

The State Board of Education (SBOE) adopts the repeal of §§130.1-130.12, 130.15-130.32, 130.41-130.72, 130.81-130.127, 130.131-130.144, 130.180-130.182, 130.184-130.190, 130.271-130.276, 130.279-130.287, 130.301-130.307, 130.311-130.318, 130.351-130.367, 130.381-130.383, 130.385-130.389, 130.441-130.447, 130.449-130.466, and 130.485-130.491, concerning Texas Essential Knowledge and Skills (TEKS) for career and technical education (CTE). The repeals are adopted without changes to the proposed text as published in the February 28, 2025 issue of the *Texas Register* (50 TexReg 1625) and will not be republished. The repeals move the TEKS to 19 TAC Chapter 127 in order to ensure that all CTE TEKS are in the same chapter in administrative rule.

REASONED JUSTIFICATION: In accordance with statutory requirements that the SBOE identify by rule the essential knowledge and skills of each subject in the required curriculum, the SBOE follows a board-approved cycle to review and revise the essential knowledge and skills for each subject.

The TEKS for courses associated with 14 CTE career clusters are codified by subchapter in 19 TAC Chapters 127 and 130. In December 2020, the SBOE began initial steps to prepare for the review and revision of CTE courses in programs of study for the education and training; health science; and science, technology, engineering, and mathematics career clusters. Two additional courses eligible to satisfy a graduation requirement in science were also part of the review. The board approved for second reading and final adoption new TEKS for these courses in November 2021 and January, April, and June 2022.

At the November 2023 SBOE meeting, the board approved new CTE TEKS in 19 TAC Chapter 127 for courses in career preparation and entrepreneurship, which became effective February 13, 2024, and were implemented beginning in the 2024-2025 school year. At the April 2024 meeting, the board approved new CTE TEKS in 19 TAC Chapter 127 for courses in agribusiness, animal science, plant science, aviation maintenance, and engineering that will be implemented beginning in the 2025-2026 school year.

Due to the structure of 19 TAC Chapter 130, there are not enough sections to add new CTE courses under consideration in their assigned subchapters. To accommodate the addition of new and future courses, the board began the process of moving the CTE TEKS from Chapter 130 to Chapter 127 in order to keep all the TEKS together in administrative rule and avoid confusion. The related implementation sections are being repealed, and implementation information is being added to each individual course.

The proposed repeal of CTE courses in 19 TAC Chapter 130 was approved for first reading and filing authorization at the January 2025 meeting. At the April 2025 SBOE meeting, the board postponed second reading and final adoption of the proposed repeal.

The following figure provides a crosswalk between the current TEKS in Chapters 130 and the new location of those TEKS in Chapter 127. The adopted new sections can be found in the Adopted Rules section of this issue of the *Texas Register*.

Figure: Crosswalk-Preamble

The SBOE approved the repeals for first reading and filing authorization at its January 31, 2025 meeting and for second reading and final adoption at its June 27, 2025 meeting.

In accordance with TEC, §7.102(f), the SBOE approved the repeals for adoption by a vote of two-thirds of its members to specify an effective date earlier than the beginning of the 2025-2026 school year. The earlier effective date will ensure the TEKS are available in their new location in time for districts of innovation with an earlier school start date to implement at the beginning of the school year districts. The effective date is August 1, 2025.

SUMMARY OF COMMENTS AND RESPONSES: The public comment period on the proposal began February 28, 2025, and ended at 5:00 p.m. on March 31, 2025. The SBOE also provided an opportunity for registered oral and written comments at its April and June 2025 meetings in accordance with the SBOE board operating policies and procedures. No public comments were received.

STATUTORY AUTHORITY. The repeals are adopted under Texas Education Code (TEC), §7.102(c)(4), which requires the State Board of Education (SBOE) to establish curriculum and graduation requirements; TEC,

§28.002(a), which identifies the subjects of the required curriculum; and TEC, §28.002(c), which requires the SBOE to identify by rule the essential knowledge and skills of each subject in the required curriculum that all students should be able to demonstrate and that will be used in evaluating instructional materials and addressed on the state assessment instruments.

CROSS REFERENCE TO STATUTE. The repeals implement Texas Education Code, §7.102(c)(4) and §28.002(a) and (c).
