Texas Title I Priority Schools Grant		
Schedule #4—Program Summary and Application Requirements		
Part 1: Grant Program Information;		
Summary of Program: Purpose and Goals		
School Improvement Grants, authorized under section 1003(g) of Title I of the Elementary and Secondary Education Act of 1965 (Title I or ESEA) as amended by ARRA, are grants, through the Texas Education Agency, to local educational agencies (LEAs) for use in Title I schools identified for improvement, corrective action, or restructuring and other eligible campuses that demonstrate the greatest need for the funds and the strongest commitment to use the funds to provide adequate resources in order to raise substantially the achievement of their students so as to enable the schools to make adequate yearly progress and exit improvement status. Under the final requirements, as amended through the interim final requirements published in the Federal Register in January 2010 school improvement funds are to be focused on each State's "Tier I" and "Tier II" schools. Tier I schools are a State's persistently lowest-achieving Title I schools in improvement, corrective action, or restructuring and certain Title I eligible elementary schools that are as low achieving as the State's other Tier I schools. Tier II schools are a State's persistently-lowest achieving secondary schools that are eligible for, but do not receive, Title I, Part A funds and certain additional Title I eligible secondary schools that are as low achieving as the State's other Tier II schools or that have had a graduation rate below 60 percent over a number of years. An LEA may also use school improvement funds in Title I schools in improvement, corrective action, or restructuring that are not identified as persistently lowest-achieving schools and certain additional Title I eligible schools ("Tier III schools"). In the Tier I and Tier II schools an LEA chooses to serve, the LEA must implement one of four school intervention models: turnaround model, restart model, school closure, or transformation model.		
Allowable Activities		
Tier I and Tier II Grantees ■ Grantees must expend grant funds for the required activities delineated for the selected intervention model as defined in the final federal regulations. ■ Grantees may expend grant funds for the permissible activities delineated for the selected intervention model as defined in the final federal regulations. ■ Grantees may expend grant funds for other school improvement activities deemed needed to address identified needs not addressed by the intervention model selected. Tier III Grantees ■ Tier III grantees may select one of the four intervention models in the federal regulations or the state's Tier III Transformation Model. ■ If selecting one of the four models in the federal regulations, grantees must expend grant funds for the required activities delineated for the selected intervention model as defined in the final federal regulations. Grantees may expend grant funds for the permissible activities delineated for the selected intervention model as defined in the final federal regulations. ■ Grantees may expend grant funds for other school improvement activities deemed needed to address identified needs not addressed by the intervention model selected. In addition, a Tier I, Tier II, Tier III grantee campus that has implemented, in whole or in part, either the Turnaround, Restart, or Transformation models within the last two years may continue or complete the implementation of the intervention model with the TTIPS grant funds. For example, if a grantee campus has replaced its principal within the last two years, the LEA/campus will not be required to hire another new principal. An LEA/campus that receives TTIPS SIG funds in accordance with this flexibility must fully implement the selected model as required by the final federal requirements. In other words, if the school had been implementing the model only in part, it must use the funds it receives to expand its implementation so that it fully complies with the federal regulatory requirements. The detailed required and permissible activities for each intervention model, as defined in the final federal regulations are listed on Schedule #4—Program Requirements and are incorporated by reference herein.

