#### §230.111. General Provisions.

- (a) A Texas educator certificate may be issued to an individual who holds a college degree and an acceptable certificate or credential issued by the authorized licensing agency in another state or territory of the United States and who meets appropriate requirements specified in §230.11 of this title (relating to General Requirements) and elsewhere in this subchapter.
- (b) The degree held by an applicant from another state or territory of the United States must be equivalent to at least a bachelor's degree or higher issued by an accredited institution of higher education.
- (c) The certificate or other credential issued by the authorized licensing agency in another state or territory of the United States may not be a temporary permit, a credential issued by a city or school district, or a certificate for which academic or other program deficiencies are indicated. Specific examination or renewal requirements shall not be considered academic deficiencies.
- (d) A statement or approval letter issued by the authorized licensing agency in another state or territory of the United States specifying eligibility for full certification upon employment or completion of specified examination requirements shall have the same standing as a certificate.
- (e) The certificate and areas of certification issued by the authorized licensing agency in another state or territory of the United States must be equivalent to a certificate or grade level that is within the early childhood-Grade 12 level and approved by the State Board for Educator Certification (SBEC). Based on the certificates submitted with the application for review of credentials, the Texas Education Agency (TEA) staff shall identify the certification areas for which the applicant qualifies in Texas. The certificate(s) for which the applicant qualifies may be issued by the TEA staff under the authority of the SBEC.
- (f) If a Texas examination or certification is scheduled to be eliminated, an individual requesting certification and examination comparability must ensure that the application and all review documentation, including examination scores, are received by TEA staff 60 calendar days before the application submission deadline for the examination and/or certification sought.

If examination requirements are not met during the validity period of the one-year certificate due to circumstances beyond the control of the educator, the employing school district may request an extension not to exceed one calendar year in length.
- (e) An applicant shall not be required to complete the content specialization portion of the certification examination in a certification area for which he or she does not seek standard certification unless the examination is required to establish a base classroom teaching certificate. - (f) An applicant issued a one-year certificate under this section who, during or subsequent to the validity of the certificate, establishes eligibility for a standard certificate may apply for:
  - (1) a new one-year certificate in another certification area based on an acceptable certificate from another state or territory of the United States; or
