none"> ■ Grantees must expend grant funds for the required activities delineated for the selected intervention model as defined in the final federal regulations. ■ Grantees may expend grant funds for the permissible activities delineated for the selected intervention model as defined in the final federal regulations. ■ Grantees may expend grant funds for other school improvement activities deemed needed to address identified needs not addressed by the intervention model selected. <p>Tier III Grantees</p> <ul style="list-style-type: none"> ■ Tier III grantees may select one of the four intervention models in the federal regulations or the state's Tier III Transformation Model. ■ If selecting one of the four models in the federal regulations, grantees must expend grant funds for the required activities delineated for the selected intervention model as defined in the final federal regulations. Grantees may expend grant funds for the permissible activities delineated for the selected intervention model as defined in the final federal regulations. ■ Grantees may expend grant funds for other school improvement activities deemed needed to address identified needs not addressed by the intervention model selected. <p>In addition, a Tier I, Tier II, Tier III grantee campus that has implemented, in whole or in part, either the Turnaround, Restart, or Transformation models within the last two years may continue or complete the implementation of the intervention model with the TTIPS grant funds. For example, if a grantee campus has replaced its principal within the last two years, the LEA/campus will not be required to hire another new principal. An LEA/campus that receives TTIPS SIG funds in accordance with this flexibility must fully implement the selected model as required by the final federal requirements. In other words, if the school had been implementing the model only in part, it must use the funds it receives to expand its implementation so that it fully complies with the federal regulatory requirements.</p> <p>The detailed required and permissible activities for each intervention model, as defined in the final federal regulations are listed on Schedule #4—Program Requirements and are incorporated by reference herein.</p>

Texas Title I Priority Schools Grant Schedule #4—Program Requirements			
Part 2: Statutory Requirements			
#	Requirement Description – Federal Statutory Requirements	Primary Component Where Described	
18	If the LEA/campus selects to implement the turnaround model , the campus may implement the following federal requirements. a. Any of the required and permissible activities under the transformation model; or b. A new school model (e.g., themed, dual language academy).	Program Assurances	
19	If the LEA/campus selects to implement the school closure model , the campus must implement the following requirement. a. Enroll the students who attended that school in other schools in the LEA that are higher achieving within reasonable proximity to the closed school and may include, but are not limited to, charter schools or new schools for which achievement data are not yet available. b. A grant for school closure is a one-year grant without the possibility of continued funding.	Program Assurances	
20	If the LEA/campus selects to implement the restart model , the campus must implement the following federal requirements. a. Convert or close and reopen the school under a charter school operator, a charter management organization (CMO), or an education management organization (EMO) that has been selected through a rigorous review process. A CMO is a non-profit organization that operates or manages charter schools by centralizing or sharing certain functions and resources among schools. An EMO is a for-profit or non-profit organization that provides "whole-school operation" services to an LEA. b. Enroll, within the grades it serves, any former student who wishes to attend the school.	Program Assurances	
21	If the LEA/campus selects to implement the transformation model , the campus must implement the following federal requirements. 1. Develop and increase teacher and school leader effectiveness. (A) Replace the principal who led the school prior to commencement of the transformation model; (B) Use rigorous, transparent, and equitable evaluation systems for teachers and principals that-- (1) Take into account data on student growth as a significant factor as well as other factors such as multiple observation-based assessments of performance and ongoing collections of professional practice reflective of student achievement and increased high school graduation rates; and (2) Are designed and developed with teacher and principal involvement; (C) Identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so; (D) Provide staff ongoing, high-quality, job-embedded professional development (e.g., regarding subject-specific pedagogy, instruction that reflects a deeper understanding of the community served by the school, or differentiated instruction) that is aligned with the school's comprehensive instructional program and	Program Assurances

Comprehensive instructional reform strategies. (A) Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards; and (B) Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students. 3. Increasing learning time and creating community-oriented schools. (A) Establish schedules and strategies that provide increased learning time; and (B) Provide ongoing mechanisms for family and community engagement. 4. Providing operational flexibility and sustained support. (A) Give the school sufficient operational flexibility (such as staffing, calendars/time, and budgeting) to implement fully a comprehensive approach to substantially improve student achievement outcomes and increase high school graduation rates; and (B) Ensure that the school receives ongoing, intensive technical assistance and related support from the LEA, the SEA, or a designated external lead partner organization (such as a school turnaround organization or an EMO).	Program Assurances	
22	An LEA may also implement other strategies to develop teachers' and school leaders' effectiveness, such as-- (A) Provide additional compensation to attract and retain staff with the skills necessary to meet the needs of the students in a transformation school; (B) Institute a system for measuring changes in instructional practices resulting from professional development; or (C) Ensure that the school is not required to accept a teacher without the mutual consent of the teacher and principal, regardless of the teacher's seniority. #	Statutory Assurance Description		
1	Applicant provides assurance that financial assistance provided under the grant program will supplement, and not supplant, the amount of state and local funds allocated to the campus.		
2	Applicant provides assurance that it will use its TTIPS Grant to implement fully and effectively an intervention in each Tier I and Tier II school that the LEA commits to serve consistent with the final federal requirements.		
3	Applicant provides assurance that it will establish annual goals for student achievement on the State's assessments in both reading/language arts and mathematics and measure progress on the leading indicators in section III of the final federal requirements in order to monitor each Tier I and Tier II school that it serves with school improvement funds, and establish goals (approved by the TEA) to hold accountable its Tier III schools that receive school improvement funds.		
4	Applicant provides assurance that it will, if it implements a restart model in a Tier I or Tier II school, include in its contract or agreement terms and provisions to hold the charter operator, charter management organization, or education management organization accountable for complying with the final federal requirements.		
5	Applicant provides assurance that it will report to the TEA the school-level data required under section III of the final federal requirements.		
6	Applicant provides assurance that it will participate in any evaluation of the grant conducted by the U.S. Department of Education, including its contractors, or the Texas Education Agency, including its contractors.		
Part 4: TEA Program Assurances			
#	TEA Assurance Description		
1	Before full implementation funds are made available, the grantee must demonstrate that all early implementation activities have been completed. Successful completion of the early implementation will be measured in the Quarterly Implementation Reports (QIR), the Model Selection and Description Report, and through participation in TEA technical assistance. a. The Model Selection and Description Report must be submitted to TEA no later than February 1, 2011 . This report may be submitted at any time prior to the deadline. Grantees must demonstrate successful completion of the following activities: i. Comprehensive Needs Assessment process. ii. Establish the grant budget by the required categories. iii. Identification and Selection of the intervention model. iv. Development of activities to implement selected intervention model. v. Development of Timeline of Grant Activities.

Part 4: TEA Program Assurances			
#	TEA Assurance Description		
2	The applicant provides assurance that the LEA will designate an individual or office with primary responsibilities for supporting the LEA/campus' school improvement efforts. This individual/office will have primary responsibility and authority for ensuring the effective implementation of the grant option approved by TEA; serve as the district liaison to TEA and those providing technical assistance and/or contracted service to the LEA/campus as part of the approved grant.		
3	The applicant provides assurance that a team from the grantee LEA/campus will attend and participate in grant orientation meetings, technical assistance meetings, other periodic meetings of grantees, the Texas School Improvement Conference, and sharing of best practices.		
4	For the LEAs selecting the TEA Designed Models the applicant provide assurances that it will participate in and make use of technical assistance and coaching support provided by TEA, SIRC, and/or its subcontractors.		
5	The applicant will establish or provide evidence of a system of formative assessment aligned to the Texas Essential Knowledge and Skills which provides robust, targeted data to evaluate the effectiveness of the LEA's curriculum and its alignment with instruction occurring on the campus; assesses progress on student groups' academic achievement at the campus level; and guide instructional decisions by teachers for individual students.		
6	The applicant will participate in a formative assessment of the LEA's capacity and commitment to carry out the grant intervention models.		
7	The applicant will provide access for onsite visits to the LEA and campus by TEA, SIRC and its contractors.		
8	The applicant, if selecting the Restart Model, agrees to contract only with CMO or EMO providers on the State's approved list of CMO and EMO providers.		
9	The applicant, if selecting the Turnaround Model or Transformation Model (Tiers I and Tiers II only) agrees to the participation of the campus principal or principal candidates in a formative assessment of their turnaround leadership capacity.		
10	If the LEA/Tier III campus selects to implement the transformation model , the campus assures That it will it implement the following federal requirements. 1. Develop and increase teacher and school leader effectiveness. A. Evaluate the effectiveness of the current principal and use the results of the evaluation to determine whether the principal should be replaced, be retained on the campus, or be provided leadership coaching or training. B. Identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so; C. Provide staff ongoing, high-quality, job-embedded professional development (e.g., regarding subject-specific pedagogy, instruction that reflects a deeper understanding of the community served by the school, or differentiated instruction) that is aligned with the school's comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies; and D. Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in a transformation school based on rigorous, transparent, and equitable evaluation systems for teachers and principals: 1. Takes into account data on student growth as a a factor as well as other factors such as multiple observation-based assessments of student performance and ongoing collections of professional practice reflective of student achievement and increased high school graduation rates; and 2. Are designed and developed and with teacher and principal involvement

10	2. Comprehensive instructional reform strategies. A. Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards; and B. Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students. 3. Increasing learning time and creating community-oriented schools. A. Establish schedules and strategies that provide increased learning time; and B. Provide ongoing mechanisms for family and community engagement. 4. Providing operational flexibility and sustained support. A. Give the school sufficient operational flexibility (such as staffing, calendars/time, and budgeting) to implement fully a comprehensive approach to substantially improve student achievement outcomes and increase high school graduation rates; and B. Ensure that the school receives ongoing, intensive technical assistance and related support from the LEA, the SEA, or a designated external lead partner organization (such as a school turnaround organization or an EMO).		
11	An LEA may also implement other strategies to develop teachers' and school leaders' effectiveness, such as-- (A) Provide additional compensation to attract and retain staff with the skills necessary to meet the needs of the students in a transformation school; (B) Institute a system for measuring changes in instructional practices resulting from professional development; or (C) Ensure that the school is not required to accept a teacher without the mutual consent of the teacher and principal, regardless of the teacher's seniority.		
12	An LEA may also implement comprehensive instructional reform strategies, such as-- (A) Conduct periodic reviews to ensure that the curriculum is being implemented with fidelity, is having the intended impact on student achievement, and is modified if ineffective; (B) Implement a school wide "response-to-intervention" model; (C) Provide additional supports and professional development to teachers and principals in order to implement effective strategies to support students with disabilities in the least restrictive environment and to ensure that limited English proficient students acquire language skills to master academic content; (D) Use and integrate technology-based supports and interventions as part of the instructional program; and (E) In secondary schools-- (1) Increase rigor by offering opportunities for students to enroll in advanced coursework (such as advanced Placement; International Baccalaureate; or science, technology, engineering, and mathematics courses, especially those that incorporate rigorous and relevant project-, inquiry-, or design-based contextual learning opportunities), early-college high schools, dual enrollment programs, or thematic learning academies that prepare students for college and careers, including by providing appropriate supports designed to ensure that low-achieving students can take advantage of these programs and coursework; (2) Improve student transition from middle to high school through summer transition programs or freshman academies; (3) Increase graduation rates through, for example, credit-recovery programs, re-engagement strategies, smaller learning communities, competency-based instruction and performance-based assessments, and acceleration of basic reading and mathematics skills; or (4) Establish early-warning systems to identify students who may be at risk of failing to achieve to high standards or graduate.

13	An LEA may also implement other strategies that extend learning time and create community-oriented schools, such as-- A. Partner with parents and parent organizations, faith- and community-based organizations, health clinics, other State or local agencies, and others to create safe school environments that meet students' social, emotional, and health needs; B. Extend or restructure the school day so as to add time for such strategies as advisory periods that build relationships between students, faculty, and other school staff; C. Implement approaches to improve school climate and discipline, such as implementing a system of positive behavioral supports or taking steps to eliminate bullying and student harassment; or D. Expand the school program to offer full-day kindergarten or pre-kindergarten.		
14	The LEA may also implement other strategies for providing operational flexibility and intensive support, such as-- A. Allow the school to be run under a new governance arrangement, such as a turnaround division within the LEA or SEA; or B. Implement a per-pupil school-based budget formula that is weighted based on student needs.		
15	The LEA/campus assures TEA that data to meet the following federal requirements will be available and reported as requested. a. Number of minutes within the school year. b. Average scale scores on State assessments in reading/language arts and in mathematics, by grade, for the "all students" group, for each achievement quartile, and for each subgroup. c. Number and percentage of students completing advanced coursework (e.g., AP/IB), early-college high schools, or dual enrollment classes. (High Schools Only) d. College enrollment rates. (High Schools Only) e. Teacher Attendance Rate f. Student Completion Rate g. Student Drop-Out Rate h. Locally developed competencies created to identify teacher strengths/weaknesses i. Types of support offered to teachers j. Types of on-going, job-embedded professional development for teachers k. Types of on-going, job-embedded professional development for administrators l. Strategies to increase parent/community involvement m. Strategies which increase student learning time

<p><i>Grant funds will be used following the TEA transformation model, using careful examination of data. We realize that without studying data in a comprehensive fashion, we will fail to lead our district in getting sustainable improvement. Through our recent gathering of comprehensive data, we have been able to get a clear understanding of the gaps between where our high school campus is and where we want to be. We also identified some root causes so that problems can begin receiving intensive treatments and we can begin providing equitable services to all of our students. Our goals include: determining the state of the campus (where we are and where we want to be); examining data to determine root causes of our recurring problems; build a long-term plan that is linked to students and provides improved student learning. In order to successfully move from our clear, shared vision to full implementation of our vision we have limited our objectives to six in number: 1) being a data-driven campus, 2) following a vertically and horizontally aligned curriculum, 3) incorporating a rigorous, relevant curriculum, 4) having deep, intense focus on the campus staff and practices, 5) building a supportive, nurturing and encouraging school climate, and 6) increasing teacher retention.</i></p> <p><i>Examining the data at West Rusk High School shows little, if any growth, over the past four years. What we have been doing the past several years is obviously not working and we are in need of transformation. Our freshman reading scores are decreasing, from 95% in 2006 to 89% in 2009; tenth grade reading scores have decreased from 95% in 2006 to 88% in 2009; eleventh grade reading scores have shown improvement. In mathematics, our scores show much discontinuity from 2006 to 2009. Freshman scores over the past four years have been 55%, 63%, 34%, and 69% passing; sophomore scores have been 48%, 44%, 66%, and 61% passing; exit level scores have been 77%, 74%, 57%, and 75%. In social studies, little growth has been made, with sophomore scores at 88% in 2006 and 96% in 2009, and exit level scores at 95% in 2006 and 96% and 2009. Science scores have shown some growth due to increased lab and hands-on activities, starting at 46% for sophomores in 2006 and 67% in 2009, and exit level starting at 69% in 2006 and 78% in 2009.</i></p> <p><i>Data also shows tremendous ethnicity gaps, especially in math and science. In math, our subpopulations scored 55% African American, 43% Hispanic, 74% white, and 60% economically disadvantaged. In science, our subpopulations scored 39% African American, 43% Hispanic, 89% white, and 64% economically disadvantaged. Our attendance rate shows a 2.3% disparity; the state average is 95.5% and West Rusk has a 93.2% average. Our students are not college ready either. The state average in college ready ELA was 59%, West Rusk was 49%; for math, the state average was 58% and West Rusk was 37%. Looking at technology, our STAR charts show a campus in need as well. The campus reports a "2" in all areas, including area I: Teaching and Learning; and area II: Educator Preparation and Development.</i></p> <p><i>We have a tremendous need to improve student learning by offering a guaranteed and viable curriculum that is relevant to the students, close achievement gaps, encourage better attendance, offer more technology-based learning and project-based learning experiences, and increase the rigor and expectations at our high school campus.</i></p>

Schedule #4B—Program Description		
Part 1: Comprehensive Needs Assessment Cont.		
Section C: Process Responses are limited to the space provided, front side only, with a font size no smaller than 9 point (Arial or Verdana).		
Describe, in detail, the process the LEA and campus followed/will follow to identify the needs of the campus.		
<p>West Rusk High School has began its comprehensive needs assessment by compiling data from the past four years, examining multiple measures, including state data along with surveys, to determine where our school is and where we need to be. We have a clearer understanding of our demographics, perceptions, student learning, and school processes so that decisions can be made which are linked to student achievement. First data was collected and charted by the curriculum director and data notebooks were made. Next a curriculum council was formed, which included the superintendent, principals, curriculum director, and teacher leaders. A day was spent reviewing the data, examining questions such as: how has enrollment changed; what does attendance look like the past few years; how has the demographics changed; what differences in student scores on state assessments have occurred; what gaps in our subpopulations exist on state assessments; what programs have been in place; are our students receiving the latest in technology to be successful in a digital world; what kind of teachers and experience does the campus have; what trainings/professional development do our teachers attend and receive; and what expectations and perceptions do our students, community, and teachers have. We also looked at a continuum to assess our needs and become proactive, rather than reactive, in raising student achievement. Through this continuum, the council concluded we needed to become data-driven, become more focused on student achievement by having a more systematic approach with curriculum, assessment, and instruction offer quality planning which supported implementation, integration and sustainment, and create a more supportive environment, which involved administrators, teachers, students, and parents. Examining data is a new approach to West Rusk ISD, and through this charted data, offered the council a new set of lenses in which to examine current practices.</p> <p>During this initial meeting, the council went through an extensive problem-solving cycle and after spending much time drilling down through data, surveys, continuums, and some of the "excuses", determined the root cause to the district problem in getting to where we need to be. The root cause turned out to lie in expectations, what we expect from our students. The curriculum council met again to form six objectives for the upcoming school year, and to develop implementation and sustainability procedures, along with a timeline, which will be documented in a quality plan. These objectives included 1) being a data-driven district; 2) following vertically and horizontally aligned curriculum (which through our Marzano study, is the MOST important of the school factors which impact student achievement); 3) incorporating a rigorous, relevant curriculum; 4) having deep, intense focus on the campus staff and practices; 5) building a supportive, nurturing and encouraging school climate; and 6) increasing teacher retention.</p> <p>The curriculum council is committed to success and plans to report their findings to other staff members. The high school campus will be holding several staff developments during the summer to get ready for this transformation. The council plans on frequent meeting to monitor the quality plan, ensuring the vision becomes reality. They are prepared to tackle any problems that arise as well as celebrate successes in this transformation process.</p>