<u>Rationale for Program Design:</u> Zapata County ISD has identified Zapata Middle School as needing restructuring since the onset of the first time Zapata High School did not meet AYP in Reading in 2005. In addition, based on the AEIS a four year longitudinal study indicates that the LEP and the Special Education students are persistently low performing. In addition, the Economically Disadvantaged student group is also students needing to be addressed due to an educational gap. Therefore, Zapata Middle School has identified the following goals: 1.) Improve academic performance for LEP, Special Ed., and economically disadvantaged student groups; 2.) Increase participation in PreAP; 3.) meet AYP; 4.) campus <i>Recognized</i> status; 5.) meet AMAO's 1 & 2; 6.) meet all PBMAS indicators in Bilingual/ESL and Special Education. <u>Program Design:</u> Therefore, Zapata County ISD has partnered with the School Improvement Resource Center (SIRC) which endorses activities and strategies consistent with Turning Points 2000, First Things First and the <i>TEA Transformational Model</i>. The <i>TP2000/FTF Model</i> has Seven Critical Features: 1.) equip, empower, and expect staff to implement effective instructional practices; 2.) increase instructional learning time; 3.) flexibility of time, money, people and space; 4.) lower student-adult ratios in ELA & Math; 5.) ensure collective responsibility (principal and all staff); 6.) set high, clean, and fair standards. The <i>TEA Transformational Model</i> calls for Seven Critical Success Factors: 1.) improve academic performance; 2.) improve teacher quality; 3.) improve school climate; 4.) increase leadership effectiveness; 5.) increase the use of quality data to drive instruction; 6.) increase parent/community involvement; 7.) increase learning time. The following are components already in place due to our involvement with SIRC: 1.) Academic Teaming; 2.) Advocacy; 3.) Semi-Block Schedule; 4.) Double dosing; 5.) Best Practices Job Embedded Staff Development; 6.) Teacher Observation Protocols and 7.) Technical Assistance Provider (TAP). <u>Barriers:</u> In addition, Zapata County ISD has support Zapata Middle School with 12 additional teachers and 2 planning periods per teacher. However, recently the Zapata County Appraisal District sent Zapata County ISD a letter indicating that the Appraisal District has estimated that for the 2010-2011 school year, our property tax will decrease in value by 42% due to the loss of mineral valuation; thus presenting the district with budgetary obstacles that will impede the complete support of the restructuring efforts.

Part 1: Comprehensive Needs Assessment Cont.		
Section C: Process Responses are limited to the space provided, front side only, with a font size no smaller than 9 point (Arial or Verdana).		
Describe, in detail, the process the LEA and campus followed/will follow to identify the needs of the campus.		
Zapata Middle School has been trained on the Comprehensive Needs Assessment (CNA) tool. All campus administrators, lead teachers, and Campus Site-Based Decision Making (SBDM) team members have conducted a thorough needs assessment consisting of eight components (demographics; student achievement; curriculum, instruction and assessment; staff quality, recruitment and retention; school organization; family and community involvement; school climate and culture; and technology). Each component was given to a team and each team followed and answered the probing questions while reviewing the data corresponding to the CNA component. Several meetings were needed to ensure that extensive dialogue took place. The teams presented the findings to the SBDM for input and approval. The reports consisted of identifying data sources to address strengths and weaknesses in each area. This information was utilized to identify the state of the campus, the effects of current practices on student performance, and the areas of persistent need.

Part 2: Project Management		
Section A: LEA (District) Capacity Responses are limited to one page each , front side only, with a font size no smaller than 9 point (Arial or Verdana).		
Capacity -- Describe the LEA's capacity to use grant funds to provide adequate resources and related services/support to the campus to implement, fully and effectively, the required activities of the school intervention model.		
Zapata County ISD is committed to the full implementation of the transformational model as previously described. Presently, ZCISD/ZMS is receiving staff development from Region 1. However, although Region 1 has provided staff development and technical support, ZCISD has added additional staff in order to enable ZMS to become organized. The semi-block has been an expense for ZCISD because it requires two planning periods per teacher at a cost of \$8,750 per teacher for a yearly cost of \$367,500 for a total of \$1,837,500 for five years thus far. ZCISD will continue to endorse the activities and strategies in Turning Points 2000 by continuing with one additional planning period per teacher and adding a TEKS-TAKS mentor, 2 teacher interventionists, a counselor, 2 parental involvement liaisons, and an attendance officer by utilizing TTIPS funds and other state, federal, and local funds to assist in this endeavor. The CNA tool has also identified staff development needs in: Sheltered Instruction, differentiation, RtI, and campus leadership, for example. ZCISD has assigned all content area coordinators, the CIO, Special Education Director, CTE Director, and State Compensatory Education Director, to lend technical support as needed. The Compensatory Education Director will ensure that funds are allocated where needed in order to supplement any activity, staff, or resource needed to fully continue to implement the TTIPS grant.

