The proposal would repeal requirements related to the criteria for school districts to make personnel assignments for Grades 9-12.

BACKGROUND INFORMATION AND JUSTIFICATION: The SBEC rules in 19 TAC Chapter 231 establish the personnel assignments that correlate with appropriate certifications and offer guidance to school districts and educators by providing the list of courses by grade level and subject area and identifying the corresponding certificates and other requirements for the placement of individuals into classroom and/or campus assignments. This information assists districts with hiring and personnel assignment decisions. In a separate rule action, personnel assignments for Grades 9-12 are reorganized in proposed new Subchapter E, which can be found in the Proposed Rules section of this issue of the *Texas Register*. The following table summarizes the repealed divisions that would be merged in new Subchapter E.

[Figure: 19 TAC Chapter 231-Preamble](#)

FISCAL IMPACT: Jessica McLoughlin, associate commissioner for educator preparation, certification, and enforcement, has determined that for the first five years enforcing or administering the rules does not have foreseeable implications relating to cost or revenues of the state or local governments. There are no additional costs to entities required to comply with the proposal.

LOCAL EMPLOYMENT IMPACT: The proposal has no effect on local economy; therefore, no local employment impact statement is required under Texas Government Code (TGC), §2001.022.

SMALL BUSINESS, MICROBUSINESS, AND RURAL COMMUNITY IMPACT: The proposal has no direct adverse economic impact for small businesses, microbusinesses, or rural communities; therefore, no regulatory flexibility analysis, specified in TGC, §2006.002, is required.

COST INCREASE TO REGULATED PERSONS: The proposal does not impose a cost on regulated persons, another state agency, a special district, or a local government and, therefore, is not subject to TGC, §2001.0045.

TAKINGS IMPACT ASSESSMENT: The proposal does not impose a burden on private real property and, therefore, does not constitute a taking under TGC, §2007.043.

GOVERNMENT GROWTH IMPACT: TEA staff prepared a Government Growth Impact Statement assessment for this proposed rulemaking. During the first five years the proposed rulemaking would be in effect, it would not create or eliminate a government program; would not require the creation of new employee positions or elimination of existing employee positions; would not require an increase or decrease in future legislative appropriations to the agency; would not require an increase or decrease in fees paid to the agency; would not create a new regulation; would repeal existing regulations and transfer some provisions to proposed new Subchapter E to accommodate new courses with related certificates designed to broaden placement opportunities for individuals across a wider range of assignments; would not limit or expand an existing regulation; would not increase or decrease the number of individuals subject to its applicability; and would not positively or adversely affect the state's economy.

PUBLIC BENEFIT AND COST TO PERSONS: Ms. McLoughlin, associate commissioner for educator preparation, certification, and enforcement, has determined that for the first five years the proposal is in effect, the

public benefit anticipated would be aligning the rules with statute and reflecting current procedures. There is no anticipated economic cost to persons who are required to comply with the proposal.

DATA AND REPORTING IMPACT: The proposal would have no new data and reporting impact.

ENVIRONMENTAL IMPACT: The proposal does not require an environmental impact analysis because the proposal does not include major environmental rules under TGC, §2001.0225.

PRINCIPAL AND CLASSROOM TEACHER PAPERWORK REQUIREMENTS: TEA staff has determined the proposal would not require a written report or other paperwork to be completed by a principal or classroom teacher.

PUBLIC COMMENTS: The SBEC requests public comments on the proposal, including, per Texas Government Code, §2001.024(a)(8), information related to the cost, benefit, or effect of the proposed rule and any applicable data, research, or analysis, from any person required to comply with the proposed rule or any other interested person. The public comment period on the proposal begins on October 17, 2025, and ends November 17, 2025. A form for submitting public comments is available on the TEA website at [https://tea.texas.gov/About_TEA/Laws_and_Rules/SBEC_Rules_\(TAC\)/Proposed_State_Board_for_Educator_Certification_Rules/](https://tea.texas.gov/About_TEA/Laws_and_Rules/SBEC_Rules_(TAC)/Proposed_State_Board_for_Educator_Certification_Rules/). Comments on the proposal may also be submitted by calling (512) 475-1497. The SBEC will also take registered oral and written comments on the proposal during the December 2025 meeting's public comment period in accordance with the SBEC board operating policies and procedures.