Part 2: Project Management		
Section A: LEA (District) Capacity Responses are limited to <i>one page each</i> , front side only, with a font size no smaller than 9 point (Arial or Verdana).		
Capacity -- Describe the LEA's capacity to use grant funds to provide adequate resources and related services/support to the campus to implement, fully and effectively, the required activities of the school intervention model.		
<p>West Rusk High School has adequate resources and support to implement the transformation model. Requirement 1A, replace the principal who led the school prior to commencement of the transformation model, has already occurred. As of April 2010, a new high school principal was put into place. Requirement 1B, use rigorous, transparent, and equitable evaluation systems for teachers and principals that take into account data on student growth as a significant factor as well as other factors such as multiple observation-based assessments, will be monitored using "classroom data walks", three minutes in length, using a mobile device. These snapshots will be done by the principal, assistant principal, curriculum director (in the general education classrooms) and the special education director (in the special education classrooms). Teachers will also be given the opportunity to visit each other's classroom using this same system, and all teachers will be given training in what administrators look for in three minute data walks. Student growth will be progress monitored through frequent district-wide benchmarking, using a curriculum-based assessment, that reflects horizontal and vertical alignment. Requirement 1C, identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so, will be fulfilled using data collected through frequent data walks, conferencing and providing professional growth early on for struggling teachers, and stipends will be put in place for all campus employees when the campus meets the student achievement goals set by the curriculum council, using TAKS/EOC results.</p> <p>Requirement 1D, provide staff ongoing, high-quality, job-embedded professional development that is aligned with the school's comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies, will be met through opportunities provided by our ESC and other organizations such as the Conference for Advancement of Mathematics Teaching, Conference for Advancement of Science Teaching, Texas Computer Educator's Association, peer sharing/mentoring, and modeling of lessons with help from the curriculum director. Principal support will be given and he will oversee through data walks that effective practices learned are being implemented in the classroom.</p> <p>Requirement 1E, implement strategies such as financial incentives increased opportunities for promotion and career growth, etc to recruit and retain staff will be fulfilled through the use of a New Teacher Academy for ongoing support, stipends for meeting goals, teacher leader opportunities, and help with tuition cost for teachers seeking degrees in educational mid-management. Requirement 2A-B, use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards and promote the continuous use of student data to inform and differentiate instruction in order to meet student need will be met through the implementation of the CSCOE curriculum and 5E exemplar lessons, developed by the service centers, Response-to-Intervention research-based programs, and progress monitor student growth using the data tracking system through DMAC.</p>		
<p>In addition all our instructors are SBEC certified, NCLB qualified teachers and will receive daily support from the project director and principal to address questions and/or problems.</p>

Schedule #4B--Program Description		
Part 2: Project Management Cont.		
Section A: LEA (District) Capacity Responses are limited to <i>one page each</i> , front side only, with a font size no smaller than 9 point (Arial or Verdana).		
Partnership/Involvement of Others – Describe how the LEA/campus consulted with relevant stakeholders (students, staff, parents, community) regarding this application and proposed implementation of a school intervention model.		
<p>Upon knowledge of learning about this grant opportunity, West Rusk ISD, early in the spring, had become aware of its need for transformation. A curriculum council was formed, with members from all campuses, principals, curriculum director, and community members. During the initial meeting, data collected and charted by the curriculum director was presented to the council. The data showed the past four years of progress at all campuses, including West Rusk High School. A day was spent reviewing the data, involving test scores, attendance rates, perceptions, technology usage, campus staff, etc, knowing that more than just test scores have to be reviewed to understand the school culture, examining questions such as: how has enrollment changed; what does attendance look like the past few years; how has the demographics changed; what differences in student scores on state assessments have occurred; what gaps in our subpopulations exist on state assessments; what programs have been in place; are our students receiving the latest in technology to be successful in a digital world; what kind of teachers and experience does the campus have; what trainings/professional development do our teachers attend and receive; and what expectations and perceptions do our students, community, and teachers have. It was at this initial meeting, the council concluded we needed to become data-driven, become more focused on student achievement by having a more systematic approach with curriculum, assessment, and instruction offer quality planning which supported implementation, integration and sustainment, and create a more supportive environment, which involved administrators, teachers, students, and parents. These needs had previously been determined at the district level, but through the formation of a council, the needs had then been formed by the stakeholders and a unified decision had been made, without having to use a top-down method, which we know to be ineffective. By looking at our data, we realized the alarming gaps in our subpopulations, African American, Hispanic, and Economically Disadvantaged, particularly in math and science, along with college readiness. We also noticed the high turnover rate in our math and science department correlated with low scores our students have been receiving, and in social studies, where our teachers have been in place the past 2-3 years, we observed the correlation of high scores our students achieve. This campus, after looking at a comprehensive needs assessment, is in tremendous need of reform, and has started with a new high school principal in place as of this spring. Community members present are in 100% agreement and fully support transformation efforts in order to raise student achievement and provide them skills they need to survive successfully in their post-graduation world. Through community-supported and sustained efforts, West Rusk High School plans to make the school system fit around innovation, rather than what many schools do—try to fit innovation inside the system.</p>

Schedule #4B—Program Description		
Part 2: Project Management Cont.		
Section A: LEA (District) Capacity Responses are limited to <i>one page each</i> , front side only, with a font size no smaller than 9 point (Arial or Verdana).		
Management of Grant Activities – Describe how the LEA and campus will modify its practices and/or policies, as necessary, to ensure its implementation of the intervention(s) fully and effectively.		
<p>West Rusk High School, having a clear plan in place, also realizes that with innovation comes modifications of previous practices. Doing what has always been done will yield the same results we have been getting. The faculty will have to have "buy-in" to this transformation. Transformation means dramatic change, and administrators are prepared to address teachers and their varying degrees of stages of change, whether it be at the beginning stage or more advanced. Reform efforts will begin with the help of teacher leaders who show total support, along with a presentation of data to the faculty in August, which shows the need for change. Curriculum efforts will be modified using CSCOPE, which provides (through the service center) targeted professional development. Administrators will also monitor curriculum alignment through frequent classroom data walks. Student success in the content areas will be monitored more closely than it ever has at West Rusk, using district-based assessments, followed up by CBA, or Curriculum-based Assessment Conferences between the principal, curriculum director, and teachers, by department. Using this data, the action plan will be reviewed and modified as data suggests and interventions provided to students in need. Data conversations will become a part of every meeting, teachers will be comfortable and know how to interpret data due to training with Margaret Kilgo and the curriculum director and principal. Data will become part of the school culture. Goals will be set on the State assessments, with incentive to reach these goals provided through stipends, and professional support provided through the year, either through the principal, service center, teacher leaders, conferences, site visits, the curriculum director, or consultants. A positive school climate will be supported through Positive Behavior Management practices provided through Love and Logic training, shared administrative duties, distributed to teacher leaders who are interested in educational mid-management, college tuition support for those pursuing their principal certification, campus-wide book studies, and teacher-student mentors as monitored and supported by the high school principal. Teachers will also be more sensitive to the needs of our children in poverty, which is 50.6% reported at the high school, using proven effective methods received through Ruby Payne training. In addition, the student focus group will be in close contact with the principal and curriculum director to listen to their ideas, along with ensure their needs are being met and that school "is a place worth going to", helping to establish a safe, comfortable relationship with students and teachers. Rigor and relevance will be supported through scheduled field trips, updated science labs, speakers, college tours, ACT preparation, site visits of highly effective high schools along with online networking through the Successful Practices website formed by Ray McNulty, and intense technology-based and project-based learning (with support by the curriculum director, principal, and Apple). Also teachers will be provided training on best practices and the principal and curriculum director will monitor to ensure these practices are used frequently in the classroom. Retention of teachers will be supported through the New Teacher Academy and ongoing dialogue between new teacher and principal, and new teacher and curriculum director, making sure their needs are met. The action plan listing these six objectives will be visited frequently to make sure timelines are followed and goals achieved. Efforts will be supported through the motto currently supported by our athletes, "whatever it takes." West Rusk is a small district, so we have an advantage to monitor and adjust easily to ensure success; however, due to our size, we do not have the financial benefits that larger schools are provided.</p>

Resource Management – Describe how the LEA/campus will align other resources (federal, state, local, and community) with the school improvement intervention.		
<p>Resources currently in place involve our special education program and IDEA, Title I services, and CTE. Several efforts have been in place and documented in the Campus Improvement Plan. Through this grant, the special education department will be enhanced and referrals decreased through a strong three-tier intervention model, aligned to the data-driven and focus on practices goals; moreover, the entire faculty will be trained in CPI which aligns to the positive school climate goal. Title I services include after school tutorials, aligning to school climate, data-driven, aligned curriculum, and focus on practices goals; monitoring of At-Risk students each six weeks, which aligns also to school climate, data-driven, aligned curriculum, and focus on practices goals. Using multiple forms of technology aligns to the rigor and relevance goal; Grand Central Station fits in to the data-driven and focus on people and practices goals; continued professional development in all content areas and technology (as provided through service center co-op agreements) also fits in to the focus on people and practices goals. Financial incentives to recruit and maintain highly-qualified teachers aligns with the teacher retention goal; and increased focus on and improvement in CTE courses by offering new clusters aligns to the rigor and relevance goal. All efforts currently in place will seamlessly integrate into this transformation model.</p>

Grant Project Manager Qualifications – Describe the qualifications of the person selected to be the project manager for this grant on the campus.		
<p>Grant manager will be the District Curriculum Director, Michelle Cline. Ms. Cline, who has been employed for two years at West Rusk, holds a Bachelor's of Science in Mathematics, taught high school mathematics for ten years, is Highly Qualified, holds a Master's in Educational Mid-Management along with a Texas Superintendent Certification, and is pursuing her Doctorate in Educational Leadership. She is aware of best practices in the various content areas, has attended and implemented various positive behavior support systems, leads the district in Response-to-Intervention, is fluent with data, the data management system, and how to interpret data, and was on the CSCOPE curriculum collaborative development team. Ms. Cline also developed the Curriculum Council, which will be the Support Team of this grant. She also serves as the technology integrationist for the high school campus and has already developed a positive, working rapport with the administrators, faculty and students. She keeps up with the latest successful practices and high-yield instructional strategies, as well as monitors classroom instruction frequently and presents various trainings to the teachers. She has prior experience as a project manager; she is familiar with how to fulfill grant requirements, monitor grant progress, and complete interim progress reports by the required deadline.</p>

LEA Support – Describe how the LEA will structure and implement an individual or office with responsibility for supporting the campus' school improvement efforts.		
<p>West Rusk High School will use the Curriculum Director, Principal, and Assistant Principal to support the transformation efforts set forth in this grant. These three individuals will schedule weekly meetings together to review progress of the action plan, discussing observations from frequently monitor classrooms, discussions from teachers and students, and data from assessments. The Curriculum Director will develop a time-and-effort log to ensure sufficient time is set aside to closely monitor progress of the transformation model. In addition to these three individuals, the Curriculum Council will continue monthly meetings to discuss and evaluate transformation efforts and make sure goals are being met.</p>

Program Continuation and Sustainability – Describe how the LEA will sustain the campus reforms after the funding period ends.		
<p>West Rusk High School along with the Board of Trustees are committed to continuing the grant program after the initial three years if proven successful. WR high school is committed to the implementation and operation of this grant program and will strive to demonstrate success in accomplishing the objectives and meet the performance targets established by this application. The supporters have expressed their commitment to aiding in the continuation in any manner that would be possible. This program is essential for our school and community as our past data indicates. All activities in the grant have proven effective for other high schools, and are all essential as seen by indicators of highly effective high schools.</p> <p>Through building internal capacity, West Rusk High School is building sustainability during the three years of the grant. Many of the costly items, such as technology, outside consultants, science equipment, whole staff development and travel, will not be required in order to maintain the objectives of the grant. In addition, through improved attendance rates, funds will increase to maintain access to programs with annual costs, such as CSCOPE. The district is committed to maintain the goals achieved through this grant and will support these measures in any way possible. The principal and curriculum director are committed to maintaining grant efforts after the funding period as well.</p>

<p>External Providers will be selected based on:</p> <ul style="list-style-type: none"> • is it research-based? • Does it align with one or more of our six transformation objectives? • Is it aligned to state standards? • Does it relate to a critical success factor of the grant? • does it provide differentiation of instruction ability to meet the needs of all students, including diverse populations and poverty-stricken students? • what evidence of effectiveness exists? • Are site visits possible for other schools using this provider? • Is it measurable? • Offer ongoing professional development support? Technical support? Is professional development offered as a "push-in", where trainers work with teachers in the classroom? • Does it incorporate content-relevant best practices? • Is it sustainable, with teacher leadership/internal leadership capacity as a component?

Site Visits – If the intervention program includes site visits to other campuses successfully implementing the intervention model, describe the process for selecting the locations and the expected outcomes of the site visit.		
<p>Site visits will be determined by data. Upon beginning the grant, each of the six objectives will be examined monthly by the curriculum council. If a particular goal is not being reached, site visits to schools that have also been awarded the TTIPS grant and are incorporating the Transformation Model will be considered. Site visits in our digital age of social networking are affordable, virtual visits will be possible through the use of Skype, Ustream, etc. This will allow us the opportunity to virtually visit all of the successful Transformation schools recently released by the U. S Department of Education who were a part of the School Improvement Grant. West Rusk will compare their objectives to the other Tier III school's objectives and if that school is having measurable success in an area that West Rusk is not, a site visit will be scheduled. This site visit will involve the principal, curriculum director, and teacher leaders to help build internal leadership capacity. Questions to ask during the site visit will be developed before-hand to help determine how West Rusk needs to modify their approach. Not only will other Tier III schools be consulted, other schools that have success in areas of math, science, positive school climate, response-to-intervention, and/or project-based and technology-based learning will also be visited. West Rusk administrators and teacher leaders realize authentic learning occurs from networking and will seek out any means to ensure success of the transformation model.</p>

Part 3: Intervention Model		
Section B: Model Selection Process –Describe in detail:		
<ol style="list-style-type: none"> 1. The process the LEA and campus followed/will follow to select a school intervention model that aligns to the identified needs of the campus. 2. The timeline delineating the steps the campus will take to implement the selected intervention. 		
Responses are limited to five pages , front side only, with a font size no smaller than 9 point (Arial or Verdana).		
<p>West Rusk first began the process in early spring by completing a comprehensive needs assessment which involved compiling data from the past four years, examining multiple measures, including state data along with surveys, to determine where the school is and where we need to be. We were able to develop a clearer understanding of our demographics, perceptions, student learning, and school processes so that decisions could be made which are linked to student achievement. First data was collected and charted by the curriculum director and data notebooks were made. Next a curriculum council was formed, which included the superintendent, principals, curriculum director, and teacher leaders. A day was spent reviewing the data, examining questions such as: how has enrollment changed; what does attendance look like the past few years; how has the demographics changed; what differences in student scores on state assessments have occurred; what gaps in our subpopulations exist on state assessments; what programs have been in place; are our students receiving the latest in technology to be successful in a digital world; what kind of teachers and experience does the campus have; what trainings/professional development do our teachers attend and receive; and what expectations and perceptions do our students, community, and teachers have. We also looked at a continuum to assess our needs and become proactive, rather than reactive, in raising student achievement. Through this continuum, the council concluded we needed to become data-driven, become more focused on student achievement by having a more systematic approach with curriculum, assessment, and instruction offer quality planning which supported implementation, integration and sustainment, and create a more supportive environment, which involved administrators, teachers, students, and parents. Examining data is a new approach to West Rusk ISD, and through this charted data, offered the council a new set of lenses in which to examine current practices.</p>		
<p>During this initial meeting, the council went through an extensive problem-solving cycle and after spending much time drilling down through data, surveys, continuums, and some of the "excuses", determined the root cause to the district problem in getting to where we need to be. The root cause turned out to lie in expectations, what we expect from our students. The curriculum council met again to form six objectives for the upcoming school year, and to develop implementation and sustainability procedures, along with a timeline, which will be documented in a quality plan. These objectives included 1) being a data-driven district; 2) following vertically and horizontally aligned curriculum; 3) incorporating a rigorous, relevant curriculum; 4) having deep, intense focus on the campus staff and practices; 5) building a supportive, nurturing and encouraging school climate; and 6) increasing teacher retention. All six objectives meet the transformation requirements, and all correlate to the critical success factors.</p>		
<p>Next, the high school council met to brainstorm and determine activities that correlated with the transformation model. The requirements of the transformation model were discussed, along with ideas for activities to meet the pedagogy of the requirements. The council decided to narrow the ideas, ones that would best lead to transformation success, by researching each. The council determined a day to meet again after each member had time to do their research on assigned activities. The council reconvened a week later, and a three year plan was developed and timelines and measurable goals established.</p>		
First Year:		
<p>The high school principal will meet with his high school staff in August, presenting this opportunity funded by TEA to start a new journey, one of transformation and one that is student-centered. He will discuss what the council has been developing since last spring and explain the transformation model, along with the needs assessment that the council did. It is here he will begin promoting student achievement and the positive effects of this large transformational process. All staff will become aware of the needs and the objectives that the council determined, ranging from improved academic performance to becoming data-driven to improved school climate and retention of teachers. The principal will refer to the power of networking and how important it is to collaborate in order to get better. Teachers</p>