Section A: LEA (District) Capacity Responses are limited to one page each , front side only, with a font size no smaller than 9 point (Arial or Verdana).		
Partnership/Involvement of Others – Describe how the LEA/campus consulted with relevant stakeholders (students, staff, parents, community) regarding this application and proposed implementation of a school intervention model.		
As previously mentioned, ZCISD identified ZMS as needing restructuring five years ago. At the time, ZCISD/ZMS administration held a series of community parents and student meetings to describe the rationale for needing to restructure. Since then, according to the NCLB Comprehensive Needs Assessment (CNA) and on student, staff, parent and community surveys, the restructuring (transformational) model selected is the present school intervention model (First Things First and Turning Points 2000) which is consistent with the TEA transformational model. The NCLB Comprehensive Needs Assessment (CNA) report indicates that there is high buy-in by administrators, teachers, students, parents, and community stakeholders. The NCLB CNA also indicates that the activities and strategies implemented by ZMS are a strength to the campus and have been recommended and embraced by all stakeholders. Therefore, ZCISD will continue to support ZMS's transformational model choice.

Part 2: Project Management Cont.		
Section A: LEA (District) Capacity Responses are limited to one page each, front side only, with a font size no smaller than 9 point (Arial or Verdana).		
Management of Grant Activities – Describe how the LEA and campus will modify its practices and/or policies, as necessary, to ensure its implementation of the intervention(s) fully and effectively.		
The implementation of the transformational model, First Things First/Turning Points 2000 has already guided Zapata Middle School to restructure and will continue with existing efforts especially since it is aligned to the TEA Transformational Model. However, the administration and SBDM have identified the following practices, to sustain organizational modifications and needs in order to support restructuring efforts:		
1.) <u>Schedule</u>: Schedule will show an additional 45-60 minutes of embedded tutorials (extending the school day by 30 mins.) and double dose students in ELA and Math as well as provide summer school for a total of an additional 300 hours of learning time. 2.) <u>Financial Incentives</u>: Pay for teachers to pursue M.S. degree. \$5,000 stipends for Math, Science, ESL, and Special Ed. teachers. \$25/per hour extra-duty pay for extended day/Saturday tutorials/summer school. 3.) <u>CSCOPE Curriculum</u>: Ensure that CSCOPE is implemented, modified, and impactful by conducting periodic reviews every 6 weeks. Ensure that the Career and College Readiness Standards (CCRS) are being taught. 4.) <u>Integrate Technology</u>: Ensure that CSCOPE technology links and activities are used. 5.) <u>DMAC</u>: Change from AEIS-IT data disaggregation program to DMAC for more teacher-friendly reports. 6.) <u>RtI</u>: Implement a school-wide RtI model. Ensure that Compass Learning, Read-180, and Renaissance Learning reports are used for progress monitoring of RtI students. 7.) <u>Differentiated Instruction</u>: Support ELL's, Special Education, and Tier II, III students by ensuring that Sheltered Instruction, English Language Proficiency Standards (ELPS), and Differentiated Instruction staff development are implemented through the use of tiering (3 Tier Model). Campus administrators, TEKS-TAKS mentor and central office staff will lend technical support to teachers and will monitor through walk-throughs, progress monitoring reports, six weeks grades, and benchmarks. 8.) <u>Family and Community Engagement</u>: Provide 2 parental involvement liaisons to ensure that parent workshops, PTO's, and SBDM meetings are well attended. Provide 1 attendance officer to ensure school-family contact. 9.) <u>Creative Budgeting</u>: Ensure that the campus leadership is supported by the CFO, CIO, CPO, and Compensatory Education Director through creative budgeting and collaboration. (Administration has requested the following additional staff: 1 attendance officer assigned to the campus and 2 parental liaisons.) 10.) <u>Technical Support</u>: All central office personnel (CIO, CPO, CFO, Content Coordinators, Special Populations Director), and SIRC technical assistance will be scheduled for support. 11.) <u>Walk-throughs</u>: A systematic approach to measure the implementation of staff development will be executed by campus and district administrators. Campus and central office staff will organize to coach teachers who need additional support and will document ineffective teachers for possible nonrenewal. 12.) <u>Pre-AP Participation</u>: Coordinate efforts with counselors and campus administration to increase the number of students enrolled in rigorous coursework. 13.) <u>Summer Transition Program</u>: Ensure that all at-risk students (LEP, Special Education, Recent Immigrants, Tier II, Tier III) attend a summer transition program.

