## Changes to TREX Version 4.5

### Section 1 – Overview

### Section 2 - Data Elements

#### New Data Elements

None

#### Changes to existing Data Elements

Page 2.65 changed the STAAR-PERFORMANCE-LEVEL data element type from numeric to alphanumeric to accommodate the additional code values listed below.  The XSD has PERFORMANCELEVELTYPE defined as token, so there is no impact to the XSD.

### Section 3: Code Tables

#### Changes to existing code tables

Page 3.61 add new codes 7, 8, 9 and A to the STAAR PERFORMANCE LEVEL code table TC31.

| Code | Translation |
|------|-------------|
| 0 | NA -    Not Applicable |
| 4 | M  -    Met Transition Rule Standard |
| 5 | SI - Substitute Assessment, Level I |
| 6 | SII - Substitute Assessment, Level II |
| 7 | DidNotMeet -  Unsatisfactory Academic Performance, Level I (STAAR Alternate) or Did Not Meet Grade Level Performance |
| 8 | Approaches - Approaches Grade Level Performance (Not available for use for STAAR Alternate) |
| 9 | Meets - Satisfactory Academic Performance, Level II (STAAR Alternate) or Meets Grade Level Performance |
| A | Masters - Accomplished or Advanced Academic Performance, Level III (STAAR Alternate) or Masters Grade Level Performance |
|  | **The following codes are applicable for STAAR assessments administered prior to March 2017 only.** |
| 1 | I   -    Developing or Unsatisfactory Academic Performance, Level I |
| 2 | II   -    Satisfactory Academic Performance, Level II |
| 3 | III  -    Accomplished or Advanced Academic Performance, Level III |

Note that internally, the TREx produced AAR (transcript) PDF prints the following substitutions to prevent identifying a student as having taken an alternate assessment.

| STAAR PERFORMANCE LEVEL code | Print on AAR/ Transcript |
|------------------------------|--------------------------|
| 0 | NA |
| 1 | Level I |
| 2 | Level II |
| 3 | Level III |
| 4 | M |
| 5 | SI |
| 6 | SII |
| 7 | DidNotMeet |
| 8 | Approaches |
| 9 | Meets |
| A | Masters |