<p>start to realize their importance and value to the high school and realize what an exciting endeavor they are about to take on, one that will be challenging yet filled with rewards. Set goals will be discussed, along with the incentives, both intrinsic and extrinsic, behind these goals. The entire high school staff will be involved in these transformation activities and all will receive stipends for meeting goals. Teachers will then delve into curriculum; the high school is in need of a vertical and horizontal curriculum. This need will be addressed through the implementation of the locally developed curriculum, CSCOPE, which is the collaborative work of several Texas service centers. CSCOPE will provide teachers the framework necessary in understanding curriculum, instruction, and assessment. Teachers will be aligned through the Year at a Glance component, be assured all TEKS are addressed through the TEKS Verification component, gain a deep understanding of their TEKS through the TEKS with specificity document. From there they will develop lesson plans using the Instructional Focus Document, understanding key learnings, guiding questions, student expectations, and gain insight into what type of project learning could occur. 5E Exemplar lessons will be used, including the engage, explore, explain, elaborate, and evaluate pieces, all necessary for an effective lesson. RTI, or Response-to-intervention, differentiated instruction, and progress monitoring will also be topics of staff development. Teachers will gain a thorough understanding of each Tier of intervention and how to track student progress, with the help of our Grand Central Station and GCS Teacher. Time will be given throughout the year to receive strategies for ACT and how it fits into the CSCOPE curriculum. They will be provided ways to deliver intense instruction to students as well under the new OFYP instructional calendar, which incorporates extended learning time for certain students. These tools will help them reach annual goals and be rewarded with stipends at the end of the school year. They will receive support through the administration, other teachers across the nation through social networking using McNulty's successfulpractices.org site, and the service center. By the end of the staff development days, all teachers are aware of the high school's goals and expectations over the next three years, being unified in this transformational process.</p> <p>To help with improved reading/ELA achievement, the implementation of the 100-Book Club will begin in October. This will outfit each English classroom with a vast array of books, over 250 in each classroom and 20 days of teacher support and mentoring with a reading coach. This program leads to teachers leaving the front of the room, moving to their students' elbows where they learn to be reading experts, homes that are quiet for 30 minutes of reading every night, and the principal having a dashboards to track student and classroom progress in real time.</p> <p>Beginning in August teachers interested in a principal career path will have a chance to work with the principal and his assistant, along with receiving college tuition help, all leading to improved teacher quality. New teachers will be supported through the ongoing new teacher academy which starts in August and has scheduled meetings every six weeks. Teachers will have the chance to meet together with the Curriculum Director to discuss what has worked and what has not, concerns, ideas, questions, and then leave each session encouraged and equipped with tools to help them develop successfully in the classroom. In addition new teachers will be assigned a mentor teacher in August to help throughout the school year.</p> <p>On the first day of school, students will arrive to banners and pictures of students displaying their successes, whether it be UIL sports, band, or academics, and attend an assembly where the principal visits with them about their value, importance of attending school and rewards for meeting weekly attendance goals like Friday "break times" in which they get 15 minutes to visit with friends or rewarded with 15 minutes of cell/texting time, and upcoming field trips, instilling excitement in the students. This will be a different start than they are used to receiving, one where they used to sit around and wait on their schedule then report to class and hear about rules all day. This August, upon arriving to each class, students will continue to hear how important they are, along with academic goals, upcoming field trips, and project-based learning, with help from flip digital video cameras. Excitement will continue to grow as students learn how their commonly banned social networking sites will no longer be banned. These sites will be incorporated into the classroom and students will be taught methods to appropriately operate in social networking sites. Students will also see their new, requested CTE classes offered through the new CTE course offerings, developed through a student needs inventory from the spring. Parents will also be welcomed during the next week, and hear about future family nights and weekly night access to the library, which will allow for wireless connections or any reference materials parents are in need of to help their children or themselves.</p>

<p>Networking and technology will be the largest, noticeable changes during the first year of transformation. The teachers along with substitutes will network with each other and digitally with teachers from all over. Substitutes will be involved as often as possible as the council determined it is necessary they be on board as well. West Rusk is a small enough district that the same substitutes serve on the high school campus. They will in this first year of transformation collaborate weekly after school, beginning in September, in book studies to develop a new pedagogy of rigor and relevance. Voluntary "Lunch and Learn" staff developments will be incorporated and supported by administration and teachers to further benefit teachers learning ways enhancing instruction. Teachers will have opportunity to make connections at workshops, whether at the service center, annual conferences, or online. The principal, teachers, and curriculum director will network over assessment results through data conferences and learn how to work with data, retrieve reports from the DMAC data system, thus making decisions based on results. Students needing additional help will be given opportunities to receive help through Grand Central Station and from a SES provider, or Supplemental Educational Service provider after school and online for math and reading help. Students will also begin working with data as each content teacher helps them form their own data notebook to track their growth throughout the school year. Teachers will network with each other and the technology integrationist to gain the knowledge they need to prepare our students for their digital world. These staff developments will include podcasting, Imovie, Garage Band, flip video recorders, and social networking in the classroom to enhance instruction.</p> <p>In addition, the school will be networking with parents through monthly family nights, the school website for staying fit and healthy, and keeping in contact about activities through FaceBook, Twitter, and YouTube. Our teachers know that the benefits of increased parental involvement include more positive parental attitudes towards teachers and schools; more positive student attitudes and behaviors; improved student performance; improved teacher morale; and improved school climate. Students will notice networking between administrators and teachers, and teacher-to-teacher through daily walk-throughs of classrooms, demonstrating the importance of learning, which in turn, leads to decreased referrals. Students will also notice early in the school year the installation of Smartboards in each classroom to enhance instruction and aid in center-based classrooms, along with new, updated science lab equipment and supplies, allowing students to experience authentic learning and see the relevance of science.</p> <p>In January, the staff will be trained in a positive behavior support system called Love and Logic. This training, based on research, is grounded in five principles to help in reducing behavior problems, increasing motivation, and building assets which contribute to life-long responsibility and resiliency: preserve and enhance the child's self-concept; teach children how to own and solve the problems they create; share the control and decision-making; combine consequences with high levels of empathy and warmth; and build the adult-child relationship. In addition to this positive behavior support system, teachers will receive in increments training by the curriculum director and special education director CPI certification to equip staff with strategies on dealing effectively with crises.</p> <p>Also beginning in January, students will be adventuring off to college campuses, touring the campus and see the offerings various colleges can provide. The counselor will host a family night to discuss financial aid and help parents and students fill out paperwork. In May, West Rusk will host a College and Career Day, allowing students to choose speakers from all over the area and hear first hand about careers they are considering. Students will also to travel to surrounding areas for College Days.</p> <p>Meanwhile, in the background, the principal will be getting the support he needs. Research shows the principal will be the most important factor in achieving and maintaining successful transformations. He will begin his trainings in June at the TSSP conference, given the chance to network with other principals from around Texas. He will then receive principal training for the 100 Book Club and SPOT a Leader, to help with CSCAPE and data walks. He will also get a refresher course of DMAC reports with help from the curriculum director. Throughout the school year, beginning in September, he will receive additional support at the Principal Leadership Academy at the Region 4 Service Center. Through this constant support, he will have what he needs to monitor efforts, celebrate successes, and measure progress. He will also meet frequently with his council to measure grant progress and encourage feedback.</p>

<p>The spring will be the time the students take their state exams and results from this exam will show if our efforts are working. Students will celebrate high test scores, and the entire staff will be rewarded with stipends in June. The close of the school year will lead to another data study of state scores, making decisions for year two, and forming a summer science camp for our students who did not meet science goals. This June camp will be filled with science labs all firmly grounded in science TEKS. They will experience fun and relevant science field activities to help raise their scores. Students will all leave with books to take home for the summer through the 100 Book Club so reading fluency and comprehension will progress, not regress. While students are learning science, a group of teacher leaders will be in attendance at the ASCD summer conference to understand the curriculum and design to a much deeper extent and get to hear first hand from education's top experts like Marzano, Jacobs, McTighe, and Wiggins, and also network more with teachers from around the nation.</p> <p>The librarian, who is a Nationally Certified Librarian, is in full support of transformation and is prepared to do "whatever it takes" to ensure success. The library will be receiving many needed materials and resources to replace the outdated books that currently stock the shelves, along with updated circulation software and a standards-based, online database. She will play an integral part of implementing a school-wide research model for our students. With this help from our librarian, our students will obtain knowledge of how to successfully function in a college library, in which most transactions occur online. Currently our students are leaving high school and are not functioning well in digital college libraries and are in need of a research model to follow.</p> <p>Throughout the school year, students at West Rusk High School will see increased rigor through CSCOPE, ACT studies, Curriculum Based Assessments, and high expectations; relevance with the new focus of a college and career-based high school, offering relevant lessons in the classroom, field experiences, and project based learning; and the emerging importance of relationships. Students will realize the school, teachers and staff, are on their side, it is no longer an "us against them" environment. This relationship factor will be emphasized heavily starting in the spring and on into the next school year.</p> <p>Year Two:</p> <p>All efforts from year one, if after evaluating each and success displayed, will continue in year two: curriculum efforts, climate efforts, "growing your own" administrators efforts, teacher retention efforts, new teacher support efforts, rigor and relevance efforts, and strong relationships and networking.</p> <p>Curriculum will be aligned, so June 2011 will take core teachers to the CSCOPE State Conference, affording more networking with teachers from across the state using CSCOPE. Ideas can be exchanged, problems addressed, and solutions offered. Love and Logic pedagogy will be in place, so year two will be a year involving more depth to the breadth from year one. August 2011 involves staff receiving additional positive behavior support through Ruby Payne's "Understanding Children in Poverty". Children in poverty have a hidden set of rules that staff will become aware of along with how to work successfully with children from poverty-stricken environments.</p> <p>In September, all core content teachers will attend "Data-Driven Decision Making" with Margaret Kilgo. Teachers will take their recent knowledge of data and making decisions based on results to an ever deeper level and gain new insights on how to examine state exams. They will look at the relationship between the state standards and the state assessment, learn to balance concepts and operations levels with problem-solving and underlying skills; determine strengths and weaknesses in the TEKS, comparing state and campus data; and how to develop assessment questions. This will also allow for networking with other districts.</p> <p>Through the building of internal capacity, Mentor Teachers will be able to help new teachers understand the school climate, along with the set belief of rigor, relevance, and relationships that is being developed. It is during year two</p>

Applicants must check the waivers in which the LEA/campus intends to implement.		
<div style="margin-bottom: 20px;"> <input checked="" type="checkbox"/> Extending the period of availability of school improvement funds. <i>This waiver extends the "life" of the funds for two additional years; allowing the state to fund the grant period for three years to the LEA on behalf of the eligible campus, as long as the campus meets the requirements of implementation of the grant program.</i> </div> <div style="border: 1px solid black; background-color: #cccccc; padding: 10px; margin-bottom: 20px;"> Note: Since TEA has requested and received a waiver of the period of availability of these school improvement grant funds, this waiver automatically applies to all LEAs in the State and <i>must</i> be checked. </div> <div> <input type="checkbox"/> "Starting over" in the school improvement timeline for Tier I and Tier II Title I participating schools implementing a turnaround or restart model. <i>Under this waiver, the LEA with an eligible Tier I or Tier II campus implementing the turnaround model or restart model may have their School Improvement status reset regardless of the actual AYP status and other school improvement interventions, such as School Choice and Supplemental Education Services (SES) would not be applicable. This waiver allows the campus two years to effectively implement the selected turnaround or restart model of reform without additional statutory school improvement interventions being required.</i> </div> <div style="margin-top: 20px;"> <input type="checkbox"/> Implementing a school wide program in a Tier I or Tier II Title I participating school that does not meet the 40 percent poverty eligibility threshold. <i>This waiver allows a Tier I Title I campus that otherwise does not qualify to operate a Schoolwide program to do so in order to implement the Tier I reform model selected.</i> </div>

Schedule #4C—Performance Assessment and Evaluation		
Part 1: Component Description. By submitting this application, the applicant agrees to comply with any reporting and evaluation requirements that TEA may establish and to submit the reports in the format TEA requests. (Response limited to one page each, font size no smaller than 9 pt, Arial or Verdana)		
Section A: Ongoing Monitoring/Continuous Improvement - Describe the LEA/campus' process for providing on-going monitoring of grant activities to ensure continuous improvement		
<p>Curriculum will be monitored continuously not only through frequent data walks, data conferencing, and also through campus-wide content assessments scheduled throughout the school year. The project director and staff will review assessment data on a regular, consistent basis to analyze student improvement, identify and/or readjust the activities. They will identify and correct any deficiencies as they are encountered which in turn will provide for continuous improvement of the project. West Rusk High School is small enough that if problems arise the project director and principal can meet weekly/informally as needed. WRISD agrees to submit any evaluation reports required by TEA for this grant to ensure compliance with performance targets.</p>

(Response limited to one page each, font size no smaller than 9 pt, Arial or Verdana)		
Section B: Formative Evaluation- Describe the LEA/campus' process for formative evaluation, including how the results of the evaluation will be used to improve the grant program		
<p>Formative evaluations will examine the conduct of the project, including a determination of the effectiveness of the activities, implementation, and evaluation of the project. West Rusk will contract with Sharon Gullett who has been an outside evaluator for grants with similar critical success factors and she is an expert in the field of curriculum integration. She will conduct the beginning, midpoint, and end evaluations and work closely with the project director and principal. The project director has experience in working with curriculum integration and technology professional development, and after data is collected, assessed and analyzed, the outside evaluator and project director will report the findings to the campus council and make recommendations using the information gathered through assessment tools. Information will include feedback from teachers, students, and parents, and will include methods such as test scores, attendance data, questionnaires, professional development evaluations, informal surveys, and evaluations. These results will determine the degree of planning, collaboration, communication, professional development, curriculum, instruction, and campus involvement needed.</p>

Section C: Qualitative and Quantitative Data Collection Methods— Describe the LEA/campus' process for data collection methods to be implemented and 1) how the data will be disaggregated; 2) used to improve instruction; and 3) obtain continuous improvement results		
The project director and staff will meet regularly to analyze test results, attendance data, and information as requested in the Performance Targets. The council will review testing results including individual results and subpopulations groups.		
Qualitative Data Collection Methods will include gains in performance measures. Comparisons between the beginning, midpoint, and end evaluations will be used to analyze achievement data. Feedback from the curriculum council and teacher surveys regarding program design, implementation, and evaluations will be utilized for program adjustments.		
Quantitative Data Collections Methods will include: attendance data, number of students College and Career Ready, curriculum based assessment scores, data walk reports, technology usage surveys, and number of completed grand activities as per activity timelines.

Describe the process to be implemented to develop the campus' performance goals. Include the groups participating in the development of the goals.		
Responses are limited to two pages , front side only, with a font size no smaller than 9 point (Arial or Verdana).		
<p> To continue in our proactive efforts of transformation, members of the curriculum council met in May to discuss measurable goals. The meeting opened with a discussion of the objective, which was to improve student success by setting measurable goals. Administration realized that if members were not involved in the decision-making process of setting numeric rates to these, efforts of transformation would be unsuccessful. </p> <p> Members reviewed the activities set forth in the timeline of the grant, and the brainstorming began. Consensus was reached for the the end goal of the grant, then the process began the same cycle for years one and two. The members then presented their goals to the entire faculty to make sure all were on board and knew what expectations had been set. </p> <p> West Rusk, through this process, got rid of unformulated and unclear criteria, and unestablished and unsubstantiated performance expectations. A framework for success had been set, not an environment of "guess how to be great." </p>

SCHEDULE #6A GENERAL PROVISIONS & ASSURANCES	TEXAS EDUCATION AGENCY Standard Application System School Years 2010-2013	<u>201/914</u> County-District No.
Texas Title I Priority Schools Grant		

Statement of provisions and assurances for the program(s) in this application:

A. Terms defined: As used in these Provisions and Assurances,

- Contract means the entire document, and all of TEA's attachments, appendices, schedules (including but not limited to the General Provisions and the Special Provisions), amendments and extensions of or to the Standard Contract;
- Agency or TEA means the Texas Education Agency;
- Contractor means the party or parties to this contract other than Agency; including its or their officers, directors, employees, agents, representatives, consultants and subcontractors, and subcontractors' officers, directors, employees, agents, representatives and consultants;
- Project Administrator means the person representing Agency or Contractor, as indicated by the contract, for the purposes of administering the contract project;
- Contract Project means the purpose intended to be achieved through the contract of which these Provisions and Assurances are a part;
- Applicant means the same as Contractor;
- SAS means the Standard Application System of which the application document is a part;
- "Application" means the entire package submitted by the Applicant including the schedules contained in the application and so indicated on the General Information page of the application package;
- Amendment means an application that is revised in budget categories and/or in program activities. It includes both the original application and any subsequent amendments; or extensions thereto;
- Works means all tangible or intangible material, products, ideas, documents or works of authorship prepared or created by Contractor for or on behalf of TEA at any time after the beginning date of the Contract (Works includes but is not limited to computer software, data, information, images, illustrations, designs, graphics, drawings, educational materials, assessment forms, testing materials, logos, trademarks, patentable materials, etc.); and,
- Intellectual Property Rights means the worldwide intangible legal rights or interests evidenced by or embodied in: (a) any idea, design, concept, method, process, technique, apparatus, invention, discovery, or improvement, including any patents, trade secrets, and know-how; (b) any work of authorship, including any copyrights, moral rights or neighboring rights; (c) any trademark, service mark, trade dress, trade name, or other indicia of source or origin; (d) domain name registrations; and (e) any other similar rights. The Intellectual Property Rights of a party include all worldwide intangible legal rights or interests that the party may have acquired by assignment or license with the right to grant sublicenses.
- Grant means the same as Contract;
- Grantee means the same as Contractor;
- Grantor means the same as Agency; and
- DCC means the Document Control Center of Agency.