Resource Management – Describe how the LEA/campus will align other resources (federal, state, local, and community) with the school improvement intervention.		
While Zapata Middle School has creatively involved all stakeholders in its restructuring effort (transformational model-Turning Points 2000 and First Things First). ZCISD will ensure that a per-pupil school-based budget formula be adopted and will creatively combine local, state, federal discretionary, and TTIPS funds. In addition, ZCISD enlists the assistance of STCADA, MHMR, and SCAN to address special counseling and awareness. Furthermore, through the School Health Advisory Council (SHAC), ZMS participates in all health-related awareness and services offered in the community such as: blood drives, free dental services, blood screenings, diabetes awareness sessions, physical fitness exams as required by the state, and other community based services like Gateway Clinic offerings and Lonestar Health clinics. Additional college readiness support and technical assistance is provided from nearby colleges and universities such as Laredo Community College (LCC) and Texas A&M International University (TAMIU). Communities in Schools is also an important entity assisting in College Readiness guidance. Furthermore, ZCISD will continue to enlist the expertise of Region One ESC, DANA Center, SIRC, and other higher education institutions.

LEA Support – Describe how the LEA will structure and implement an individual or office with responsibility for supporting the campus' school improvement efforts.		
ZCISD is organized to support Zapata Middle School. Besides the additional staff support provided to the campus, central office staff ensures that their needs are met. For example, a central office liaison, content coordinators, CIO, (Bilingual/ESL Director), Compensatory Education Director, Special Education Director, and CTE Director are invited and attend academic team meetings, department meetings, SBDM meetings, PTO's and parent workshops. By doing so, each central office individual visits and assists in the corresponding area. This way, needs and technical assistance are identified and made available. In order to support ZMS's school improvement efforts, a central office liaison and the Federal Program (Compensatory Education) Director will be directly assigned to assist in this endeavor. Likewise, all other central office personnel will continue to assist in their area of expertise.

ZCISD elicits the expertise of professionals who are deemed experts in their fields by being affiliated with research-based institutions such as SIRC, Region One ESC, Laredo Community College (LCC), Texas A&M International University (TAMU), Pan American University (PANAM) and DANA Center. Recruitment of external providers will depend on the needs identified in the Zapata Middle School CNA. Input from the stakeholders will be solicited. Previous experiences with each of the aforementioned institutions indicate that the campus SBDM will have a variety of excellent choices. Past partnerships with external providers include: <u>SIRC</u>- Zapata Middle School will continue to solicit the assistance of the Technical Assistance Provider (TAP) with School Improvement Resource Center (SIRC) expertise. The TAP scheduled visits with the principal will ensure continued support from SIRC. <u>Region One ESC</u>- Zapata Middle School has formed a partnership with Region One by contracting for the use of the CSCOPE curriculum. Site Visits – If the intervention program includes site visits to other campuses successfully implementing the intervention model, describe the process for selecting the locations and the expected outcomes of the site visit.		
Zapata Middle School does not plan to visit other locations but will continue to network with middle schools who follow a transformational plan. Extensive support has been rendered to the school through the School Improvement Resource Center (SIRC). The assigned SIRC Technical Assistant Provider (TAP) has assisted Zapata Middle School to embark in creating vision, mission, and core belief statements which are embedded in the school culture. SIRC has been instrumental in providing the technical assistance to establish the Academic Teams, teacher training protocols, and extensive staff development in data disaggregation. Region One ESC has assisted in staff development in CSCOPE, TEKS, ELPS, sheltered instruction, differentiating instruction, and data disaggregation. Therefore, Zapata Middle School has established a restructuring pathway already, incorporating strategies and activities from Turning Points 2000, and will continue to network with middle schools that have shown improvement in student achievement.

Zapata Middle School has identified FTF/Turning Points 2000 as the transformational model which is consistent with the <i>TEA Transformational Model</i>. The district and campus identified the model and had the campus SBDM approve it. After that, the District and Campus Administration/SBDM Committee Members conducted a series meetings to explain the rationale and the need to restructure to various stakeholders. When sufficient awareness and support was garnered, Zapata County ISD School Board approved the initiative. Zapata Middle School has been participating in the FTF/Turning Points 2000 model (aligned with the TEA Transformational Model) for the last five years and will participate next year. The intent is to lend complete fidelity to the already established components and initiatives that are already aligned to the identified needs of the campus. * Timeline on next two pages

Texas Title I Priority Schools Grant
Schedule #4B—Program Description

Part 4: Waiver Requests

Applicants must check the waivers in which the LEA/campus intends to implement.

