

The Texas Education Agency (TEA) proposes an amendment to §97.1001 and the repeal of 97.1005, concerning accountability and performance monitoring. The proposed revisions would amend §97.1001, Accountability Rating System, to adopt in rule applicable excerpts of the *2023 Accountability Manual* and incorporate provisions from §97.1005, Results Driven Accountability, which would be repealed. Earlier versions of the manuals will remain in effect with respect to the school years for which they were developed.

BACKGROUND INFORMATION AND JUSTIFICATION: TEA has adopted its academic accountability manual in rule since 2000 under §97.1001. The accountability system evolves from year to year, so the criteria and standards for rating and acknowledging schools in the most current year differ to some degree from those applied in the prior year.

House Bill 3459, 78th Texas Legislature, 2003, added Texas Education Code (TEC), §7.027, which limits and redirects monitoring done by TEA to that required to ensure school district and charter school compliance with federal law and regulations; financial accountability, including compliance with grant requirements; and data integrity for purposes of the Texas Student Data System Public Education Information Management System and accountability under TEC, Chapter 39. Legislation passed in 2005 renumbered TEC, §7.027, to TEC, §7.028. To meet this monitoring requirement, TEA developed the Performance Based Monitoring Analysis System (PBMAS) Manual, renamed the Results Driven Accountability (RDA) Manual in 2019, which is used in conjunction with other evaluation systems to monitor performance of certain populations of students and the effectiveness of special programs in school districts and charter schools.

TEA has adopted its PBMAS Manual/RDA Manual in rule since 2005 under §97.1005. The manual outlines a dynamic system that evolves over time, so the specific criteria and calculations for monitoring student performance and program effectiveness may differ from year to year.

In order to streamline information related to the data, criteria, and methodologies used in both the academic accountability and RDA systems, the agency will include information in the RDA system in the accountability manual beginning with the *2023 Accountability Manual*. The proposed revisions would repeal §97.1005 and incorporate applicable language from §97.1005 into §97.1001.

The proposed amendment to §97.1001 would adopt excerpts of the *2023 Accountability Manual* into rule as a figure. The excerpts, Chapters 1-12 of the *2023 Accountability Manual*, specify the indicators, standards, and procedures used by the commissioner of education to determine accountability ratings for districts, campuses, and charter schools. These chapters also specify indicators, standards, and procedures used to determine distinction designations on additional indicators for Texas public school campuses and districts. Chapter 12 describes the specific criteria and calculations that will be used to assign 2023 RDA performance levels. Ratings may be revised as a result of investigative activities by the commissioner as authorized under TEC, §39.056 and §39.057.

Following is a chapter-by-chapter summary of the changes for this year's manual. In every chapter, dates and years for which data are considered would be updated to align with 2023 accountability and RDA. English/language arts references would be updated to reading/language arts. Chapter 12 describes the RDA system. This chapter would include all new language.

FISCAL IMPACT: Lily Laux, deputy commissioner of school programs, has determined that for the first five-year period the proposal is in effect, there are no additional costs to state or local government, including school districts and open-enrollment charter schools, required to comply with the proposal.

LOCAL EMPLOYMENT IMPACT: The proposal has no effect on local economy; therefore, no local employment impact statement is required under Texas Government Code, §2001.022.

SMALL BUSINESS, MICROBUSINESS, AND RURAL COMMUNITY IMPACT: The proposal has no direct adverse economic impact for small businesses, microbusinesses, or rural communities; therefore, no regulatory flexibility analysis, specified in Texas Government Code, §2006.002, is required.

COST INCREASE TO REGULATED PERSONS: The proposal does not impose a cost on regulated persons, another state agency, a special district, or a local government and, therefore, is not subject to Texas Government Code, §2001.0045.

TAKINGS IMPACT ASSESSMENT: The proposal does not impose a burden on private real property and, therefore, does not constitute a taking under Texas Government Code, §2007.043.

GOVERNMENT GROWTH IMPACT: TEA staff prepared a Government Growth Impact Statement assessment for this proposed rulemaking. During the first five years the proposed rulemaking would be in effect, it would limit an existing regulation due to its effect on school accountability for 2023. Additionally, it would repeal an existing regulation by consolidating information from §97.1005 into §97.1001.

The proposed rulemaking would not create or eliminate a government program; would not require the creation of new employee positions or elimination of existing employee positions; would not require an increase or decrease in future legislative appropriations to the agency; would not require an increase or decrease in fees paid to the agency; would not create a new regulation; would not expand an existing regulation; would not increase or decrease the number of individuals subject to its applicability; and would not positively or adversely affect the state's economy.

PUBLIC BENEFIT AND COST TO PERSONS: Ms. Laux has determined that for each year of the first five years the proposal is in effect, the public benefit anticipated as a result of enforcing the proposal would be to ensure the public continues to be informed of the existence of annual manuals specifying rating procedures for public schools by including this rule in the *Texas Administrative Code*. The proposal would also streamline information related to the data, criteria, and methodologies used in both the academic accountability and RDA systems. There is no anticipated economic cost to persons who are required to comply with the proposal.

DATA AND REPORTING IMPACT: The proposal would have no data and reporting impact.

PRINCIPAL AND CLASSROOM TEACHER PAPERWORK REQUIREMENTS: TEA has determined that the proposal would not require a written report or other paperwork to be completed by a principal or classroom teacher.

PUBLIC COMMENTS: The public comment period on the proposal begins May 19, 2023, and ends June 20, 2023. A public hearing to solicit testimony and input on the proposed revisions is scheduled for 9:00 a.m. on June 6, 2023. The public may participate in the hearing virtually by linking to the meeting at <https://zoom.us/meeting/register/tJMsc-GppjwjE9WnHUXpBLHgTbzk9WCjMrt>.