B. Contingency: This contract is executed by Agency subject to the availability of funds appropriated by legislative act for the purposes stated. All amendments and/or extensions or subsequent contracts entered into for the same or continued purposes are executed contingent upon the availability of appropriated funds. Notwithstanding any other provision in this contract or any other document, this contract is void upon appropriated funds becoming unavailable. In addition, this contract may be terminated by Agency at any time for any reason upon notice to Contractor. Expenditures and/or activities for which Contractor may claim reimbursement shall not be accrued or claimed subsequent to receipt of such notice from Agency. This contract may be extended or otherwise amended only by formal written amendment properly executed by both Agency and Contractor. No other agreement, written or oral, purporting to alter or amend this contract shall be valid.

C. Contractor's Application: Furnished to Agency in response to a request for application, is incorporated in this contract by reference for all necessary purposes. It is specifically provided, however, that the provisions of this contract shall prevail in all cases of conflict arising from the terms of Contractor's application whether such application is a written part of this contract or is attached as a separate document.

D. Requirements, Terms, Conditions, and Assurances: Which are stated in the Request for Application, in response to which Applicant is submitting this application, are incorporated herein by reference for all purposes although the current General Provisions shall prevail in the event of conflict. The Instructions to the Standard Application System, as well as the General and Fiscal Guidelines and Program Guidelines, are incorporated herein by reference.

SCHEDULE #6A – cont. GENERAL PROVISIONS & ASSURANCES	TEXAS EDUCATION AGENCY Standard Application System School Years 2010-2013	<u>201/914</u> County-District No.

- E. Signature Authority; Final Expression; Superseding Document:** Applicant certifies that the person signing this application has been properly delegated this authority. The Contract represents the final and complete expression of the terms of agreement between the parties. The Contract supersedes any previous understandings or negotiations between the parties. Any representations, oral statements, promises or warranties that differ from the Contract shall have no force or effect. The Contract may be modified, amended or extended only by formal written amendment properly executed by both TEA and Contractor.
- F. State of Texas Laws:** In the conduct of the contract project, Contractor shall be subject to Texas State Board of Education and Commissioner rules pertaining to this contract and the contract project and to the laws of the State of Texas governing this contract and the contract project. This contract constitutes the entire agreement between Agency and Contractor for the accomplishment of the contract project. This contract shall be interpreted according to the laws of the State of Texas except as may be otherwise provided for in this contract.
- G. Monitoring:** Desk reviews or on-site monitoring reviews may be conducted by Agency to determine compliance with the approved application and the applicable statute(s), law(s), regulations, and guidelines.
- H. Sanctions for Failure to Perform or for Noncompliance:** If Contractor, in Agency's sole determination, fails or refuses for any reason to comply with or perform any of its obligations under this contract, Agency may impose such sanctions as it may deem appropriate. This includes but is not limited to the withholding of payments to Contractor until Contractor complies; the cancellation, termination, or suspension of this contract in whole or in part; and the seeking of other remedies as may be provided by this contract or by law. Any cancellation, termination, or suspension of this contract, if imposed, shall become effective at the close of business on the day of Contractor's receipt of written notice thereof from Agency.
- I. Contract Cancellation, etc.:** If this contract is canceled, terminated, or suspended by Agency prior to its expiration date, the reasonable monetary value of services properly performed by Contractor pursuant to this contract prior to such cancellation, termination or suspension shall be determined by Agency and paid to Contractor as soon as reasonably possible.
- J. Indemnification:**
For local educational agencies (LEAs), regional education service centers (ESCs), and institutions of higher education (IHEs) and state agencies: Contractor, to the extent permitted by law, shall hold Agency harmless from and shall indemnify Agency against any and all claims, demands, and causes of action of whatever kind or nature asserted by any third party and occurring or in any way incident to, arising from, or in connection with, any acts of Contractor, its agents, employees, and subcontractors, done in the conduct of the contract project.
For all other grantees, subgrantees, contractors, and subcontractors, including nonprofit organizations and for-profit businesses: Contractor shall hold Agency harmless from and shall indemnify Agency against any and all claims, demands, and causes of action of whatever kind or nature asserted by any third party and occurring or in any way incident to, arising from, or in connection with, any acts of Contractor, its agents, employees, and subcontractors, done in the conduct of the contract project.
- K. Encumbrances/Obligations and Liquidations:** All encumbrances/obligations shall occur on or between the beginning and ending dates of the contract. All goods must be received and all services rendered between the beginning and ending dates of the contract. The contractor must liquidate (record as an expenditure) all obligations (encumbrances) incurred under the contract no later than 30 days after the ending date of the contract, to coincide with the submission of the final expenditure report, due 30 days after the ending date of the contract. In no manner shall encumbrances be considered or reflected as accounts payable or as expenditures, and an encumbrance cannot be considered an expenditure or accounts payable until the goods have been received and the services have been rendered. Obligations that are liquidated and recognized as expenditures must meet the allowable cost principles in OMB Circular A-87, A-21, or A-122 (as applicable) and program rules, regulations, and guidelines contained elsewhere. This applies to all grant programs, including state and federal, discretionary and formula.

Texas Title I Priority Schools Grant		

- L. Financial Management and Accounting:** Grantee assures it will maintain a financial management system that complies with federal standards established in 34 CFR 80.20 and 74.21 and that provides for accurate, current, and complete disclosure of the financial results of each grant project. The financial management system records will identify adequately the source and application of funds and will contain information pertaining to grant awards, authorizations, obligations, unobligated balances, assets, outlays (i.e., expenditures), income, and interest. Fiscal control and accounting procedures will permit the tracing of funds to a level of expenditure adequate to establish that funds have been used in accordance with the approved grant application. The applicant agrees to maintain effective control over and accountability for all funds, property, and other assets. Public school districts, open enrollment charter schools, and regional education service centers in Texas must comply with the accounting requirements in the Financial Accounting and Reporting (FAR) module of the *Financial Accountability System Resource Guide*, Texas Education Agency (34 CFR 74.21; 34 CFR 80.20; TEA *Financial Accountability System Resource Guide*).
- M. Expenditure Reports:** Contractor shall submit expenditure reports in the time and manner requested by Agency as specified in the instructions to the Standard Application System (SAS) which are incorporated by reference. Unless otherwise specified, interim reports are due to TEA within 15 days after the end of each reporting period. Unless otherwise specified, the final expenditure report is due within 30 days after the ending date of the grant. Revised expenditure reports, where the grantee is claiming additional expenditures beyond that originally requested, must be submitted within 60 days after the ending date of the grant, or as specified in the applicable Program Guidelines.
- N. Refunds Due to TEA:** If Agency determines that Agency is due a refund of money paid to Contractor pursuant to this contract, Contractor shall pay the money due to Agency within 30 days of Contractor's receipt of written notice that such money is due to Agency. If Contractor fails to make timely payment, Agency may obtain such money from Contractor by any means permitted by law, including but not limited to offset, counterclaim, cancellation, termination, suspension, total withholding, and/or disapproval of all or any subsequent applications for said funds.
- O. Records Retention:** Contractor shall maintain its records and accounts in a manner which shall assure a full accounting for all funds received and expended by Contractor in connection with the contract project. These records and accounts shall be retained by Contractor and made available for programmatic or financial audit by Agency and by others authorized by law or regulation to make such an audit for a period of not less than five years from the date of completion of the contract project or the date of the receipt by Agency of Contractor's final claim for payment or final expenditure report in connection with this contract, whichever is later. If an audit has been announced, the records shall be retained until such audit has been completed.
- Contractor understands that acceptance of funds under this contract acts as acceptance of the authority of the State Auditor's office, or any successor agency, to conduct an audit or investigation in connection with those funds. Contractor further agrees to cooperate fully with the State Auditor's Office or its successor in the conduct of the audit or investigation, including providing all records requested. Contractor will ensure that this clause concerning the authority to audit funds received indirectly by subcontractors through Contractor and the requirements to cooperate is included in any subcontract it awards.
- P. Time and Effort Recordkeeping:** For those personnel whose salaries are prorated between or among different funding sources, time and effort records will be maintained by Applicant that will confirm the services provided within each funding source. Applicant must adjust payroll records and expenditures based on this documentation. This requirement applies to all projects, regardless of funding source, unless otherwise specified. For federally funded projects, time and effort records must be in accordance with the requirements in the applicable OMB cost principles.
- Q. Forms, Assurances, and Reports:** Contractor shall timely make and file with the proper authorities all forms, assurances and reports required by federal laws and regulations. Agency shall be responsible for reporting to the proper authorities any failure by Contractor to comply with the foregoing laws and regulations coming to Agency's attention, and may deny payment or recover payments made by Agency to Contractor in the event of Contractor's failure so to comply.
- R. Intellectual Property Ownership:** Contractor agrees that all Works are, upon creation, works made for hire and the sole property of TEA. If the Works are, under applicable law, not considered works made for hire, Contractor hereby assigns to TEA all worldwide ownership of all rights, including the Intellectual Property Rights, in the Works, without the necessity of any further consideration, and TEA can obtain and hold in its own name all such rights to the Works. Contractor agrees to maintain written agreements with all officers, directors, employees, agents, representatives and subcontractors engaged by Contractor for the Contract Project, granting Contractor rights sufficient to support the performance and grant of rights to TEA by Contractor. Copies of such agreements shall be provided to TEA promptly upon request.

SCHEDULE #6A – cont. GENERAL PROVISIONS & ASSURANCES	TEXAS EDUCATION AGENCY Standard Application System School Years 2010-2013	<u>201/914</u> County-District No.
Texas Title I Priority Schools Grant		

Contractor warrants that (i) it has the authority to grant the rights herein granted, (ii) it has not assigned or transferred any right, title, or interest to the Works or Intellectual Property Rights that would conflict with its obligations under the Contract, and Contractor will not enter into any such agreements, and (iii) the Works will be original and will not infringe any Intellectual property rights of any other person or entity. These warranties will survive the termination of the Contract. If any preexisting rights are embodied in the Works, Contractor grants to TEA the Irrevocable, perpetual, non-exclusive, worldwide, royalty-free right and license to (i) use, execute, reproduce, display, perform, distribute copies of, and prepare derivative works based upon such preexisting rights and any derivative works thereof and (ii) authorize others to do any or all of the foregoing. Contractor agrees to notify TEA on delivery of the Works if they include any such preexisting rights. On request, Contractor will provide TEA with documentation indicating a third party's written approval for Contractor to use any preexisting rights that may be embodied or reflected in the Works.

For School Districts and Nonprofit Organizations: The foregoing Intellectual Property Ownership provisions apply to any school districts, nonprofit organizations, and their employees, agents, representatives, consultants and subcontractors. If a school district or nonprofit organization or any of its subcontractor(s) wish to obtain a license agreement to use, advertise, offer for sale, sell, distribute, publicly display, publicly perform or reproduce the Works, or make derivative works from the Works, then express written permission must first be obtained from the TEA Copyright Office.

For Education Service Centers (ESCs): The foregoing Intellectual Property Ownership provisions apply to an Education Service Center (ESC) and its employees, agents, representatives, consultants, and subcontractors. If an ESC or any of its subcontractor(s) wish to obtain a license agreement to use, advertise, offer for sale, sell, distribute, publicly display, publicly perform or reproduce the Works, or make derivative works from the Works, then express written permission must first be obtained from the TEA Copyright Office.

For Colleges and Universities: The foregoing Intellectual Property Ownership provisions apply to any colleges and universities and their employees, agents, representatives, consultants, and subcontractors; provided, that for all Works and derivative works created or conceived by colleges or universities under the Contract, they are granted a non-exclusive, non-transferable, royalty-free license to use the Works for their own academic and educational purposes only. The license for academic and educational purposes specifically excludes advertising, offering for sale, selling, distributing, publicly displaying, publicly performing, or reproducing the Works, or making derivative works from the Works that are created or conceived under this Contract and colleges and universities and their employees, agents, representatives, consultants, and subcontractors are prohibited from engaging in these uses and activities with regard to the Works unless the prior express written permission of the TEA Copyright Office is obtained.

- S. Unfair Business Practices:** By signing this Contract, Contractor, if other than a state agency, certifies that Contractor, within the preceding 12 months, has not been found guilty, in a judicial or state agency administrative proceeding, of unfair business practices. Contractor, if other than a state agency, also certifies that no officer of its company has, within the preceding 12 months, served as an officer in another company which has been found, in a judicial or state agency administrative proceeding, to be guilty of unfair business practices.

Contractor, whether a state agency or not a state agency, certifies that no funds provided under this Contract shall be used to purchase supplies, equipment, or services from any companies found to be guilty of unfair business practices within 12 months from the determination of guilt.

- T. Subcontracting:** Contractor shall not assign or subcontract any of its rights or responsibilities under this contract, except as may be otherwise provided for in this application, without prior formal written amendment to this contract properly executed by both Agency and Contractor.
- U. Use of Consultants:** Notwithstanding any other provision of this application, Applicant shall not use or pay any consultant in the conduct of this application if the services to be rendered by any such consultant can be provided by Applicant's employees.
- V. Capital Outlay:** If Contractor purchases capital outlay (furniture and/or equipment) to accomplish the objective(s) of the project, title will remain with Contractor for the period of the contract. Agency reserves the right to transfer capital outlay items for contract noncompliance during the contract period or as needed after the ending date of the contract. This provision applies to any and all furniture and/or equipment regardless of unit price and how the item is classified in Contractor's accounting record.

SCHEDULE #6A – cont. GENERAL PROVISIONS & ASSURANCES	TEXAS EDUCATION AGENCY Standard Application System School Years 2010-2013	201/914 County-District No.
Texas Title I Priority Schools Grant		

W. Agency Property (terms): In the event of loss, damage or destruction of any property owned by or loaned by Agency while in the custody or control of Contractor, its employees, agents, consultants or subcontractors, Contractor shall indemnify Agency and pay to Agency the full value of or the full cost of repair or replacement of such property, whichever is the greater, within 30 days of Contractor's receipt of written notice of Agency's determination of the amount due. This applies whether the property is developed or purchased by Contractor pursuant to this contract or is provided by Agency to Contractor for use in the contract project. If Contractor fails to make timely payment, Agency may obtain such money from Contractor by any means permitted by law, including but not limited to offset or counterclaim against any money otherwise due to Contractor by Agency.

X. Travel Costs: Amounts authorized for maximum recovery for travel and per diem costs against any state or federal funding source are restricted to those amounts which are approved in the State of Texas Appropriations Bill in effect for the particular funding period. Any amount over this limit must come from local funding sources. Applicant must recover funds at a lesser rate if local policy amounts are less than the maximum allowed by the state. Out-of-state travel may not exceed the federal government rate for the locale. Travel allowances are not allowable costs.

Y. Funds for Religious Worship, Instruction: No funds will be used to pay for religious worship, instruction, or proselytization, or for any equipment or supplies for such, or for any construction, remodeling, repair, operation, or maintenance of any facility or part of a facility to be used for religious worship, instruction, or proselytization (34 CFR 76.532 and P. L. 107-110, section 9505).

Z. Disclosure of Gifts and Campaign Contributions: The grantee shall file disclosures of gifts and campaign contributions as required by State Board of Education Operating Rule 4.3, which is incorporated as if set out in full. The grantee has a continuing obligation to make disclosures through the term of the contract. Failure to comply with State Board of Education Operating Rule 4.3 is grounds for cancelling the grant.

AA. Submission of Audit Reports to TEA: Grantees which are public school districts and open enrollment charter schools agree to submit the required annual audit report, including the reporting package required under OMB Circular A-133, if an audit is required to be conducted in accordance with OMB Circular A-133, to the TEA Division of School Financial Audits in the time and manner requested by the Agency.