- ☒ Extending the period of availability of school improvement funds.
This waiver extends the "life" of the funds for two additional years; allowing the state to fund the grant period for three years to the LEA on behalf of the eligible campus, as long as the campus meets the requirements of implementation of the grant program.

Note: Since TEA has requested and received a waiver of the period of availability of these school improvement grant funds, this waiver automatically applies to all LEAs in the State and *must* be checked.

- ☐ "Starting over" in the school improvement timeline for Tier I and Tier II Title I participating schools implementing a turnaround or restart model.
Under this waiver, the LEA with an eligible Tier I or Tier II campus implementing the turnaround model or restart model may have their School Improvement status reset regardless of the actual AYP status and other school improvement interventions, such as School Choice and Supplemental Education Services (SES) would not be applicable. This waiver allows the campus two years to effectively implement the selected turnaround or restart model of reform without additional statutory school improvement interventions being required.
- ☐ Implementing a school wide program in a Tier I or Tier II Title I participating school that does not meet the 40 percent poverty eligibility threshold. *This waiver allows a Tier I Title I campus that otherwise does not qualify to operate a Schoolwide program to do so in order to implement the Tier I reform model selected.*

If Contractor fails to make timely payment, Agency may obtain such money from Contractor by any means permitted by law, including but not limited to offset, counterclaim, cancellation, termination, suspension, total withholding, and/or disapproval of all or any subsequent applications for said funds.
- O. Records Retention:** Contractor shall maintain its records and accounts in a manner which shall assure a full accounting for all funds received and expended by Contractor in connection with the contract project. These records and accounts shall be retained by Contractor and made available for programmatic or financial audit by Agency and by others authorized by law or regulation to make such an audit for a period of not less than five years from the date of completion of the contract project or the date of the receipt by Agency of Contractor's final claim for payment or final expenditure report in connection with this contract, whichever is later. If an audit has been announced, the records shall be retained until such audit has been completed.
- Contractor understands that acceptance of funds under this contract acts as acceptance of the authority of the State Auditor's office, or any successor agency, to conduct an audit or investigation in connection with those funds. Contractor further agrees to cooperate fully with the State Auditor's Office or its successor in the conduct of the audit or investigation, including providing all records requested. Contractor will ensure that this clause concerning the authority to audit funds received indirectly by subcontractors through Contractor and the requirements to cooperate is included in any subcontract it awards.

If the Works are, under applicable law, not considered works made for hire, Contractor hereby assigns to TEA all worldwide ownership of all rights, including the Intellectual Property Rights, in the Works, without the necessity of any further consideration, and TEA can obtain and hold in its own name all such rights to the Works. Contractor agrees to maintain written agreements with all officers, directors, employees, agents, representatives and subcontractors engaged by Contractor for the Contract Project, granting Contractor rights sufficient to support the performance and grant of rights to TEA by Contractor. Copies of such agreements shall be provided to TEA promptly upon request.

Out-of-state travel may not exceed the federal government rate for the locale. Travel allowances are not allowable costs.

- A **nonprofit organization or university/college** grantee shall provide written notification to TEA that an audit was conducted in accordance with OMB Circular A-133 when the schedule of findings and questioned costs disclosed no audit findings related to any federal awards provided by TEA or when the summary schedule of prior audit findings did not report on the status of any prior audit findings related to any federal awards provided by TEA. Nonprofit organizations (other than charter schools) and universities/colleges shall submit the audit report to the TEA Division of Discretionary Grants. Audit reports must be submitted to TEA within 30 days of receipt of the report from the auditor. Grantees should expend funds in ways that do not result in unsustainable continuing commitments after the funding expires. Grantees must move rapidly, while using prudent grant management practices, to develop plans for using funds, consistent with the ARRA’s reporting and accountability requirements, and promptly begin spending funds to help drive the nation’s economic recovery. All ARRA funds must be separately accounted for and tracked in their obligation, expenditure, and reporting.
