

The State Board of Education (SBOE) proposes the repeal of §§130.1-130.12, 130.15-130.32, 130.41-130.72, 130.81-130.127, 130.131-130.144, 130.180-130.182, 130.184-130.190, 130.271-130.276, 130.279-130.287, 130.301-130.307, 130.311-130.318, 130.351-130.367, 130.381-130.383, 130.385-130.389, 130.441-130.447, 130.449-130.466, and 130.485-130.491, concerning Texas Essential Knowledge and Skills (TEKS) for career and technical education (CTE). The proposed repeals would move the TEKS to 19 TAC Chapter 127 in order to ensure that all CTE TEKS are in the same chapter in administrative rule.

**BACKGROUND INFORMATION AND JUSTIFICATION:** In accordance with statutory requirements that the SBOE identify by rule the essential knowledge and skills of each subject in the required curriculum, the SBOE follows a board-approved cycle to review and revise the essential knowledge and skills for each subject.

The TEKS for courses associated with 14 CTE career clusters are codified by subchapter in 19 TAC Chapters 127 and 130. In December 2020, the SBOE began initial steps to prepare for the review and revision of CTE courses in programs of study for the education and training; health science; and science, technology, engineering, and mathematics career clusters. Two additional courses eligible to satisfy a graduation requirement in science were also part of the review. The board approved for second reading and final adoption new TEKS for these courses in November 2021 and January, April, and June 2022.

At the November 2023 SBOE meeting, the board approved new CTE TEKS in Chapter 127 for courses in career preparation and entrepreneurship, which became effective February 13, 2024, and were implemented beginning in the 2024-2025 school year. At the April 2024 meeting, the board approved new CTE TEKS in Chapter 127 for courses in agribusiness, animal science, plant science, and aviation maintenance and for two CTE courses that can satisfy a graduation requirement in science that will be implemented beginning in the 2025-2026 school year.

Due to the current structure of Chapter 130, there are not enough sections to add new CTE courses under consideration in their assigned subchapters. To accommodate the addition of new and future courses, the board began the process of moving the CTE TEKS from Chapter 130 to Chapter 127 in order to keep all the TEKS together in administrative rule and avoid confusion.

The proposed repeals would move all remaining courses in Chapter 130 to Chapter 127. The related implementation sections would be repealed and not re-proposed. Instead, implementation information would be added to each individual course. Additionally, each new course would include the level for the course in a CTE program of study, if applicable, and language would be added to encourage students to participate in extended learning experiences like organizations that foster leadership and career development in the profession such as student chapters of related professional associations.

The following figure provides a crosswalk between the current TEKS in Chapter 130 and the new location of those TEKS in Chapter 127. The proposed new sections can be found in the Proposed Rules section of this issue of the *Texas Register*.

Figure: Crosswalk-Preamble

The SBOE approved the proposed repeals for first reading and filing authorization at its January 31, 2025 meeting.

**FISCAL IMPACT:** Monica Martinez, associate commissioner for standards and programs, has determined that for the first five years the proposal is in effect, there are no additional costs to state or local government, including school districts and open-enrollment charter schools, required to comply with the proposal.

**LOCAL EMPLOYMENT IMPACT:** The proposal has no effect on local economy; therefore, no local employment impact statement is required under Texas Government Code, §2001.022.

**SMALL BUSINESS, MICROBUSINESS, AND RURAL COMMUNITY IMPACT:** The proposal has no direct adverse economic impact for small businesses, microbusinesses, or rural communities; therefore, no regulatory flexibility analysis specified in Texas Government Code, §2006.002, is required.

**COST INCREASE TO REGULATED PERSONS:** The proposal does not impose a cost on regulated persons, another state agency, a special district, or a local government and, therefore, is not subject to Texas Government Code, §2001.0045.

**TAKINGS IMPACT ASSESSMENT:** The proposal does not impose a burden on private real property and, therefore, does not constitute a taking under Texas Government Code, §2007.043.

**GOVERNMENT GROWTH IMPACT:** Texas Education Agency (TEA) staff prepared a Government Growth Impact Statement assessment for this proposed rulemaking. During the first five years the proposed rulemaking would be in effect, it would repeal existing regulations by transferring existing CTE TEKS from Chapter 130 to new locations in Chapter 127.

The proposed rulemaking would not create or eliminate a government program; would not require the creation of new employee positions or elimination of existing employee positions; would not require an increase or decrease in future legislative appropriations to the agency; would not require an increase or decrease in fees paid to the agency; would not create a new regulation; would not expand or limit an existing regulation; would not increase or decrease the number of individuals subject to its applicability; and would not positively or adversely affect the state's economy.

**PUBLIC BENEFIT AND COST TO PERSONS:** Ms. Martinez has determined that for each year of the first five years the proposal is in effect, the public benefit anticipated as a result of enforcing the proposal would be to improve access to and organization of the CTE TEKS and avoid confusion regarding the revised TEKS. There is no anticipated economic cost to persons who are required to comply with the proposal.

**DATA AND REPORTING IMPACT:** The proposal would have no data or reporting impact.

**PRINCIPAL AND CLASSROOM TEACHER PAPERWORK REQUIREMENTS:** TEA has determined that the proposal would not require a written report or other paperwork to be completed by a principal or classroom teacher.

**PUBLIC COMMENTS:** The public comment period on the proposal begins February 28, 2025, and ends at 5:00 p.m. on March 31, 2025. The SBOE will take registered oral and written comments on the proposal at the appropriate committee meeting in April 2025 in accordance with the SBOE board operating policies and procedures. A request for a public hearing on the proposal submitted under the Administrative Procedure Act must be received by the commissioner of education not more than 14 calendar days after notice of the proposal has been published in the Texas Register on February 28, 2025.

**STATUTORY AUTHORITY.** The repeals are proposed under Texas Education Code (TEC), §7.102(c)(4), which requires the State Board of Education (SBOE) to establish curriculum and graduation requirements; TEC, §28.002(a), which identifies the subjects of the required curriculum; and TEC, §28.002(c), which requires the SBOE to identify by rule the essential knowledge and skills of each subject in the required curriculum that all students should be able to demonstrate and that will be used in evaluating instructional materials and addressed on the state assessment instruments.

**CROSS REFERENCE TO STATUTE.** The repeals implement Texas Education Code, §7.102(c)(4) and §28.002(a) and (c).

§130.382. Advertising (One-Half Credit), Adopted 2015.

§130.383. Fashion Marketing (One-Half Credit), Adopted 2015.

§130.385. Social Media Marketing (One-Half Credit), Adopted 2015.

§130.386. Sports and Entertainment Marketing (One-Half Credit), Adopted 2015.

§130.387. Practicum in Marketing (Two Credits), Adopted 2015.

§130.388. Extended Practicum in Marketing (One Credit), Adopted 2015.

§130.389. Advanced Marketing (Two Credits), Adopted 2015.

\*n

STATUTORY AUTHORITY. The repeals are proposed under Texas Education Code (TEC), §7.102(c)(4), which requires the State Board of Education (SBOE) to establish curriculum and graduation requirements; TEC, §28.002(a), which identifies the subjects of the required curriculum; and TEC, §28.002(c), which requires the SBOE to identify by rule the essential knowledge and skills of each subject in the required curriculum that all students should be able to demonstrate and that will be used in evaluating instructional materials and addressed on the state assessment instruments.

CROSS REFERENCE TO STATUTE. The repeals implement Texas Education Code, §7.102(c)(4) and §28.002(a) and (c).