Grantees which are nonprofit organizations (other than charter schools) and universities/colleges that expend \$500,000 or more total in federal awards in any fiscal year and are thus required to conduct a Single Audit or program-specific audit in accordance with the requirements in OMB Circular A-133, agree to submit a copy of such audit to TEA when the schedule of findings and questioned costs disclosed audit findings relating to any federal awards provided by TEA. A copy of such audit shall also be submitted to TEA if the summary schedule of prior audit findings reported the status of any audit findings relating to any federal awards provided by TEA.

A nonprofit organization or university/college grantee shall provide written notification to TEA that an audit was conducted in accordance with OMB Circular A-133 when the schedule of findings and questioned costs disclosed no audit findings related to any federal awards provided by TEA or when the summary schedule of prior audit findings did not report on the status of any prior audit findings related to any federal awards provided by TEA. Nonprofit organizations (other than charter schools) and universities/colleges shall submit the audit report to the TEA Division of Discretionary Grants. Audit reports must be submitted to TEA within 30 days of receipt of the report from the auditor. Failure to submit a copy of the audit to TEA could result in a reduction of funds paid to the grantee, a refund to TEA, termination of the grant, and/or ineligibility to receive additional grant awards from TEA.

BB. Federal Rules, Laws, and Regulations That Apply to all Federal Programs: Contractor shall be subject to and shall abide by all federal laws, rules and regulations pertaining to the contract project, including but not limited to:

1. **Americans With Disabilities Act**, P. L. 101-336, 42 U.S.C. sec. 12101, and the regulations effectuating its provisions contained in 28 CFR Parts 35 and 36, 29 CFR Part 1630, and 47 CFR Parts 0 and 64;
2. **Title VI of the Civil Rights Act of 1964**, as amended (prohibition of discrimination by race, color, or national origin), and the regulations effectuating its provisions contained in 34 CFR Part 100;
3. **Title IX of the Education Amendments of 1972**, as amended (prohibition of sex discrimination in educational institutions) and the regulations effectuating its provisions contained in 34 CFR Part 106, if Contractor is an educational institution;
4. **Section 504 of the Rehabilitation Act of 1973**, as amended (nondiscrimination on the basis of handicapping condition), and the regulations effectuating its provisions contained in 34 CFR Part 104 and 105;

SCHEDULE #6A – cont. GENERAL PROVISIONS & ASSURANCES	TEXAS EDUCATION AGENCY Standard Application System School Years 2010-2013	201/914 County-District No.
Texas Title I Priority Schools Grant		

5. the **Age Discrimination Act of 1975**, as amended (prohibition of discrimination on basis of age), and any regulations issued thereunder, including the provisions contained in 34 CFR Part 110;
6. the **Family Educational Rights and Privacy Act (FERPA) of 1975**, as amended (ensures access to educational records for students and parents while protecting the privacy of such records), and any regulations issued thereunder, including **Privacy Rights of Parents and Students** (34 CFR Part 99), if Contractor is an educational institution (20 USC 1232g);
7. Section 509 of H.R. 5233 as incorporated by reference in P. L. 99-500 and P. L. 99-591 (**prohibition against the use of federal grant funds to influence legislation pending before Congress**);
8. **Pro-Children Act of 2001**, which states that no person shall permit smoking within any indoor facility owned or leased or contracted and utilized for the provision of routine or regular kindergarten, elementary, or secondary education or library services to children [P. L. 107-110, Section 4303(a)]. In addition, no person shall permit smoking within any indoor facility (or portion of such a facility) owned or leased or contracted and utilized for the provision of regular or routine health care or day care or early childhood development (Head Start) services [P. L. 107-110, Section 4303(b)(1)]. Any failure to comply with a prohibition in this Act shall be considered to be a violation of this Act and any person subject to such prohibition who commits such violation may be liable to the United States for a civil penalty, as determined by the Secretary of Education (P. L. 107-110, Section 4303(e)(1)).
9. **Fair Labor Standards Act (29 USC 207), Davis Bacon Act (40 USC 276(a), and Contract Work Hours and Safety Standards Act (40 USC 327 et seq.)**, as applicable, and their implementing regulations in 29 CFR 500-899, 29 CFR Parts 1,3,5, and 7, and 29 CFR Parts 5 and 1926, respectively.
10. **Buy America Act:** Contractor certifies that it is in compliance with the Buy America Act in that each end product purchased under any federally funded supply contract exceeding \$2,500 is considered to have been substantially produced or manufactured in the United States. End products exempt from this requirement are those for which the cost would be unreasonable, products manufactured in the U. S. that are not of satisfactory quality, or products for which the agency head determines that domestic preference would be inconsistent with the public interest. Contractor also certifies that documentation will be maintained that documents compliance with this requirement (FAR 25.1-2).
11. P.L. 103-227, Title X, Miscellaneous Provisions of the GOALS 2000: Educate America Act; P.L. 103-382, Title XIV, General Provisions of the Elementary and Secondary Education Act, as amended; and General Education Provisions Act, as amended.
12. **Prohibition of Text Messaging and E-mailing while Driving during Official Federal Grant Business:** Personnel funded from federal grants and their subcontractors and subgrantees are prohibited from text messaging while driving an organization-owned vehicle, or while driving their own privately owned vehicle during official grant business, or from using organization-supplied electronic equipment to text message or e-mail while driving. Recipients must comply with these conditions under Executive Order 13513, "Federal Leadership On Reducing Text Messaging While Driving," October 1, 2009 (pursuant to provisions attached to federal grants funded by the U.S. Department of Education).

1. **Availability of Information:** Any application, evaluation, periodic program plan, or report relating to each program described in this application will be made readily available to parents and other members of the general public (20 USC 1232(e)).
 2. **Sharing of Information:** Contractor certifies that it has adopted effective procedures for acquiring and disseminating to teachers and administrators participating in each program described in this application significant information from educational research, demonstrations, and similar projects, and for adopting, where appropriate, promising educational practices developed through such projects (20 USC 1232(e)).
 3. **Prohibition of Funds for Busing:** The applicant certifies that no federal funds (except for funds appropriated specifically for this purpose) will be used for the transportation of students or teachers (or for the purchase of equipment for such transportation) in order to overcome racial imbalance in any school or school system, or for the transportation of students or teachers (or for the purchase of equipment for such transportation) in order to carry out a plan of racial desegregation of any school or school system (20 USC 1228).
 4. **Direct Financial Benefit:** Contractor certifies that funds expended under any federal program will not be used to acquire equipment (including computer software) in any instance in which such acquisition results in a direct financial benefit to any organization representing the interests of the purchasing entity or its employees or any affiliate of such an organization [20 USC 1232(b)(8)].
- EE. Payment for Services:** Payment for service(s) described in this Contract is contingent upon satisfactory completion of the service(s). Satisfaction will be determined by TEA's Project Administrator, in his sole discretion but in accordance with reasonable standards and upon advice of his superiors in TEA, if necessary.
- FF. Family Code Applicability:** By signing this Contract, Contractor, if other than a state agency, certifies that under Section 231.006, Family Code, that Contractor is not ineligible to receive payment under this Contract and acknowledges that this Contract may be terminated and payment may be withheld if this certification is inaccurate. TEA reserves the right to terminate this Contract if Contractor is found to be ineligible to receive payment. If Contractor is found to be ineligible to receive payment and the Contract is terminated, Contractor is liable to TEA for attorney's fees, the costs necessary to complete the Contract, including the cost of advertising and awarding a second contract, and any other damages or relief provided by law or equity.
- GG. Interpretation:** In the case of conflicts arising in the interpretation of wording and/or meaning of various sections, parts, Appendices, General Provisions, Special Provisions, Exhibits, and Attachments or other documents, the TEA Contract and its General Provisions, Appendices and Special Provisions shall take precedence over all other documents which are a part of this contract.
- HH. Registered Lobbyists:** No state or federal funds transferred to a contractor/grantee may be used to hire a registered lobbyist.
- II. Test Administration and Security:** This contract is executed by Agency subject to assurance by Contractor that it has at all times been and shall remain in full compliance with Title 19, Texas Administrative Code Chapter 101, and all requirements and procedures for maintaining test security specified in any test administration materials in the possession or control of Contractor, or any school, campus, or program operated by Contractor. Notwithstanding any other provision in this contract or any other document, this contract is void upon notice by Agency, in its sole discretion, that Contractor or any school, campus, or program operated by Contractor has at any time committed a material violation of Title 19, Texas Administrative Code Chapter 101, or any requirement or procedure for maintaining test security specified in any test administration materials in the possession or control of Contractor, or any school, campus, or program operated by Contractor. Expenditures and/or activities for which Contractor may claim reimbursement shall not be accrued or claimed subsequent to receipt of such notice from Agency.
- JJ. Social Security Numbers:** Social Security numbers will not be provided by TEA as a part of this agreement. TEA is not requiring or requesting school districts or other grantees to provide Social Security numbers as a part of this agreement.
- KK. Student-identifying Information:** Contractor agrees that in executing tasks on behalf of TEA, Contractor will not use any student-identifying information in any way that violates the provisions of FERPA and will destroy or return all student-identifying information to TEA within thirty (30) days of project completion.

Texas Title I Priority Schools Grant		

LL. High-Risk Status, Special Conditions, and Enforcement Actions: Pursuant to the provisions in 34 CFR 80.12 and 74.14, a grantee may be identified by TEA as high-risk if the grantee has a history of unsatisfactory performance; is not financially stable; has a financial management system that does not meet federal financial management standards or the requirements in TEA's Financial Accounting and Reporting (FAR) module; has not conformed to terms and conditions of previous awards; or is otherwise not responsible. TEA may impose one or more special conditions or restrictions on a high-risk grantee, including payment on a reimbursement basis; withholding authority to proceed to the next phase until receipt of evidence of acceptable performance within a given funding period; requiring additional, more detailed financial reports; additional project monitoring; requiring the grantee to obtain technical or management assistance; establishing additional prior approvals; or other conditions that may be legally available. A grantee identified as high-risk will be notified in writing by TEA of the special conditions imposed and the process for removing the high-risk status and special conditions.

Pursuant to the provisions in 34 CFR 80.43 and 74.62, if a grantee materially fails to comply with any term of an award, whether stated in a federal statute or regulation, an assurance, in a grant application, or elsewhere, TEA may take one or more of the following enforcement actions as appropriate in the circumstances: temporarily withhold cash payments pending correction of the deficiency or more severe enforcement action; disallow all or part of the cost of an activity or action not in compliance; wholly or partly suspend or terminate the current award; withhold further awards for the program; or take other remedies that may be legally available. If an enforcement action is imposed, the grantee will be notified in writing by TEA of the actions imposed and the process for remedying the noncompliance or removing the enforcement actions.

TEA reserves the right to not award a discretionary grant to a high-risk grantee or to a grantee that is materially non-compliant with the terms and conditions of another award.

SCHEDULE #6 B Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transactions	TEXAS EDUCATION AGENCY Standard Application System School Years 2010-2013	<div style="text-align: right;"> <u>201/914</u> County-District No. </div>
Texas Title I Priority Schools Grant		

This certification is required by the Department of Education regulations implementing Executive Order 12549, Debarment and Suspension, 34 CFR Part 85, for all lower tier transactions meeting the threshold and tier requirements stated at Section 85.11.

Terms defined: As used in these Provisions and Assurances

- "Covered Transaction"— A transaction under Federal non-procurement programs, which can be either a primary covered transaction or a lower tier covered transaction.
- "Lower Tier Covered Transaction"— (1) Any transaction between a participant and a person other than a procurement contract for goods or services, regardless of type, under a primary covered transaction; (2) Any procurement contract for goods or services between a participant and a person, regardless of type, expected to equal or exceed the Federal procurement small purchase threshold of \$25,000; (3) Any procurement contract for goods or services between a participant and a person under a covered transaction, regardless of amount.
- "Participant"— Any person who submits a proposal for, enters into, or reasonably may be expected to enter into a covered transaction, including an agent or representative of another participant.
- "Principal"— An officer, director, owner, partner, principal investigator, or other person within a participant with management or supervisory responsibilities related to a covered transaction; or a consultant or other person, whether or not employed by the participant or paid with Federal funds, who (1) is in a position to handle Federal funds; (2) is in a position to influence or control the use of those funds; or (3) occupies a technical or professional position capable of substantially influencing the development or outcome of an activity required to perform the covered transaction.
- "Excluded Parties List System (EPLS)"— The list maintained and disseminated by the General Services Administration (GSA) containing names and other information about persons who are ineligible.
- "Debarment"— Action taken by a debarring official (Federal agency) to exclude a person (recipient) from participating in covered transactions.
- "Suspension"— An action taken that immediately prohibits a person from participating in covered transactions for a temporary period, pending completion of an agency investigation and any judicial or administrative proceedings that may ensue.
- "Ineligible" generally refers to a person who is either excluded or disqualified.
- "Person"— Any individual, corporation, partnership, association, unit of government or legal entity, however organized, except: foreign governments or foreign governmental entities, public international organizations, foreign government owned (in whole or in part) or controlled entities, and entities consisting wholly or partially of foreign governments or foreign governmental entities.
- "Proposal"—A solicited or unsolicited bid, application, request, invitation to consider or similar communication by or on behalf of a person seeking to participate or to receive a benefit, directly or indirectly, in or under a covered transaction.
- "Voluntarily Excluded"—A status of nonparticipation or limited participation in covered transactions assumed by a person pursuant to the terms of a settlement.

1. By signing SAS Schedule #1 and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction", "debarred", "suspended", "ineligible", "lower tier covered transaction", "participant", "person", "primary covered transaction", "principal", "proposal", and "voluntarily excluded", as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

SCHEDULE #6B Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transactions	TEXAS EDUCATION AGENCY Standard Application System School Years 2010-2013 Required for all federal grants regardless of the dollar amount	<div style="text-align: center;"> <u>201/914</u> County-District No. </div>
Texas Title I Priority Schools Grant		

6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled ***Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion-Lower Tier Covered Transactions***, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may but is not required to, check the Non-procurement List.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification

- (1) The prospective lower tier participant certifies, by signature on SAS Schedule #1 and by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
- (2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

SCHEDULE #6E NCLB ACT PROVISIONS & ASSURANCES	TEXAS EDUCATION AGENCY Standard Application System School Years 2010-2013	 <u>201/914</u> County-District No.
Texas Title I Priority Schools Grant		

The following special provisions apply to all programs funded under the Elementary and Secondary Education Act, as amended by P. L. 107-110, No Child Left Behind (NCLB) Act of 2001. By signing Schedule #1 of this SAS, the applicant is assuring it is in compliance with the following provisions:

- A. Each such program will be administered in accordance with all applicable statutes, regulations, program plans, and applications.
- B. The control of funds provided under each such program and title to property acquired with program funds will be in a public agency or in a nonprofit private agency, institution, organization, or Indian tribe, if the law authorizing the program provides for assistance to such entities.
- C. The public agency, nonprofit private agency, institution, or organization, or Indian tribe will administer such funds and property to the extent required by the authorizing statutes.
- D. The applicant will adopt and use proper methods of administering each such program, including the enforcement of any obligations imposed by law on agencies, institutions, organizations, and other recipients responsible for carrying out each program and the correction of deficiencies in program operations that are identified through audits, monitoring, or evaluation.
- E. The applicant will cooperate in carrying out any evaluation of each such program conducted by or for the Texas Education Agency, the Secretary of Education or other federal officials.
- F. The applicant will use such fiscal control and fund accounting procedures as will ensure proper disbursement of, and accounting for, federal funds paid to such applicant under each such program.
- G. The applicant will submit such reports to the Texas Education Agency (which shall make the reports available to the Governor) and the Secretary of Education, as the Texas Education Agency and the Secretary of Education may require to enable the Texas Education Agency and the Secretary of Education to perform their duties under each such program.
- H. The applicant will maintain such records, provide such information, and afford access to the records as the Agency (after consultation with the Governor) or the Secretary may find necessary to carry out the Agency's or the Secretary's duties.
- I. Before the application was submitted, the applicant afforded a reasonable opportunity for public comment on the application and has considered such comment.
- J. **Gun-Free Schools Act:** The local education agency assures that it is in compliance with Section 37.007(e) of the Texas Education Code, which requires expulsion of a student who brings to school or possesses at school a firearm as defined by 18 U.S.C. Section 2891 [pursuant to the requirements in P. L. 107-110, Section 4141(d)(1)]. In addition, the local educational agency certifies that it has a policy requiring referral to the criminal justice or juvenile delinquency system of any student who brings a firearm or weapon to school [P. L. 107-110, Section 4141(h)(1)].
- K. **Student Records Transfer:** The local educational agency shall ensure that a student's records and, if applicable, a student's individualized education program as defined in section 602(11) of the Individuals with Disabilities Education Act, are transferred to a charter school upon the transfer of the student to the charter school, and to another public school upon the transfer of the student from a charter school to another public school, in accordance with applicable state law (P. L. 107-110, section 5208).
- L. **Consolidation of Administrative Funds:** A local educational agency, with the approval of TEA, may consolidate and use for the administration of one or more programs under the No Child Left Behind Act not more than the percentage, established in each program, of the total available for the local educational agency under those programs. A local educational agency that consolidates administrative funds shall not use any other funds under the programs included in the consolidation for administration for that fiscal year. Consolidated administrative funds shall be used for the administration of the programs covered and may be used for coordination of these programs with other federal and non-federal programs and for dissemination of information regarding model programs and practices.
- M. **Privacy of Assessment Results:** Any results from an individual assessment referred to in the No Child Left Behind Act of a student that become part of the education records of the student shall have the protections provided in section 444 of the General Education Provisions Act [P. L. 107-110, section 9523 and the Family Educational Rights and Privacy Act (FERPA) of 1975, as amended].

SCHEDULE #6E – cont. NCLB ACT PROVISIONS & ASSURANCES	TEXAS EDUCATION AGENCY Standard Application System School Years 2010-2013	 <u>201/914</u> County-District No.
Texas Title I Priority Schools Grant		

N. School Prayer: The local educational agency certifies that it is in compliance with Section 25.901 of the Texas Education Code. In addition, as a condition of receiving funds under the No Child Left Behind Act, the local educational agency certifies that no policy of the local educational agency prevents, or otherwise denies participation in, constitutionally protected prayer in public elementary schools and secondary schools, as detailed in the guidance provided by the U. S. Secretary of Education pertaining to such. The state educational agency shall report to the Secretary of Education each year a list of those local educational agencies that have not filed this assurance or against which complaints have been made to the State educational agency that the local educational agencies are not in compliance with this requirement (P. L. 107-110, section 9524(b)).

O. Equal Access to Public Schools Facilities – Boy Scouts of America Equal Access Act: No public elementary school, public secondary school or local educational agency that has a designated open forum or a limited public forum and that receives funds made available from the U. S. Department of Education shall deny equal access or a fair opportunity to meet, or to discriminate against, any group officially affiliated with the Boy Scouts of America, or any other youth group listed in Title 36 of the United States Code (as a patriotic society), that wishes to conduct a meeting within that designated open forum or limited public forum, including denying such access or opportunity or discriminating for reasons based on the membership or leadership criteria or oath of allegiance to God and country of the Boy Scouts of America or of the youth group listed in Title 36 of the United States Code (as a patriotic society). For the purposes of this section, an elementary school or secondary school has a limited public forum whenever the school involved grants an offering to, or opportunity for, one or more outside youth or community groups to meet on school premises or in school facilities before or after the hours during which attendance at the school is compulsory. Nothing in this section shall be construed to require any school, agency, or a school served by an agency to sponsor any group officially affiliated with the Boy Scouts of America, or any other youth group listed in Title 36 of the United States Code (as a patriotic society). Compliance with this provision will be enforced through rules and orders issued by the Office for Civil Rights. If the public school or agency does not comply with the rules or orders, no funds made available through the Department of Education shall be provided by a school that fails to comply with such rules or orders or to any agency or school served by an agency that fails to comply with such rules or orders (P. L. 107-110, section 9525).

P. General Prohibitions: None of the funds authorized under the No Child Left Behind Act shall be used to develop or distribute materials, or operate programs or courses of instruction directed at youth, that are designed to promote or encourage sexual activity, whether homosexual or heterosexual; to distribute or to aid in the distribution by any organization of legally obscene materials to minors on school grounds; to provide sex education or HIV-prevention education in schools that instruction is age appropriate and includes the health benefits of abstinence; or to operate a program of contraceptive distribution in schools (P. L. 107-110, section 9526).

Q. Armed Forces Recruiter Access to Students and Student Recruiting Information: In accordance with guidance issued by the U. S. Department of Education, each local educational agency receiving assistance under the No Child Left Behind Act shall provide, on a request made by military recruiters or an institution of higher education, access to secondary school students names, address, and telephone listings, upon prior written consent of a student or the parent of a student. A secondary school student or the parent of the student may request that the student's name, address, and telephone listing not be released without prior written parental consent, and the local educational or private nonprofit school shall notify parents of the option to make a request and shall comply with any request. Each local educational agency receiving assistance under the No Child Left Behind Act shall provide military recruiters the same access to secondary school students as is provided generally to post secondary educational institutions or to prospective employers of those students (P. L. 107-110, section 9528).

R. Unsafe School Choice Option: The local educational agency certifies that it shall establish and implement a policy requiring that a student attending a persistently dangerous public elementary school or secondary school, as determined by the Texas Education Agency, or who becomes a victim of a violent criminal offense, while in or on the grounds of a public elementary or secondary school that the student attends, be allowed to attend a safe public elementary or secondary school within the local educational agency, including a public charter school (P. L. 107-110, section 9532).

S. Civil Rights: Nothing in the No Child Left Behind Act shall be construed to permit discrimination on the basis of race, color, religion, sex (except as otherwise permitted under Title IX of the Education Amendments of 1972), national origin, or disability in any program funded under the No Child Left Behind Act (P. L. 107-110, section 9534).

T. Student Privacy, Parental Access to Information, and Administration of Certain Physical Examinations to Minors: The local educational agency assures that it is in compliance with Chapter 26 of the Texas Education Code concerning parental rights and responsibilities. In addition, the local educational agency receiving funds under the No Child Left Behind Act certifies that it shall develop and adopt policies, in consultation with parents, regarding certain rights of a parent to access and inspect information; student privacy; the administration of physical examinations or screenings (except for examinations or screenings required by state law); and the collection, disclosure, or use of personal information collected from students for the purpose of marketing or selling that information. The local educational agency also assures that it is in compliance with the requirements for annually notifying parents of such policies and specific events (P. L. 107-110, Title X, Part F, section 1061).

U. Assurances related to the education of homeless children and youths:

- (1) The LEA assures that each child of a homeless individual and each homeless youth shall have equal access to the same free, appropriate public education, including a public preschool education, as provided to other children and youth.
- (2) The LEA assures that homeless children and youth are afforded the same free, appropriate public education as provided to other children and youth.
- (3) The LEA assures that it will review and undertake steps to revise any laws, regulations, practices, or policies that may act as a barrier to the enrollment, attendance, or success in school of homeless children and youth.
- (4) The LEA assures that it will not separate students from the mainstream school environment on the basis of homelessness alone.
- (5) The LEA assures that homeless children and youth have access to the education and other services that they need to in order to meet the same challenging State student academic achievement standards to which all students are held.

V. Definitions: The following terms shall be defined as follows for programs authorized and carried out under the No Child Left Behind Act of 2001:

1. Charter School: An open enrollment charter school receiving federal funds of any type must meet the federal definition of a charter school as provided in P. L. 107-110, Section 5210(1). The term "charter school" means a school that:

- (A) is created by a developer as a public school, or is adapted by a developer from an existing public school, and is operated under public supervision and control;
- (B) operates in pursuit of a specific set of educational objectives determined by the school's developer and agreed to by the authorized public chartering agency [i.e., the State Board of Education (SBOE)];
- (C) provides a program of elementary or secondary education, or both;
- (D) is nonsectarian in its programs, admissions policies, employment practices, and all other operations, and is not affiliated with a sectarian school or religious instruction;
- (E) does not charge tuition;
- (F) complies with the Age Discrimination Act of 1975, Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, section 504 of the Rehabilitation Act of 1973, and Part B of the Individuals with Disabilities Education Act;
- (G) is a school to which parents choose to send their children, and that admits students on the basis of a lottery, if more students apply for admission than can be accommodated;
- (H) agrees to comply with the same Federal and State audit requirements as do other elementary schools and secondary schools in the State, unless such requirements are specifically waived for the purpose of this program;
- (I) meets all applicable Federal, State, and local health and safety requirements;
- (J) operates in accordance with State law; and
- (K) has a written performance contract with the authorized public chartering agency in the State (i.e., SBOE) that includes a description of how student performance will be measured pursuant to State assessments that are required of other schools and pursuant to any other assessments mutually agreeable to the SBOE.

2. Community-Based Organization: A public or private nonprofit organization of demonstrated effectiveness that is representative of a community or significant segment of a community and that provides educational or related services to individuals in the community.

3. Core Academic Subjects: English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, art, history, and geography.

4. Highly Qualified:

(A) when used with respect to any public elementary school or secondary school teacher teaching in a State, means that–

- (i) the teacher has obtained full State certification as a teacher (including certification obtained through alternative routes to certification) or passed the State teacher licensing examination, and holds a license to teach in such State, except that when used with respect to any teacher teaching in a public charter school, the term means that the teacher meets the requirements set forth in the State's public charter school law; and
- (ii) the teacher has not had certification or licensure requirements waived on an emergency, temporary, or provisional basis;

(B) when used with respect to–

(i) an elementary school teacher who is new to the profession, means that the teacher–

- (I) holds at least a bachelor's degree; and
- (II) has demonstrated, by passing a rigorous State test, subject knowledge and teaching skills in reading, writing, mathematics, and other areas of the basic elementary school curriculum (which may consist of passing a State-required certification or licensing test or tests in reading, writing, mathematics, and other areas of the basic elementary school curriculum); or

(ii) a middle or secondary school teacher who is new to the profession, means that the teacher holds at least a bachelor's degree and has demonstrated a high level of competency in each of the academic subjects in which the teacher teaches by–

- (I) passing a rigorous State academic subject test in each of the academic subjects in which the teacher teaches (which may consist of a passing level of performance on a State-required certification or licensing test or tests in each of the academic subjects in which the teacher teaches); or
- (II) successful completion, in each of the academic subjects in which the teacher teaches, of an academic major, a graduate degree, coursework equivalent to an undergraduate academic major, or advanced certification or credentialing; and

(C) when used with respect to an elementary, middle, or secondary school teacher who is not new to the profession, means that the teacher holds at least a bachelor's degree and–

(i) has met the applicable standard in clause (i) or (ii) of subparagraph (B), which includes an option for a test; or

(ii) demonstrates competence in all the academic subjects in which the teacher teaches based on a high objective uniform State standard of evaluation that–

- (I) is set by the State for both grade appropriate academic subject matter knowledge and teaching skills;
- (II) is aligned with challenging State academic content and student academic achievement standards and developed in consultation with core content specialists, teachers, principals, and school administrators;
- (III) provides objective, coherent information about the teacher's attainment of core content knowledge in the academic subjects in which a teacher teaches;
- (IV) is applied uniformly to all teachers in the same academic subject and the same grade level throughout the State;
- (V) takes into consideration, but not be based primarily on, the time the teacher has been teaching in the academic subject;
- (VI) is made available to the public upon request; and
- (VII) may involve multiple, objective measures of teacher competency.

5. Parental Involvement: The participation of parents in regular, two-way and meaningful communication involving student academic learning and other school activities, including ensuring:

- (A) that parents play an integral role in assisting their child's learning;
- (B) that parents are encouraged to be actively involved in their child's education at school;
- (C) that parents are full partners in their child's education and are included, as appropriate, in decision making and on advisory committees to assist in the education of their child; and
- (D) the carrying out of other activities, such as those described in section 1118 of P. L. 107-110.

6. Professional Development includes activities that:

- (A) improve and increase teachers' knowledge of the academic subjects the teachers teach, and enable teachers to become highly qualified;
- (B) are an integral part of broad schoolwide and districtwide educational improvement plans;
- (C) give teachers, principals, and administrators the knowledge and skills to provide the students with the opportunity to meet challenging State academic content standards and student academic achievement standards;
- (D) improve classroom management skills;
- (E) are high quality, sustained, intensive, and classroom-focused in order to have a positive and lasting impact on classroom instruction and the teacher's performance in the classroom and are not one-day or short-term workshops or conferences;
- (F) support the recruiting, hiring, and training of highly qualified teachers, including teachers who became highly qualified through State and local alternative routes to certification;
- (G) advance teacher understanding of effective instructional strategies that are:
- (H) based on scientifically based research (except for programs under Title II, Part D, Enhancing Education Through Technology of this Act); and
- (I) strategies for improving student academic achievement or substantially increasing the knowledge and teaching skills of teachers; and
- (J) are aligned with and directly related to State academic content standards, student academic achievement standards, and assessments and the curricula and programs tied to the standards;
- (K) are developed with extensive participation of teachers, principals, parents, and administrators of schools to be served under this Act;
- (L) are designed to give teachers of limited English proficient children, and other teachers and instructional staff, the knowledge and skills to provide instruction and appropriate language and academic support services to those children, including the appropriate use of curricula and assessments;
- (M) to the extent appropriate, provide training for teachers and principals in the use of technology so that technology and technology applications are effectively used in the classroom to improve teaching and learning in the curricula and core academic subjects in which the teachers teach;
- (N) as a whole, are regularly evaluated for their impact on increased teacher effectiveness and improved student academic achievement with the findings of the evaluations used to improve the quality of professional development;
- (O) provide instruction in methods of teaching children with special needs;
- (P) include instruction in the use of data and assessments to inform and instruct classroom practice;
- (Q) include instruction in ways that teachers, principals, pupil services personnel, and school administrators may work more effectively with parents; and
- (R) may include activities that:
 - (i) involve the forming of partnerships with institutions of higher education to establish school-based teacher training programs that provide prospective teachers and beginning teachers with an opportunity to work under the guidance of experienced teachers and college faculty;
 - (ii) create programs to enable paraprofessionals (assisting teachers employed by an LEA receiving assistance under Title I Part A) to obtain the education necessary for those paraprofessionals to become certified and licensed teachers; and
 - (iii) provide follow-up training to teachers who have participated in activities described previously in this definition that are designed to ensure that the knowledge and skills learned by the teachers are implemented in the classroom.

7. Scientifically Based Research:

- (A) means research that involves the application of rigorous, systematic, and objective procedures to obtain reliable and valid knowledge relevant to education activities and programs; and
- (B) includes research that:
 - (i) employs systematic, empirical methods that draw on observation or experiment;
 - (ii) involves rigorous data analyses that are adequate to test the stated hypotheses and justify the general conclusions drawn;
 - (iii) relies on measurements or observational methods that provide reliable and valid data across evaluators and observers, across multiple measurements and observations, and across studies by the same or different investigators;

Texas Title I Priority Schools Grant		

- (iv) relies on measurements or observational methods that provide reliable and valid data across evaluators and observers, across multiple measurements and observations, and across studies by the same or different investigators;
- (v) is evaluated using experimental or quasi-experimental designs in which individuals, entities, programs, or activities are assigned to different conditions and with appropriate controls to evaluate the effects of the condition of interest, with a preference for random-assignment experiments, or other designs to the extent that those designs contain within-condition or across-condition controls;
- (vi) ensures that experimental studies are presented in sufficient detail and clarity to allow for replication or, at a minimum, offer the opportunity to build systematically on their findings; and
- (vii) has been accepted by a peer-reviewed journal or approved by a panel of independent experts through a comparably rigorous, objective, and scientific review.

8. Teacher Mentoring: Activities that–

(A) consist of structured guidance and regular and ongoing support for teachers, especially beginning teachers, that–

- (I) are designed to help the teachers continue to improve their practice of teaching and to develop their instructional skills; and part of an ongoing developmental induction process that–
- (I) involves the assistance of an exemplary teacher and other appropriate individuals from a school, local educational agency, or institution of higher education; and
- (II) may include coaching, classroom observation, team teaching, and reduced teaching loads; and
- (III) may include the establishment of a partnership by a local educational agency with an institution of higher education.

9. Technology: State-of-the-art technology products and services.

W. ESEA Performance Goals, Indicators, and Performance Reporting: The LEA assures it has adopted the five performance goals and the related performance indicators established by the U. S. Department of Education and as submitted in the *Texas Consolidated State Application for Funds Under the No Child Left Behind Act*. The LEA also assures that it will develop and implement procedures for collecting data related to the performance indicators where such data is not already collected through the Academic Excellence Indicator System (AEIS) or PEIMS and that it will report such data to the Agency in the time and manner requested.

X. Transfer of School Disciplinary Records: The LEA assures it has a procedure in place to transfer disciplinary records, with respect to a suspension or expulsion, to any private or public elementary school or secondary school for any student who is enrolled or seeks, intends, or is instructed to enroll, on a full- or part-time basis, in the school. This requirement shall not apply to any disciplinary records with respect to a suspension or expulsion that are transferred from a private, parochial or other nonpublic school, person, institution, or other entity, that provides education below the college level (P. L. 107-110, section 4155).

Revised 03/03

The signing of Schedule #1, General Information by applicant indicates acceptance of and compliance with all requirements described on this schedule.

SCHEDULE #6F PROGRAM-SPECIFIC PROVISIONS & ASSURANCES	TEXAS EDUCATION AGENCY Standard Application System School Year 2010-2013	 <u>201/914</u> County-District No.
Texas Title I Priority Schools Grant		

Federal Statutory Requirements

- 1) The LEA must demonstrate that the LEA has analyzed the needs of each school and selected an intervention for each school.
- 2) The LEA must demonstrate that it has the capacity to use these grant funds to provide adequate resources and related support to each Tier campus identified in the LEA's application in order to implement, fully and effectively, the required activities of the school intervention model it has selected.
- 3) If the LEA is not applying to serve each Tier I school (through a separate application for each campus), the LEA must explain why it lacks capacity to serve each Tier I school.
- 4) The LEA must describe actions it has taken, or will take, to design and implement interventions consistent with the final federal requirements, including the services the campus will receive or the activities the campus will implement.
- 5) The LEA must describe actions it has taken, or will take, to recruit, screen, and select external providers, if applicable, to ensure their quality.
- 6) The LEA must describe actions it has taken, or will take, to align other resources with the interventions.
- 7) The LEA must describe actions it has taken, or will take, to modify its practices or policies, if necessary, to enable its schools to implement the interventions fully and effectively.
- 8) The LEA must describe actions it has taken, or will take, to sustain the reforms after the funding period ends.
- 9) The LEA must include a timeline delineating the steps it will take to implement the selected intervention in each campus.
 - 10) The LEA must describe the annual goals for student achievement on the State's assessments in both reading/language arts and mathematics that it has established in order to monitor its Tier I and Tier II schools that receive school improvement funds.
 - 11) As appropriate, the LEA must consult with relevant stakeholders regarding the LEA's application and implementation of school improvement models on its campus.
 - 12) Applicant provides assurance that financial assistance provided under the grant program will supplement, and not supplant, the amount of state and local funds allocated to the campus.
 - 13) Applicant provides assurance that it will use its School Improvement Grant to implement fully and effectively an intervention in each Tier I and Tier II school that the LEA commits to serve consistent with the final federal requirements.
 - 14) Applicant provides assurance that it will establish annual goals for student achievement on the State's assessments in both reading/language arts and mathematics and measure progress on the leading indicators in section III of the final federal requirements in order to monitor each Tier I and Tier II school that it serves with school improvement funds, and establish goals (approved by the TEA) to hold accountable its Tier III schools that receive grant funds.
 - 15) Applicant provides assurance that it will, if it implements a restart model in a Tier I or Tier II school, include in its contract or agreement terms and provisions to hold the charter operator, charter management organization (CMO), or education management organization (EMO) accountable for complying with the final federal requirements.
 - 16) Applicant provides assurance that it will report to the TEA the school-level data required under section III of the final federal requirements.
 - 17) If the LEA/campus selects to implement the **turnaround model**, the campus **must** implement the following federal requirements.
 - a. Replace the principal and grant the principal sufficient operational flexibility (including in staffing, calendars/time, and budgeting) to implement fully a comprehensive approach in order to substantially improve student achievement outcomes and increase high school graduation rates;
 - b. Using locally adopted competencies to measure the effectiveness of staff who can work within the turnaround environment to meet the needs of students;
 1. Screen all existing staff and rehire no more than 50 percent; and
 2. Select new staff.
 - c. Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in the turnaround school;
 - d. Provide staff ongoing, high-quality, job-embedded professional development that is aligned with the school's comprehensive instructional program and designed with school staff to ensure that they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies;
 - e. Adopt a new governance structure, which may include, but is not limited to, requiring the school to report to a

Texas Title I Priority Schools Grant		

new "turnaround office" in the LEA or SEA, hire a "turnaround leader" who reports directly to the Superintendent or Chief Academic Officer, or enter into a multi-year contract with the LEA or SEA to obtain added flexibility in exchange for greater accountability;

- f. Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards;
 - g. Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students;
 - h. Establish schedules and implement strategies that provide increased learning time (as defined in this notice); and
 - i. Provide appropriate social-emotional and community-oriented services and supports for students.
- 18) If the LEA/campus selects to implement the **turnaround model**, the campus **may** implement the following federal requirements.
1. Any of the required and permissible activities under the transformation model; or
 2. A new school model (e.g., themed, dual language academy).
- 19) If the LEA/campus selects to implement the school **closure model**, the campus **must** implement the following requirement.
- a. Enroll the students who attended that school in other schools in the LEA that are higher achieving within reasonable proximity to the closed school and may include, but are not limited to, charter schools or new schools for which achievement data are not yet available.
 - b. A grant for school closure is a one-year grant without the possibility of continued funding.
- 20) If the LEA/campus selects to implement the **restart model**, the campus **must** implement the following federal requirements.
- a. Convert or close and reopen the school under a charter school operator, a charter management organization (CMO), or an education management organization (EMO) that has been selected through a rigorous review process. A CMO is a non-profit organization that operates or manages charter schools by centralizing or sharing certain functions and resources among schools. An EMO is a for-profit or non-profit organization that provides "whole-school operation" services to an LEA.
 - b. Enroll, within the grades it serves, any former student who wishes to attend the school.
- 21) If the LEA/campus selects to implement the **transformation model**, the campus **must** implement the following federal requirements.
1. Develop and increase teacher and school leader effectiveness.
 - (A) Replace the principal who led the school prior to commencement of the transformation model;
 - (B) Use rigorous, transparent, and equitable evaluation systems for teachers and principals that--
 - (1) Take into account data on student growth as a significant factor as well as other factors such as multiple observation-based assessments of performance and ongoing collections of professional practice reflective of student achievement and increased high school graduation rates; and
 - (2) Are designed and developed with teacher and principal involvement;
 - (C) Identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so;
 - (D) Provide staff ongoing, high-quality, job-embedded professional development (e.g., regarding subject-specific pedagogy, instruction that reflects a deeper understanding of the community served by the school, or differentiated instruction) that is aligned with the school's comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies; and
 - (E) Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in a transformation school.
 2. Comprehensive instructional reform strategies.
 - (A) Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards; and
 - (B) Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of

- individual students.
3. Increasing learning time and creating community-oriented schools.
 - (A) Establish schedules and strategies that provide increased learning time; and
 - (B) Provide ongoing mechanisms for family and community engagement.
 4. Providing operational flexibility and sustained support.
 - (A) Give the school sufficient operational flexibility (such as staffing, calendars/time, and budgeting) to implement fully a comprehensive approach to substantially improve student achievement outcomes and increase high school graduation rates; and
 - (B) Ensure that the school receives ongoing, intensive technical assistance and related support from the LEA, the SEA, or a designated external lead partner organization (such as a school turnaround organization or an EMO).
- 22) An LEA **may** also implement other strategies to develop teachers' and school leaders' effectiveness, such as--
- (A) Provide additional compensation to attract and retain staff with the skills necessary to meet the needs of the students in a transformation school;
 - (B) Institute a system for measuring changes in instructional practices resulting from professional development; or
 - (C) Ensure that the school is not required to accept a teacher without the mutual consent of the teacher and principal, regardless of the teacher's seniority.
- 23) An LEA **may** also implement comprehensive instructional reform strategies, such as--
- (A) Conduct periodic reviews to ensure that the curriculum is being implemented with fidelity, is having the intended impact on student achievement, and is modified if ineffective;
 - (B) Implement a schoolwide "response-to-intervention" model;
 - (C) Provide additional supports and professional development to teachers and principals in order to implement effective strategies to support students with disabilities in the least restrictive environment and to ensure that limited English proficient students acquire language skills to master academic content;
 - (D) Use and integrate technology-based supports and interventions as part of the instructional program; and
 - (E) In secondary schools--
 - (1) Increase rigor by offering opportunities for students to enroll in advanced coursework (such as Advanced Placement; International Baccalaureate; or science, technology, engineering, and mathematics courses, especially those that incorporate rigorous and relevant project-, inquiry-, or design-based contextual learning opportunities), early-college high schools, dual enrollment programs, or thematic learning academies that prepare students for college and careers, including by providing appropriate supports designed to ensure that low-achieving students can take advantage of these programs and coursework;
 - (2) Improve student transition from middle to high school through summer transition programs or freshman academies;
 - (3) Increase graduation rates through, for example, credit-recovery programs, re-engagement strategies, smaller learning communities, competency-based instruction and performance-based assessments, and acceleration of basic reading and mathematics skills; or
 - (4) Establish early-warning systems to identify students who may be at risk of failing to achieve to high standards or graduate.
- 24) An LEA **may** also implement other strategies that extend learning time and create community-oriented schools, such as--

SCHEDULE #6F PROGRAM-SPECIFIC PROVISIONS & ASSURANCES	TEXAS EDUCATION AGENCY Standard Application System School Year 2010-2013	201/914 <hr/> County-District No.
Texas Title I Priority Schools Grant		

- (A) Partner with parents and parent organizations, faith- and community-based organizations, health clinics, other State or local agencies, and others to create safe school environments that meet students' social, emotional, and health needs;
 - (B) Extend or restructure the school day so as to add time for such strategies as advisory periods that build relationships between students, faculty, and other school staff;
 - (C) Implement approaches to improve school climate and discipline, such as implementing a system of positive behavioral supports or taking steps to eliminate bullying and student harassment; or
 - (D) Expand the school program to offer full-day kindergarten or pre-kindergarten.
- 25) The LEA **may** also implement other strategies for providing operational flexibility and intensive support, such as--
- (A) Allow the school to be run under a new governance arrangement, such as a turnaround division within the LEA or SEA; or
 - (B) Implement a per-pupil school-based budget formula that is weighted based on student needs.

Statutory Program Assurances

- 1) Applicant provides assurance that financial assistance provided under the grant program will supplement, and not supplant, the amount of state and local funds allocated to the campus.
- 2) Applicant provides assurance that it will use its School Improvement Grant to implement fully and effectively an intervention in each Tier I and Tier II school that the LEA commits to serve consistent with the final federal requirements.
- 3) Applicant provides assurance that it will establish annual goals for student achievement on the State's assessments in both reading/language arts and mathematics and measure progress on the leading indicators in section III of the final federal requirements in order to monitor each Tier I and Tier II school that it serves with school improvement funds, and establish goals (approved by the TEA) to hold accountable its Tier III schools that receive school improvement funds.
- 4) Applicant provides assurance that it will, if it implements a restart model in a Tier I or Tier II school, include in its contract or agreement terms and provisions to hold the charter operator, charter management organization, or education management organization accountable for complying with the final federal requirements.
- 5) Applicant provides assurance that it will report to the TEA the school-level data required under section III of the final federal requirements.
- 6) Applicant provides assurance that it will participate in any evaluation of the grant conducted by the U.S. Department of Education, including its contractors, or the Texas Education Agency, including its contractors.

TEA Program Assurances

1. Before full implementation funds are made available, the grantee must demonstrate that all early implementation activities have been completed. Successful completion of the early implementation will be measured in the **Quarterly Implementation Reports**, the **Model Selection and Description Report**, and through participation in TEA technical assistance. Copies of the above named reports can be found on the TTIPS website at the following link: http://www.tea.state.tx.us/index4.aspx?id=7354&menu_id=798
 - a. The Model Selection and Description Report must be submitted to TEA no later than **February 1, 2011**. This report may be submitted at any time prior to the deadline. Grantees must demonstrate successful completion of the following activities:
 - i. Comprehensive Needs Assessment process.
 - ii. Establish the grant budget by the required categories.
 - iii. Identification and Selection of the intervention model.
 - iv. Development of activities to implement selected intervention model.
 - v. Development of Timeline of Grant Activities.
- 2) The applicant provides assurance that the LEA will designate an individual or office with primary responsibilities for supporting the LEA/campus' school improvement efforts. This individual/office will have primary responsibility and authority for ensuring the effective implementation of the grant option approved by TEA; serve as the district liaison to TEA and those providing technical assistance and/or contracted service to the LEA/campus as part of the approved grant.
- 3) The applicant provides assurance that a team from the grantee LEA/campus will attend and participate in grant orientation meetings, technical assistance meetings, other periodic meetings of grantees, the Texas School Improvement Conference, and sharing of best practices.

SCHEDULE #6F PROGRAM-SPECIFIC PROVISIONS & ASSURANCES	TEXAS EDUCATION AGENCY Standard Application System School Year 2010-2013	<u>201/914</u> County-District No.
Texas Title I Priority Schools Grant		

- 4) For LEAs selecting the TEA Designed Model, the applicant must participate in and make use of technical assistance and coaching support provided by TEA, SIRC, and/or its subcontractors.
- 5) The applicant will establish or provide evidence of a system of formative assessment aligned to the Texas Essential Knowledge and Skills which provides robust, targeted data to evaluate the effectiveness of the LEA's curriculum and its alignment with instruction occurring on the campus; assesses progress on student groups' academic achievement at the campus level; and guide instructional decisions by teachers for individual students.
- 6) The applicant will participate in a formative assessment of the LEA's capacity and commitment to carry out the grant intervention models.
- 7) The applicant will provide access for onsite visits to the LEA and campus by TEA, SIRC and its contractors.
- 8) The applicant, if selecting the Restart Model, agrees to contract only with CMO or EMO providers on the State's approved list of CMO and EMO providers.
- 9) The applicant, if selecting the Turnaround Model or Transformation Model (Tiers I and Tiers II only) agrees to the participation of the campus principal or principal candidates in a formative assessment of their turnaround leadership capacity.
- 10) If the LEA/Tier III campus selects to implement the **transformation model**, the campus assures that it will implement the following federal requirements.

Develop and increase teacher and school leader effectiveness.

 - A. Evaluate the effectiveness of the current principal and use the results of the evaluation to determine whether the principal should be replaced, be retained on the campus, or be provided leadership coaching or training.
 - B. Identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so;
 - C. Provide staff ongoing, high-quality, job-embedded professional development (e.g., regarding subject-specific pedagogy, instruction that reflects a deeper understanding of the community served by the school, or differentiated instruction) that is aligned with the school's comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies; and
 - D. Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in a transformation school based on rigorous, transparent, and equitable evaluation systems for teachers and principals:
 1. Takes into account data on student growth as a factor as well as other factors such as multiple observation-based assessments of student performance and ongoing collections of professional practice reflective of student achievement and increased high school graduation rates; and
 2. Are designed and developed with teacher and principal involvement
2. Comprehensive instructional reform strategies.
 - A. Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards; and
 - B. Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students.
3. Increasing learning time and creating community-oriented schools.
 - A. Establish schedules and strategies that provide increased learning time; and
 - B. Provide ongoing mechanisms for family and community engagement.
4. Providing operational flexibility and sustained support.
 - A. Give the school sufficient operational flexibility (such as staffing, calendars/time, and budgeting) to implement fully a comprehensive approach to substantially improve student achievement outcomes and increase high school graduation rates; and
 - B. Ensure that the school receives ongoing, intensive technical assistance and related support from the LEA, the SEA, or a designated external lead partner organization (such as a school turnaround organization or an EMO).
- 11) An LEA may also implement other strategies to develop teachers' and school leaders' effectiveness, such as--
 - A. Provide additional compensation to attract and retain staff with the skills necessary to meet the needs of the students in a transformation school;
 - B. Institute a system for measuring changes in instructional practices resulting from professional development; or
 - C. Ensure that the school is not required to accept a teacher without the mutual consent of the teacher and principal, regardless of the teacher's seniority.

- 12) An LEA **may** also implement comprehensive instructional reform strategies, such as--
- Conduct periodic reviews to ensure that the curriculum is being implemented with fidelity, is having the intended impact on student achievement, and is modified if ineffective;
 - Implement a school wide "response-to-intervention" model;
 - Provide additional supports and professional development to teachers and principals in order to implement effective strategies to support students with disabilities in the least restrictive environment and to ensure that limited English proficient students acquire language skills to master academic content;
 - Use and integrate technology-based supports and interventions as part of the instructional program; and
 - In secondary schools--
 - Increase rigor by offering opportunities for students to enroll in advanced coursework (such as advanced Placement; International Baccalaureate; or science, technology, engineering, and mathematics courses, especially those that incorporate rigorous and relevant project-, inquiry-, or design-based contextual learning opportunities), early-college high schools, dual enrollment programs, or thematic learning academies that prepare students for college and careers, including by providing appropriate supports designed to ensure that low-achieving students can take advantage of these programs and coursework;
 - Improve student transition from middle to high school through summer transition programs or freshman academies;
 - Increase graduation rates through, for example, credit-recovery programs, re-engagement strategies, smaller learning communities, competency-based instruction and performance-based assessments, and acceleration of basic reading and mathematics skills; or
 - Establish early-warning systems to identify students who may be at risk of failing to achieve to high standards or graduate.
- 13) An LEA **may** also implement other strategies that extend learning time and create community-oriented schools, such as--
- Partner with parents and parent organizations, faith- and community-based organizations, health clinics, other State or local agencies, and others to create safe school environments that meet students' social, emotional, and health needs;
 - Extend or restructure the school day so as to add time for such strategies as advisory periods that build relationships between students, faculty, and other school staff;
 - Implement approaches to improve school climate and discipline, such as implementing a system of positive behavioral supports or taking steps to eliminate bullying and student harassment; or
 - Expand the school program to offer full-day kindergarten or pre-kindergarten.
- 14) The LEA **may** also implement other strategies for providing operational flexibility and intensive support, such as--
- Allow the school to be run under a new governance arrangement, such as a turnaround division within the LEA or SEA; or
 - Implement a per-pupil school-based budget formula that is weighted based on student needs.
- 15) The LEA/campus assures TEA that data to meet the following federal requirements will be available and reported as requested.
- Number of minutes within the school year.
 - Average scale scores on State assessments in reading/language arts and in mathematics, by grade, for the "all students" group, for each achievement quartile, and for each subgroup.
 - Number and percentage of students completing advanced coursework (e.g., AP/IB), early-college high schools, or dual enrollment classes. (High Schools Only)
 - College enrollment rates. (High Schools Only)
 - Teacher Attendance Rate
 - Student Completion Rate
 - Student Drop-Out Rate
 - Locally developed competencies created to identify teacher strengths/weaknesses
 - Types of support offered to teachers
 - Types of on-going, job-embedded professional development for teachers
 - Types of on-going, job-embedded professional development for administrators
 - Strategies to increase parent/community involvement
 - Strategies which increase student learning time

SCHEDULE #6F PROGRAM-SPECIFIC PROVISIONS & ASSURANCES	TEXAS EDUCATION AGENCY Standard Application System School Year 2010-2013	<u>201/914</u> County-District No.
Texas Title I Priority Schools Grant		

By submitting the application for American Recovery and Reinvestment Act (ARRA) funds (P.L. 111-5), the applicant agrees to comply with the following provisions and assurances for all programs authorized in Division A of the ARRA, Title I School Improvement Grant (SIG). The applicant understands that failure to comply with one or more of these provisions and assurances may result in the Texas Education Agency (TEA) taking one or more enforcement actions authorized in Title 34 of the Code of Federal Regulations (CFR) §§ 74.62 and 80.43.

In addition to the standard terms of award, all funding provided under the Recovery Act will be subject to the provisions, assurances and conditions for American Recovery and Reinvestment Act of 2009 (ARRA or Recovery Act).

Terms defined:

RECIPIENT – The term "recipient" means a State and includes the Texas Education Agency (TEA). It also includes any entity that applies for and receives a grant directly from the federal government.

RECOVERY FUNDS –The term "recovery funds" means any funds that are made available from appropriations made under the Recovery Act.

RECOVERY ACT – the American Recovery and Reinvestment Act (ARRA) of 2009 (P.L. 111-5)

STIMULUS FUNDS – The term "stimulus funds" means any funds that are made available from appropriations under the Recovery Act; the term may be used interchangeably with "recovery funds."

GRANTEE – the subrecipient of TEA and applicant of funds.

A. One-Time Funding: Unless otherwise specified, ARRA funding is considered one-time funding that is expected to be temporary. Grantees should expend funds in ways that do not result in unsustainable continuing commitments after the funding expires. Grantees must move rapidly, while using prudent grant management practices, to develop plans for using funds, consistent with the ARRA's reporting and accountability requirements, and promptly begin spending funds to help drive the nation's economic recovery. All ARRA funds must be separately accounted for and tracked in their obligation, expenditure, and reporting.

B. Period of Availability and Encumbrances/Obligations: Unless otherwise specified in the Notice of Grant Award (NOGA), all funds are effective from the beginning date specified on the Notice of Grant Award (NOGA) through June 30, 2013. Carryover of funds will not be available beyond that date. Unobligated/unexpended funds will be returned to the Department of Treasury. The paragraph in the General Provisions pertaining to Encumbrances and Obligations applies as follows:

All encumbrances shall occur on or between the beginning and ending dates of the contract. All goods must be received and services rendered and subsequently liquidated (recorded as an expenditure or accounts payable) within the contract dates. In no manner shall encumbrances be considered or reflected as accounts payable or as expenditures. Obligations that are liquidated and recognized as expenditures must meet the allowable cost principles in OMB Circular A-87, A-21, or A-122 (as applicable) and program rules, regulations, and guidelines contained elsewhere. When an obligation is made is defined in 34 CFR 76.707.

C. Compliance with Other Provisions and Assurances: All provisions and assurances stated in the General Provisions, Certification Regarding Debarment and Suspension, Lobbying Certification and Disclosure of Lobbying, No Child Left Behind Act (NCLB) Special Provisions and Assurances, and all other program-specific provisions and assurances apply unless they conflict or are superseded by the following terms and conditions implementing the American Recovery and Reinvestment Act of 2009 (ARRA) requirements below. This includes compliance with Title VI of the Civil Rights Act of 1964; Section 504 of the Rehabilitation Act of 1973; Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975; and all other nondiscrimination provisions. It also includes Title VII of the Civil Rights Act of 1964 (prohibiting race, color, national origin, religion, and sex discrimination in employment; the Americans with Disabilities Act (prohibiting disability discrimination in employment and in services provided by entities receiving federal funds); as well as any other applicable civil rights laws. **By submitting this application, the applicant agrees to comply with all such provisions and assurances.**

D. Compliance with Other Program Statutes: The applicant agrees to comply with the authorizing program statutes, regulations, non-regulatory guidelines, and other guidance in the implementation of the programs receiving funding under ARRA. This includes compliance with comparability; supplement, not supplant; maintenance of effort (MOE); equitable participation for private nonprofit school students and teachers; and all other program-specific provisions and requirements. All such are hereby incorporated by reference.

E. DUNS Number: All entities receiving any federal funds, including ARRA funds, are required to have a DUNS (Dunn & Bradstreet) number. The DUNS number serves as the grantee organization's unique identifier for reporting federal funds received and expended. TEA must use this same DUNS number to report grant awards and expenditures for subrecipients under ARRA to the website specifically provided for in ARRA – <http://www.FederalReporting.gov/>. The assignment of a DUNS number is a condition of award of ARRA funds and must be validated by TEA prior to issuing a NOGA for ARRA funds. (Section 1512[c][4] of ARRA and the federal Office of Management and Budget (OMB) to comply with the Federal Funding Accountability and Transparency Act [FFATA], P.L. 109-282. OMB adopted the DUNS number as the "unique identifier" required for reporting under FFATA).

F. Central Contractor Registration (CCR): All grantees receiving ARRA funds, as well as any other federal funds, are required to register and maintain current registration with the Central Contractor Registration (CCR) database at <http://www.ccr.gov>. Registration in CCR is a condition of award of ARRA funds and must be validated by TEA prior to issuing a NOGA for ARRA funds.

G. ARRA Reporting Requirements: The federal Office of Management and Budget (OMB) has issued guidance related to reporting the use of ARRA funds to the various websites. The definition of terms and data elements, as well as any specific instructions for reporting, including required formats, are provided in separate guidance issued by the TEA.

The Texas Education Agency as a direct recipient of funds is required to report certain information at certain intervals throughout the grant period as required in Section 1512 of ARRA. In order to meet the reporting requirements, grantees will be required to provide certain information to TEA. By submitting this application, the grantee agrees to provide information in the form, time, and manner requested so that TEA can meet its reporting requirements and deadlines.

- 1. Separate Tracking and Monitoring of ARRA Funds:** ARRA funds must be separately tracked and monitored independently of any non-Recovery Act funding. Grantees must submit certain information to TEA in order for TEA to comply with quarterly reporting requirements established in Section 1512 of the Recovery Act. Recovery Act-related reporting requirements are incorporated as a special condition of this award.

Texas Title I Priority Schools Grant		

3. **Quarterly Reporting for ARRA:** Not later than 10 calendar days after the end of each calendar quarter, TEA and any other direct recipient of ARRA funds must report to the U.S. Department of Education with regard to recovery funds received in accordance with number 4 below (Section 1512[c]). (A "direct recipient" is a state agency or any entity that applies for and receives funds directly from a federal government agency.) TEA must obtain certain information from grantees in order to comply with this reporting requirement. By submitting this application, the grantee agrees to submit information to TEA in the time, form, and manner requested.

4. **Data Elements for Quarterly Reporting for ARRA:** In accordance with Section 1512(c) of ARRA and the Federal Funding Accountability and Transparency Act of 2006 (Public Law 109-282), TEA is required to provide quarterly reports to the U.S. Department of Education or through a central government-wide portal (<http://www.FederalReporting.gov>). The information adopted by OMB contains the following data elements: submitting this application, the grantee agrees to submit the information to TEA in the time, form, and manner requested. The information may change pending final adoption by OMB.

For each grant that equals or exceeds \$25,000 in total grant award amount:

- The grantee organization's DUNS number (TEA will need to collect this information from grantees)
- The grant award number (i.e., NOGA ID number) assigned by TEA (TEA will have this information on file)
- The legal name of the grantee organization (as registered in the Central Contractor Registration (CCR), if registered) (TEA will have this information on file provided it is the same legal name on file with TEA)
- The physical location (street address) (as listed in the CCR, if registered) (TEA will have this information on file provided it is the same street address on file with TEA)
- The (federal) Congressional district number
- The grantee organization type (i.e., independent school district, nonprofit organization, etc) (TEA will have this information on file)
- The total amount of the grant award (TEA will have this information on file)
- The total amount paid to the grantee as of date of report (TEA will have this information on file)
- The physical location (street address) of the primary place of performance of the grant (TEA will have this information on file provided it is the same address on file with TEA.)
- An evaluation (i.e., status report) of the completion status of the project or activity (for example, Not Started; Less than 50% Completed; Completed 50% or More; Fully Completed) (It is not clear at this time whether this information will need to be collected from the grantees. TEA will notify the grantee in the event status information needs to be collected.)
- An estimate of the number of jobs created and the number of jobs retained by the project or activity and a brief description of the types of those jobs (i.e., job titles) (TEA will need to collect this information from grantees.)
- The names and total compensation of the five most highly compensated officers of the grantee organization if the organization in its preceding year received 80% or more of its annual gross revenues in Federal awards and \$25,000,000 or more in annual gross revenues from Federal awards and the public does not have access to information about the compensation of senior executives. (It is not known at this time whether this data element will be required once the data elements are finalized by OMB. If it is required in the final data elements, TEA will need to collect this information from the grantees.)

For grants that equal less than \$25,000 in total grant award amount or for grantees that in the previous tax year had gross income under \$300,000, amounts will be reported in the aggregate according to the following:

- The total number of grants awarded less than \$25,000 (TEA will have this information on file)
- The total award (aggregate) amount for all grants less than \$25,000 (TEA will have this information on file)
- The total (aggregate) amount paid to grantees for all grants less than \$25,000 as of date of report (TEA will have this information on file)

5. **Posting the Information on Public Website:** Not later than 30 days after the end of each calendar quarter, each federal agency, including the U.S. Department of Education, shall make the information in those reports publicly available by posting the information on the designated public website (Section 1512[d]). Grantees will not be required to post information on the public website unless they apply for and receive other ARRA grants directly from a federal government agency.

Once OMB adopts the final data reporting elements and TEA receives specific instructions for reporting, TEA will provide subsequent guidance to grantees related to required reporting information.

H. Electronic Drawdown of ARRA Funds from TEA and Use of FAR Fund Codes: Recipients will draw down ARRA funds on an award-specific basis. **Pooling of ARRA award funds with other funds for drawdown or other purposes is not permitted.** Recipients must account for each ARRA award separately by referencing the assigned FAR (Financial Accounting and Resource) fund code for each award.

I. Availability of Records: The applicant agrees to make all financial and programmatic records available in detail for inspection by TEA auditors, local independent auditors, and the offices described below.

1. **Examination of Records:** The Comptroller General of the United States and any of its employees, contractors, agents, representatives, or designees, may examine any records related to obligations and use by any state or local government of funds made available under ARRA. (Section 901[b]).
2. **Access of Government Accountability Office (GAO):** Each contract and each subcontract awarded using funds made available under ARRA shall provide that the Comptroller General of the United States and his representatives are authorized to examine any records of the contractor or any of its subcontractors, or any State or local agency administering such contract, that directly pertain to, and involve transactions relating to, the contract or subcontract and to interview any officer or employee of the contractor or any of its subcontractors, or of any State or local government agency administering the contract, regarding such transactions (Section 902).
3. **Reviews by Inspector General:** The inspector general of the U.S. Department of Education shall review, as appropriate, any concerns raised by the public about specific investments using funds made available in this Act. Any findings of such reviews shall be relayed immediately to the Secretary of Education. In addition, the findings of such reviews, along with any audits conducted by any inspector general of ARRA funds, shall be posted on the inspector general's website and linked to the recovery.gov website, except that portions of reports may be redacted to the extent the portions would disclose information that is protected from public disclosure under sections 552 and 552a of Title 5, United States Code (Section 1514).
4. **Access of Offices of Inspector General to Certain Records and Employees:** With respect to each contract or grant awarded using ARRA funds, any representative of an Inspector General of the U.S. Department of Education or other appropriate federal agency is authorized to examine any records of the contractor or grantee, any of its subcontractors or subgrantees, or any State or local agency administering such contract, that pertain to, and involve transactions relating to, the contract, subcontract, grant, or subgrant, and to interview any officer or employee of the contractor, grantee, subgrantee, or agency regarding such transactions (Section 1515).
5. **Recovery Accountability and Transparency Board:** Section 1521 of the ARRA establishes the Recovery Accountability and Transparency Board to coordinate and conduct oversight of ARRA funds to prevent fraud, waste, and abuse. The Board shall submit "flash reports" on potential management and funding problems that require immediate attention; quarterly reports; and annual reports to the President and Congress, including the Committees on Appropriations of the Senate and House of Representatives, summarizing the findings on the use of ARRA funds. The Board may conduct its own independent audits and reviews of ARRA funds. All reports shall be made publicly available on the www.recovery.gov website established by the Board. See paragraphs J and K below with regard to reports of suspected fraud or abuse (Sections 1523 and 1524).

6. **Recovery Independent Advisory Panel:** Section 1541 of the ARRA establishes the Recovery Independent Advisory Panel to make recommendations to the Recovery Accountability and Transparency Board on action the Board could take to prevent fraud, waste, and abuse relating to ARRA funds.

J. Disclosure of Fraud or Misconduct: Each grantee awarded funds made available under the ARRA shall promptly refer to the USDE Office of Inspector General any credible evidence that a principal, employee, agent, contractor, subrecipient, subcontractor, or other person has submitted a false claim under the False Claims Act or has committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving those funds.

K. Protection for Whistleblowers: Section 1553 of the ARRA provides protection for State and local government and contractor whistleblowers. Any employee of any employer receiving ARRA funds may not be discharged, demoted, or otherwise discriminated against as a reprisal for disclosing, including a disclosure made in the ordinary course of an employee's duties, to the Recovery Accountability and Transparency Board, an Inspector general, the U. S. Comptroller General, a member of Congress, a State or federal regulatory or law enforcement agency, a person with supervisory authority over the employee (or such other person working for the employer who has the authority to investigate, discover, or terminate misconduct), a court or grand jury, the head of a federal agency, or their representatives, information that the employee reasonably believes is evidence of (1) gross mismanagement of an agency contract or grant relating to ARRA funds; (2) a gross waste of ARRA funds; (3) a substantial and specific danger to public health or safety related to the implementation or use of ARRA funds; (4) an abuse of authority related to the implementation or use of ARRA funds; or (5) a violation of law, rule, or regulation related to an agency contract (including the competition for or negotiation of a contract), or grant, awarded or issued relating to ARRA funds. A person who believes that he or she has been subjected to a reprisal may submit a complaint regarding the reprisal to the inspector general for the appropriate federal agency (in most cases, the U.S. Department of Education).

L. Use of Funds: The grantee agrees to comply with the applicable federal cost principles in the obligation and expenditure of ARRA funds as identified in the General Provisions and Assurances as well as other limitations or restrictions and expenditures identified therein. The grantee also agrees to the following:

1. **Consolidation of ARRA Administrative Funds:** Due to the significant reporting requirements under ARRA, **it is not known at this time whether grantees may consolidate ARRA administrative funds with other NCLB consolidated administrative funds.** TEA will issue further guidance with regard to this provision once guidance is provided by the U.S. Department of Education. If ARRA funds are permitted to be consolidated with other NCLB consolidated administrative funds, grantees must still be able to report the types and number of jobs that were created or saved with ARRA funds.
2. **Combining ARRA funds on a Schoolwide Program.** ARRA funds are permitted to be used on a Title I Part A schoolwide Campus/Program, funds may be combined with other funding sources, but grantees still must be able to identify precisely the items of obligation and expenditure for ARRA reporting. You must also be able to report the types and number of jobs that were created or saved with ARRA funds.
3. **Special Contracting Provisions:** To the maximum extent possible, contracts funded under the ARRA shall be awarded as fixed-price contracts through the use of competitive procedures. A summary of any new contract awarded with ARRA funds that is not fixed-price and not awarded using competitive procedures shall be posted in a special section of the www.recovery.gov website established by the Recovery Accountability and Transparency Board (Section 1554).

4. **Use of Funds for Certain Expenditures Prohibited:** ARRA funds shall not be used for any casino or other gambling establishment, aquarium, zoo, golf course, or swimming pool (Section 1604).
5. **Use of Funds for Construction Prohibited:** Unless specifically authorized in the applicable program statute, regulations, guidelines, Request for Application (RFA), TEA Standard Application System (SAS), the approved grant application, or other written authorization, none of the ARRA additional formula funds shall be used for construction, remodeling, or renovation.
6. **Buy American - Use of American Iron, Steel, and Manufactured Goods:** If construction is allowed and approved pursuant to the previous paragraph pertaining to "Use of Funds for Construction Prohibited", none of the funds may be used for the construction, alteration, maintenance, or repair of a public building or public work unless all of the iron, steel, and manufactured goods used in the project are produced in the United States unless waived by the Secretary of Education (Section 1605).
7. **Wage Rate Requirements for Contracted Laborers and Mechanics- Compliance with the Davis-Bacon Act:** Subject to further clarification issued by the Office of Management and Budget, and notwithstanding any other provision of law and in a manner consistent with other provisions of ARRA, all laborers and mechanics employed by contractors and subcontractors on projects funded directly by or assisted in whole or in part by and through the Federal Government pursuant to this award shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor in accordance with subchapter IV of chapter 31 of title 40, United States Code. With respect to the labor standards specified in this section, the Secretary of Labor shall have the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (64 Stat. 1267; 5 U.S.C. App.) and section 3145 of title 40, United States Code (Section 1606).

M. Compliance with OMB Circular A-133 Audits and Schedule of Expenditures of Federal Awards:

Grantees agree to separately identify the expenditures for each grant award funded under ARRA as required by Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations" and to comply with all other provisions of the Single Audit Act and OMB Circular A-133.

The signing of Schedule #1 - General Information by applicant indicates acceptance of and compliance with all requirements described on this schedule
